IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S.

IMPORTANT: You must read the following before continuing. The following applies to the programme admission particulars following this page, and you are therefore advised to read this carefully before reading, accessing or making any other use of the programme admission particulars. In accessing the programme admission particulars, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY THE SECURITIES OF THE ISSUER. THE FOLLOWING PROGRAMME ADMISSION PARTICULARS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE **SECURITIES ACT**) OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE SECURITIES ACT, OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

The programme admission particulars have been delivered to you on the basis that you are a person into whose possession the programme admission particulars may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located. By accessing the programme admission particulars, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of the programme admission particulars by electronic transmission, (c) you are not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and (d) if you are a person in the United Kingdom, then you are a person who (i) has professional experience in matters relating to investments or (ii) is a high net worth entity falling within Article 49(2)(a) to (d) of the Financial Services and Markets Act (Financial Promotion) Order 2005.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET –The Pricing Supplement in respect of any notes issued pursuant to the programme admission particulars (the **Notes**) will include a legend entitled "*MiFID II product governance*" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended or superseded, **MiFID II**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (as amended or superseded, the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger, the Dealers and any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET –The Pricing Supplement in respect of any Notes will include a legend entitled "*UK MiFIR product governanc*e" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **UK distributor**) should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (as amended or superseded, the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger, the Dealers and any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a **retail investor** means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended or superseded, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the UK. For these purposes, a **retail investor** means a person

who is one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended, or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (SI 2024/105). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (the **DISC**) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

The programme admission particulars have been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of Peninsular Capital PLC, VIVID Housing Limited, ABN AMRO Bank N.V., Barclays Bank PLC, HSBC Bank plc, Lloyds Bank Corporate Markets plc or NatWest Markets Plc, any person who controls any of them or any director, officer, employee or agent of any of them or any affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between the programme admission particulars distributed to you in electronic format and the hard copy version available to you on request from ABN AMRO Bank N.V., Barclays Bank PLC, HSBC Bank plc, Lloyds Bank Corporate Markets plc and NatWest Markets Plc.

PROGRAMME ADMISSION PARTICULARS

PENINSULAR CAPITAL PLC

(*incorporated in England and Wales with limited liability under the Companies Act 2006, registered number 14372582*)

£2,000,000,000
Note Programme

Under this £2,000,000,000 Note Programme (the **Programme**), Peninsular Capital PLC (the **Issuer**) may from time to time issue notes (the **Notes**) as agreed between the Issuer and the relevant Dealer (as defined below).

The Issuer's obligations under the Notes may be secured in accordance with the provisions of Condition 4.1 (*Series Security (Partly Secured Notes)*) (such Notes, **Partly Secured Notes**) or secured in accordance with the provisions of Conditions 4.2 (*Series Security (Fully Secured Notes)*) and 4.3 (*Series Underlying Security*) (such Notes, **Fully Secured Notes**), in each case, as specified in the applicable Pricing Supplement (as defined below).

The maximum aggregate principal amount of all Notes from time to time outstanding under the Programme will not exceed £2,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement (as defined below)), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and, together, the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in these Programme Admission Particulars to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed for by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

The proceeds of each Series of Notes will be advanced by the Issuer to VIVID Housing Limited (the **Original Borrower**) and/or one or more other members of the Group (as defined below) that has charitable (or exempt charitable) status, is a Registered Provider of Social Housing (as defined below) and (in respect of any Secured Loan Agreement) has acceded to the Security Trust Deed (as defined below) as a borrower in respect of such Series of Notes (each an **Additional Borrower** and, together with the Original Borrower, the **Borrowers**), subject to the terms of the Loan Agreements entered into between, *inter alios*, the Issuer and such Borrower in respect thereof (each a **Loan Agreement**). In respect of Loan Agreements which are funded by an issue of Fully Secured Notes, the Borrowers will create, or procure the creation of, security over certain housing properties to secure their obligations under their Loan Agreements (each a **Secured Loan Agreement**). In respect of Loan Agreements which are funded by an issue of Partly Secured Notes, the Borrowers will covenant, pursuant to their Loan Agreements (each an **Unsecured Loan Agreement**) to maintain a specified level of unencumbered housing properties.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*" below.

Application has been made to the London Stock Exchange plc (the **London Stock Exchange**) for Notes issued under the Programme during the period of 12 months from the date of these Programme Admission Particulars to be admitted to trading on the London Stock Exchange's International Securities Market (the **ISM**). The ISM is not a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU (**MiFID II**) or for the purposes of Regulation (EU) No. 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended, (the **EUWA**) (**UK MiFIR**). In respect of any Series of Notes which are specified in the applicable Pricing Supplement as "Sustainability Bonds", application may also (if so specified in the applicable Pricing Supplement) be made for such Notes to be admitted to trading on the London Stock Exchange's Sustainable Bond Market (the **SBM**).

The ISM is a market designated for qualified investors (as prescribed in Regulation 16 of the Public Offers and Admissions to Trading Regulations 2024 (SI 2024/105) (the *POATRs*)). The London Stock Exchange, as a Recognised Investment Exchange, does not make assessments of investor eligibility. Given that under Regulation 16 of the POATRs, only qualified investors are permitted to trade on the ISM and no qualified investor is permitted to trade on behalf of persons who are not themselves qualified investors, financial intermediaries acting for investors are responsible for ensuring that only investors who are qualified investors as prescribed by Regulation 16 of the POATRs are permitted to trade on the ISM. Securities admitted to trading on the ISM are not admitted to the Official List of the Financial Conduct Authority. The London Stock Exchange has not approved or verified the contents of these Programme Admission Particulars.

References in these Programme Admission Particulars to Notes being **admitted to trading** (and all related references) shall mean that such Notes have been admitted to trading on the ISM, so far as the context permits.

Notice of the aggregate principal amount of Notes, interest payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Conditions of the Notes*") of Notes (including whether the Notes are Partly Secured Notes or Fully Secured Notes) will be set out in a pricing supplement (the **Pricing Supplement**) which, with respect to Notes to be admitted to trading on the ISM, will be delivered to the London Stock Exchange. Copies of Pricing Supplements in relation to Notes to be admitted to trading on the ISM will also be published on the website of the London Stock Exchange through a regulatory information service or will be published in such other manner permitted by the International Securities Market Rulebook effective as of 19 January 2026 (as may be modified and/or supplemented and/or restated from time to time, the **ISM Rulebook**).

These Programme Admission Particulars do not constitute a base prospectus for the purposes of a listing or an admission to trading on any market in the European Economic Area (the **EEA**) or the United Kingdom (the **UK**) which has been designated as a regulated market for the purposes of MiFID II or UK MiFIR, respectively. The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the **Securities Act**) and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with all applicable securities laws of any state or other jurisdiction of the United States.

The Group and the Programme have been rated "A" by Fitch Ratings Ltd (**Fitch**) and "A" by S&P Global Ratings UK Limited (**S&P**). Notes issued under the Programme may be rated by Fitch and/or S&P or may be unrated. Where a Tranche of Notes is rated, such rating will be disclosed in the Pricing Supplement and will not necessarily be the same as the rating assigned to the Programme by Fitch and/or S&P. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT INFORMATION

These Programme Admission Particulars comprise programme admission particulars in respect of all Notes issued under the Programme and admitted to trading in accordance with the ISM Rulebook.

The Issuer and each Borrower (each an *Obligor* and, together, the *Obligors*) accepts responsibility for the information contained in these Programme Admission Particulars and the Pricing Supplement for each Tranche of Notes issued under the Programme. Having taken all reasonable care to ensure that such is the case, the information contained in these Programme Admission Particulars is, to the best of the knowledge of each Obligor, in accordance with the facts and contains no omission likely to affect its import.

These Programme Admission Particulars are to be read in conjunction with all documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*" below). These Programme Admission Particulars should be read and construed on the basis that such documents are incorporated in, and form part of, these Programme Admission Particulars.

The figures in sixth paragraph of the risk factor entitled "*Risks related to the Market and Development*" were obtained from the Nationwide House Price Index. Each Obligor confirms that such figures have been accurately reproduced and that, as far as such Obligor is aware and is able to ascertain from information published by Nationwide House Price Index, no facts have been omitted which would render the reproduced figures and information inaccurate or misleading.

The figures in the table set out in the paragraph entitled "*Affordable Rent*" in the section headed "*Description of the Regulation and Funding Environment applicable to the Borrowers*" were obtained from the Office of National Statistics (the *ONS*). Each Obligor confirms that such figures have been accurately reproduced and that, as far as such Obligor is aware and is able to ascertain from information published by the ONS, no facts have been omitted which would render the reproduced figures and information inaccurate or misleading.

The figures referred to and information contained in the Valuation Reports prepared by Jones Lang LaSalle Limited (the *Valuer*) in the section entitled "*Valuation Commentary – Rented Stock*" were obtained from the Statistical Data Return (the *SDR*), the Valuation Office Agency (the *VOA*), the ONS and the Regulator of Social Housing (the *Regulator*). Each Obligor confirms that such figures and information have been accurately reproduced and that, as far as such Obligor is aware and is able to ascertain from information published by the SDR, the VOA, the ONS and the Regulator, no facts have been omitted which would render the reproduced figures and information inaccurate or misleading.

The Valuer accepts responsibility for the information contained in the section headed "*Valuation Reports*". Having taken all reasonable care to ensure that such is the case, the information contained in the section headed "*Valuation Reports*" is, to the best of the Valuer's knowledge, in accordance with the facts and contains no omission likely to affect its import.

Other than in relation to the documents which are deemed to be incorporated by reference (see "*Documents Incorporated by Reference*"), the information on the websites to which these Programme Admission Particulars refer does not form part of these Programme Admission Particulars.

None of Barclays Bank PLC (the *Arranger*), the Dealers and any of their respective affiliates and the Note Trustee have independently verified (a) the information contained herein or (b) any matter which is the subject of any statement, representation, warranty or covenant of any Obligor contained in the Notes or any of the Programme Documents (as defined below). Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger, the Dealers or any of their respective affiliates or the Note

Trustee as to (a) the accuracy, adequacy, or completeness of the information contained or incorporated in these Programme Admission Particulars or any other information provided by any Obligor in connection with the Programme, (b) the execution, legality, effectiveness, adequacy, genuineness validity, enforceability or admissibility in evidence of any Notes or any Programme Document or (c) any acts or omissions of any Obligor or any other person in connection with the Programme. None of the Arranger, the Dealers and any of their respective affiliates and the Note Trustee accepts any liability in relation to the information contained or incorporated by reference in these Programme Admission Particulars or any other information provided by any Obligor in connection with the Programme.

No person is or has been authorised by the Obligors, the Arranger, any Dealer or any of their respective affiliates or the Note Trustee to give any information or to make any representation not contained in or not consistent with these Programme Admission Particulars or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any Obligor, the Arranger, any Dealer or any of their respective affiliates or the Note Trustee.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any affiliate of the Dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the Dealers or such affiliate on behalf of the Issuer in such jurisdiction.

Neither these Programme Admission Particulars nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation, (b) should be considered as a recommendation by any Obligor, the Arranger, any Dealer or any of their respective affiliates or the Note Trustee that any recipient of these Programme Admission Particulars or any other information supplied in connection with the Programme or any Notes should purchase any Notes or (c) should be construed as legal, business, tax or other advice. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Obligors. Neither these Programme Admission Particulars nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of any Obligor, the Arranger, any Dealer or any of their respective affiliates or the Note Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of these Programme Admission Particulars nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Obligors is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger, the Dealers and the Note Trustee expressly do not undertake to review the financial condition or affairs of the Obligors during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

Each Obligor has confirmed to the Arranger and the Dealers that these Programme Admission Particulars contain all information which is (in the context of the Programme and the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions, or intentions expressed herein are honestly held or made and are not misleading in any material respect; that these Programme Admission Particulars do not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme and the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

If specified in the applicable Pricing Supplement, Notes issued under the Programme are intended to be Sustainability Bonds (as defined in the section headed "*Use of Proceeds and*

Sustainable Financing Framework" below) and the net proceeds from the issue of Notes of each Series will be used by the relevant Borrower for sustainable purposes as set out in the applicable Pricing Supplement. None of the Arranger, the Dealers or any of their respective affiliates and the Note Trustee will verify or monitor the proposed use of proceeds for any such Notes and no assurance is given by the Arranger, the Dealers or any of their respective affiliates, the Note Trustee or any other person that the use of the proceeds of issue of any such Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which any investor or its investments are required to comply. The Issuer's Sustainable Financing Framework and the Second Party Opinion (each as described in the section headed "_Use of Proceeds and Sustainable Financing Framework_" below) do not form part of, nor are they incorporated by reference in, these Programme Admission Particulars. See further "_Risk Factors – K. Use of Proceeds/Sustainability Bonds_" below.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a _retail investor_ means a person who is one (or both) of the following: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the _Insurance Distribution Directive_), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended or superseded, the _PRIIPs Regulation_) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the UK. For these purposes, a _retail investor_ means a person who is one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs. Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (the _DISC_) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Pricing Supplement in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a _distributor_) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the product governance rules under EU Delegated Directive 2017/593 (as amended or superseded, the _MiFID Product Governance Rules_), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger and the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET – The Pricing Supplement in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a *UK distributor*) should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (as amended or superseded, the *UK MiFIR Product Governance Rules*) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger and the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Amounts payable under Sterling denominated Floating Rate Notes issued under the Programme may be calculated by reference to SONIA (as defined in the Conditions), as specified in the applicable Pricing Supplement. As at the date of these Programme Admission Particulars, the Bank of England, as the administrator of SONIA, does not fall within the scope of Regulation (EU) 2016/1011 as it forms part of domestic law in the UK by virtue of the EUWA (the *UK Benchmark Regulation*) by virtue of Article 2 of the UK Benchmark Regulation.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 (2020 REVISED EDITION) OF SINGAPORE

In connection with Section 309B(1)(c) of the Securities and Futures Act 2001 (2020 Revised Edition) of Singapore (as modified and amended from time to time, the *SFA*) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the *CMP Regulations 2018*), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes to be issued under the Programme are 'prescribed capital markets products' (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice 6 SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

IMPORTANT INFORMATION RELATING TO THE USE OF THESE PROGRAMME ADMISSION PARTICULARS AND OFFERS OF NOTES GENERALLY

These Programme Admission Particulars do not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of these Programme Admission Particulars and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Obligors, the Arranger, the Dealers and any of their respective affiliates and the Note Trustee do not represent that these Programme Admission Particulars may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Obligors, the Arranger, the Dealers or any of their respective affiliates or the Note Trustee which is intended to permit a public offering of any Notes or distribution of these Programme Admission Particulars in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither these Programme Admission Particulars nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession these

Programme Admission Particulars or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of these Programme Admission Particulars and the offering and sale of Notes. In particular, there are restrictions on the distribution of these Programme Admission Particulars and the offer or sale of Notes in the United States, the United Kingdom, the EEA, Japan, Australia, Hong Kong, Republic of Korea and Singapore and a prohibition on the sale of any Notes to EEA and UK retail investors. See "*Subscription and Sale*" below.

The Notes have not been and will not be registered under the Securities Act or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state or other jurisdiction of the United States and any other jurisdiction.

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

Presentation of Financial Information

Unless otherwise indicated, the financial information in these Programme Admission Particulars has been derived from the Financial Statements (as defined in "*Documents Incorporated by Reference*" below).

Each of the Issuer's and the Original Borrower's financial years end on 31 March, and references in these Programme Admission Particulars to any specific year are to the 12-month period ended on 31 March of such year. The Issuer's Financial Statements (as defined in "*Documents Incorporated by Reference*" below) have been prepared in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006 and audited in accordance with International Standards on Auditing (UK) and applicable law. The Original Borrower's Financial Statements (as defined in "*Documents Incorporated by Reference*" below) have been prepared under the UK General Accepted Accounting Practice including the Financial Reporting Standard 102 and the Housing SORP 2018: Statement of Recommended Practice for Registered Social Providers and comply with the Accounting Direction for Private Registered Providers of Social Housing 2022 (together, the *RP Accounting Standards*) and audited in accordance with International Standards on Auditing (UK) and applicable law.

Certain Defined Terms and Conventions

Capitalised terms which are used but not defined in any particular section of these Programme Admission Particulars will have the meaning attributed to them in "*Conditions of the Notes*" or any other section of these Programme Admission Particulars. In addition, the following terms as used in these Programme Admission Particulars have the meanings defined below:

- ***Sterling* and *£* refer to pounds sterling;**
- ***euro* and *€* refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended;**
- ***U.S. dollars*, *U.S.$* and *$* refer to United States dollars; and**
- ***billion* refers to a thousand million.**

Certain figures and percentages included in these Programme Admission Particulars have been subject to rounding adjustments. Accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in these Programme Admission Particulars or any applicable supplement;

(b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;

(d) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets;

(e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and

(f) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the Notes.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers and/or any other adviser that such potential investor considers appropriate to determine whether and to what extent (a) Notes are legal investments for it, (b) Notes can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules. Any loss resulting from over-allotment and stabilisation shall be borne, and any net profit arising therefrom shall be retained, as against the Issuer, by any Stabilisation Manager for its own account.

Overview of the Programme

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of these Programme Admission Particulars and, in relation to the conditions of any particular Tranche of Notes, the applicable Pricing Supplement. The Obligors and any relevant Dealer may agree that Notes shall be issued in a form other than that contemplated in the Conditions, in which event, and if appropriate, a new Programme Admission Particulars or a supplement to these Programme Admission Particulars will be published.

Words and expressions defined in "*Form of the Notes*" and "*Conditions of the Notes*" shall have the same meanings in this Overview.

Issuer:	Peninsular Capital PLC Legal Entity Identifier (**LEI**): 9845000B013S4ETAA930
Description:	£2,000,000,000 Note Programme
Use of Proceeds:	This note issuance programme is intended to raise finance for the Borrowers through the issuance of Notes by the Issuer. The Issuer will issue the Notes and on-lend the net issue proceeds (and, in the case of the Retained Notes (if specified as being applicable in the applicable Pricing Supplement), on-lend the net proceeds of the sale of such Retained Notes to one or more third parties) to the Borrowers. The Borrowers will use the proceeds in the achievement of their charitable objects, as permitted by their respective constitutional documents. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement. If the Notes are specified as "Sustainability Bonds" in the applicable Pricing Supplement, the net proceeds from the issue of the Notes (or, in the case of any Retained Notes, the net proceeds of the sale of such Retained Notes to a third party) (each after deduction of expenses payable by the Issuer) will be used for sustainable purposes and, unless otherwise specified in the applicable Pricing Supplement, will be applied in accordance with the Sustainable Financing Framework as described in "*Use of Proceeds and Sustainable Financing Framework*" below.
Borrowers:	In respect of each Series of Notes: (a) VIVID Housing Limited (the **Original Borrower**) (LEI: 98450038LBE68652B994); (b) each member of the Group, other than an Original Borrower, that has charitable (or exempt charitable) status; is a Registered Provider of Social Housing; and (in respect of any Secured Loan Agreement) has acceded to the Security Trust Deed as a borrower in respect of such

Series of Notes (each an **Additional Borrower** and, together with the Original Borrower, the **Borrowers**).

Upon the accession of an Additional Borrower, a new Programme Admission Particulars or a supplement to these Programme Admission Particulars will be published.

Status of the Notes: The Notes of each Series will constitute direct, unconditional, unsubordinated and secured obligations of the Issuer and will rank *pari passu* among themselves.

Programme Size: Up to £2,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.

Distribution: Notes may be distributed by way of private or public placement and, in each case, on a syndicated or non-syndicated basis.

Certain Restrictions: Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Subscription and Sale*") including the following restrictions applicable at the date of these Programme Admission Particulars.

Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 (the **FSMA**) unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see "*Subscription and Sale*".

Currencies: Subject to any applicable legal or regulatory restrictions, Notes may be denominated in Sterling and any other currency agreed between the Issuer and the relevant Dealer.

Notwithstanding the foregoing, Fully Secured Notes will not be issued in any currency other than Sterling unless and until a replacement or a supplement to these Programme Admission Particulars is published.

Denomination: The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (see "*Certain Restrictions*" above), and save that the minimum denomination of each Note will be €100,000

(or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Maturities: The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

Issue Price: Notes may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Form of Notes: The Notes will be issued in bearer form as described in "*Form of the Notes*".

Interest Basis: The Notes may be either Fixed Rate Notes or Floating Rate Notes.

Fixed Rate Notes: Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.

Floating Rate Notes: Floating Rate Notes will bear interest at a rate determined:

(a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. (**ISDA**), and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series), or the latest version of the 2021 ISDA Interest Rate Derivatives Definitions (as published by ISDA as at the Issue Date of the first Tranche of the Notes of the relevant Series) as specified in the applicable Pricing Supplement; or

(b) on the basis of the reference rate set out in the applicable Pricing Supplement.

Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both. For the avoidance of doubt, the interest rate in respect of Floating Rate Notes shall not be less than zero.

Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined for Floating Rate Notes, on the occurrence of a Benchmark Event the Issuer shall use its reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser that may (subject to certain conditions and following consultation with the Issuer) determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, and Benchmark Amendments (if any) in accordance with Condition 7.2(c) (*Benchmark Replacement*).

Final Redemption:

Unless previously redeemed in accordance with Condition 9 (*Redemption and Purchase*) the Notes will be redeemed:

(a) at the Final Redemption Amount on the Maturity Date specified in the applicable Pricing Supplement; or

(b) where Instalment Redemption is specified as applicable in the applicable Pricing Supplement, in the Instalment Amounts on the Instalment Dates specified in the applicable Pricing Supplement.

Notes having a maturity of less than one year are subject to restrictions on their denomination and distribution. See "*Certain Restrictions*" above.

Early Redemption:

The applicable Pricing Supplement will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity date or stated instalment dates (other than for taxation reasons or following an Event of Default, a Borrower Default or a Borrower ceasing to be a Registered Provider of Social Housing) or that such Notes will be redeemable at the option of the Issuer (where Retained Notes are specified to be applicable in the applicable Pricing Supplement, at any time after the relevant Final Retained Note Disposal Date) upon giving notice to the Noteholders on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer.

Early Redemption for Tax Reasons:

The Issuer shall redeem the Notes of a Series in whole, but not in part, at their principal amount, together with any interest accrued, if, as a result of any actual or proposed change in tax law, the Issuer determines that it would be required to make a withholding or deduction on account of tax in respect of payments to be made by it in respect of the Notes and the Issuer does not opt to pay additional amounts pursuant to Condition 10(b) (*Taxation*) or, having so opted, notifies the Note Trustee of its intention to cease paying such additional amounts.

Mandatory Early Redemption:

The Notes of each Series shall be redeemed at their principal amount, plus accrued interest, in an aggregate principal amount equal to the principal amount of the relevant Loan, upon the mandatory prepayment of a Loan advanced in connection with such Series following the relevant Borrower ceasing to be a Registered

Provider of Social Housing (other than if such Borrower regains its status as a Registered Provider of Social Housing within 180 days).

In addition, if a Loan becomes repayable as a result of a Borrower Default, the Notes of the relevant Series shall be redeemed at their principal amount, plus accrued interest, in an aggregate principal amount equal to the principal amount of the relevant Loan.

A **Borrower Default** includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of the asset cover ratio (in respect of Secured Loan Agreements) or breach of the unencumbered assets test (in respect of Unsecured Loan Agreements), in each case as set out in the Secured Loan Agreement Standard Terms and described further in "*Description of the Secured Loan Agreements*" or the Unsecured Loan Agreement Standard Terms and described further in "*Description of the Unsecured Loan Agreements*", as applicable.

Purchases:

The Retained Notes (if specified as being applicable in any Pricing Supplement) will be immediately purchased by the Issuer on the applicable Issue Date.

Any Borrower and any other member of the Group (other than the Issuer) may, at any time, purchase Notes in accordance with the provisions of Condition 9.10 (*Purchase of Notes by the Borrowers*). Any Notes of a Series purchased by any Borrower or other member of the Group may be surrendered to the Issuer for cancellation in consideration for an amount equal to the principal amount of the Notes being surrendered being deemed to be prepaid under the Loan Agreement entered into in connection with such Series of Notes or, to the extent that the relevant Loan is not then outstanding, an amount of the Undrawn Commitment (as defined below) in respect of such Loan Agreement equal to the Outstanding Balance of the Notes surrendered being deemed to be cancelled.

For so long as any Notes are held by or on behalf of or for the benefit of the Issuer (including, for the avoidance of doubt, the Retained Notes for so long as they are held by or on behalf of the Issuer), a Borrower or any other member of the Group, in each case as beneficial owner, such Notes shall (unless and until ceasing to be so held) be deemed not to be outstanding for the purpose of, *inter alia*, voting in accordance with the Note Trust Deed.

Retained Notes:

Pursuant to the terms of the Retained Note Custody Agreement, the Custodian will hold the Retained Notes (if any) of each Series on the Issuer's behalf and the Issuer has instructed the Custodian to waive its rights to receive payments (of interest, principal or otherwise) on the Retained Notes for so long as the Retained Notes are held on the Issuer's behalf. Such waiver may not be revoked without the consent of the Note Trustee.

Pursuant to the Note Trust Deed, the Issuer has covenanted with the Note Trustee that it will, immediately prior to a sale of any Retained Notes which are Fully Secured Notes by the Issuer,

deliver to the Note Trustee a certificate in writing signed by two directors of the Issuer addressed to the Note Trustee confirming that, immediately following the sale of such Retained Notes, the Borrowers will be in compliance with the Asset Cover Test in respect of such Series of Fully Secured Notes. For the purpose of giving such confirmation, the Issuer will require the relevant Borrowers to deliver a Retained Note Compliance Certificate pursuant to the relevant Secured Loan Agreements, as described further in "*Description of the Secured Loan Agreements*".

The Retained Notes may only be held on the Issuer's behalf until (but not including) the Retained Note Cancellation Date specified in the applicable Pricing Supplement (if any), and the Issuer must therefore sell the Retained Notes prior to that Retained Note Cancellation Date, or else any Retained Notes that have not been so sold will be cancelled in accordance with Condition 9.12 (*Cancellation*).

Events of Default:

Following an Event of Default in respect of any Series, the Note Trustee may, and if so requested by the holders of at least one-fourth in principal amount of the Notes of such Series then outstanding shall (subject to it being secured and/or indemnified and/or pre-funded to its satisfaction and, upon certain events, the Note Trustee having certified to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice to the Issuer and the Notes shall become immediately due and repayable.

The Events of Default include, *inter alia*, non-payment of any principal and interest due in respect of the Notes, failure of the Issuer to perform or observe any of its other obligations under the Conditions and the Note Trust Deed, insolvency, unlawfulness and acceleration, or non-payment, in respect of other indebtedness in an aggregate amount equal to or in excess of £10,000,000 (or its equivalent).

Upon the Notes becoming repayable prior to the Maturity Date (other than as a result of a prepayment or termination of any Loan Agreement), each Borrower is required to prepay its Loan in full together with accrued interest and commitment fee to and including the date of redemption. Each Borrower is also required to pay to the Issuer, within three Business Days of demand, its *pro rata* share of the Issuer's reasonable costs, expenses and liabilities throughout the life of the Notes.

Series Security

The Issuer's obligations in respect of each Series of Partly Secured Notes are secured pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties by the following (the **Series Security**):

(a) an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Agency

Agreement and the Account Agreement, in each case to the extent that they relate to such Series;

(b) a charge by way of first fixed charge over all moneys from time to time standing to the credit of the Series Transaction Account of such Series, and all debts represented thereby and any other bank or other accounts in which the Issuer may at any time have an interest in relation to such Series; and

(c) a charge by way of first fixed charge over all sums held from time to time by the Paying Agents for the payment of principal or interest in respect of the Series.

The Issuer's obligations in respect of each Series of Fully Secured Notes are secured pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties by the following (the **Series Security**):

(a) an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Security Trust Deed, the Legal Mortgages, the Agency Agreement, the Account Agreement and the Custody Agreement, in each case to the extent that they relate to such Series;

(b) a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the Series Transaction Account, the Series Ongoing Cash Security Account, the Series Initial Cash Security Account and the Series Custody Account, in each case of such Series, and all debts represented thereby and any other bank or other accounts in which the Issuer may at any time have an interest in relation to such Series; and

(c) a charge by way of first fixed charge over all sums held from time to time by the Paying Agents for the payment of principal or interest in respect of the Series.

No Series of Notes will have access to the Series Security securing another Series of Notes, including, in particular, security over the rights, title and interest arising under any Loan Agreement or Series Underlying Security not specifically allocated to such Series whether prior to or after the Note Trustee has served a notice of enforcement on the Issuer in relation to any Series of Notes.

Series Initial Cash Security Account (in respect of Fully Secured Notes):

For so long as insufficient security has been granted (or procured to be granted) by the Borrowers in favour of the Security Trustee, and allocated for the benefit of the Issuer, to permit the drawing of any Commitment under any Secured Loan Agreement in full or the Borrowers have not otherwise drawn any part of the Initial Commitment under any Secured Loan Agreement, the amount of

the Commitment that remains undrawn (in respect of each Commitment, the **Undrawn Commitment**) shall (subject, in the case of any portion of the Commitment which is to be funded by a sale of Retained Notes, to receipt by the Issuer of the net sale proceeds thereof) be retained in a charged account (the **Series Initial Cash Security Account**) of the Issuer in respect of the relevant Series of Fully Secured Notes (and may be invested in Permitted Investments) in accordance with the terms of the Account Agreement and the Custody Agreement (the **Retained Proceeds**).

Any Retained Proceeds shall be advanced to one or more Borrowers at a later date pursuant to the relevant Secured Loan Agreement(s) to the extent that Properties of a corresponding value have been charged in favour of the Security Trustee, and allocated for the benefit of the Issuer, and, if applicable, subject to the sale by the Issuer of Retained Notes.

Funds standing to the credit of each Series Initial Cash Security Account may:

(a) be held on deposit, in which case it shall accrue interest at the positive, negative or zero rate set by the Account Bank (as defined below) pursuant to the Account Agreement; or

(b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "*Permitted Investments*" below.

Series Ongoing Cash Security Account (in respect of Fully Secured Notes):

Pursuant to the Secured Loan Agreements, each Borrower is (or will be) required to procure that the specified asset cover ratio is maintained (see "*Description of the Secured Loan Agreements*" below). In the event that the value of the Apportioned Property multiplied by the Issuer's Security Percentage in respect of the relevant Secured Loan Agreement(s) is insufficient to maintain the relevant asset cover ratio, the Borrowers may deposit (or procure the deposit of) moneys into the relevant Series Ongoing Cash Security Account. Such moneys will be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed.

Funds standing to the credit of each Series Ongoing Cash Security Account may:

(a) be held on deposit, in which case they shall accrue interest at the rate to be notified by the Account Bank to the Issuer pursuant to the Account Agreement; or

(b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "*Permitted Investments*" below.

Moneys standing to the credit of a Series Ongoing Cash Security Account may be withdrawn:

(i) to be applied in the acquisition of Property to be charged in favour of the Security Trustee, and allocated for the benefit of the Issuer in respect of the relevant Series; or

(ii) otherwise, to the extent that the specified asset cover ratio would not be breached immediately after such withdrawal,

and, in any event, if no Borrower Default or Potential Borrower Default has occurred and is continuing.

Permitted Investments (in respect of Fully Secured Notes):

Permitted Investments shall, in respect of each Series of Fully Secured Notes, consist of:

(a) deposits with any bank or building society incorporated in the United Kingdom subject to such bank or building society having long-term senior unsecured debt credit ratings of not less than "A" from S&P, "A" from Fitch and "A2" from Moody's Investors Service Limited (**Moody's**);

(b) deposits with any non-United Kingdom incorporated bank subject to such bank having long-term senior unsecured debt credit ratings of not less than "AA" from S&P and "Aa2" from Moody's;

(c) full recourse debt instruments with a maturity no later than the earlier of:

(i) the date falling two years after the date of purchase; and

(ii) the Maturity Date of such Series,

that are issued by EU credit institutions having long-term senior unsecured debt credit ratings of not less than "AAA" from S&P and "Aaa" from Moody's that are fully secured or "covered" by a pool of on-balance sheet collateral;

(d) debt securities with a maturity no later than the earlier of:

(i) the date falling two years after the date of purchase, and

(ii) the Maturity Date of such Series,

that are issued by supranational agencies having long-term senior unsecured debt credit ratings of not less than "AAA" from S&P and "Aaa" from Moody's;

(e) money market funds having long-term senior unsecured debt credit ratings of not less than "AAAm" from S&P, "Aaa-mf" from Moody's or "AAAmmf" from Fitch; and

(f) direct obligations of the United Kingdom or of any agency or instrumentality of the United Kingdom which are guaranteed by the United Kingdom with a maturity no later than the earlier of:

(i) the date falling two years after the date of purchase, and

(ii) the Maturity Date of such Series,

provided that in all cases, such investment shall be an investment which is denominated in the Specified Currency and is non-index linked.

In the event that any Permitted Investments are sold to fund a drawing by a Borrower pursuant to a Secured Loan Agreement and such sale results in a loss realised by the Issuer, such drawing to be made by the Issuer to such Borrower pursuant to such Secured Loan Agreement shall be advanced at a discount in an amount equal to the Actual Advance Amount (as defined in each Secured Loan Agreement).

In the event that any Permitted Investments are sold to fund an advance to a Borrower pursuant to a Secured Loan Agreement and such sale results in a gain realised by the Issuer (such gain, the **Permitted Investment Profit**), the Issuer shall advance monies to such Borrower in an amount equal to the Actual Advance Amount and may (at its discretion) make a Gift Aid Payment to a charitable member of the Group which is connected with the Original Borrower (the Issuer being its wholly owned subsidiary) for the purposes of section 939G of the Corporation Tax Act 2010 (a **Charitable Group Member**) in an amount equal to the Permitted Investment Profit.

Immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments and/or Retained Notes as a result of the movement in the fair value recognised in its accounts of such Permitted Investments and/or Retained Notes for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a Gift Aid Payment to a Charitable Group Member) in respect of the Accounting Profit and may (at its discretion), in the same accounting period or such later period permitted under section 199 of the Corporation Tax Act 2010, make a Gift Aid Payment to any Charitable Group Member in an amount equal to the Accounting Profit.

The Issuer's right to make a Gift Aid Payment exists to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for the above otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010.

See "*Description of the Secured Loan Agreements*".

Account Agreement, Custody Agreement and Retained Note Custody Agreement:

The Issuer has appointed The Bank of New York Mellon, London Branch as its account bank (the **Account Bank**), its custodian in respect of its Permitted Investments (the **Custodian**) and its custodian in respect of the Retained Notes (the **Retained Note Custodian**) pursuant to the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement, respectively.

Pursuant to the Account Agreement, the Account Bank shall open and maintain:

(a) a Series Transaction Account in respect of each Series of Notes; and

(b) a Series Initial Cash Security Account (if required) and a Series Ongoing Cash Security Account in respect of each Series of Fully Secured Notes.

Pursuant to the Account Agreement and the Note Trust Deed, the Issuer has entered into certain covenants in respect of the monies which may be credited to and debited from each Account.

Pursuant to the Custody Agreement, the Custodian shall, subject to receipt of such documents as it may require, open a Custody Account (consisting of a Series Initial Cash Security Custody Sub-Account and a Series Initial Cash Security Cash Sub-Account (if required) and a Series Ongoing Cash Security Custody Sub-Account and a Series Ongoing Cash Security Cash Sub-Account), in respect of each Series of Fully Secured Notes. The Issuer has authorised the Custodian to make payments and delivery out of the Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as set out therein.

Pursuant to the Retained Note Custody Agreement, the Retained Note Custodian shall, subject to receipt of such documents as it may require, open the Retained Note Custody Account (consisting of the Retained Note Custody Sub-Account and the Retained Note Cash Sub-Account). The Retained Note Custodian has agreed not to effect a transfer of any Retained Notes except with the prior written consent of the Note Trustee, and the Issuer has authorised the Retained Note Custodian to make other payments and delivery out of the Retained Note Custody Account only as set out therein.

See "*Description of the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement*" below.

Guarantee and Indemnity: Each Borrower in respect of an Unsecured Loan Agreement entered into in connection with a Series of Partly Secured Notes will irrevocably and unconditionally:

(a) guarantee to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Unsecured Loan Agreements entered into in connection with such Series of Partly Secured Notes (such amounts being the **Guaranteed Amounts**);

(b) undertake with the Issuer that, whenever any other Borrower does not pay any Guaranteed Amounts when due under its respective Unsecured Loan Agreement entered into in connection with such Series of Partly Secured Notes, it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Amounts as if it were the principal obligor; and

(c) agree to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Each Borrower in respect of a Secured Loan Agreement entered into in connection with a Series of Fully Secured Notes will irrevocably and unconditionally:

(a) guarantee to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Loan Agreements, the Security Trust Deed and their respective Legal Mortgages, other than each other Borrowers' obligations to repay principal and any prepayment premium thereon pursuant to their respective Loan Agreements entered into in connection with such Series of Notes (such amounts being the **Guaranteed Interest and Fee Amounts**);

(b) undertake with the Issuer that, whenever any other Borrower does not pay any Guaranteed Interest and Fee Amounts when due under its respective Loan Agreement entered into in connection with such Series of Notes, the Security Trust Deed or its respective Legal Mortgage(s), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Interest and Fee Amounts as if it were the principal obligor;

(c) undertake with the Issuer that, to the extent that the proceeds of the enforcement of the Series Underlying Security are insufficient to satisfy the Borrowers' obligations under their respective Loan Agreements

entered into in connection with such Series of Notes in full (the shortfall being the **Guaranteed Principal Amount**), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Principal Amount as if it were the principal obligor; and

(d) agree to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Series Underlying Security (in respect of Fully Secured Notes):

Pursuant to the Legal Mortgages and the Security Trust Deed, each Borrower in respect of a Secured Loan Agreement will create or procure the creation by an Eligible Group Member of the following security in favour of the Security Trustee and allocate for the benefit of, *inter alios*, itself and the Issuer:

(a) first fixed legal mortgages over all of the right, title and interest from time to time in the properties specified in each Legal Mortgage; and

(b) first fixed charges over, *inter alia*, the benefit of all plant and machinery, the Insurances (as defined in the Legal Mortgages) and all present and future licences, consents and authorisations in respect thereof,

and will also covenant that it will (following an Enforcement Event (as defined in the Legal Mortgages) which has occurred and is continuing unremedied or unwaived and has not been remedied within any applicable grace period) assign or procure the assignment to the Security Trustee for the benefit of itself and, *inter alios*, the Issuer, all of the rights, title and interest in and to certain agreements and covenants held by such Borrower, in each case in respect of the Secured Loan Agreements entered into in connection with each Series of Fully Secured Notes.

See "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Additions, substitution and release of Apportioned Properties (in respect of Fully Secured Notes):

The Borrowers and any Eligible Group Members may charge (and/or allocate) or release (and/or reallocate) Charged Properties from any Series Underlying Security (and the Issuer shall consent to such charging (and/or allocation) or release (and/or reallocation)) subject to, and in accordance with, the requirements of the Secured Loan Agreements entered into in connection with the relevant Series of Fully Secured Notes and the Security Trust Deed.

For the avoidance of doubt, the Secured Loan Agreements will provide that, where any disposal is a Statutory Disposal, a Borrower shall have the right to withdraw such Property from the Issuer's Apportioned Properties.

See "*Description of the Secured Loan Agreements*" and "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Enforcement of the Series Underlying Security and the Series Security:

Following a Borrower Default in respect of a Loan Agreement entered into in connection with a Series of Notes, the Issuer may declare the Loan immediately repayable and/or (in respect of Secured Loan Agreements) declare the Series Underlying Security in respect of such Series immediately enforceable. Pursuant to Clause 6 (*Default procedure*) of the Security Trust Deed, the Security Trustee shall only be required to take action to enforce or protect the security in respect of the Secured Loan Agreements if instructed to do so by the Issuer (and then only if it has been indemnified and/or secured and/or pre-funded to its satisfaction).

In respect of each Series of Fully Secured Notes, the Issuer has assigned its rights under, *inter alia*, the Legal Mortgages and the Security Trust Deed, and, pursuant to Condition 6.3 (*Loan Agreements, Legal Mortgages and Security Trust Deed Consents Covenant*), has covenanted not to take any action or direct the Security Trustee to take any action pursuant thereto except with the prior consent of the Note Trustee. The Note Trustee may, but is not obliged to, seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

In enforcing the Series Security (including, in respect of the Fully Secured Notes, the Issuer's rights, title and interests in the Legal Mortgages and the Security Trust Deed insofar as they relate to the relevant Series) the Note Trustee may act in its discretion. It is, however, required to take action, pursuant to Condition 12.2 (*Enforcement*), where so directed by the requisite majority of the Noteholders provided, however, that it is secured and/or indemnified and/or pre-funded to its satisfaction.

See "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Priorities of Payments:

Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Series Transaction Account on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes or otherwise permitted in accordance with the Programme Documents in the order of priority set out in Condition 5.1 (*Pre-enforcement*).

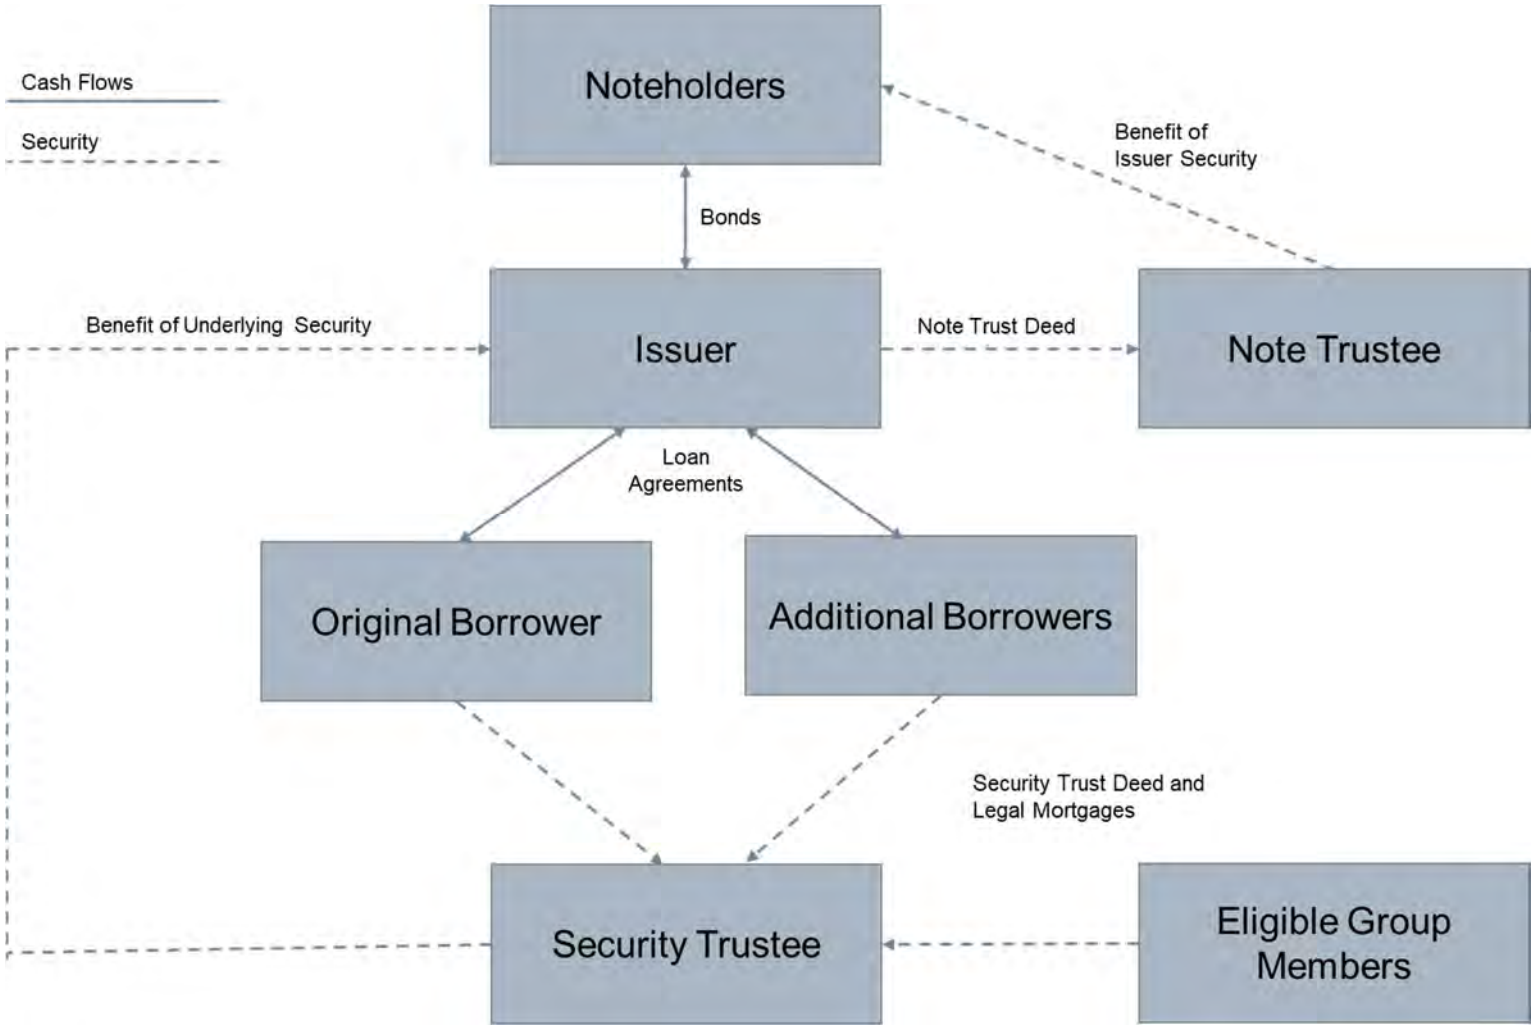

Following the enforcement of the Series Security in respect of a Series of Notes, all monies standing to the credit of the Series Transaction Account and (in respect of a Series of Fully Secured Notes) the Series Ongoing Cash Security Account and the Series Initial Cash Security Account in respect of such Series and the net proceeds of enforcement of the Series Security shall be applied in the order of priority set out in Condition 5.2 (*Post-enforcement*).

Covenants:	Pursuant to Condition 6.1 (*General Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose raising finance and on-lending such finance to or for the benefit of the Group or perform any act incidental to or necessary in connection with the aforesaid, without the consent of the Note Trustee. The Issuer has also covenanted to deliver to the Note Trustee and, upon request by a Noteholder to the Issuer, to make available to any of the Noteholders, a copy of the Compliance Certificates received from the Borrowers pursuant to the terms of the Loan Agreements and a copy of the annual reports of each Borrower following publication of the same. In addition to the rights of Noteholders to convene a meeting pursuant to Condition 18 (*Meetings of Noteholders, Modification and Waiver*), at the request of the requisite majority of the Noteholders of any Series, the Issuer shall hold a meeting of the Noteholders to discuss the financial position of the Issuer and the Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year. In addition, the Issuer has covenanted that, for so long as any of the Notes of any Series remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Agreements and (in respect of each Series of Fully Secured Notes) the Legal Mortgages or the Security Trust Deed in respect of such Series except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.
Meetings of Noteholders:	The Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.
Risk Factors:	There are certain factors that may affect the Issuer's and/or a Borrower's and/or an Eligible Group Member's (as applicable) ability to fulfil their obligations under Notes issued under the Programme and/or the Loan Agreements and/or (in respect of the Fully Secured Notes) the Legal Mortgages. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and risks relating to the structure of a particular Series of Notes issued under the Programme. All of these are set out under "*Risk Factors*".
Rating:	The Group and the Programme have been rated "A" by Fitch and "A" by S&P. Series of Notes issued under the Programme may be rated by Fitch and/or S&P or may be unrated. Where a Series of

	Notes is rated, such rating will be disclosed in the applicable Pricing Supplement and will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.
Admission to trading:	Application has been made for Notes issued under the Programme to be admitted to trading on the ISM and, in respect of any Notes which are specified as "Sustainability Bonds" in the applicable Pricing Supplement, application may also (if so specified in the applicable Pricing Supplement) be made for such Notes to be admitted to trading on the SBM. Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the relevant Series of Notes. Notes which are neither listed nor admitted to trading on any market may also be issued. The applicable Pricing Supplement will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.
Arranger:	Barclays Bank PLC
Dealers:	ABN AMRO Bank N.V. Barclays Bank PLC HSBC Bank plc Lloyds Bank Corporate Markets plc NatWest Markets Plc and any other Dealers appointed in accordance with the Programme Agreement.
Note Trustee and Security Trustee:	M&G Trustee Company Limited
Principal Paying Agent, Agent Bank, Account Bank, Custodian and Retained Note Custodian:	The Bank of New York Mellon, London Branch
Governing Law:	The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law.
Selling Restrictions:	There are restrictions on the offer, sale and transfer of the Notes in the United States, the UK, the EEA, Japan, Australia, Hong Kong, Republic of Korea, Singapore and a prohibition on the sale of Notes to any EEA or UK retail investors and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes, see "*Subscription and Sale*".

United States Selling Restrictions:	Regulation S, Category 2. TEFRA C or TEFRA D, as specified in the applicable Pricing Supplement.

Structure Diagram

Risk Factors

In purchasing Notes, investors assume the risk that the Obligors may become insolvent or otherwise be unable to make all payments due in respect of the Notes or the Loan Agreements. There is a wide range of factors which individually or together could result in the Obligors becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Obligors may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Obligors' control. The Issuer has identified in these Programme Admission Particulars a number of factors which could materially adversely affect the business of the Obligors and their ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in these Programme Admission Particulars and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

A. Special Purpose Vehicle Issuer

The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Notes, and on-lending the proceeds thereof to or for the benefit of the Group and investing in Permitted Investments. As such, the Issuer is entirely dependent upon receipt of funds from the Borrowers in order to fulfil its obligations under each Series of Notes including the payment of interest and principal to the Noteholders.

B. Credit Risk

The Issuer, and therefore payments by the Issuer in respect of each Series of Notes, will be subject to the credit risk of the Borrowers. The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making, of payments due from the Borrowers in respect of the Loan Agreements in respect of each Series of Notes. Delays in the receipt of payments due from any Borrower under its Loan Agreement could adversely affect the ability of the Issuer to fulfil its payment obligations under the corresponding Series of Notes. For a discussion of the factors which may affect the Borrowers' ability to fulfil its obligations under the Loan Agreements, please see "*Factors which may affect the Borrowers' ability to fulfil their obligations under Loan Agreements*".

C. Effect of losses on each Series Loan on Interest Payments and Repayments on the corresponding Series of Notes

There can be no assurance that the levels or timeliness of payments or collections received in respect of the Loans relating to each Series will be adequate to ensure fulfilment of the Issuer's obligations to the Noteholders in respect of the corresponding Series of Notes on each Interest Payment Date, on each Instalment Date, if applicable, or on the Maturity Date. In addition, a default under a Secured Loan Agreement could ultimately result in the enforcement of the Series Underlying Security in relation to the corresponding Series of Notes. The proceeds of any such enforcement may be insufficient to cover the full amount due from the relevant Borrower(s) resulting in a shortfall in funds available to repay the corresponding Series of Notes.

Factors that may affect the Borrowers' ability to fulfil their obligations under the Loan Agreements

The risk factors below relate to Borrowers which are Registered Providers of Social Housing. In the event that the Issuer wishes to on-lend the proceeds of any Series of Notes to one or more Borrowers which are not Registered Providers of Social Housing, any additional risk factors relating to such entity will be set out in a supplement to, or an update of, these Programme Admission Particulars (or, where the ISM permits, the applicable Pricing Supplement in respect of the relevant Series of Notes).

A. Risks related to social rental income

1. Social rental income risks

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Social Housing Rents*" below.

The tenants of social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) properties are personally responsible for the rental payments on the relevant occupied properties and, consequently, the Original Borrower is (and any Additional Borrower will be) exposed to the risk of tenant arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of a Borrower to meet its payment obligations under a Loan Agreement. In turn, this could adversely affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

Receipt of rental income by the Borrowers relies on the Borrowers' ability to let their properties. Demand for the Original Borrower's properties is (and demand for any Additional Borrower's property is expected to be) mainly driven by local housing need and property condition as compared to alternative accommodation. The Original Borrower considers that housing need in the areas in which it operates, predominantly the South of England, is high and that it maintains its properties to a good standard and in accordance with regulatory requirements, but a net reduction in demand for the properties could reduce overall rental income. If material, this may adversely affect the ability of a Borrower to make payments in respect of its Loan Agreement(s) and, in turn, affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

2. Risks related to social housing rent levels

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Social Housing Rents*" below.

The Original Borrower adjusts (and any Additional Borrower is expected to adjust) its rents for social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) annually each year. Each Borrower will apply future rent increases or decreases in accordance with the UK Government rent regimes (if any) in place at the time.

Collection of rental income is dependent on a stable external environment. Sudden domestic or global macro-events may increase levels of inflation and lead to higher interest rates and may, therefore, adversely affect the Issuer's ability to collect rental income on a timely basis or may cause rental arrears to rise. For example, a prolonged banking payment systems issue could lead to a delay in the receipt of rental income.

The affordability of any proposed social housing rent rises for any of the Borrowers' tenants will be considered and changes to rents are subject to board approval. At present, any government-mandated rent reduction is unlikely to apply to rents chargeable in respect of shared ownership leases held by the Original Borrower or any Additional Borrower (unless implemented on a voluntary basis). However, no

certainty can be given that this position will remain the case. Any reduction in rental income generally could, if material, adversely affect the ability of a Borrower to make payments in respect of its Loan Agreement(s) and, in turn, affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

3. Risks related to Occupation Size Criteria

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Occupation Size Criteria*" below.

The introduction of occupation size criteria may have an adverse impact on the ability of tenants to pay their rent. In turn, this could have an adverse impact on the Borrowers' cash flow and could affect the ability of the Borrowers to meet their payment obligations in respect of their Loan Agreement(s) and, in turn affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

4. Risks related to Universal Credit

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Universal Credit*" below.

The migration of legacy benefit claims to Universal Credit (currently scheduled for completion by the Department for Work and Pensions by 2029) may result in a loss of rental income or delays in rental income being received by a Borrower which would have ordinarily been paid directly to the Borrower through the legacy housing benefit system. In such circumstances, the relevant Borrower may mitigate this by applying for housing cost payments to be made directly to the Borrower when a tenant's circumstances place their tenancy at risk. A significant loss of rental income or delays in rental income being received by a Borrower could adversely affect such Borrower's ability to meet its payment obligations under its Loan Agreement(s). In turn, this could adversely affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

B. Property market-related risks

1. Risks related to Shared Ownership

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Shared Ownership"* below.

The Original Borrower receives (and each Additional Borrower is expected to receive) income from shared ownership (also commonly known as low-cost home ownership) sales and the sale of properties pursuant to its asset management arrangements, the amount of which is affected by housing market risk. As part of its provision of affordable housing, the Original Borrower also receives (and each Additional Borrower is expected to receive) shared ownership income generated on the initial sale of a property (known as the "first tranche") and on subsequent sales of further "tranches" or portions of the property (known as "staircasings") from the shared owner and in the form of subsidised rent. Household income eligibility thresholds are set at £80,000 outside London and £90,000 in London.

There is the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from the landlord) then that lender's mortgage (and any costs of the commercial lender in enforcing that mortgage) may take priority ahead of the security arrangements in place under the Security Trust Deed. However, if that commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest in which case the Borrower as landlord could receive such staircasing payments from

the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under the current rules of the Regulator of Social Housing (the **Regulator**), any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Borrower is only affected to the extent that the shortfall cannot be covered by grant monies. If a commercial lender did enforce its security by staircasing up to 100 per cent. and there was such a shortfall, the Borrower would no longer receive rent for its retained share of the property, which could have an impact upon its rental income, which, in turn, could affect its ability to meet its payment obligations under its Loan Agreement(s). In turn, this could adversely affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

The Right to Shared Ownership scheme provides tenants that satisfy certain criteria the right to purchase an equity stake in their home if that home was built with grant funding obtained under the Affordable Homes Programme 2021-2026. Increased access to shared ownership by tenants living in affected properties could result in certain of the Borrowers' tenants seeking to exercise their rights to shared ownership. This may result in an increase in a Borrower's rented units being converted to shared ownership units. In turn, this could have an impact upon such Borrower's rental income. If material, this may adversely affect the ability of such Borrower to make payments in respect of its Loan Agreement(s) and, in turn, affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

2. Risks related to exposure to performance of subsidiaries – housing for sale development programme and joint ventures

(a) Property Market Risks

The Original Borrower is (and each Additional Borrower may be) exposed to cash flow and profits from a programme of outright sales of properties undertaken by its wholly owned development subsidiaries, through on-lending from such Borrower. As sales made by subsidiaries are dependent on economic conditions and performance of the housing market (see "*Risks related to the Market and Development*"), so, too, is their capacity to service debt borrowed from the Borrowers. A material downturn in the housing market may therefore adversely affect the Borrowers' cash flows and their ability to meet their payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

(b) Contractor Risk

Each Borrower depends on a network of contracted parties, mostly in relation to its housing development programme. The Borrowers' ability to meet their obligations is in part reliant upon the capacity and capability of these contractors. A contractor failure (for example a breach of contract or financial default) could leave a Borrower exposed in relation to significant financial costs in finding alternative contractors and resolving any issues arising. The Borrowers mitigate this risk by careful selection of contractors, the use of procurement frameworks, credit checks and financial performance monitoring. Contract requirements include performance bonds and insolvency policies. Any costs incurred by the Borrowers in relation to a contractor failure could adversely affect the Borrowers' cash flow and their ability to meet their respective payment obligations under their Loan Agreement(s), and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

(c) Construction Delay Risk

A delay to completion of an asset under construction represents a liquidity risk, as anticipated sales and rental income from the completed asset will be due at a later date. Any delay in receiving the anticipated sales and rental income could have an adverse effect on the Borrowers. This could, in turn, affect the

Borrowers' cash flow, which could have an adverse impact on their ability to meet their respective payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

(d) Development Concentration Risk

Each of the risks detailed above in (a) to (c) above may pose a greater risk to the Borrowers' ability to meet their obligations under the Loan Agreement(s) if such Borrower is involved in a development programme that is large relative to any other schemes in which such Borrower participates. Any decline in the performance of the housing market or any construction delay may have a material impact on the cashflow of the relevant Borrower if such issues impact a large scheme expected to generate a significant portion of the relevant Borrower's projected income. There is also a risk posed by the reliance on the same contractor for large developments. If such contractor becomes insolvent, there may be a delay in completing the large project(s) which could materially impact a Borrower's cashflow. Any failure or delay in completing large development projects could impact the Borrowers' ability to meet their respective payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

3. Risks related to the Market and Development

Residential property investment is subject to varying degrees of market, development and operational risk. Market risks which may impact upon both the rental market and the development of residential properties include the risk of changes to UK Government regulation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits. Furthermore, the Borrowers may be exposed to additional capital expenditure requirements as a result of regulatory initiatives, such as building safety (see "*Building and fire safety cost risks*"), the drive to reduce greenhouse gas emissions (see "*Risks related to the implementation of net zero carbon*"), the requirement to address certain health hazards such as damp and mould following the introduction of the SHRA and other pressures. Compliance with such regulatory initiatives may increase the expenses incurred by the Borrowers associated with inspecting and refurbishing existing residential properties and/or may affect the rental income produced by these properties which could adversely impact the finances of the Borrowers and, accordingly, may adversely affect the Borrowers' ability to meet their respective payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

The Sector Risk Profile 2025 published by the Regulator in November 2025, states that "Landlords are facing significant economic challenges as they work to improve tenants' existing homes and increase the supply of new homes. Specific trends within the sector include greater spend on fire safety remediation, which is a particular challenge for landlords in London and other urban areas with a higher density of flats. Landlords are also spending record amounts to improve the quality of tenants' existing homes, including work to address damp and mould, as well as other potential hazards. And they are preparing for the outcome of the Decent Homes Standard review, which was recently consulted on by the government."

Among other things, the need for the Borrowers to undertake investment to respond to changing building safety and energy efficiency standards and consumer expectations may impact upon the expenses incurred by the Borrowers associated with existing residential properties, rental income produced by these properties, the value of their existing investments, their ability to develop land that they have acquired, their ability to sell shared ownership properties and their ability to acquire additional sites. This could, in turn, impact upon the Borrowers' cash flow, which could have an adverse impact on the Borrowers' ability to meet their respective payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

Market values of properties are generally affected by overall conditions in the economy; political factors and systemic events, including the condition of financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers.

Market risks which may impact upon both the rental market and the development of residential properties include the risk of changes to UK Government regulation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits. Furthermore, the maintenance of properties, development of sites and acquisition of additional sites may be subject to the availability of finance facilities and the costs of facilities, interest rates and inflation may also have an effect.

The latest figures from the Nationwide House Price Index show that UK house prices increased by 0.5 per cent. in the month of June 2026, resulting in the annual rate of growth picking up from 1.7 per cent.in May 2026 to 2.1 per cent. in June 2026. Income growth continues to outpace house price growth while borrowing costs have edged lower with the Bank of England's base rate of interest being 3.75 per cent. as at 18 June 2026, in comparison to 4.25 per cent. 12 months' prior. These trends have helped to improve affordability for prospective buyers and underpinned a modest increase in activity and house prices, though both remain subdued by historic standards. House prices remain high in comparison to average earnings, however, so affordability continues to be a challenge for first-time buyers.

These market risks may affect the expenses incurred by the Borrowers associated with residential properties, rental income produced by these properties, the value of their investments, their ability to develop land that they have acquired, their ability to sell shared ownership properties and their ability to acquire additional sites. This could, in turn, affect the Borrowers' cash flow, which could have an adverse impact on their ability to meet their payment obligations under their Loan Agreement(s). In turn, this could adversely affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

C. Financial-related risks

1. Risks related to Capital Resources

The ability of the Borrowers to operate their business depends in part on their being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to a Borrower) could affect the Borrowers' ability to progress their business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of its business over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on a Borrower's business, operations, financial condition and/or prospects and in turn its ability to meet its payment obligations under its Loan Agreement(s). As a result, this could adversely affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

The Borrowers are subject to the risk that they will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy its obligations to service and/or refinance their indebtedness. Further, any covenants contained in the Borrowers' or the Issuer's borrowing arrangements may limit or prohibit the Borrowers' or the Issuer's operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on a Borrower's business, results of operations, financial condition and/or prospects and, in turn, such Borrower's ability to meet its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet payment obligations under the corresponding Series of Notes.

2. Risks relating to Treasury

The ongoing creditworthiness of the Borrowers depends on many factors, including the link to national government; industry; competitive, financial, and operational performance; economic factors; the level of drawn debt; the ability to access new debt; and the strength of its management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in perceived creditworthiness and/or reduce its ability to raise further or renew existing financing facilities. This could have a material adverse effect on a Borrower's business, results of operations, financial condition and/or prospects and, in turn, such Borrower's ability to meet its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet payment obligations under the corresponding Series of Notes.

To manage liquidity risk and augment its capital reserves, the Original Borrower's treasury strategy ensures (and any Additional Borrower's treasury strategy is expected to ensure) that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained. Further, the Original Borrower seeks (and any Additional Borrower is expected to seek) to ensure that leverage is maintained at a level within its risk appetite as measured by its ability to service debt and maintain strong investment grade credit ratings.

3. Risks related to Interest Rates

The Original Borrower is (and any Additional Borrower is expected to be) subject to interest rate risk in respect of variable rate borrowing, although the Original Borrower's treasury function seeks to mitigate interest rate risk volatility and uncertainty by allowing for a balance of fixed and floating rate debt, consistent with the Original Borrower's treasury strategy and treasury management policies and applicable regulatory guidelines. However, if there are material increases in the rates of interest that a Borrower has to pay on its floating rate debt, this could adversely affect the cash available to such Borrower to meet its payment obligations under its Loan Agreement(s). In turn, this could affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

D. Risks related to Regulation

The regulation of Registered Providers of Social Housing has undergone significant and recent change. Noteholders are exposed to the creditworthiness of the Borrowers under the Loan Agreements and any change in the Regulatory Framework could lead to the Borrowers facing increased costs to comply with the Regulatory Framework.

Any breach of new or existing regulations could lead to the exercise of the Regulator's statutory powers. The Regulator publishes guidance on how it regulates. It adopts a proportionate approach with an emphasis on self-regulation and co-regulation. In practice, use of statutory powers is rare. Serious non-compliance with the economic standard is more likely to lead to a downgrade of the Regulator's published regulatory judgement and agreement with the Regulator of the corrective action to be taken. Any such intervention by the Regulator in respect of a Borrower may adversely impact its ability to meet

its payment obligations under its Loan Agreement(s) and, in turn, the Issuer's ability to meet its payment obligations under the corresponding Series of Notes.

The regulation of Registered Providers of Social Housing is undergoing significant changes with the Social Housing (Regulation) Act 2023 receiving Royal Assent, Awaab's Law, the requirement to collect and report annually on tenant satisfaction data, revisions of the consumer standards which were brought in on 1 April 2024 and further new consumer standards expected to follow. This is all part of a move towards a more proactive regulation of the consumer standards and with the overall intention to improve the quality and safety of homes for the benefit of tenants and to provide tenants with better means to hold their landlords to account. Noteholders are indirectly exposed to the creditworthiness of the Borrowers and any change in the Regulatory Framework could lead to the Borrowers facing increased costs to comply with the Regulatory Framework. This could, in turn, affect the Borrowers' cashflow, which could have an adverse impact on their ability to meet their respective payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

E. Risks related to Housing Grant

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Housing Grant*" below.

The Original Borrower has historically received, and is expecting to receive, (and any Additional Borrower is expected to receive) grant funding from a variety of sources, including Homes England. The Original Borrower (and its subsidiaries carrying out development activities) has benefitted from allocations of grant under (amongst others) the Shared Ownership and Affordable Homes Programme 2016-2021 and the 2021-2026 Affordable Homes Programme. If at some stage in the future a Borrower is reliant on the receipt of grant (including from other sources, including without limitation from the Building Safety Fund and the Warm Homes: Social Housing Fund (formerly known as the Social Housing Decarbonisation Fund)) as part of its business plan, the increased competition, the increased need for bidders to provide evidence regarding timescale compliance and the possible future reduction in grants could result in any future award of grant of any type allocated to such Borrower being reduced in size. Accordingly, as a result of a reduced grant environment, a Borrower may seek to increase commercial risk to subsidise affordable housing and development and/or such Borrower may have to increase net debt, each of which may have a corresponding effect on such Borrower's cashflow, which could have an adverse impact on their ability to meet its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary. Following approval of a grant there is a risk that Homes England may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant. In certain circumstances, as set out in the "*Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination*", including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used and could impact on a Borrower's ability to receive grant funding in the future. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely affect the future development of such Borrower, which may in turn adversely impact its ability to meet its payment obligations under its Loan Agreement(s) and, in turn, affect the ability of the Issuer to meet its payment obligations in respect of the corresponding Series of Notes.

Any material repayment of historical grant funding held on a Borrower's balance sheet has the potential to impact its cash flow which could materially increase such Borrower's net debt position and thus its ability to satisfy any obligations pursuant to the terms of existing financing arrangements, including payment obligations under its Loan Agreement(s). This could also adversely affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

F. Risks related to Pensions

The Group is subject to risks relating to pension provision in that its pension providers of defined benefit schemes may increase contribution rates from time to time should pension funds be under-funded. The Group has acted to mitigate this risk by closing defined benefit pension schemes to new entrants.

The Group participates in three defined benefit pension schemes:

- the Hampshire County Council Pension Fund (**HCCPF**);
- the Pension Trust Growth Fund (**PTGF**); and
- the VIVID Housing Limited Defined Benefit Scheme (**VHDBS**).

The Group participates in the defined contribution structure provided by The Pensions Trust Retirement Solutions and this is the Group's nominated auto-enrolment pension scheme which is the pension offer to all new starters.

Hampshire County Council Pension Fund

The Group participates in the HCCPF defined benefit scheme. The HCCPF is a multi-employer defined benefit scheme under the regulations governing the Local Government Pension Scheme (**LGPS**), where the participating employers share the actuarial risks associated with all employees and former employees. The LGPS is a defined benefit scheme which is currently based on average earnings over a member's career. This scheme is funded and is contracted out of the state scheme. The pensions costs relating to the scheme are accounted for in accordance with FRS102.

Pension Trust Growth Fund

The Group participates in the PTGF administered by The Pensions Trust Retirement Solutions. This is a multi-employer defined benefit scheme. Sufficient information does not exist to identify the share of underlying assets and liabilities belonging to individual participating employers. Accordingly, due to the nature of the scheme, the accounting charge for the period under FRS102 represents the employer contribution payable.

The scheme currently has a shortfall of assets compared to liabilities. Deficit recovery payment plans have been agreed with participating employers and the Trustees of the schemes to eliminate the shortfall. In line with FRS102 requirements, a cash payment plan has been entered into and is recognised as a liability in the Financial Statements (as defined under Documents Incorporated by Reference below).

VIVID Housing Limited Defined Benefit Scheme

On 31 January 2021, the Group bulk transferred its share of assets and liabilities in the Social Housing Pension Scheme to a new standalone pension scheme. The scheme is closed to new entrants and any future accruals. The scheme is administered by The Pensions Trust with Verity acting as Trustees. The pensions costs relating to the scheme are accounted for in accordance with FRS102.

General

If the market value of any relevant pension scheme declines relative to the assessed liabilities, which depends on, amongst other things, the real returns from the assets, the longevity of its members, the rate of salaries increase, discount rate assumptions and inflation, or if the trustees or the pension regulator determines that the Issuer's liabilities requires a different approach to contributions and deficit

reduction, a Borrower may be required to increase its contributions. This may have an adverse effect on the ability of a Borrower to fulfil its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

G. Operational Risk

Operational risks may result from major systems failure or breaches in systems security that affect a Borrower's ability to deliver business processes and the consequences of theft, fraud, health and safety and environmental issues, natural disaster and acts of terrorism. These events could result in financial loss to such Borrower and hence the Issuer. An IT security breach could result in a loss or serious damage to the Group's data. These events could result in financial loss to a Borrower and result in an inability to meet its payment obligations under its Loan Agreement(s). In turn, this could adversely affect the Issuer's ability to meet its payment obligations under the corresponding Series of Notes.

H. Risks related to Legal and Compliance Obligations

The Issuer and the Original Borrower know (and each Additional Borrower is expected to know) the significance to their respective operations of, and are focused on, adhering to all legal and compliance requirements. Neither the Issuer nor the Original Borrower is currently aware of any material failure to adhere to applicable health and safety or environmental laws, or breach of other regulations, or failure to comply with corporate, employee or taxation laws. If any of these were to occur in the future, this could have an adverse impact on the Group's results or operations and, in turn, the Issuer's ability to meet its payment obligations under the Notes.

I. Risks related to data and cyber security

The Original Borrower (like all housing associations, including any Additional Borrower) processes large amounts of personal data from customers, employees and business partners and is required to maintain electronic data in a secure and accessible way. Loss of key data, for example on rent collection or contracts in place, could lead to significant operational challenges and costs. There is also a risk that data could be "locked", stolen, corrupted and/or misused as a result of internal or external activities, such as hacking or ransomware attacks. This could put pressure on a Borrower's resources in order to combat or react to such activities, which in turn could affect its ability to meet its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet payment obligations under the corresponding Series of Notes.

The Group is required to comply with data protection and privacy laws in the UK. This includes compliance with the UK General Data Protection Regulation (**GDPR**). GDPR imposes a high burden on the industry and restricts the Original Borrower's ability to use data, including through granting customers a 'right to be forgotten' and a requirement for informed opt-in consent by customers to the processing of their data. Failure to comply with these requirements can result in significant fines equal to 4 per cent. of the Group's annual turnover. Therefore, there is a risk that, if the Group does not process the data it collects correctly and in accordance with GDPR, the Group receives a fine. This could have an adverse effect on the Group's financial condition, which could affect the Borrowers' ability to meet their payment obligations under their Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

J. Litigation Risk

There can be no assurance that the Issuer or the Borrowers will not, in the future, be subject to a claim which may have a material impact upon their respective revenue or business. If this were to occur, this may in turn impact upon the Issuer's ability to meet its payment obligations under the Notes or the Borrowers' ability to meet their payment obligations under their Loan Agreements. To date, neither the

Issuer nor the Original Borrower is aware of any claims being brought against it that has had a material impact on its respective revenue or business.

K. Personnel

The Borrowers' success depends upon the efforts of their personnel and the ability to attract and retain skilled staff. No assurance can be given that changes in employees will not have a material adverse effect on the results of operations of a Borrower which could, in turn, adversely affect its payment obligations under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the Notes.

L. Building and Fire Safety Cost Risk

See "*Description of the Regulation and Funding Environment applicable to the Borrowers – Fire Safety Act*" below.

Following the Grenfell Tower fire on 14 June 2017, new legislation, including the Building Safety Act 2022 (the **BSA**), has come into force and various changes have been made to building and fire safety regulations and guidance issued by the UK Government. These new or enhanced requirements have led and, together with other proposals still under review, could continue to lead to increases in the cost of construction of new homes or to additional costs in relation to the refurbishment, adaptation or regular monitoring of fire safety aspects of existing homes. This includes the remediation of tower blocks and other buildings where the Borrowers have responsibility to remove defective cladding or carry out other fire safety and building remediation works.

The Original Borrower has completed (and each Additional Borrower is expected to have completed) fire risk assessments on all of the blocks it owns with six storeys or more.

The Grenfell Tower Inquiry published its final Report for Phase 2 of the Inquiry on 4 September 2024 and made a number of recommendations for reform of the regulatory environment, including (amongst other recommendations) amendments to building regulations, an extension of the scope of Higher-Risk Buildings, the establishment of a construction regulator and the registration of contractors permitted to work on Higher-Risk Buildings. On 25 February 2025, the UK Government responded to the recommendations with a statement that 49 of the recommendations are accepted in full by the UK Government and other responsible organisations and the other 9 recommendations are accepted in principle. The next steps proposed are as follows:

- Phase 1: the delivery of existing reform scheduled to take place over 2025-26;
- Phase 2: the development of new legislation and other proposals with a focus on delivering recommendations and wider reform, including the creation of a single construction regulator, scheduled to take place from 2026-28. The UK Government has also stated that there will be a significant programme of social housing reform during this period to include new regulatory standards for decency and energy efficiency; and
- Phase 3: the implementation of new legislation and the exercising of new regulatory powers from 2028 onwards.

On 25 February 2026, the UK Government published its first annual progress report on the Phase 2 Grenfell Inquiry recommendations, outlining the completion of 12 recommendations and confirming that all 58 recommendations remain on track, with 70 per cent. expected to be formally closed by the end of 2026.

This remains an evolving situation and it is not yet clear whether any additional costs to the Borrowers as a result will be material.

If a Borrower is faced with material unforeseen renovation, maintenance and modernisation costs which it could not effectively fund, this could have an adverse impact on its ability to meet its payment obligations on a timely basis under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

M. Other costs and inflation risk

As developers, owners and operators of residential accommodation, the Original Borrower has and any Additional Borrowers will have a principal risk exposure to the cost of construction, maintenance and repair of buildings. Costs in these areas may increase due to various factors such as changes to the costs of materials, health and safety regulation and/or energy efficiency regulation. This may, in turn, cause the Borrowers to delay expenditure on uncommitted development projects in order to mitigate rising costs in other areas of their operations.

The maintenance of existing properties, development of existing sites and acquisition of additional sites may be subject to the availability of finance facilities and the costs of facilities, interest rates and inflation may also have an effect.

Any unforeseen delays in planned maintenance may also lead to more costs through reactive maintenance. A sustained period in which cost inflation exceeded income inflation may also put a Borrower's business under financial strain and could have an adverse impact on its ability to meet its payment obligations on a timely basis under its Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

N. Risks related to the implementation of net zero

Climate change, rising energy prices and the global shift to a low-carbon economy present a range of risks for the Group. These include strategic, reputational, operational and financial risks.

The UK Government has set a legally binding target to achieve net zero greenhouse gas emissions by 2050 (Climate Change Act 2008, as amended in 2019). This target is driving significant policy changes, including the introduction of the Future Homes Standard, Minimum Energy Efficiency Standards (**MEES**), and Warm Homes plan. The new standard requires that new homes emit at least 75 per cent. less carbon than those built to 2013 standards, with most new homes expected to use low-carbon heating and solar panels.

Regulatory expectations are increasing and evolving rapidly. From 1 April 2030, all social rented homes must achieve an Energy Performance Certificate (**EPC**) rating of C or above. The UK Government has confirmed this requirement, but some details, such as the Home Energy Model, are still to be released. This uncertainty makes it challenging to plan and deliver retrofit programmes, especially when considering the transition away from gas and fossil fuel heating.

These changes will require significant investment in improving the energy efficiency of existing homes and managing large-scale retrofit programmes. The costs of these works could be substantial, particularly if systems such as gas boilers need to be replaced earlier than planned, external wall insulation is needed, or if communal heating systems require major upgrades.

Technology, advice and guidance in this area will continue to evolve. However, any changes to the building standards for new homes and requirements for existing rented properties could require the Borrowers to incur additional unforeseen expenditure and therefore adversely affect the ability of the

Borrowers to fulfil their respective payment obligations under their Loan Agreement(s) and, in turn, the Issuer's ability to meet its payment obligations under the corresponding Series of Notes.

O. Risks related to current geopolitical events

1. Risks relating to global conflicts

As at the date of these Programme Admission Particulars, there are a number of ongoing global conflicts. On 24 February 2022, Russia launched a large-scale military action against Ukraine. Since it began, it has resulted in heightened inflation and, in particular, shortages and increases in the price of energy, including the prices of oil, gas and other commodities. As at the date of these Programme Admission Particulars, the war continues, occasionally causing volatility in the global financial markets.

On 7 October 2023, Palestinian militant group Hamas launched an attack on Israel which, in turn, triggered an Israeli operation in the Gaza strip. There has also been conflict between Israel and the Lebanese militant group, Hezbollah, leading to an Israeli invasion of Lebanon on 1 October 2024 and conflict between Israel and Iran, with Israel and the United States of America attacking certain nuclear and military sites in Iran in June 2025.

On 28 February 2026, the United States of America and Israel launched large-scale military strikes against Iran, leading to retaliatory strikes from Iran. This situation subsequently evolved into a multi-front regional crisis within the Middle East, threatening global energy markets, and escalating maritime security concerns in the Strait of Hormuz.

The continuance or escalation of these conflicts, particularly if this leads to further geopolitical tension in the Middle East or other key energy supply areas in the world, could lead to further increases in utility prices and heightened inflationary pressures (particularly if supplies to Europe are interrupted), which could put the business of the members of the Group under financial strain. This could have an adverse impact on the ability of the Borrowers to meet their respective payment obligations under their Loan Agreement(s), which, in turn, could affect the ability of the Issuer to meet its obligations to Noteholders in respect of the corresponding Series of Notes.

2. Risks relating to the cost of living

As developers, owners, landlords and managers of residential accommodation, the Original Borrower has (and each Additional Borrower will have) a principal risk exposure to the cost of construction, maintenance and repair of buildings. Costs in this area may increase due to idiosyncratic factors such as changes to materials, health and safety regulation and/or energy efficiency regulation.

A sustained period in which cost inflation exceeds income inflation would put the Borrowers under financial strain and could have an adverse impact on their ability to meet their payment obligations on a timely basis, which could have an adverse effect on their ability to fulfil their respective payment obligations under the Loan Agreement(s) to which they are a party and, in turn, the Issuer's ability to meet its payment obligations in respect of the corresponding Series of Notes.

In addition, the tenants of the social housing properties (as defined in Part 2 of the Housing and Regeneration Act 2008) owned by the Borrowers are personally responsible for the rental payments on their tenancies and, consequently, the Borrowers are exposed to the risk of tenant arrears and bad debts if inflationary pressures have a negative impact on the tenants' ability to pay rents given the increase in utilities and other costs.

This could affect the ability of the Borrowers to meet their respective payment obligations under the Loan Agreement(s) to which they are a party and, in turn, this could affect the ability of the Issuer to meet its payment obligations under the corresponding Series of Notes.

P. Risks related to damp and mould

Damp and mould have always been pervasive hazards which could potentially affect the social rented sector. However, following the death of Awaab Ishak in December 2020 from a respiratory condition largely caused by exposure to mould in his home, these issues have been brought to the forefront of the political agenda.

Greater focus has now been placed on the issue of damp and mould in rented properties and the Social Housing (Regulation) Act 2023 (the **SHRA 2023**) makes provision for 'Awaab's law', which is a provision that requires Registered Providers of Social Housing to comply with certain investigation, notification and rectification obligations in relation to hazards in tenants' homes. There will inevitably be cost implications for Registered Providers of Social Housing arising from compliance with the obligations that are proposed. It is not clear, as at the date of these Programme Admission Particulars, whether the proposals will be amended by the UK Government or whether any such costs will be material.

Should a Borrower incur any unexpected significant costs and/or fail to comply with any regulatory obligations in this regard, this could have an adverse effect on its results and operations. In turn, this could adversely affect the funding resources available to a Borrower and, as a result, the ability of the Borrower to meet its payment obligations under its Loan Agreement and, in turn, the Issuer's ability to meet its payment obligations under the corresponding Series of Notes.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

A. Redemption prior to maturity

In the event that the Notes become repayable prior to maturity either following an Event of Default (as defined in Condition 12.1 (*Events of Default*)), due to taxation reasons (pursuant to Condition 9.2 (*Redemption for tax reasons*)), upon a Borrower Default or one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (pursuant to Condition 9.6 (*Mandatory Early Redemption*)) or at the option of the Issuer (pursuant to Condition 9.3 (*Redemption at the option of the Borrowers (Borrower Call)*), Condition 9.4 (*Maturity Call Par Option*) or Condition 9.5 (*Residual Call Option*)), the Notes will be redeemed in full in an amount equal to that specified in the applicable Pricing Supplement, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Notes. Furthermore, the optional redemption feature of the Notes is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

B. The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a benchmark.

Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**) applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the UK. Among other things, it:

(a) requires benchmark administrators to be authorised or registered (or, if non-UK-based, to be subject to an equivalent regime or otherwise recognised or endorsed); and

(b) prevents certain uses by UK supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The UK Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the UK Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Such factors may have (without limitation) the following effects on certain benchmarks:

(i) discouraging market participants from continuing to administer or contribute to a benchmark;

(ii) triggering changes in the rules or methodologies used in the benchmark and/or;

(iii) leading to the disappearance of the benchmark.

Any of the above changes, or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

The Conditions of the Notes provide for certain fallback arrangements in the event that an Original Reference Rate and/or any page on which an Original Reference Rate may be published (or any other successor service) becomes unavailable or a Benchmark Event (as defined in the Conditions) otherwise occurs. Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Conditions), with or without the application of an adjustment spread and may include amendments to the Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Issuer (acting in good faith and in consultation with an Independent Adviser). An adjustment spread, if applied, could be positive or negative and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of an Original Reference Rate. However, it may not be possible to determine or apply an adjustment spread and, even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Rate or Alternative Rate may nevertheless be used to determine the Rate of Interest. The use of a Successor Rate or Alternative Rate (including with the application of an adjustment spread) may still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

If, following the occurrence of a Benchmark Event, no Successor Rate or Alternative Rate is determined, the ultimate fallback for the purposes of calculating the Rate of Interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Due to the uncertainty concerning the availability of Successor Rates

and Alternative Rates, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time. It should also be noted that fallbacks for benchmarks in hedges may operate differently than under Notes. Investors are recommended to consult their own independent advisers.

C. The market in relation to risk-free rates (including overnight rates) is relatively new

Interest on the Notes may be determined by reference to a risk-free rate such as SONIA. SONIA, whether determined on a compounded daily basis or as a weighted average rate for a specified period, is a backwards-looking, risk-free overnight rate. As such, investors should be aware that SONIA may behave materially differently from forward-looking term rates. The adoption of SONIA may also see component inputs into swap rates or other composite rates transferring from another reference rate to SONIA.

The development of SONIA as interest reference rates for the bond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Notes issued under the Programme from time to time.

Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

D. Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

E. Modification, waivers and substitution

The Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes and the Note Trust Deed also provide that the Note Trustee may, without the consent of the Noteholders:

(a) agree to any modification (except as stated in the Note Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or any Programme Document (to which it is a party);

(b) determine without the consent of the Noteholders that any Potential Event of Default or Event of Default shall not be treated as such; or

(c) agree to the substitution of another company, registered society or other entity as principal debtor under the Notes in place of the Issuer, in the circumstances described in the Conditions,

provided, in each case, that the Note Trustee is of the opinion that to do so would not be materially prejudicial to the interests of Noteholders.

F. Denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

G. Change in Law

Changes in law may affect the rights of Noteholders as well as the market value of the Notes. The Conditions of the Notes are based on English law and regulatory and administrative practice in effect as at the date of these Programme Admission Particulars. No assurance can be given as to the impact of any possible judicial decision or change to English law or regulatory or administrative practice in the United Kingdom after the date of these Programme Admission Particulars. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Notes, which may have an adverse effect on an investment in the Notes.

H. Taxation

Under the Conditions of the Notes (see Condition 10 (*Taxation*) below), the Issuer may, but will not be obliged to, gross up payments in respect of the Notes if any deduction or withholding on account of tax is imposed. In the event that any deduction or withholding on account of tax is imposed and the Issuer does not opt to gross up payments in respect of the Notes or any Series (or, if having previously opted to gross up, the Issuer notifies the Note Trustee and the Noteholders of such Series of its intention to cease grossing up payments in respect of such Notes), the Notes of such Series will be redeemed in accordance with Condition 9.2 (*Redemption for tax reasons*). In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes of such Series. In addition, any amounts in respect of accrued interest which fall due on any such redemption of the Notes (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof. The Noteholders will therefore bear the risk of any such withholding or deduction in respect of the period from the previous Interest Payment Date to the date of redemption.

Each Loan Agreement will require that if any withholding or deduction is required by law to be made by the relevant Borrower thereunder, the amount of the payment due from such Borrower shall be increased to an amount which (after making the tax deduction) leaves an amount equal to the payment which would have been due if no tax deduction had been required.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Notes, see below in "*Taxation*".

I. Use of Proceeds / Sustainability Bonds

To the extent specified in the applicable Pricing Supplement, Notes issued under the Programme are intended to be Sustainability Bonds (as defined in ICMA's Sustainability Bond Guidelines) and the net proceeds from the issue of Notes of each Series will be used by the relevant Borrower for sustainable purposes as set out in the section headed "*Use of Proceeds and Sustainable Financing Framework*" and the applicable Pricing Supplement.

Notes issued as Sustainability Bonds may not be a suitable investment for an investor's investment criteria. Prospective investors should have regard to the information set out in the relevant Pricing Supplement and must determine for themselves the relevance of such information for the purpose of any investment in such Notes together with any other investigation such investor deems necessary.

No assurance is given by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person that the use of the proceeds of issue of any Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. Neither the Arranger nor the Dealers or any of their respective affiliates shall be responsible for the ongoing monitoring or verification of the use of proceeds in respect of any such Notes or any of the other commitments or other targets set out in the Sustainable Financing Framework relating to any such Notes.

If the use of proceeds of any issue of Notes is a factor in a prospective investor's decision to invest in such Notes, they should consider the disclosure in the section headed "*Use of Proceeds and Sustainable Financing Framework*" and in the applicable Pricing Supplement and consult with their legal or other advisers before making an investment in the Notes and must determine for themselves the relevance of such information for the purpose of any investment, together with any other investigation such investor deems necessary.

It should be noted that there is currently no clearly agreed definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "sustainable" or such other equivalent label nor can any such assurance be given that such a clear definition or consensus will develop over time. On 18 June 2020, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment was adopted by the Council and the European Parliament (the **EU Taxonomy Regulation**). The EU Taxonomy Regulation establishes a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. In addition, the FCA has, on 31 May 2024, introduced its Anti-Greenwashing Rule which requires that references to the sustainability characteristics of products or services are (a) consistent with the sustainability characteristics of the product or service and (b) fair, clear and not misleading. The "*Finalised non-handbook guidance on the Anti-Greenwashing Rule*" further clarifies that sustainability references should be correct and capable of being substantiated, clear and presented in a way that can be understood and complete (they should not omit or hide important information and should consider the full life cycle of the product or service), and comparisons to other products or services should be fair and meaningful. The guidance recognises that the terms "environmental", "social" and "governance" are used to refer to sustainability matters, but also notes that there is no single definition of sustainability. Accordingly, no assurance is or can be given by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person to investors that any projects or uses of the proceeds will meet any or all investor expectations regarding such "sustainable" or other equivalently-labelled performance objectives or that any adverse sustainable and/or other impacts will not occur during the implementation of any projects or uses of the proceeds. In addition, no assurance can be given by the Obligors, the

Arranger, the Dealers or any of their respective affiliates or any other person to investors that any Notes will comply with any future standards or requirements for being Sustainability Bonds and, accordingly, the Sustainability Bond status of the Notes could be withdrawn at any time.

Furthermore, there is no contractual obligation to allocate the proceeds of any Notes to finance eligible businesses and projects or to provide annual progress reports as described in the applicable Pricing Supplement. A Borrower's failure to allocate the proceeds of any particular Sustainability Bond to finance an eligible project or to provide annual progress reports, the failure of any of the eligible projects to meet any or all investor expectations regarding such performance objectives, or the failure of an independent external review provider to issue a second party opinion on the allocation of the Note proceeds, will not constitute an Event of Default or breach of contract with respect to any particular Sustainability Bond and none of the Note Trustee, the Arranger, or the Dealers or any of their respective affiliates will have any responsibility for the ongoing monitoring or verification of any such proceeds.

No assurance or representation is given by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Notes (including, without limitation, the **Second Party Opinion** (as defined below)). For the avoidance of doubt, any such opinion or certification is not, nor shall it be deemed to be, incorporated in and/or form part of these Programme Admission Particulars. Any such opinion or certification is not, nor should it be deemed to be, a recommendation by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person to buy, sell or hold any such Notes. No such opinion or certification is intended to address any credit, market or other aspects of any investment in any Notes, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Noteholders have no recourse against the Obligors, the Arranger, any Dealer or any of their respective affiliates or the provider of any such opinion or certification for the contents of any such opinion or certification. Any such opinion or certification is only current as at the date that opinion was initially issued and the providers of such opinions and certifications are under no obligation to update them following their issue. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in any Notes. Currently, the providers of such opinions and certifications are not subject to any specific or regulatory or other regime or oversight. The criteria and/or considerations that form the basis of the Second Party Opinion and any other such opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn at any time. Any withdrawal of the Second Party Opinion or any other opinion or certification may have a material adverse effect on the value of any Sustainability Bonds in respect of which such opinion or certification is given and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of these Programme Admission Particulars, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Prospective investors must determine for themselves the relevance of the Second Party Opinion and any such opinion or certification and/or the information contained therein.

In the event that any such Notes are listed or admitted to trading on any dedicated "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), including the SBM of the London Stock Exchange, no representation or assurance is given by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect sustainable impact of any projects or uses, the subject of or related to, any sustainability reports.

Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Obligors, the Arranger, the Dealers or any of their respective affiliates or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

Any such event or failure to apply an amount equivalent to the net proceeds of any Notes issued as Sustainability Bonds for any eligible sustainable project and/or any withdrawal of any such opinion or certification or any such opinion or certification attesting that a Borrower is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

J. The impact on investor demand for Sustainability Bonds of the European Green Bond Standard is unclear

Regulation (EU) 2023/2631 introduced the European Green Bond Standard, with effect from 21 December 2024, which is a voluntary label for issuers of green use of proceeds bonds (such as any Sustainability Bonds which may be issued under the Programme) where the proceeds will be invested in economic activities aligned with the EU Taxonomy Regulation. The Sustainability Bonds issued under the Programme are intended to comply with the criteria and processes set out in the Sustainable Financing Framework and are not specifically aligned with the European Green Bond Standard. As the European Green Bond Standard is a voluntary label, it is not clear, at this stage, whether the European Green Bond Standard may impact investor demand for, and pricing of, green use of proceeds bonds (such as any Sustainability Bonds which may be issued under the Programme) that do not meet such standard. It could reduce demand and liquidity for Sustainability Bonds and their price.

Risks Relating to the Security for the Notes

A. Considerations relating to the Series Security and the Series Underlying Security

The validity of any security given by the Borrowers and the Eligible Group Members in connection with additions of Apportioned Properties in respect of Secured Loan Agreements may depend on the solvency of the relevant Borrower or Eligible Group Member at the time of the grant. If any Series Underlying Security is found to be invalid as a result, this will affect the amounts available to Noteholders on an enforcement of such security in connection with the Fully Secured Notes.

B. Environmental Considerations

Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of a trustee as a mortgagee in possession (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" below). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. The Borrowers and the Eligible Group Members may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant and may affect the ability of the Borrowers to meet their payment obligations under their respective Loan Agreements and, in turn, the ability of the Issuer to meet its payment obligations under the Notes.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at an Apportioned Property, may adversely affect the market value of the

Apportioned Property, as well as the Borrowers' or the Eligible Group Members' ability to sell, lease or refinance the Apportioned Property. Any environmental liability imposed on a Borrower could also affect the ability of such Borrower to meet its payment obligations under its respective Loan Agreement(s) and, in turn, the ability of the Issuer to meet its payment obligations under the Notes.

C. Sufficiency of Insurance

Although each Apportioned Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any reduction in income or any loss or damage caused to an Apportioned Property not adequately covered by insurance could result in a shortfall in funds available to meet the Borrowers' payment obligations under the Loan Agreements and, in turn, a shortfall in funds available to meet the Issuer's payment obligations under the Fully Secured Notes.

D. Investment of Retained Proceeds and Charged Cash in Permitted Investments

For so long as any part of the net proceeds of the issue of any Series of Fully Secured Notes remains undrawn pursuant to the related Secured Loan Agreement(s), the Issuer may invest such amounts in Permitted Investments in accordance with the Custody Agreement. The Issuer may also invest the Charged Cash in Permitted Investments.

Although Permitted Investments are limited to highly rated securities which satisfy certain specified criteria (which, other than with respect to any investment in the Benchmark Gilt, includes a requirement that the investments have a maturity date which is no later than the Maturity Date), the Issuer may be required to liquidate such Permitted Investments (a) prior to the enforcement of the relevant Series Security, (in the case of the Permitted Investments purchased with Retained Proceeds) to fund advances to a Borrower pursuant to a Secured Loan Agreement or to fund redemptions of the Fully Secured Notes in accordance with the Conditions or (b) following the enforcement of the relevant Series Security, to make payments in accordance with the Post-enforcement Priority of Payment, in either case at a time when the disposal proceeds of such Permitted Investments is less than the price paid by the Issuer upon the acquisition thereof.

Prior to the enforcement of any Series Security, any losses realised by the Issuer in respect of a sale of Permitted Investments purchased with Retained Proceeds are passed on to the Borrowers pursuant to the terms of the Secured Loan Agreements as a result of (i) the Issuer's obligation to fund a principal amount of an advance being such that it may be satisfied by funding such advance at a discount in proportion to any such losses and (ii) each Borrower's obligation to make further payments to the Issuer in respect of any prepayment of the loan in full to enable the Issuer to fund any shortfall on a redemption of the Fully Secured Notes. However, following the enforcement of the Series Security, any losses in respect of the Permitted Investments will reduce the amounts available to the Issuer to satisfy its payment obligations in respect of the Notes. For the purpose of calculating the Borrowers' compliance with the Asset Cover Test, the value of such Permitted Investments will be the purchase price thereof and the Borrowers shall not be required to monitor the market value of such Permitted Investments. Consequently, the value attributed to the Permitted Investments for this purpose may be more than the realisable value from time to time.

In the event that the enforcement of the Series Security in respect of a Series of Fully Secured Notes takes place prior to the Apportioned Properties in respect of such Series being charged with an aggregate Minimum Value equal (when multiplied by the Issuer's Security Percentage) to the principal amount of such Fully Secured Notes, and/or at a time when the Permitted Investments have been acquired with the Charged Cash or otherwise charged by a Borrower as security for the obligations of the Secured Loan Agreements entered into in connection with such Series, the value of the proceeds

of enforcement of the Series Underlying Security, together with such amounts, may be insufficient to enable the Issuer to pay its obligations under the relevant Series of Fully Secured Notes in full.

There is no limit as to the proportion of the Asset Cover Test which may be satisfied by Permitted Investments in the form of Retained Proceeds and/or Charged Cash (although in respect of Retained Proceeds, these will be deemed to be zero after the Final Charging Date).

E. The Issuer's ability to meet its obligations under the Notes after enforcement under a Loan

Following default by a Borrower, the Security Trustee shall be entitled to call for payments of any unpaid sums by such Borrower to be made by one or more of the other Borrowers (if any) under and in accordance with the guarantee given by such other Borrowers pursuant to their respective Loan Agreement (subject to the limitations of each guarantee). If there are no other Borrowers or the other Borrowers do not make payment (or are not required to make payment as a result of the limitation of the relevant guarantee) of such amounts to the Issuer pursuant to their respective Loan Agreements the Security Trustee may, in respect of any Secured Loan Agreement, enforce the Series Underlying Security and appoint a Receiver pursuant to its powers under the Security Trust Deed.

In respect of Fully Secured Notes, the Issuer's ability to continue to pay principal and interest on the Notes following default by a Borrower under a Loan is dependent upon the ability of the Issuer to receive from the Security Trustee pursuant to the collection of rental income or a disposal of the Series Underlying Security, sufficient funds to make such payment.

F. Fixed charges may take effect under English law as floating charges

Pursuant to the Note Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all moneys from time to time standing to the credit of each Series Transaction Account and, in respect of the Fully Secured Notes, all moneys and/or securities from time to time standing to the credit of each Series Ongoing Cash Security Account and Series Initial Cash Security Account. English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law only as floating charges if, for example, it is determined that the Note Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Note Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors. Consequently, there may be less moneys available to pay Noteholders what is owed to them under the Notes.

G. Mortgagee in Possession Liability

There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of an Apportioned Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. In such circumstances the Security Trustee may incur further costs and expenses which will be recoverable by it from the enforcement proceeds prior to any payment being made to the Issuer, thereby reducing the amounts available to the Issuer to pay amounts owing under the Fully Secured Notes.

H. Moratorium and housing administration

The Security Trustee must notify the Regulator of its intention to enforce its security and cannot enforce its security during the resulting moratorium without the consent of the Regulator. This may adversely affect the Security Trustee's ability to enforce the security over the Apportioned Properties.

The Security Trustee's ability to enforce the security over the Apportioned Properties may also be adversely affected for so long as any housing administration order is in place in respect of a Borrower or could result in a housing administrator disposing of Apportioned Property belonging to a Borrower at a time when proceeds are not sufficient to discharge the Issuer's obligations in respect of the Fully Secured Notes.

I. The unencumbered assets test

The Unencumbered Assets Test in respect of an Unsecured Loan Agreement entered into in connection with any Series of Partly Secured Notes calculates the number of unencumbered assets of the relevant Borrowers based on the value of housing properties plus cash at bank less any public sector subsidy less the secured debt of the relevant Borrowers.

All secured debt facilities and secured standalone derivatives of the Borrowers contain an asset cover covenant, requiring those Borrowers to charge real property assets with an aggregate value in excess of the principal amount of the secured debt or hedging liabilities (such excess being the **Asset Cover Haircut**). The Asset Cover Haircut is typically 105-110 per cent. EUV-SH and 115-130 per cent. MV-ST.

A calculation of the unencumbered assets on the basis of the value of total assets less the aggregate of (a) secured debt plus (b) the Asset Cover Haircut would produce a lower figure.

As the Unencumbered Assets Test takes no account of the Asset Cover Haircut (i.e. the additional security that each Borrower must charge in excess of the principal amount of the secured debt facilities and standalone derivatives), it will artificially inflate the unencumbered assets figure which holders of Partly Secured Notes may have access to in an enforcement scenario. Consequently, there may be less moneys available to pay Noteholders in such circumstances as may be implied by the Unencumbered Assets Test.

Risks related to the market generally

A. Potential Limited Liquidity

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks and are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

B. The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

C. Exchange rate risks and exchange controls

The Issuer does not have any control over factors that generally affect exchange rate risks, such as economic, financial and political events, and the supply and demand for applicable currencies. In recent years, exchange rates between certain currencies have been volatile and volatility between such currencies or with other currencies may be expected in the future.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (**Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (a) the Investor's Currency-equivalent yield on the Notes, (b) the Investor's Currency equivalent value of the principal payable on the Notes and (c) the Investor's Currency equivalent market value of the Notes. Even if there are no actual exchange controls, it is possible that the Specified Currency for any particular Series of Notes would not be available at maturity of such Series of Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

D. Credit ratings may not reflect all risks

The on-going creditworthiness of the Group depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Group's management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Group's perceived creditworthiness as indicated by the Group's issued credit ratings that could, in turn, cause the trading price of the Notes to decline and may result in a loss of all or part of an investment in the Notes.

As with any rated entity, the rating of the Group may be susceptible to further adjustments (whether upward or downward) and, in particular, any adjustments which may be made as a result of a rating agency's methodology as applied to the Issuer or any other member of the Group.

As at the date of these Programme Admission Particulars, each of Fitch and S&P is established in the UK and is registered under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the **UK CRA Regulation**). Neither Fitch nor S&P is established in the European Union nor has it applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). However, the ratings issued by Fitch and S&P have been endorsed by Fitch Ratings Ireland Limited and S&P Global Ratings Europe Limited, respectively, in accordance with the CRA Regulation. As at the date of these Programme Admission Particulars, each of Fitch Ratings Ireland Limited and S&P Global Ratings Europe Limited is established in the European Union and registered under the CRA Regulation. As such, each of Fitch Ratings Ireland Limited and S&P Global Ratings Europe Limited is included in the list of credit rating agencies published by the ESMA on its website in accordance with the CRA Regulation.

In general, UK and European regulated investors are restricted under the UK CRA Regulation and CRA Regulation, respectively, from using credit ratings for regulatory purposes, unless such ratings are issued by (or endorsed by) a credit rating agency established, as applicable, in the UK or EU and registered under the UK CRA Regulation or the CRA Regulation (and such registration has not been

withdrawn or suspended). If the status of Fitch, Fitch Ratings Ireland Limited, S&P and/or S&P Global Ratings Europe Limited changes, UK and European regulated investors, as applicable, may no longer be able to use the relevant rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in UK and European regulated investors, as applicable, selling Notes held by them which may have an impact on the value of the Notes in the secondary market.

Form of the Notes

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Pricing Supplement, a permanent global note (a **Permanent Global Note** and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

(a) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Pricing Supplement, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and

(b) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Pricing Supplement will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date which is 40 days after a Temporary Global Note is issued (the **Exchange Date**), interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for:

(a) interests in a Permanent Global Note of the same Series; or

(b) definitive Notes of the same Series with, where applicable, principal receipts, interest coupons and talons attached (as indicated in the applicable Pricing Supplement),

in each case against certification of beneficial ownership as described above unless such certification has already been given.

The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Pricing Supplement if the

Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Pricing Supplement will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable principal receipts, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that:

(a) an Event of Default (as defined in Condition 12 (*Events of Default*)) has occurred and is continuing;

(b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Note Trustee is available; or

(c) the Issuer has or will become subject to adverse tax consequences which would not be suffered if the Notes represented by the Permanent Global Note were in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Note Trustee.

The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Note Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Notes (other than Temporary Global Notes), principal receipts and interest coupons relating to such Notes where TEFRA D is specified in the applicable Pricing Supplement:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, principal receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, principal receipts or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

General

Pursuant to the Agency Agreement (as defined under "*Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single

Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement.

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer may agree with any Dealer and the Note Trustee that Notes may be issued in a form not contemplated by the Conditions of the Notes, in which event a new Programme Admission Particulars or a supplement to these Programme Admission Particulars will be made available which will describe the effect of the agreement reached in relation to such Notes.

Conditions of the Notes

The following are the Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Conditions. The applicable Pricing Supplement (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Applicable Pricing Supplement" for a description of the content of the Pricing Supplement which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Peninsular Capital PLC (the **Issuer**) and constituted by an Amended and Restated Note Trust Deed dated 16 October 2023 (as modified and/or supplemented and/or restated from time to time, the **Note Trust Deed**) between the Issuer and M&G Trustee Company Limited (the **Note Trustee**, which expression shall include any successor as Note Trustee).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

(a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;

(b) any Global Note; and

(c) any definitive Notes issued in exchange for a Global Note.

The Notes, Receipts (as defined below) and Coupons (as defined below) have the benefit of an Amended and Restated Agency Agreement dated 16 October 2023 (as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) between the Issuer, the Note Trustee, The Bank of New York Mellon, London Branch as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor principal paying agent), the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents) and The Bank of New York Mellon, London Branch as agent bank (the **Agent Bank**, which expression shall include any duly appointed successor agent bank).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Pricing Supplement attached to or endorsed on this Note which supplement these Conditions (the **Conditions**). References to the applicable Pricing Supplement are, unless otherwise stated, to Part A of the Pricing Supplement (or the relevant provisions thereof) attached to or endorsed on this Note.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Where Instalment Redemption is specified as applicable in the applicable Pricing Supplement, definitive Notes will have receipts (**Receipts**) attached. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Note Trustee acts for the benefit of the Noteholders (which expression shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below), the holders of the Receipts (the **Receiptholders**) and the holders of the Coupons (the **Couponholders**, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Note Trust Deed.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which:

(a) are expressed to be consolidated and form a single series; and

(b) have the same terms and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

The applicable Pricing Supplement shall specify whether the Notes of a Series of Notes are Fully Secured Notes or Partly Secured Notes.

Copies of the Note Trust Deed, the Agency Agreement, the Account Agreement, the Retained Note Custody Agreement, the Loan Agreements in respect of each Series and (in respect of Fully Secured Notes) the Custody Agreement, the Legal Mortgages and the Security Trust Deed (each as defined below) are available for inspection during normal business hours at the principal office for the time being of the Note Trustee being at 16 October 2023 at 10 Fenchurch Avenue, London EC3M 5AG and at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the London Stock Exchange's International Securities Market, the applicable Pricing Supplement will be published on the website of the London Stock Exchange through a regulatory information service or published in any other manner permitted by the International Securities Market Rulebook effective as of 1 January 2021 (as may be modified and/or supplemented and/or restated from time to time). The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Note Trust Deed, the Agency Agreement and (in respect of Fully Secured Notes) the Legal Mortgages and the Security Trust Deed, and the applicable Pricing Supplement which is applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed, the Agency Agreement and (in respect of Fully Secured Notes) the Legal Mortgages and the Security Trust Deed.

Words and expressions defined in the Note Trust Deed, the Agency Agreement and (in respect of Fully Secured Notes) the Legal Mortgages or the Security Trust Deed, or used in the applicable Pricing Supplement shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Note Trust Deed, the Agency Agreement and (in respect of Fully Secured Notes) the Legal Mortgages and the Security Trust Deed, the Note Trust Deed will prevail and, in the event of inconsistency between the Note Trust Deed, the Agency Agreement and (in respect of Fully Secured Notes) the Legal Mortgages and the Security Trust Deed, and the applicable Pricing Supplement, the applicable Pricing Supplement will prevail.

2 Definitions

Account Agreement means the Amended and Restated Account Agreement dated 16 October 2023 between the Issuer, the Account Bank and the Note Trustee, as amended and/or supplemented and/or restated from time to time;

Account Bank means The Bank of New York Mellon, London Branch as account bank pursuant to the Account Agreement or any successor account bank appointed thereunder;

Accounting Profit means, in respect of each accounting period of the Issuer, the aggregate amount which the Issuer would be required to recognise for corporation tax purposes as profit in respect of its Permitted Investments and/or Retained Notes as a result of:

(a) the movement in the fair value recognised in its accounts of such Permitted Investments and/or Retained Notes for that accounting period, plus

(b) any further profit arising from the sale of Permitted Investments,

(ignoring, for this purpose, any Gift Aid Payment to be made pursuant to a Loan Agreement);

Additional Borrowers means each member of the Group, other than the Original Borrower, that:

(a) has charitable (or exempt charitable) status;

(b) is a Registered Provider of Social Housing*; and

(c) in respect of any Secured Loan Agreement, has acceded to the Security Trust Deed as a borrower in respect of Fully Secured Notes*;

** These Conditions and the disclosure in these Programme Admission Particulars relate to on-lending by the Issuer to Borrowers which are Registered Providers of Social Housing. In the event that the Issuer wishes to on-lend the proceeds of any Series of Notes to one or more Borrowers which is not a Registered Provider of Social Housing, any amendments to these Conditions and the disclosure in these Programme Admission Particulars in respect of such Series of Notes will be set out in a supplement to, or an update of, these Programme Admission Particulars (or, where the ISM permits, the applicable Pricing Supplement in respect of such Series of Notes).*

Appointee means any attorney, manager, agent, delegate, nominee, custodian, receiver or other person appointed by the Note Trustee under, or pursuant to, these Conditions or the Note Trust Deed;

Apportioned Properties has the meaning given to it in the Secured Loan Agreements;

Asset Cover Test has the meaning given to it in the Secured Loan Agreements;

Authorised Signatory means a director, the secretary or a senior executive officer of the Issuer;

Borrower Default has the meaning given to it in the Loan Agreements;

Borrowers means, in respect of each Series, the Original Borrower and/or any Additional Borrower, in each case for so long as it is a borrower under a Loan Agreement in respect of such Series and **Borrower** shall be interpreted accordingly;

Business Day means, for the purpose of Condition 9 (*Redemption and Purchase*), a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for general business in London;

Cancelled Retained Proceeds has the meaning given to it in the Loan Agreements;

Charged Cash means, in respect of each Series of Fully Secured Notes, at any time, the aggregate of all amounts (whether representing proceeds of disposal or other moneys) standing to the credit of the Series Ongoing Cash Security Account of such Series for the purpose of compliance with the Asset Cover Test and, to the extent invested in Permitted Investments in accordance with the Custody Agreement, such Permitted Investments and any income received by the Issuer in respect of such Permitted Investments, provided however that, for the purpose

of determining the compliance of the Borrowers with the Asset Cover Test, the value to be attributed to such Permitted Investments shall be the purchase price thereof;

Charged Property means each residential property charged by a Borrower and/or an Eligible Group Member to the Security Trustee under a legal charge as security for a Borrower's obligations under a Secured Loan Agreement, and all buildings, erections, fixtures and fittings, fixed plant and machinery from time to time on it (together, the **Charged Properties**);

Charitable Group Member means a charitable member of the Group which is connected with the Original Borrower for the purposes of section 939G of the Corporation Tax Act 2010;

Commitment has the meaning given to it in the Loan Agreements;

Compliance Certificate has the meaning given to it in the Loan Agreements;

Custodian means The Bank of New York Mellon, London Branch as custodian pursuant to the Custody Agreement or any successor custodian appointed thereunder;

Custody Agreement means the Amended and Restated Custody Agreement dated 16 October 2023 relating to the Permitted Investments and made between the Issuer, the Custodian and the Note Trustee, as amended and/or supplemented and/or restated from time to time;

Eligible Group Member means, in respect of each Series of Fully Secured Notes, any entity which, unless otherwise approved by the Security Trustee, is:

(a) a member of the Group; and

(b) a Registered Provider of Social Housing,

and which, in each case, has created (and which is subsisting) or will create security pursuant to the Security Trust Deed which is allocated for the benefit of the Issuer as security for a Secured Loan Agreement entered into in connection with such Series;

euro means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended;

Event of Default has the meaning given to it in Condition 12 (*Events of Default*);

Expense Apportioned Part means, for so long as the Notes of more than one Series are outstanding, the amount of the fees, costs, expenses and other liabilities of the Issuer which are not referable to a specific Series and which shall instead be apportioned between each Series outstanding *pro rata* to the principal amount outstanding of each such Series, providing that for so long as there are Notes of only one Series outstanding, the "Expense Apportioned Part" shall be all of the fees, costs, expenses and other liabilities of the Issuer then outstanding;

Final Retained Note Disposal Date means, in respect of each Series, the date on which the final Retained Notes of such Series are disposed of by the Issuer;

Gift Aid Payment means a qualifying charitable donation for the purposes of Part 6 of the Corporation Tax Act 2010;

Group means the Original Borrower and any other present or future, direct or indirect, subsidiaries of the Original Borrower (which includes, for the avoidance of doubt, any entity with which the Original Borrower may merge or be consolidated with at any time);

Legal Mortgages means each legal mortgage entered into between a Borrower or an Eligible Group Member and the Security Trustee substantially in the form set out in the Security Trust Deed pursuant to which such Borrower or Eligible Group Member provides security in respect of a Borrower's obligations under a Secured Loan Agreement;

Loan Agreements means, in respect of each Series, the Secured Loan Agreements or the Unsecured Loan Agreements, as applicable, which are to be funded by the proceeds of the issue of such Series, in each case, as amended and/or supplemented and/or restated from time to time;

Loan Payment Day means a day on which principal or interest in respect of a Loan is due and payable by a Borrower to the Issuer in accordance with the terms of a Loan Agreement;

Loans means the principal amount of each Commitment which has been advanced to a Borrower pursuant to the terms of a Loan Agreement or the outstanding balance thereof for the time being (ignoring, for these purposes, any Actual Advance Amount (as defined in the Loan Agreements));

Minimum Value has the meaning given to it in the applicable Secured Loan Agreement;

Noteholder Specific Withholding means any withholding or deduction of Taxes which is required in respect of any payment in respect of any Note, Receipt or Coupon:

(a) presented for payment by or on behalf of a holder who is liable to the Taxes in respect of the Note, Receipt or Coupon by reason of his having some connection with the Tax Jurisdiction other than the mere holding of the Note, Receipt or Coupon; or

(b) presented for payment more than 30 days after the Relevant Date except to the extent that a holder would have been entitled to additional amounts on presenting the same for payment on the last day of the period of 30 days assuming, whether or not such is in fact the case, that day to have been a Payment Day (as defined in Condition 8.5 (*Payment Day*));

Original Borrower means VIVID Housing Limited;

Permitted Investment Profit means, in respect of any sale of Permitted Investments, the amount of any net profits or gains arising from such sale which are within the charge to corporation tax (if any);

Permitted Investments has the meaning given to it in the Secured Loan Agreements;

Permitted Reorganisation has the meaning given to it in the Loan Agreements;

Potential Event of Default means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the forming of an opinion and/or the fulfilment of any similar condition, would constitute an Event of Default;

Programme Documents means the Note Trust Deed, the Agency Agreement, the Account Agreement, the Custody Agreement, the Retained Note Custody Agreement, the Loan Agreements, the Security Trust Deed and the Legal Mortgages;

Programme Party means each person who is party to a Programme Document;

Registered Provider of Social Housing means a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 (as amended from time to time) or a person having status which, in the opinion of the Issuer and the Note Trustee, is substantially equivalent under any replacement or successor legislation;

Relevant Date means, in respect of a payment, the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Note Trustee or the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders by the Issuer in accordance with Condition 16 (*Notices*);

Retained Note Custodian means The Bank of New York Mellon, London Branch as custodian pursuant to the Retained Note Custody Agreement or any successor custodian appointed thereunder;

Retained Note Custody Account means the account of the Issuer set up with the Retained Note Custodian in respect of the Retained Notes in accordance with the Retained Note Custody Agreement;

Retained Note Custody Agreement means the Amended and Restated Retained Note Custody Agreement dated 16 October 2023 relating to the Retained Notes and made between the Issuer, the Retained Note Custodian and the Note Trustee, as amended and/or supplemented and/or restated from time to time;

Retained Notes means, in respect of each Series of Notes where Retained Notes are specified as applicable in the applicable Pricing Supplement, the Notes of such Series purchased by the Issuer on the applicable Issue Date in the principal amount specified in the applicable Pricing Supplement;

Retained Proceeds means, in respect of each Series, at any time:

(a) an amount of the net issue proceeds of such Series of Notes (other than the Retained Notes of such Series (if any)) which have not been advanced to a Borrower pursuant to a Loan Agreement at such time (if any), plus

(b) where Retained Notes are specified as being applicable in the Pricing Supplement, an amount of the net sale proceeds of the Retained Notes of such Series which are not advanced to a Borrower pursuant to a Loan Agreement immediately following receipt thereof by the Issuer and have not subsequently been advanced to a Borrower (if any);

Secured Loan Agreements means, in respect of each Series of Fully Secured Notes, each Loan Agreement by which the Issuer provides a Loan to a Borrower which is to be funded by the proceeds of the issue of such Series, in each case, as amended and/or supplemented and/or restated from time to time;

Security Trust Deed means the Security Trust Deed dated 19 October 2021 between the Original Borrower and the Security Trustee, as amended and/or supplemented and/or restated from time to time;

Security Trustee means M&G Trustee Company Limited (formerly Prudential Trustee Company Limited) as security trustee under the Security Trust Deed for, *inter alios*, the Issuer;

Series Charged Property (a) in respect of each Series of Partly Secured Notes, has the meaning given to it in Condition 4.1 (*Series Security (Partly Secured Notes)*) and (b) in respect of each Series of Fully Secured Notes, has the meaning given to it in Condition 4.2 (*Series Security (Fully Secured Notes)*);

Series Custody Account means, in respect of each Series of Fully Secured Notes, the account of the Issuer set up with the Custodian in respect of the Permitted Investments in respect of such Series in accordance with the Custody Agreement (if any);

Series Initial Cash Security Account means, in respect of each Series of Fully Secured Notes, the account of the Issuer set up with the Account Bank in respect of the Retained Proceeds in respect of such Series in accordance with the Account Agreement (if any);

Series Ongoing Cash Security Account means, in respect of each Series of Fully Secured Notes, the account of the Issuer set up with the Account Bank in respect of the Charged Cash in respect of such Series in accordance with the Account Agreement;

Series Secured Parties means, in relation to a Series, each of the Note Trustee (for itself and on behalf of the Noteholders, the Receiptholders (if any) and the Couponholders of such Series), any Appointee, the Paying Agents, the Agent Bank, the Account Bank, the Retained Note Custodian and (in respect of a Series of Fully Secured Notes) the Custodian;

Series Security (a) in respect of each Series of Partly Secured Notes, has the meaning given to it in Condition 4.1 (*Series Security (Partly Secured Notes)*) and (b) in respect of each Series of Fully Secured Notes, has the meaning given to it in Condition 4.2 (*Series Security (Fully Secured Notes)*);

Series Transaction Account means, in respect of each Series, the account of the Issuer set up with the Account Bank in respect of such Series in accordance with the Account Agreement;

Series Underlying Security means, in respect of each Series of Fully Secured Notes, the security referred to in Condition 4.3(a) (*Series Underlying Security*);

Sterling means pounds sterling;

Tax Jurisdiction means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer becomes subject in respect of payments made by it of principal and interest on the Notes, Receipts or Coupons;

UK Government Gilt means Sterling denominated gilts or stock issued by or on behalf of Her Majesty's Treasury;

Undrawn Commitment has the meaning given to it in the Loan Agreements;

Unsecured Loan Agreements means, in respect of each Series of Partly Secured Notes, each Loan Agreement by which the Issuer provides a Loan to a Borrower which is to be funded by the proceeds of the issue of such Series, in each case, as amended and/or supplemented and/or restated from time to time; and

USD or **U.S. dollars** means United States dollars.

3 Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Pricing Supplement, provided that the minimum denomination shall be €100,000 (or equivalent). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note or a Floating Rate Note, or a combination of both, depending upon the Interest Basis shown in the applicable Pricing Supplement.

Definitive Notes are issued with Coupons and (if Instalment Redemption is specified as applicable in the applicable Pricing Supplement) Receipts attached.

Subject as set out below, title to the Notes, Receipts and Coupons will pass by delivery. The Issuer, the Note Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Note Trustee and the Paying Agents as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such principal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer, the Note Trustee and any Paying Agent as the holder of such principal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

In determining whether a particular person is entitled to a particular principal amount of Notes as aforesaid, the Note Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Pricing Supplement.

4 Status of the Notes

The Notes and any relative Receipts and Coupons are direct, unconditional and unsubordinated obligations of the Issuer, secured in the manner set out in Condition 4 (*Security*), and rank *pari passu* without preference or priority among themselves.

5 Security

5.1 Series Security (Partly Secured Notes)

This Condition 4.1 applies to Partly Secured Notes only.

(a) The Issuer's obligations in respect of each Series of Partly Secured Notes are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(i) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Agency Agreement and the Account Agreement, in each case to the extent they relate to such Series;

(ii) by a charge by way of first fixed charge over all moneys from time to time standing to the credit of the Series Transaction Account of such Series, and all debts represented thereby and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series; and

(iii) by a charge by way of first fixed charge over all rights of the Issuer in respect of sums held from time to time by the Paying Agents for the payment of principal or interest in respect of such Series.

(b) The property charged and assigned pursuant to the Note Trust Deed listed in Condition 4.1(a), together with any other property or assets held by and/or assigned to the Note Trustee and/or any deed or document supplemental thereto, in respect of each Series is referred to herein as the **Series Charged Property** and the security created thereby, the **Series Security**.

(c) No Series of Notes will have access to the Series Security securing another Series of Notes, including, in particular, security over the rights, title and interest arising under any Loan Agreement not entered into in connection with such Series or any Series Underlying Security whether prior to or after the Note Trustee has served a notice of enforcement on the Issuer in relation to any Series of Notes.

5.2 Series Security (Fully Secured Notes)

This Condition 4.2 applies to Fully Secured Notes only.

(a) The Issuer's obligations in respect of each Series of Fully Secured Notes are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(i) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Security Trust Deed, the Legal Mortgages, the Agency Agreement, the Custody Agreement and the Account Agreement, in each case to the extent they relate to such Series;

(ii) by a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the Series Transaction Account, the Series Ongoing Cash Security Account, the Series Initial Cash Security Account (if

any) and the Series Custody Account, in each case of such Series, and all debts represented thereby and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series; and

(iii) by a charge by way of first fixed charge over all rights of the Issuer in respect of sums held from time to time by the Paying Agents for the payment of principal or interest in respect of such Series.

(b) The property charged and assigned pursuant to the Note Trust Deed listed in Condition 4.2(a), together with any other property or assets held by and/or assigned to the Note Trustee and/or any deed or document supplemental thereto, in respect of each Series is referred to herein as the **Series Charged Property** and the security created thereby, the **Series Security**.

(c) No Series of Notes will have access to the Series Security securing another Series of Notes, including, in particular, security over the rights, title and interest arising under any Loan Agreement not entered into in connection with such Series or any Series Underlying Security not specifically allocated to such Series whether prior to or after the Note Trustee has served a notice of enforcement on the Issuer in relation to any Series of Notes.

5.3 **Series Underlying Security**

This Condition 4.3 applies to Fully Secured Notes only.

(a) The Borrowers will create, or procure the creation by Eligible Group Members of, security over certain of their housing properties in favour of the Security Trustee to secure their obligations under the Secured Loan Agreements (the **Series Underlying Security**).

(b) The Security Trustee will hold the Series Underlying Security for the benefit of the Issuer in accordance with the Security Trust Deed and the Issuer shall be treated as a separate beneficiary under the Security Trust Deed in respect of all Secured Loan Agreements entered into in connection with a Series of Fully Secured Notes.

(c) The security created pursuant to the Legal Mortgages will be apportioned in respect of the Secured Loan Agreements relating to a Series of Fully Secured Notes on:

(i) a Numerical Apportionment Basis; or

(ii) a Specific Apportionment Basis,

in each case, as specified in the applicable Pricing Supplement and in accordance with and subject to the terms of the Security Trust Deed.

(d) Where Numerical Apportionment Basis is specified as applicable in the applicable Pricing Supplement, a specific number of units in respect of the Apportioned Properties will be apportioned in respect of the Secured Loan Agreements relating to such Series as agreed between the Issuer and the Borrowers and Eligible Group Members. The Initial Apportioned Properties in respect of each Series of Fully Secured Notes shall be specified in the applicable Pricing Supplement.

(e) Where Specific Apportionment Basis is specified as applicable in the applicable Pricing Supplement, specific individual Charged Properties shall be allocated to the Issuer as agreed between the Issuer and the Borrowers and Eligible Group Members. The initial list of Charged Properties in respect of each Series of Fully Secured Notes shall be specified in the applicable Pricing Supplement.

6 Order of Payments

6.1 Pre-enforcement

Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Series Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes or otherwise permitted in accordance with the Programme Documents in the following order of priority (the **Pre-enforcement Priority of Payment**):

(a) first, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, in payment or satisfaction of any unpaid fees, costs, charges, expenses and liabilities incurred by the Note Trustee and any Appointee (including, but not limited to, all amounts payable to the Note Trustee and any such Appointee in carrying out their functions under the Note Trust Deed) in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment or satisfaction, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, liabilities and indemnity payments of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement, the Account Bank under the Account Agreement, (in respect of any Series of Fully Secured Notes) the Custodian under the Custody Agreement and the Retained Note Custodian under the Retained Note Custody Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment or satisfaction, on a *pro rata* and *pari passu* basis, of any other unpaid fees, expenses and liabilities of the Issuer insofar as they relate to such Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis to the Noteholders of such Series of any interest due and payable in respect of such Series of Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes;

(g) seventh, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amount due and payable under the terms of the Loan Agreements entered into in connection with such Series; and

(h) eighth, in payment of any Permitted Investment Profit or Accounting Profit, as the case may be, to any Charitable Group Member.

6.2 **Post-enforcement**

Following the enforcement of the Series Security in respect of a Series of Notes, all monies standing to the credit of the Series Transaction Account and (in respect of a Series of Fully Secured Notes) the Series Ongoing Cash Security Account and the Series Initial Cash Security Account in respect of such Series, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses and liabilities incurred by the Note Trustee and any Appointee (including, but not limited to, all amounts payable to the Note Trustee and any such Appointee under the Note Trust Deed) in preparing and executing the trusts under the Note Trust Deed (including the costs of realising any Series Security and the Note Trustee's and any such Appointee's remuneration) in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement, the Account Bank under the Account Agreement, (in respect of any Series of Fully Secured Notes) the Custodian under the Custody Agreement and the Retained Note Custodian under the Retained Note Custody Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes);

(g) seventh, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amount due and payable under the terms of the Loan Agreements entered into in connection with such Series; and

(h) eighth, in payment of any Permitted Investment Profit or Accounting Profit, as the case may be, to any Charitable Group Member.

7 Covenants

7.1 **General Covenants**

(a) In addition to the covenants of the Issuer set out in the Note Trust Deed, for so long as any Series remains outstanding, the Issuer covenants that it will not, without the consent in writing of the Note Trustee, engage in any activity or do anything other than:

(i) carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Group (including, without limitation, as envisaged by the Programme Documents); and

(ii) perform any act incidental to or necessary in connection with (i) above.

(b) The Issuer also covenants, for so long as any Series remains outstanding, not to create or permit to subsist, over any of the Series Charged Property, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the Series Security created by or pursuant to the Note Trust Deed.

7.2 **Information Covenants**

For so long as any Series remains outstanding, the Issuer shall:

(a) send to the Note Trustee and, upon request by any Noteholder to the Issuer, make available to such Noteholder at the Issuer's registered office during normal business hours (or, for long as any Global Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, by delivery to Euroclear and/or Clearstream, Luxembourg):

(i) a copy of each Compliance Certificate promptly upon receipt of the same from the Borrowers pursuant to the terms of their respective Loan Agreements; and

(ii) a copy of the audited annual financial statements of each Borrower (consolidated if available) promptly upon publication of the same by each Borrower; and

(b) at the request of Noteholders holding not less than 33 per cent. in principal amount of the Notes of any Series for the time being outstanding, convene a meeting of the Noteholders to discuss the financial position of the Issuer and the Group, provided, however, that the Issuer shall not be required to convene any such meeting pursuant to this Condition 6.2(b) more than once in any calendar year. Upon the request of Noteholders to convene any such meeting, as aforesaid, the Issuer shall notify all Noteholders of the relevant Series of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 16 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(b) are in addition to the meetings provisions set out in Condition 18.1 (*Meetings of Noteholders*).

7.3 **Loan Agreements, Legal Mortgages and Security Trust Deed Consents Covenant**

(a) For so long as any Series of Partly Secured Notes remains outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action pursuant to, the Unsecured Loan Agreements except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

(b) For so long as any Series of Fully Secured Notes remains outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan

Agreements, the Legal Mortgages or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

8 Interest

The applicable Pricing Supplement will indicate whether the Notes are Fixed Rate Notes and/or Floating Rate Notes.

8.1 Interest on Fixed Rate Notes

This Condition 7.1 applies to Fixed Rate Notes only. The applicable Pricing Supplement contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 7.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Pricing Supplement will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Fixed Rate Notes represented by such Global Note; or

(b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount to the Calculation Amount in the case of Fixed Rate Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation

Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

In these Conditions:

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 7.1 (*Interest on Fixed Rate Notes*):

(a) if "Actual/Actual (ICMA)" is specified in the applicable Pricing Supplement:

(i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Pricing Supplement) that would occur in one calendar year; or

(ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

(A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(b) if "30/360" is specified in the applicable Pricing Supplement, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

8.2 **Interest on Floating Rate Notes**

This Condition 7.2 applies to Floating Rate Notes only. The applicable Pricing Supplement contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 7.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Pricing Supplement will identify

any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin, any maximum or minimum interest rates (if applicable) and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Pricing Supplement will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Pricing Supplement will also specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page.

(a) **Interest Payment Dates**

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(i) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or

(ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, Interest Period means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the relevant payment date if the Notes become payable on a date other than an Interest Payment Date.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(A) in any case where Specified Periods are specified in accordance with Condition 7.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date:

1) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis*; or

2) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event:

a) such Interest Payment Date shall be brought forward to the immediately preceding Business Day; and

b) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

(B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means:

1) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than T2) specified in the applicable Pricing Supplement;

2) if T2 is specified as an Additional Business Centre in the applicable Pricing Supplement, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer System (or any successor thereto or replacement thereof) (**T2**) is open; and

3) either:

a) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency; or

b) in relation to any sum payable in euro, a day on which T2 is open.

(b) **Rate of Interest**

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Pricing Supplement.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank (or other agent, if the Agent Bank (or such other agent) is unable to make such determination) under an interest rate swap transaction if the Agent Bank (or such other agent) were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating (x) if "2006 ISDA Definitions" is specified in the applicable Pricing Supplement, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (**ISDA**) and as amended and updated as at the Issue Date of the first Tranche of the Notes; or (y) if "2021 ISDA Definitions" is specified in the applicable Pricing

Supplement, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions, as published by ISDA as at the Issue Date of the first Tranche of the Notes (together, the **ISDA Definitions**) and under which:

(A) the Floating Rate Option is as specified in the applicable Pricing Supplement;

(B) the Designated Maturity is a period specified in the applicable Pricing Supplement; and

(C) the relevant Reset Date is the day specified in the applicable Pricing Supplement.

For the purposes of this subparagraph (i), Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Pricing Supplement the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

(A) Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, and the Calculation Method is specified in the applicable Pricing Supplement as being Compounded Daily SONIA Formula, the Rate of Interest for an Interest Period will, subject to Condition 7.2(c) (*Benchmark Replacement*) and as provided below, be the Compounded Daily SONIA Formula Rate with respect to such Interest Period plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any).

Compounded Daily SONIA Formula Rate means, with respect to an Interest Period, the rate of return of a daily compound interest investment in Sterling (with the Sterling Overnight Index Average as the reference rate for the calculation of interest) as calculated by the Agent Bank (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Pricing Supplement) on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest fourth decimal place, with 0.00005 being rounded upwards):

$$\left[\prod_{i=1}^{do}\left(1+\frac{SONIAi\ xni}{365}\right)\ -\ 1\right]\ \text{x}\ \frac{365}{d}$$

where:

d is the number of calendar days in:

(a) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Interest Period; or

(b) where "Observation Shift" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Observation Period;

d_o is the number of London Banking Days in:

(a) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Interest Period; or

(b) where "Observation Shift" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Observation Period;

i is a series of whole numbers from one to d_o, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in:

(a) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Interest Period; or

(b) where "Observation Shift" is specified as the Observation Method in the applicable Pricing Supplement, the relevant Observation Period;

London Banking Day means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

n_i, means, for any London Banking Day "i", the number of calendar days from (and including) such London Banking Day "i" up to (but excluding) the following London Banking Day;

Observation Period means, in respect of an Interest Period, the period from (and including) the date falling "*p*" London Banking Days prior to the first day of the relevant Interest Period to (but excluding) the date falling "*p*" London Banking Days prior to:

(a) the Interest Payment Date for such Interest Period; or

(b) if applicable, the relevant payment date if the Notes become due and payable on a date other than an Interest Payment Date;

p means:

(a) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the number of London Banking Days included in the "Lag Lookback Period (*p*)" in the applicable Pricing Supplement (subject to a minimum of five London Banking Days except with the prior agreement of the Agent Bank); or

(b) where "Observation Shift" is specified as the Observation Method in the applicable Pricing Supplement, the number of

London Banking Days included in the "Observation Shift Period" in the applicable Pricing Supplement (subject to a minimum of five London Banking Days except with the prior agreement of the Agent Bank);

SONIA reference rate means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

$SONIA_i$ means, in respect of any London Banking Day "i":

(a) where "Lag" is specified as the Observation Method in the applicable Pricing Supplement, the SONIA reference rate in respect of the London Banking Day falling "*p*" London Banking Days prior to the relevant London Banking Day "i"; or

(b) where "Observation Shift" is specified as the Observation Method in the applicable Pricing Supplement, the SONIA reference rate in respect of the relevant London Banking Day "i".

(B) Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, and the Calculation Method is specified in the applicable Pricing Supplement as being SONIA Index Determination, the Rate of Interest for an Interest Period will, subject to Condition 7.2(c) (*Benchmark Replacement*) and as provided below, be the SONIA Compounded Index Rate with respect to such Interest Period plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any).

SONIA Compounded Index Rate means, with respect to an Interest Period, the rate of return of a daily compound interest investment as calculated by the Agent Bank (or such other party responsible for the calculation of the Rate of Interest, as specified in the Pricing Supplement) on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest fourth decimal place, with 0.00005 being rounded upwards):

$$\left(\frac{SONIA\ Compounded\ Index\ (End)}{SONIA\ Compounded\ Index\ (Start)} - 1\right) \times \frac{365}{d}$$

where:

d is the number of calendar days from (and including) the day in relation to which "SONIA Compounded $Index_{Start}$" is determined to (but excluding) the day in relation to which "SONIA Compounded $Index_{End}$"

is determined (being the number of calendar days in the applicable reference period);

London Banking Day has the meaning set out in Condition 7.2(b)(ii)(A) above;

Relevant Number is as specified in the applicable Pricing Supplement (subject to a minimum of five, except with the prior agreement of the Agent Bank);

SONIA Compounded Index$_{End}$ means the SONIA Compounded Index value relating to the London Banking Day falling the Relevant Number of London Banking Days prior to:

(a) the Interest Payment Date for the relevant Interest Period; or

(b) if applicable, the relevant payment date if the Notes become due and payable on a date other than an Interest Payment Date;

SONIA Compounded Index$_{Start}$ means the SONIA Compounded Index value relating to the London Banking Day falling the Relevant Number of London Banking Days prior to the first day of the relevant Interest Period; and

SONIA Compounded Index means, with respect to any London Banking Day, the value of the SONIA Compounded Index that is provided by the administrator of the SONIA reference rate to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) in respect of such London Banking Day.

If the relevant SONIA Compounded Index is not published or displayed by the administrator of the SONIA reference rate or other information service at the Relevant Time specified in the applicable Pricing Supplement on the relevant Interest Determination Date, the SONIA Compounded Index Rate for the applicable Interest Period for which the SONIA Compounded Index is not available shall be the Compounded Daily SONIA Formula Rate determined in accordance with Condition 7.2(b)(ii)(A) above as if the Calculation Method specified in the applicable Pricing Supplement were Compounded Daily SONIA Formula (and not SONIA Index Determination), and for these purposes:

(a) the "Observation Method" shall be deemed to be "Observation Shift"; and

(b) the "Observation Shift Period" shall be deemed to be equal to the Relevant Number of London Banking Days,

as if those alternative elections had been made in the applicable Pricing Supplement.

(C) For the purposes of Condition 7.2(b)(ii)(A) above, and subject to Condition 7.2(c) below, if, in respect of any London Banking Day in the

relevant Observation Period or the relevant Interest Period, as applicable, the Agent Bank (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Pricing Supplement) determines that the applicable SONIA reference rate has not been made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then the Agent Bank (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Pricing Supplement, as applicable) shall determine the SONIA reference rate in respect of such London Banking Day as being:

1)

a) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at 5.00 p.m. (or, if earlier, close of business) on such London Banking Day; plus

b) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days in respect of which the SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or

2) if the Bank Rate under 1) a) above is not available at the relevant time, either:

a) the SONIA reference rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day in respect of which the SONIA reference rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors); or

b) if this is more recent, the latest rate determined under 1) a) above,

and in each case **SONIA reference rate** shall be interpreted accordingly.

(D) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be:

1) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of

Interest (as applicable) relating to that last preceding Interest Period); or

2) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (and applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Interest Period).

(E) If the relevant Series of Notes becomes due and payable in accordance with Condition 12 (*Events of Default*), the final Rate of Interest shall be calculated for the period from (and including) the previous Interest Payment Date to (but excluding) the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in Condition 7.2(k) and the Note Trust Deed.

(c) **Benchmark Replacement**

This Condition 7.2(c) applies only where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined.

(i) Independent Adviser

Notwithstanding the provisions in Condition 7.2(b)(ii) (*Screen Rate Determination for Floating Rate Notes*) above, if the Issuer determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine, following consultation with the Issuer and no later than ten Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period (the **IA Determination Cut-off Date**), a Successor Rate or, failing which, an Alternative Rate (in accordance with Condition 7.2(c)(ii) (*Successor Rate or Alternative Rate*)) and, in either case, an Adjustment Spread (in accordance with Condition 7.2(c)(iii) (*Adjustment Spread*) and any Benchmark Amendments (in accordance with Condition 7.2(c)(iv) (*Benchmark Amendments*)).

An Independent Adviser appointed pursuant to this Condition 7.2(c) (*Benchmark Replacement*) shall act in good faith and in a commercially reasonable manner following consultation with the Issuer. In the absence of wilful default, bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Noteholders, the Note Trustee, the Paying Agents or the Agent Bank for any determination it makes pursuant to this Condition 7.2(c) (*Benchmark Replacement*). No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with the Noteholders.

If:

(A) the Issuer is unable to appoint an Independent Adviser; or

(B) the Independent Adviser fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 7.2(c)(i) (*Independent Adviser*) prior to the relevant IA Determination Cut-off Date,

then the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the immediately preceding Interest Period, the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to that immediately preceding Interest Period. For the avoidance of doubt, this sub-paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 7.2(c) (*Benchmark Replacement*)).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines that:

(A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7.2(c)(iii) (*Adjustment Spread*)), subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 7.2(c) (*Benchmark Replacement*)); or

(B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 7.2(c)(iii) (*Adjustment Spread*)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 7.2(c) (*Benchmark Replacement*)).

(iii) Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

Following any such determination by the Independent Adviser, following consultation with the Issuer, of the Adjustment Spread, the Issuer shall give notice thereof in accordance with Condition 7.2(c)(vi) (*Notices*). The Principal Paying Agent or the Agent Bank, as applicable, shall apply such Adjustment

Spread to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or any component part(s) thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) Benchmark Amendments

If any Successor Rate or Alternative Rate and Adjustment Spread is determined in accordance with this Condition 7.2(c) (*Benchmark Replacement*) and the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines:

(A) that amendments to the Conditions, the Note Trust Deed or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and, in each case, the application of the Adjustment Spread (such amendments, the **Benchmark Amendments**); and

(B) the terms of the Benchmark Amendments,

then the Issuer shall, following consultation with the Independent Adviser and subject to the Issuer giving notice thereof in accordance with Condition 7.2(c)(vi) (*Notices*), without any requirement for the consent or approval of Noteholders, the Receiptholders, the Couponholders or any other Series Secured Party, vary the Conditions, the Note Trust Deed and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice, provided that neither the Principal Paying Agent nor the Agent Bank shall be bound by or be obliged to give effect to any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendment, if in the opinion of the Principal Paying Agent or the Agent Bank the same would not be operable or would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or the Agency Agreement and/or any documents to which it is a party in any way.

At the request of the Issuer, but subject to receipt by the Note Trustee of a certificate signed by one Authorised Signatory of the Issuer pursuant to Condition 7.2(c)(vi) (*Notices*), the Note Trustee shall (at the expense and direction of the Issuer), without any requirement for the consent or approval of the Noteholders, Receiptholders or Couponholders or any other Series Secured Party, be obliged to use its best endeavours to implement any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Note Trust Deed) and the Note Trustee shall not be liable to any party for any consequences thereof (irrespective of whether such Benchmark Amendment(s) relate(s) to a Basic Terms Modification (as defined in the Note Trust Deed)), provided that the Note Trustee shall not be obliged so to implement if, in the opinion of the Note Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or the Note Trust Deed and/or any documents to which it is a party (including, for the avoidance of doubt, any supplemental note trust deed) in any way.

In connection with any such modifications in accordance with this Condition 7.2(c)(iv) (*Benchmark Amendments*), the Issuer and the Independent Adviser shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Survival of Original Reference Rate Provisions

Without prejudice to the obligations of the Issuer or the Independent Adviser under this Condition 7.2(c) (*Benchmark Replacement*), the Original Reference Rate and the fallback provisions provided for in Condition 7.2(c)(ii) (*Successor Rate or Alternative Rate*) and the Agency Agreement will continue to apply unless and until:

(A) a Benchmark Event has occurred and the Independent Adviser, following consultation with the Issuer, has determined the Successor Rate or the Alternative Rate (as the case may be), the Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 7.2(c) (*Benchmark Replacement*); and

(B) the Issuer notifies the Note Trustee of such determination.

(vi) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 7.2(c) (*Benchmark Replacement*) will be notified promptly by the Issuer to the Note Trustee, the Paying Agents, the Agent Bank (if applicable), the Borrowers and, in accordance with Condition 16 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Note Trustee of the same, the Issuer shall deliver to the Note Trustee a certificate signed by one Authorised Signatory of the Issuer:

(A) confirming:

1) that a Benchmark Event has occurred;

2) the Successor Rate or, as the case may be, the Alternative Rate;

3) any Adjustment Spread; and

4) the specific terms of any Benchmark Amendments,

in each case as determined in accordance with the provisions of this Condition 7.2(c) (*Benchmark Replacement*); and

(B) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Note Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or

Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) and without prejudice to the ability of the Note Trustee to rely on such certificate as aforesaid) be binding on the Issuer, the Note Trustee, the Principal Paying Agent, the Agent Bank and the Noteholders.

(vii) Definitions

In this Condition 7.2(c) (*Benchmark Replacement*):

Adjustment Spread means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

(A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;

(B) (if no such recommendation has been made, or in the case of an Alternative Rate) the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or

(C) (if the Independent Adviser, in consultation with the Issuer, determines that no such industry standard is recognised or acknowledged) the Independent Adviser, in its discretion, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines to be appropriate;

Alternative Rate means an alternative benchmark or screen rate which the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines in accordance with Condition 7.2(c)(ii) (*Successor Rate or Alternative Rate*) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component thereof) in the same Specified Currency as the Notes;

Benchmark Event means:

(A) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or

(B) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to such date specified in (i); or

(C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that (i) the Original Reference Rate has been permanently or indefinitely discontinued or (ii) the Original Reference Rate is no longer representative of an underlying market; or

(D) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (i); or

(E) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will, on or before a specified date, be prohibited from being used either generally, or in respect of the Notes and (ii) the date falling six months prior to the date specified in (i); or

(F) it has or will prior to the next Interest Determination Date become unlawful for the Agent Bank or the Issuer to determine any Rate of Interest and/or calculate any Interest Amount using the Original Reference Rate;

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with experience in the international capital markets appointed by the Issuer at its own expense under Condition 7.2(c)(i) (*Independent Adviser*) and notified in writing to the Note Trustee;

Original Reference Rate means the benchmark or screen rate (as applicable) specified in the applicable Pricing Supplement for the purposes of determining the relevant Rate of Interest (or any component part(s) thereof) in respect of the Notes or (if applicable) any other Successor Rate or Alternative Rate (or any component part(s) thereof) determined and applicable to the Notes pursuant to the earlier operation of this Condition 7.2(c) (*Benchmark Replacement*); and

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

(A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

(B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities, or (iv) the Financial Stability Board or any part thereof; and

(C) Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(d) **Minimum Rate of Interest and/or Maximum Rate of Interest**

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 7.2(b) (*Rate of Interest*) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 7.2(b) (*Rate of Interest*) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(e) **Determination of Rate of Interest and calculation of Interest Amounts**

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent Bank will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

(i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Notes represented by such Global Note; or

(ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 7.2:

(i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;

(iii) if "Actual/365 (Sterling)" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(iv) if "Actual/360" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 360;

(v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

Y1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D1 is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

D2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

(vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

Y1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D1 is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

D2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

(vii) if "30E/360 (ISDA)" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

Y1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D1 is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

D2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(f) **Linear Interpolation**

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be

calculated by the Agent Bank by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Pricing Supplement) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Pricing Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent Bank shall determine such rate at such time and by reference to such sources as the Issuer shall determine appropriate for such purposes.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(g) **Notification of Rate of Interest and Interest Amounts**

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Note Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 (*Notices*) as soon as possible after their determination but in no event later than (other than where Screen Rate Determination is specified in the applicable Pricing Supplement) the fourth London Business Day thereafter or (where Screen Rate Determination is specified in the applicable Pricing Supplement) the second London Banking Day thereafter (as defined in Condition 7.2(b)(ii)(A)). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 16 (*Notices*). For the purposes of this paragraph, the expression London Business Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) **Inability or failure of Agent Bank to make determinations or calculations**

The Agent Bank shall not be obliged to make any determination or calculation required by the Conditions if it is not legally permitted to do so. If for any reason at any relevant time the Agent Bank is unable, or fails, to determine the Rate of Interest or to calculate any Interest Amount in accordance with Condition 7.2(b)(i) (ISDA Determination for Floating Rate Notes) or Condition 7.2(b)(ii) (Screen Rate Determination for Floating Rate Notes), as the case may be, the Issuer shall be obliged to appoint an alternative agent approved by the Note Trustee to make such determination or calculation or a successor Agent Bank in accordance with Condition 7.2(j) (*Agent Bank*).

(i) **Certificates to be final**

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7 (*Interest*) by the Agent Bank shall (in the absence of wilful default, gross negligence, bad faith, fraud or manifest error) be binding on the Issuer, the Paying

Agents, the Agent Bank and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, gross negligence, bad faith or fraud) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent Bank or the Note Trustee in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(j) **Agent Bank**

The Issuer shall procure that, so long as any of the Notes remains outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rate of Interest and the Interest Amount for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint the London office of another major bank engaged in the London interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed.

(k) **Accrual of interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

(i) the date on which all amounts due in respect of such Note have been paid; and

(ii) as provided in the Note Trust Deed.

9 Payments

9.1 **Method of payment**

(a) Subject as provided below:

(i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency; and

(ii) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

(b) Payments will be subject in all cases to:

(i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*); and

(ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or

(without prejudice to the provisions of Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto.

9.2 **Presentation of definitive Notes, Receipts and Coupons**

(a) Subject as follows in respect of Instalment Redemption, payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 8.1 (*Method of payment*) only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes.

(b) Where Instalment Redemption is specified as applicable in the applicable Pricing Supplement, payment of instalments of principal on an Instalment Date (other than the Instalment Date falling on the Maturity Date) in respect of definitive Notes will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)). Each Receipt must be presented for payment together with the Note to which it appertains. Any Receipt presented without the Note to which it appertains does not constitute valid obligations of the Issuer.

(c) Payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

(d) Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11 (*Prescription*) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

(e) Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

(f) Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment

Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

(g) If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

9.3 **Payments in respect of Global Notes**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

9.4 **General provisions applicable to payments**

(a) The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the obligations of the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

(b) Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

(i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;

(ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

9.5 **Payment Day**

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment

in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11 (*Prescription*)) is:

(a) or falls after the relevant due date;

(b) or falls at least one day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency after the corresponding Loan Payment Day;

(c) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):

(i) in the case of Notes in definitive form only, in the relevant place of presentation; and

(ii) in each Additional Financial Centre (other than T2) specified in the applicable Pricing Supplement;

(d) if T2 is specified as an Additional Financial Centre in the applicable Pricing Supplement, a day on which T2 is open; and

(e) either:

(i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency; or

(ii) in relation to any sum payable in euro, a day on which T2 is open.

9.6 **Interpretation of principal and interest**

(a) Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(i) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed;

(ii) the Final Redemption Amount of the Notes (or, in the case of Notes redeemable in instalments, the Instalment Amounts); and

(iii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

(b) Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed.

10 Redemption and Purchase

10.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer:

(a) where Final Redemption is specified in the applicable Pricing Supplement, at its Final Redemption Amount specified in the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date specified in the applicable Pricing Supplement; or

(b) where Instalment Redemption is specified in the applicable Pricing Supplement, in part on each Instalment Date in the Instalment Amount in the relevant Specified Currency, all as specified in the applicable Pricing Supplement.

10.2 Redemption for tax reasons

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement), and certifies to the Note Trustee, that it would, on the next following Interest Payment Date, be required to make a withholding or deduction in respect of payments to be made on such Interest Payment Date (other than in respect of a Noteholder Specific Withholding) and the Issuer does not opt to pay additional amounts pursuant to Condition 10(b) (*Taxation*) or, having so opted, notifies the Note Trustee and the Noteholders, in accordance with Condition 16 (*Notices*), of its intention to cease paying such additional amounts, the Issuer shall redeem the Notes in whole, but not in part, at their principal amount, plus accrued interest to (but excluding) the date of redemption, as soon as reasonably practicable prior to the next following Interest Payment Date or, if it is not reasonably practicable for the Issuer to redeem the Notes prior to the next following Interest Payment Date, within three Business Days thereafter. For the avoidance of doubt, any amounts in respect of accrued interest which fall due on any such redemption of the Notes (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof.

10.3 Redemption at the option of the Borrowers (Borrower Call)

(a) If Borrower Call is specified as being applicable in the applicable Pricing Supplement, a Borrower may elect to prepay at any time (or, where such Loan was advanced in connection with a Floating Rate Note, on any Loan Payment Date) after the relevant Final Retained Note Disposal Date (if applicable) a Loan advanced in connection with the relevant Series of Notes in whole or in part.

(b) Upon such election (if no replacement Commitment is put in place with another Borrower), the Issuer shall, on giving not less than 30 nor more than 60 days' notice, redeem the Notes of such Series in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan to be repaid on the date which is two Business Days after that on which payment is made by such Borrower under its Loan Agreement (the **Loan Prepayment Date**).

(c) Redemption of Notes pursuant to this Condition 9.3 (*Redemption at the option of the Borrowers (Borrower Call)*) shall be made at the Optional Redemption Amount(s)

specified in the applicable Pricing Supplement, together with any interest accrued up to (but excluding) the Loan Prepayment Date.

(d) The Optional Redemption Amount will be:

(i) if Par Amount is specified in the applicable Pricing Supplement, the principal amount of the Notes;

(ii) if Modified Spens Amount is specified in the applicable Pricing Supplement, the amount determined as set out below: or

(iii) if Make Whole Amount or Other Amount is specified in the applicable Pricing Supplement, the amount determined as set out in the applicable Pricing Supplement.

(e) If Modified Spens Amount is specified in the applicable Pricing Supplement, the Optional Redemption Amount shall be the amount equal to the higher of the following:

(i) par; and

(ii) the price (expressed as a percentage) (as reported in writing to the Issuer and the Note Trustee by a financial adviser nominated by the Issuer and approved by the Note Trustee (the **Nominated Financial Adviser**)) (and rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Notes (if the Notes were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) the Spens Margin.

(f) For the purposes of this Condition:

Benchmark Gilt means the UK Government Gilt specified as such in the applicable Pricing Supplement or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine to be the most appropriate conventional UK Government Gilt;

Determination Date means three Business Days prior to the Loan Prepayment Date;

Gross Redemption Yield means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "*Formulae for Calculating Gilt Prices from Yields*" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8 June 1998 and updated on 15 January 2002 and 16 March 2005) (as amended or supplemented from time to time); and

Spens Margin means the margin specified as such in the applicable Pricing Supplement.

10.4 **Maturity Call Par Option**

(a) If Maturity Par Call Option is specified as being applicable in the applicable Pricing Supplement, a Borrower may from (and including) the Call Option Date specified in the applicable Pricing Supplement (which shall be no earlier than 90 days before the

Maturity Date) elect to prepay at any time (or, where such Loan was advanced in connection with a Floating Rate Note, on any subsequent Loan Payment Date prior to the Maturity Date (if any)) after the relevant Final Retained Note Disposal Date (if applicable) a Loan advanced in connection with the relevant Series of Notes in whole or in part.

(b) Upon such election, the Issuer shall, on giving not less than 15 nor more than 30 days' notice, redeem the Notes of such Series in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan to be repaid on the date which is two Business Days after that on which payment is made by such Borrower under its Loan Agreement (the **Loan Prepayment Date**).

(c) Redemption of Notes pursuant to this Condition 9.4 (*Maturity Call Par Option*) shall be made at their principal amount, together with any interest accrued up to (but excluding) the Loan Prepayment Date.

10.5 **Residual Call Option**

(a) If Residual Call Option is specified as being applicable in the applicable Pricing Supplement, the Borrowers in respect of all Loan Agreements entered into in connection with a Series of Notes may (acting together) elect to prepay the Loans advanced in connection with the relevant Series of Notes in whole (but not in part) at any time (or, where such Loan was advanced in connection with a Floating Rate Note, on any Loan Payment Date) after the relevant Final Retained Note Disposal Date (if applicable) in the event that the aggregate outstanding principal amount of the Notes of such Series (being, where Instalment Redemption is specified as applicable in the applicable Pricing Supplement, the original principal amount ignoring any previous redemption of principal in accordance with Condition 9.1(b) (*Redemption at maturity*)) is equal to or less than the Residual Call Option Percentage specified in the applicable Pricing Supplement of the aggregate principal amount of the Notes of such Series issued.

(b) Upon such election, the Issuer shall, on giving not less than 15 nor more than 30 days' notice, redeem the Notes of such Series in whole on the date which is two Business Days after that on which payment is made by the Borrowers under such Loan Agreements (the **Loan Prepayment Date**).

(c) Redemption of Notes pursuant to this Condition 9.5 (*Residual Call Option*) shall be made at the Residual Call Amount, together with any interest accrued up to (but excluding) the Loan Prepayment Date.

(d) Notwithstanding the foregoing, if one or more Borrowers has elected to repay any Loan Agreement entered into in connection with such Series of Notes in circumstances which has resulted in the exercise by the Issuer of the Borrower Call option in accordance with Condition 9.3 (*Redemption at the option of the Borrowers (Borrower Call*)) in respect of part only of a relevant Series of Notes, the provisions of this Condition 9.5 (*Residual Call Option*) shall not apply to the same Series of Notes for a period of 12 months from the applicable date of the partial redemption of the Notes of such Series.

10.6 **Mandatory Early Redemption**

If a Loan in respect of a Series of Notes becomes repayable:

(a) as a result of a Borrower Default; and/or

(b) following a Borrower ceasing to be a Registered Provider of Social Housing (other than if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days),

then (unless the Issuer has agreed with another Borrower or Borrowers to increase its Commitment by the relevant amount of the Loan to be prepaid not later than the date on which the relevant amount of Notes would otherwise be redeemed) the Issuer shall redeem the Notes of the relevant Series in full at their principal amount together (if appropriate) with accrued interest to (but excluding) the date on which the Loan is repaid (the **Loan Repayment Date**), on date which is two Business Days after the Loan Repayment Date.

10.7 **Notices**

(a) Notice of any early redemption in accordance with Conditions 9.2 (*Redemption for tax reasons*), 9.3 (*Redemption at the option of the Borrowers (Borrower Call)*), 9.4 (*Maturity Call Par Option*), 9.5 (*Residual Call Option*) or 9.6 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Note Trustee, the Paying Agents and the Noteholders, in accordance with Condition 16 (*Notices*), as promptly as practicable (but, in the case of Conditions 9.3 (*Redemption at the option of the Borrowers (Borrower Call)*), 9.4 (*Maturity Call Par Option*) and 9.5 (*Residual Call Option*), shall be no later than three Business Days after the receipt by the Issuer of notice from any Borrower of its intention to prepay a corresponding amount pursuant to the relevant Loan Agreement).

(b) In respect of any redemption pursuant to 9.5 (*Residual Call Option*)) such notice to the Note Trustee shall be delivered together with a certificate signed by one Authorised Signatory of the Issuer confirming that the Borrowers are entitled to repay the relevant Loan(s) and the Issuer is therefore entitled to redeem the relevant Notes. The Note Trustee shall be entitled to rely on such certificate without further enquiry.

10.8 **Provision relating to Partial Redemption**

In the case of a partial redemption of Notes, Notes to be redeemed (**Redeemed Notes**) will:

(a) in the case of Redeemed Notes represented by definitive Notes, be drawn individually by lot, not more than 30 days prior to the date fixed for redemption; and

(b) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 16 (*Notices*) not less than 15 days prior to the date fixed for redemption. Such notice will also specify the date fixed for redemption, the early redemption amount, the aggregate principal amount of the Redeemed Notes, the serial numbers of the Notes previously called for redemption and not presented for payment and the aggregate principal amount of the Notes which will be outstanding after the partial redemption.

10.9 **Calculations**

Each calculation, by or on behalf of the Issuer, for the purposes of this Condition 9 (*Redemption and Purchase*) shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9

(*Redemption and Purchase*), such amounts may be calculated by the Note Trustee or an agent or expert appointed by the Note Trustee at the expense of the Issuer for this purpose (without any liability accruing to the Note Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

10.10 **Purchase of Notes by the Borrowers**

(a) Any Borrower and any other member of the Group (other than the Issuer) may at any time purchase Notes of any Series (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise.

(b) Following any such purchase, such Borrower or any such member of the Group, as the case may be, may (but is not obliged to) surrender such Notes to the Issuer for cancellation. An amount equal to the principal amount of such Notes being surrendered shall be deemed to be prepaid under the Loan Agreement specified by such Borrower or any such member of the Group (which must be a Loan Agreement entered into in connection with such Series) (but, for the avoidance of doubt, without triggering a redemption under Conditions 9.3 (*Redemption at the option of the Borrowers (Borrower Call),* 9.4 (*Maturity Call Par Option*) or 9.5 (*Residual Call Option*)) or, to the extent the relevant Loan is not then outstanding, an amount of the applicable Undrawn Commitment of the relevant Borrower equal to the Outstanding Balance of the relevant Notes surrendered shall be deemed to be cancelled for the purposes of such Loan Agreement and an amount of Retained Proceeds equal to the Cancelled Retained Proceeds shall be paid by the Issuer to such Borrower or such other member of the Group, as the case may be.

10.11 **Purchase of Notes by the Issuer**

The Issuer may not at any time purchase Notes other than Retained Notes on the Issue Date thereof.

10.12 **Cancellation**

(a) All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 9.10 (*Purchase of Notes by the Borrowers*) (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(b) Where Retained Notes are specified as being applicable in the applicable Pricing Supplement in respect of a Series, the Issuer:

(i) shall cancel all such Retained Notes held by or on behalf of the Issuer:

(A) immediately prior to such Retained Notes being redeemed on the applicable Maturity Date;

(B) forthwith upon notice that the Notes of such Series are to be redeemed (and, in any event, prior to such redemption) in accordance with Condition 9.2 (*Redemption for tax reasons*), 9.4 (*Maturity Call Par Option*), 9.5 (*Residual Call Option*), Condition 9.6 (*Mandatory Early Redemption*) or Condition 12.1 (*Events of Default*); and

(C) on the Retained Note Cancellation Date (if any); and

(ii) may cancel any Retained Notes held by it or on its behalf at any time at its discretion.

11 Taxation

(a) All payments of principal and interest in respect of the Notes, Receipts and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.

(b) Notwithstanding the foregoing, in the event that the Issuer would, on the next Interest Payment Date, be required to make a withholding or deduction in respect of tax (other than in respect of a Noteholder Specific Withholding), the Issuer may, provided that it has given notice to the Note Trustee and the Noteholders, in accordance with Condition 16 (*Notices*), of its intention to do so prior to such Interest Payment Date, pay to Noteholders such additional amounts as may be necessary in order that the net amounts received by the Noteholders after such withholding or deduction will equal the amounts of principal and interest which would have been received in respect of the Notes in the absence of such withholding or deduction. If at any time the Issuer intends to cease paying such additional amounts it may do so by giving notice to the Noteholders and the Note Trustee of its intention to do so with effect from the next Interest Payment Date.

12 Prescription

(a) The Notes, Receipts and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

(b) There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 8.2 (*Presentation of definitive Notes, Receipts and Coupons*) or any Talon which would be void pursuant to Condition 8.2 (*Presentation of definitive Notes, Receipts and Coupons*).

13 Events of Default

13.1 **Events of Default**

The Note Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in Conditions 12.1(b), 12.1(c) and 12.1(j), only if the Note Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at their principal amount together (if appropriate) with accrued interest as provided in the Note Trust Deed if any of the following events (each an **Event of Default**) shall occur:

(a) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of 7 days in the case of principal and 14 days in the case of interest; or

(b) if the Issuer fails to perform or observe any of its other obligations under the Conditions or the Note Trust Deed or if any representation given by the Issuer to the Note Trustee in the Note Trust Deed is found to be untrue, incorrect or misleading as at the time it was given and (except in any case where, in the opinion of the Note Trustee, the failure or inaccuracy is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure or inaccuracy continues for the period of 30 days next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or

(c)

(i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described);

(ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or

(iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this Condition 12.1(c) have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Note Trustee); or

(d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or

(e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Note Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or

(f) the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

(g) if:

(i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, liquidator, administrator or other similar official, or an administrative or other receiver, manager, liquidator, administrator or other similar official is appointed, in relation to the Issuer or, as

the case may be, in relation to all or substantially all of the undertaking or assets of the Issuer, or an encumbrancer takes possession of all or substantially all of the undertaking or assets of the Issuer, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the undertaking or assets of the Issuer; and

(ii) in any case (other than the appointment of an administrator) is not discharged within 14 days; or

(h) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium): or

(i) if the Issuer makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or

(j) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Note Trust Deed or any Loan Agreement.

13.2 **Enforcement**

(a) The Note Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Note Trust Deed, the Notes, the Receipts, the Coupons, the other Programme Documents and any other documents relating thereto, but it shall not be bound to take any such proceedings or any other action in relation to the Note Trust Deed, the Notes, the Receipts, the Coupons, the other Programme Documents or any other documents relating thereto unless:

(i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding; and

(ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

(b) The Note Trustee may refrain from taking any action, step or proceeding in any jurisdiction if the taking of such action, step or proceeding in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction (upon which the Note Trustee may rely absolutely and without liability to any person), be contrary to any law of that jurisdiction. Furthermore, the Note Trustee may also refrain from taking such action, step or proceeding if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

(c) No Noteholder, Receiptholder, Couponholder or any other Series Secured Party (other than the Note Trustee) shall be entitled:

(i) to take any steps or actions against the Issuer to enforce the performance of any of the provisions of the Note Trust Deeds the Notes, the Receipts, the Coupons or any of the other Programme Documents; or

(ii) to take any other action (including lodging an appeal in any proceedings) in respect of or concerning the Issuer,

in each case unless the Note Trustee having become bound so to take any such steps, actions or proceedings, fails so to do within a reasonable period, and the failure shall be continuing.

14 Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and requirements of the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

15 Paying Agents

(a) The initial Paying Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Pricing Supplement.

(b) The Issuer is entitled, with the prior written approval of the Note Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

(i) there will at all times be a Principal Paying Agent;

(ii) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

(iii) if at any time:

(A) any withholding or deduction of any amount for or on account of any taxes or duties upon the Notes, Receipts or Coupons is required upon the Notes, Receipts or Coupons being presented for payment in the United Kingdom; and

(B) such withholding or deduction would not be required were the Notes, Receipts or Coupons to be presented for payment outside the United Kingdom,

there will at such times be a Paying Agent in a jurisdiction within Europe, other than any Tax Jurisdiction.

(c) In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 8.4 (*General provisions*

applicable to payments). Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16 (*Notices*).

(d) In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Note Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder, Receiptholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

16 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

17 Notices

(a) All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules and regulations. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Note Trustee shall approve.

(b) Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg. In addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules.

(c) Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent. Whilst any of the Notes are represented by a Global Note,

such notice may be given by any holder of a Note to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

18 Substitution

(a) The Note Trust Deed contains provisions permitting the Note Trustee to, subject to any required amendment of the Note Trust Deed, without the consent of the Noteholders, Receiptholders or the Couponholders or any other Series Secured Party (other than, in respect of the novation or assignment of any Loan Agreement, the relevant Borrower), agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Receipts, the Coupons and the Note Trust Deed of another company, registered society or other entity subject to certain conditions set out in the Note Trust Deed being complied with.

(b) Any such substitution shall be notified to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

19 Meetings of Noteholders, Modification and Waiver

19.1 **Meetings of Noteholders**

(a) The Note Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Programme Documents. Such a meeting may be convened by the Issuer or the Note Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being remaining outstanding (other than in respect of a meeting requested by Noteholders to discuss the financial position of the Issuer and the Group, which shall be requested in accordance with Condition 6.2(b) (*Information Covenants*)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing in aggregate more than 50 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons or the Note Trust Deed (including, *inter alia*, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes, modifying the date of payment of principal or interest in respect of the Notes, altering the currency of payment of the Notes, the Receipts or the Coupons, altering the majority required to pass an Extraordinary Resolution or amending the Asset Cover Test (as defined in each Loan Agreement) in any Loan Agreement), the quorum shall be one or more persons holding or representing in aggregate not less than 75 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing in aggregate not less than 25 per cent. in principal amount of the Notes for the time being outstanding.

(b) The Note Trust Deed provides that:

(i) a resolution passed at a meeting duly convened and held in accordance with the Note Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution;

(ii) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding; or

(iii) consent given by way of electronic consents through the relevant clearing system(s) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding,

shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not (in the case of Extraordinary Resolutions passed at any meeting) they are present at any meeting and whether or not they voted on the resolution (or, in the case of a written resolution, whether or not they signed such written resolution), and on all Receiptholders and Couponholders.

(c) For so long any Notes are held by or on behalf of or for the benefit of the Issuer (including, for the avoidance of doubt, the Retained Notes for so long as they are held by or on behalf of the Issuer), a Borrower or any other member of the Group, in each case as beneficial owner, such Notes shall (unless and until ceasing to be so held) be deemed not to be outstanding for the purpose of, *inter alia*, voting in accordance with the Note Trust Deed.

19.2 **Modification, Waiver, Authorisation and Determination**

(a) The Note Trustee may agree, without the consent of the Noteholders, Receiptholders, Couponholders or any other Series Secured Party, to any modification (except as stated in the Note Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Note Trust Deed, a Loan Agreement or any other Programme Document, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which, in the opinion of the Note Trustee, is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Note Trustee, is proven. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Receiptholders, the Couponholders and the other Series Secured Parties and (unless the Note Trustee agrees otherwise) shall be notified to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

(b) In addition, the Note Trustee shall (subject to the provisions of Condition 7.2(c) (*Benchmark Replacement*)) be obliged to agree such modifications to the Note Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to Condition 7.2(c) (*Benchmark Replacement*) in connection with effecting any Benchmark Amendments without the requirement for the consent or sanction of the Noteholders, Receiptholders Couponholders or any other Series Secured Party. Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders of that Series and, unless the Note Trustee agrees otherwise, shall be notified to the Noteholders of that Series in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

19.3 **Note Trustee to have regard to interests of Noteholders as a class**

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or

substitution), the Note Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 10 (*Taxation*) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 10 (*Taxation*) pursuant to the Note Trust Deed.

20 Indemnification of the Note Trustee and the Note Trustee contracting with the Issuer

(a) The Note Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility and liability towards the Issuer, the Noteholders, the Receiptholders and the Couponholders, including:

(i) provisions relieving it from taking action unless secured and/or indemnified and/or pre-funded to its satisfaction; and

(ii) provisions limiting or excluding its liability in certain circumstances.

(b) The Note Trustee is exempted from any liability in respect of any loss, diminution in value or theft of all or any part of the Series Charged Property, from any obligation to insure all or any part of the Series Charged Property (including, in either case, any documents evidencing, constituting or representing the same or transferring any rights, benefits and/or obligations thereunder), or to procure the same to be insured.

(c) The Note Trust Deed also contains provisions pursuant to which the Note Trustee is entitled, *inter alia*:

(i) to enter into or be interested in any contract or financial or other transaction or other arrangement with the Issuer and/or any other Programme Party or any person or body corporate associated with the Issuer and/or any Programme Party; and

(ii) to accept or hold the trusteeship of any other trust deed constituting or securing any other securities issued by or relating to the Issuer and/or any Programme Party or any such person or body corporate so associated or any other office of profit under the Issuer and/or any Programme Party or any such person or body corporate so associated.

(d) The Note Trustee shall not be bound to take any step or action in connection with the Note Trust Deed or the Notes or obligations arising pursuant thereto or pursuant to the other Programme Documents, where it is not satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

(e) The Note Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Series Security. The Note Trustee shall not be responsible for monitoring the compliance by any of the other Programme Parties with their obligations under the Programme Documents or a Loan Agreement, neither (in respect of any Fully Secured Notes) shall the Note Trustee be responsible for monitoring the compliance by any Borrower, any Eligible Group Member or any of the other parties to the Legal Mortgages and the Security Trust Deed of their obligations under the Legal Mortgages, the Security Trust Deed or any other document.

21 Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes (and backed by the same assets) or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes. Any further notes so created and issued shall be constituted by a trust deed supplemental to the Note Trust Deed.

22 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

23 Governing Law and Submission to Jurisdiction

23.1 **Governing law**

The Programme Documents, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Programme Documents, the Notes, the Receipts and the Coupons are governed by, and construed in accordance with, English law.

23.2 **Submission to jurisdiction**

(a) Subject to Condition 22.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Note Trust Deed, the Notes, the Receipts and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Note Trustee and any Noteholders, Receiptholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

(b) For the purposes of this Condition 22.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) To the extent allowed by law, the Note Trustee, the Noteholders, the Receiptholders and the Couponholders may, in respect of any Dispute or Disputes, take:

(i) proceedings in any other court with jurisdiction; and

(ii) concurrent proceedings in any number of jurisdictions.

23.3 **Other documents**

The Issuer has in the Programme Documents (other than the Legal Mortgages) submitted to the jurisdiction of the English courts.

Form of Pricing Supplement

Set out below is the form of Pricing Supplement which will be completed for each Tranche of Notes issued under the Programme.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a **retail investor** means a person who is one (or both) of the following: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended or superseded, **MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended or superseded, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the **UK**). For these purposes, a **retail investor** means a person who is one (or both) of the following (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended, (the **EUWA**) or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (the **DISC**) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

[MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the][each] manufacturer['s][s'] product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market.*] Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer['s][s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s][s'] target market assessment) and determining appropriate distribution channels.][1]

[UK MIFIR product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer['s][s'] product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to the FCA Handbook

[1] To be included where the relevant Dealer/Managers (and any other relevant entities) are subject to MiFID II.

Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.][2]

Upon the accession of an Additional Borrower, a new Programme Admission Particulars or a supplement to these Programme Admission Particulars will be published.

Provisions relating to the Underlying Security (for Fully Secured Notes)

19.	Numerical Apportionment Basis:		[Applicable][Not Applicable]
	Initial Apportioned Properties:		[*specify number of units*]
20.	Specific Apportionment Basis:		[Applicable][Not Applicable] (*NB If applicable, supplement to the Programme Admission Particulars to be prepared*)

Provisions relating to interest payable

21.	Fixed Rate Note Provisions:		[Applicable][Not Applicable]
	(a)	Rate(s) of Interest:	[*specify*] per cent. per annum payable in arrear on each Interest Payment Date
	(b)	Interest Payment Date(s):	[*specify*] in each year up to and including the Maturity Date[, subject to adjustment in accordance with the Business Day Convention set out in (g) below]
	(c)	Fixed Coupon Amount(s) for Notes in definitive form (and in relation to Notes in global form see Conditions):	[*specify*] per Calculation Amount
	(d)	Broken Amount(s) for Notes in definitive form (and in relation to Notes in global form see Conditions):	[[*specify*] per Calculation Amount, payable on the Interest Payment Date falling [in][on] [*specify*].][Not Applicable]
	(e)	Day Count Fraction:	[Actual/Actual (ICMA)] [30/360]
	(f)	Determination Date(s):	[[*specify*] in each year] [Not Applicable]
	(g)	Business Day Convention:	[Following Business Day Convention] [Modified Following Business Day Convention]
22.	Floating Rate Note Provisions:		[Applicable][Not Applicable]
	(a)	Specified Period(s)/Specified Interest Payment Dates:	[*specify*] [, subject to adjustment in accordance with the Business Day Convention set out in (b) below][, not subject to adjustment, as the Business Day Convention in (b) below is specified to be Not Applicable]
	(b)	Business Day Convention:	[Floating Rate Convention] [Following Business Day Convention] [Modified Following Business Day

		Convention] [Preceding Business Day Convention] [Not Applicable]
(c)	Additional Business Centre(s):	[*specify*]
(d)	Manner in which the Rate of Interest and Interest Amount is to be determined:	[Screen Rate Determination][ISDA Determination]
(e)	Party responsible for calculating the Rate of Interest and Interest Amount (if not the Agent Bank):	[*specify*][Not Applicable]
(f)	Screen Rate Determination:	[Applicable][Not Applicable]
	Reference Rate:	[*specify*]
	Interest Determination Date(s):	[*specify*] (*NB To be no fewer than 5 London Banking Days prior to each Interest Payment Date in respect of interest determined pursuant to Condition 7.2(b)(ii)*)
	Relevant Screen Page:	[*specify*]
	Relevant Time:	[*specify*][Not Applicable] (*NB where Calculation Method is not SONIA Index Determination, Relevant Time will be Not Applicable*)
	Calculation Method:	[Compounded Daily SONIA Formula] [SONIA Index Determination]
	Observation Method:	[Lag] [Observation Shift] [Not Applicable]
	Lag Lookback Period (p):	[[5][*specify*] London Banking Days][Not Applicable]
	Observation Shift Period:	[[5][*specify*] London Banking Days][Not Applicable] (*N.B. When setting the Lag Lookback Period (p) or the Observation Shift Period, the practicalities of this period should be discussed with the Agent Bank or, if applicable, such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Pricing Supplement. The number of London Banking Days included in the Lag Lookback Period (p) shall be no fewer than 5 unless otherwise agreed with the Agent Bank or, if*

			applicable/required, such other party responsible for the calculation of the Rate of Interest)
		Relevant Number	[[5][*specify*] London Banking Days][Not Applicable] (*N.B. not applicable unless Calculation Method is SONIA Index Determination*) (*N.B. When setting the Relevant Number, the practicalities of this period should be discussed with the Agent Bank or, if applicable, such other party responsible for the calculation of the Rate of Interest. The Relevant Number shall be no fewer than 5 London Banking Days unless otherwise agreed with the Agent Bank or, if applicable/required, such other party responsible for the calculation of the Rate of Interest*).
	(g)	ISDA Determination:	[Applicable][Not Applicable]
		ISDA Definitions:	[2006 ISDA Definitions] [2021 ISDA Definitions]
		Floating Rate Option:	[*specify*] (*If 2021 ISDA Definitions apply, ensure this is a Floating Rate Option included in the Floating Rate Matrix (as defined in the 2021 ISDA Definitions)*)
		Designated Maturity:	[*specify*]
		Reset Date:	[*specify*]
	(h)	Linear Interpolation:	[Not Applicable][Applicable – the Rate of interest for the [long/short] [first/last] Interest Period shall be calculated using Linear Interpolation *(specify for each short or long interest period)*]
	(i)	Margin(s):	[+][-] [*specify*] per cent. per annum
	(j)	Minimum Rate of Interest:	[*specify*] per cent. per annum
	(k)	Maximum Rate of Interest:	[*specify*] per cent. per annum
	(l)	Day Count Fraction:	[Actual/Actual (ISDA)] [Actual/Actual] [Actual/365 (Fixed)] [Actual/365 (Sterling)] [Actual/360] [30/360] [360/360] [Bond Basis] [30E/360] [Eurobond Basis] [30E/360 (ISDA)]

Provisions relating to Redemption

23.	Final Redemption Amount:	[[100] per cent. of their principal amount][Not Applicable]
24.	Instalment Redemption:	[Applicable][Not Applicable]

	Instalment Dates	*Instalment Amounts*
	[*specify*]	[*specify*]
	[*specify*]	[*specify*]

25.	Mandatory Early Redemption:	[Applicable][Not Applicable]
26.	Issuer Call:	[Applicable][Not Applicable]
	(a) Optional Redemption Amount:	[Par Amount][Modified Spens Amount][Make Whole Amount][Other Amount] [*Specify method of calculation where Make Whole Amount or Other Amount is applicable*. *Modified Spens Amount will only be applicable where the Specified Currency is Sterling*]
	(b) Benchmark Gilt:	[*specify*][Not Applicable]
	(c) Spens Margin:	[[*specify*] per cent.][Not Applicable]
	(d) Minimum Redemption Amount:	[*specify*][Not Applicable]
	(e) Maximum Redemption Amount:	[*specify*][Not Applicable]
27.	Maturity Call Par Option:	[Applicable][Not Applicable]
	Call Option Date:	[*specify*][Not Applicable] [*To be no earlier than 90 days before the Maturity Date*]
28.	Residual Call Option:	[Applicable][Not Applicable]
	Residual Call Amount:	[*specify*]
	Residual Call Option Percentage:	[*specify*]

General provisions applicable to the Notes:

29.	Form of Notes:	[Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes upon an Exchange Event] [Temporary Global Note exchangeable for Definitive Notes on and after the Exchange Date] [Permanent Global Note exchangeable for Definitive Notes upon an Exchange Event]

30.	New Global Note:	[Yes][No]
31.	Additional Financial Centre(s):	[Not Applicable][*give details*]
32.	Talons for future Coupons to be attached to Definitive Notes:	[Yes, as the Notes have more than 27 coupon payments, Talons may be required if, on exchange into definitive form, more than 27 coupon payments are still to be made][Not Applicable]

(f)	U.S. Selling Restrictions:	Regulation S Compliance Category 2 [TEFRA D][TEFRA C]

Use of Proceeds and Sustainable Financing Framework

The net proceeds from the issue of Notes of each Series (or, in the case of any Series of Notes where Retained Notes are specified as being applicable in the applicable Pricing Supplement, the net proceeds of the sale of such Retained Notes to a third party) will be advanced by the Issuer to one or more of the Borrowers pursuant to the Loan Agreement(s) in respect of such Series of Notes, to be applied in the achievement of the relevant Borrower or Borrowers' objects, as permitted by their respective constitutional documents (including, for the avoidance of doubt, the repayment of any existing indebtedness of such Borrower(s) and any other amounts due and payable in connection therewith).

If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement.

If the Notes are specified as "Sustainability Bonds" in the applicable Pricing Supplement, net proceeds from the issue of the Notes (or, in the case of any Retained Notes, the net proceeds of the sale of such Retained Notes to a third party) (each after deduction of expenses payable by the Issuer) will be used for sustainable purposes and, unless otherwise specified in the applicable Pricing Supplement, will be applied in accordance with the Sustainable Financing Framework as described below.

Sustainable Financing Framework

The Original Borrower's Sustainable Financing Framework (the **Sustainable Financing Framework**) is available on the Original Borrower's website at https://www.vividhomes.co.uk/about-us/investor-relations.

The Sustainable Financing Framework aligns with the following principles and guidelines published by ICMA and Loan Market Association (**LMA**) for sustainable finance debt instruments:

- the Green Bond Principles 2025
- the Green Loan Principles 2025
- the Social Bond Principles 2025
- the Social Loan Principles 2025
- the Sustainability Bond Guidelines 2021

(together, the **Principles**).

The Original Borrower will approach projects addressing a combination of both environmental and social objectives which will be delivered using the net proceeds of financing raised under the Sustainable Financing Framework.

The Sustainable Financing Framework applies the four core components of the Principles:

(a) *Use of Proceeds:* An amount equal to the net proceeds of any Sustainable Finance Instruments raised under the Sustainable Financing Framework will be exclusively applied to finance or refinance, in part or in full, new or existing eligible Social Projects and/or Green Projects (collectively, **Eligible Projects**) pursuant to the eligibility criteria laid out therein. The Group's identified Eligible Project Categories comprise:

(i) Green Project Categories: green buildings, renewable energy, energy efficiency, pollution prevention and control, sustainable water and wastewater management,

terrestrial and aquatic biodiversity conservation, clean transportation, and eco-efficient and/or circular economy adapted products, production technologies and processes; and

(ii) Social Project Categories: affordable housing, affordable basic infrastructure, access to essential services and employment generation (including through SME financing).

Depending on the nature of the project, the investment in the Eligible Projects can be measured through asset value, capital expenditure or operating expenditure. A look-back period of 36 months prior to the time of debt-issuance will be applied. The Original Borrower intends to allocate the net proceeds, or an amount equal to the net proceeds, to Eligible Projects within 24 months of issuance.

The Original Borrower will also exclude the financing or refinancing of fossil fuel-related power generation activities, including the construction, development, expansion or operation of power plants that are primarily powered by coal, oil or natural gas.

(b) *Process for Project Evaluation and Selection:* The Original Borrower's Treasury Committee evaluates and selects projects for their alignment with the use of proceeds criteria as set out in the Sustainable Financing Framework, as well as the Group's broader sustainability objectives and risk management procedures. Project selection is then appraised and approved by either the Project Approval Committee or the Vivid Plus Board, depending on the project category.

The Treasury Committee is responsible for:

(i) overseeing the allocation of expenditure to Eligible Project categories, ensuring the Original Borrower appropriately utilises all the proceeds of any Sustainable Financing Instruments;

(ii) overseeing the external verification of eligible expenditure where required; and

(iii) reviewing and updating the Sustainable Financing Framework to reflect changes in the Original Borrower's business and developments in market standards and investor expectations.

If an asset is no longer eligible under the criteria laid out in the Sustainable Financing Framework, it will be removed from the Eligible Project portfolio with the aim of replacing the asset with another Eligible Project as soon as reasonably practicable.

(c) *Management of Proceeds*: An amount equal to the net proceeds of bonds issued under this Framework will be allocated to finance or refinance, in whole or in part, Eligible Green Projects and/or Eligible Social Projects. The Treasury Committee tracks the balance of net proceeds to ensure they are managed in line with the Sustainability Financing Framework. Identifiable cost centres and an internal register are used to ensure that allocation details are adjusted on a regular basis to match them to Eligible Projects.

For each Eligible Project, the Original Borrower will track:

(i) brief description;

(ii) amount allocated; and

(iii) expected impact.

Pending allocation, any proceeds from Sustainable Finance Instruments issued under the Sustainable Financing Framework will be held as cash deposits or in sterling denominated money market funds in line with the Original Borrower's Treasury Management Policy, or used for short-term repayment of other debt facilities before they are allocated to Eligible Projects.

(d) *Reporting*: The Original Borrower will publish report, within a year of issuance of Notes which constitute Sustainable Finance Instruments and on an annual basis thereafter, on the allocation and impact.

The allocation reporting will include:

(i) description of the outstanding Sustainable Financing debt Instruments;

(ii) net proceeds outstanding;

(iii) amount of proceeds allocated to Eligible Projects;

(iv) split between Social and Green allocation;

(v) amount of unallocated proceeds (if any); and

(vi) list of Eligible Projects financed.

The Original Borrower will report on the estimated impact of the projects funded in accordance with the initiative impact metrics provided for in the Sustainable Financing Framework. These have been proposed in line with the ICMA Harmonised Frameworks for Impact Reporting for Green and Social Bonds (2026), where possible. Methodologies for calculations will be provided where feasible and case studies may be provided if useful to the context.

External Review: The Group has appointed DNV Business Assurance Services UK Limited (**DNV**) (an independent provider of environmental, social and governance research, ratings and analysis) to confirm the alignment of the Sustainable Financing Framework with industry practice. DNV has evaluated the Sustainable Financing Framework and has issued an independent opinion confirming its alignment with the Principles (the **Second Party Opinion**).

The independent opinion provided by DNV dated 24 September 2026 is available for viewing at: https://www.vividhomes.co.uk/about-us/investor-relations.

No assurance or representation is given by the Issuer, the Original Borrower, the Dealers or any of their respective affiliates, the Note Trustee, the Security Trustee or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer or the Original Borrower) which may be made available in connection with the issue of any Notes issued as Sustainability Bonds and, in particular, with respect to whether any eligible projects fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall it be deemed to be, incorporated in and/or form part of these Programme Admission Particulars. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Original Borrower, the Dealers or any of their respective affiliates, the Note Trustee or the Security Trustee or any other person to buy, sell or hold any such Notes issued as Sustainability Bonds. The Noteholders have no recourse against the Issuer, the Original Borrower, the Arranger, any Dealer or any of their respective affiliates or the provider of any such opinion or certification for the contents of any such opinion or certification. Any such opinion or certification is only current as of the date that opinion was initially issued and the considerations and/or criteria which are the basis of such an opinion or certification can change at any time. The providers of such opinions or certifications are currently under no obligation to update them following their issue and

are not subject to any specific regulatory or other regime or oversight. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in any Notes.

No assurance is given by the Issuer, the Original Borrower, the Arranger, the Dealers or any of their respective affiliates or any other person that the use of the proceeds of issue of any Notes will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. None of the Note Trustee, the Arranger, the Dealers or any of their respective affiliates will have any responsibility for monitoring the application of any such proceeds.

The Group may amend or update its Sustainable Financing Framework in the future.

For the avoidance of doubt, the Sustainable Financing Framework, the Second Party Opinion and any further second party opinion(s) or certification(s) referred to in the applicable Pricing Supplement are not, nor shall they be deemed to be, incorporated in and/or form part of these Programme Admission Particulars.

Documents Incorporated by Reference

These Programme Admission Particulars should be read and construed in conjunction with:

(a) the audited financial statements for the Issuer, including the report of the auditors, for the financial years ended 31 March 2026 and 31 March 2025 (the **Issuer Financial Statements**);

(b) the audited financial statements (consolidated where available) for the Original Borrower, including the report of the auditors, for the financial years ended 31 March 2026 and 31 March 2025 (the **Original Borrower Financial Statements** and, together with the Issuer Financial Statements, the **Financial Statements**);

(c) future audited annual financial statements of each Obligor;

(d) future unaudited interim financial statements of each Obligor (if any); and

(e) future inside information as required to be made public under Regulation (EU) No. 596/2016 on market abuse as it forms part of domestic law by virtue of the EUWA (as amended or superseded),

in the case of (c) to (e) (inclusive), as and when such future financial statements or inside information are published in accordance with the ISM Rulebook.

The Financial Statements and such future financial statements and inside information shall (in the case of future financial statements and inside information, upon publication) be incorporated in, and form part of, these Programme Admission Particulars.

Copies of the Financial Statements and such future financial statements and inside information can be obtained from the registered office of the Issuer and from the specified office of the Principal Paying Agent for the time being in London. Documents will also be available for viewing on the Group's website at https://www.vividhomes.co.uk/about-us/investor-relations and on the website of the Regulatory News Service operated by the London Stock Exchange at http://www.londonstockexchange.com/exchange/news/market-news/market-news-home.html.

Any documents themselves incorporated by reference in the documents incorporated by reference in these Programme Admission Particulars shall not form part of these Programme Admission Particulars. Any non-incorporated parts of a document referred to herein are either deemed not relevant for an investor or otherwise covered elsewhere in these Programme Admission Particulars.

The Obligors will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in these Programme Admission Particulars which is capable of affecting the assessment of any Notes (including, without limitation, the accession of an Additional Borrower), prepare a supplement to these Programme Admission Particulars or publish a new Programme Admission Particulars for use in connection with any subsequent issue of Notes.

Description of the Unsecured Loan Agreements

The following description of the Unsecured Loan Agreements consists of a summary of certain provisions of the Unsecured Loan Agreements and is qualified by reference to the detailed provisions thereof. The Unsecured Loan Agreements are not, however, incorporated by reference into, and therefore do not form part of, these Programme Admission Particulars.

Definitions used in this section but not otherwise defined in these Programme Admission Particulars have the meanings given to them in the Unsecured Loan Agreements.

Unsecured Loan Agreements

Each Unsecured Loan Agreement will be comprised of:

(a) the Unsecured Loan Agreement Standard Terms dated 16 October 2025, and signed for identification by the Issuer, the Original Borrower and the Note Trustee; and

(b) an Unsecured Loan Transaction Terms to be dated on or around the relevant Issue Date of the related Series of Partly Secured Notes between the Issuer, the relevant Borrower and the Note Trustee.

Facility

The Issuer shall enter into one or more Unsecured Loan Agreements in respect of each Series of Partly Secured Notes with an aggregate Commitment equal to the aggregate principal amount of the relevant Series of Partly Secured Notes. The Borrowers in respect of the Unsecured Loan Agreements entered into in connection with each Series of Partly Secured Notes and their Commitments will be specified in the applicable Pricing Supplement in respect of such Series of Partly Secured Notes.

Drawings

Each Commitment under Unsecured Loan Agreements entered into in connection with the same Series of Notes may be drawn in one or more drawings.

Each drawing under Unsecured Loan Agreements shall be advanced in an amount equal to the Actual Advance Amount. For this purpose, **Actual Advance Amount** means the principal amount of such drawing multiplied by:

(a) in the case of a drawing which is to be funded by the sale of Original Notes or Further Notes (other than Retained Notes), the issue price of such Original Notes or Further Notes, as applicable; and

(b) in the case of a drawing which is to be funded by the sale of Retained Notes, the sale price of such Retained Notes.

For the avoidance of doubt:

(a) any difference between the principal amount of a drawing and the relevant Actual Advance Amount shall be ignored in determining the amount of the relevant Loan and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon; and

(b) no Borrower shall be required to monitor or verify the market value of the Retained Notes.

Each Borrower shall agree that, immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its

Retained Notes as a result of the movement in the fair value recognised in its accounts of such Retained Notes for that accounting period, the Borrowers shall (on behalf of the Issuer) discharge any corporation tax liability in respect of the Accounting Profit.

Each Borrower shall agree, to the extent that any Retained Notes are issued in respect of the relevant Series, that, where the Issuer is required to sell any Retained Notes in order to fund a drawdown request, the Issuer's obligations to fund such drawdown will be subject to the ability of the Issuer to sell such Retained Notes to a third party.

For so long as any Retained Notes in respect of a Series are held by or on behalf of the Issuer, a Borrower may request that an amount of its Commitment under a Loan Agreement entered into in connection with that Series be cancelled (provided that such amount does not exceed the principal amount of Retained Notes held by or on behalf of the Issuer at that time). As soon as practicable following any such request, the Issuer shall cancel Retained Notes in a corresponding amount. Such cancellation of the relevant Commitment shall take effect upon the cancellation of such Retained Notes.

Subject to the conditions precedent set out in Clause 4.1 (*Request for Further Commitments*) of the Unsecured Loan Agreement Standard Terms, as applicable, the Issuer may make further commitments to any Borrower under an Unsecured Loan Agreement, each in an amount to be agreed between the Issuer, the relevant Borrower and the Note Trustee, following the issuance of further notes of the Series in respect of which the Unsecured Loan Agreement was entered into in connection with pursuant to Condition 20 (*Further Issues*).

Purpose

The proceeds of each Loan may only be used by a Borrower in accordance with such Borrower's Constitutional Documents or as otherwise set out in the applicable Unsecured Loan Transaction Terms.

If the Notes of the relevant Series in connection with which an Unsecured Loan Agreement was entered into are specified as "Sustainability Bonds" in the applicable Pricing Supplement, the applicable Unsecured Loan Transaction Terms may specify further provisions in respect of the permitted use of proceeds of the relevant Loan.

Interest

Rate of Interest

Following its advance, each Loan will carry interest from (and including) the date of its initial advance at the fixed rate or floating rate specified in the applicable Unsecured Loan Transaction Terms which will correspond with the rate of interest payable in respect of the related Series of Notes. Interest will be payable in arrear on each Loan Payment Date (being four Business Days prior to each Interest Payment Date in respect of the related Series of Notes).

Interest Periods

Notwithstanding the fact that interest is payable on each Loan Payment Date, interest will accrue on each Loan from (and including) an Interest Payment Date (or, in the case of the first interest period of a Loan, the date of its initial advance) to (but excluding) the immediately following Interest Payment Date (each, a **Loan Interest Period**).

Commitment Fee

Each Borrower shall pay to the Issuer a commitment fee in respect of its Undrawn Commitment on each Loan Payment Date in an amount equal to its *pro rata* share (based on the aggregate amount of all

Undrawn Commitments of all Borrowers) of the interest payable by the Issuer under the Notes of the relevant Series on the following Interest Payment Date in respect of such Series less (a) the aggregate of the interest received from the Borrowers under all Unsecured Loan Agreements entered into in connection with the relevant Series on such Loan Payment Date and (b) the interest otherwise received by the Issuer in respect of the Retained Proceeds in respect of such Series in the relevant Loan Interest Period (including, but not limited to, any income received by the Issuer in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested). The commitment fee shall accrue on a daily basis.

Repayment, Purchase and Prepayment

Repayment

Each Borrower must repay its Loan:

(a) in full on the Loan Maturity Date specified in the applicable Unsecured Loan Transaction Terms (being four Business Days prior to the Maturity Date in respect of the related Series of Notes); or

(b) where Instalment Prepayment is specified as applicable in the applicable Unsecured Loan Transaction Terms, in an amount equal to its *pro rata* share of each Instalment Amount payable by the Issuer in respect of the related Series of Notes on the date falling four Business Days prior to the corresponding Instalment Date in respect of the related Series of Notes.

Note Purchase Option

Each Borrower and any other member of the Group (other than the Issuer) may at any time purchase Notes of any Series on the London Stock Exchange, by tender (available to all Noteholders alike) or by private treaty at any price.

Following any such purchase, such Borrower or such other member of the Group, as the case may be, may (but is not obliged to) surrender such Notes to the Issuer to be cancelled. An amount of the outstanding balance of the relevant Loan (provided that such Loan was funded by the issue proceeds of the relevant Series of Notes) equal to the principal amount of the Notes surrendered shall be deemed to be prepaid (or, to the extent that no Loan is then outstanding, then an amount of the relevant Undrawn Commitment equal to the principal amount of the Notes surrendered shall be deemed to be cancelled for the purposes of the relevant Unsecured Loan Agreement and a corresponding portion of the Retained Proceeds shall be paid by the Issuer to the relevant Borrower or such other member of the Group, as the case may be).

Each Borrower shall acknowledge that the terms of the Note Trust Deed provide that any Notes which are for the time being held by or on behalf of, *inter alios*, a Borrower or any other member of the Group as beneficial owner shall be deemed not to remain outstanding for the purpose of, *inter alia*, the right to attend and vote at any meeting of the Noteholders.

Optional Prepayment – Borrower Call

If Borrower Call is specified as applicable in the applicable Unsecured Loan Transaction Terms, each Borrower may, at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the Final Retained Note Disposal Date (if applicable); and

(b) before the Loan Maturity Date specified in the applicable Unsecured Loan Transaction Terms,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Note Trustee, prepay the whole or (as the case may be) any part of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium (being, for so long as any Notes of the relevant Series are outstanding, an amount equal to the excess (if any) of the amount notified to such Borrower by the Issuer as being the price determined under the Note Trust Deed for the redemption of a corresponding principal amount of the Notes of such Series over par).

Optional Prepayment – Maturity Call Par Option

If Maturity Call Par Option is specified as applicable in the applicable Unsecured Loan Transaction Terms, each Borrower may, at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the later of (i) Final Retained Note Disposal Date (if applicable) and (ii) the Call Option Date specified in the applicable Unsecured Loan Transaction Terms (provided, in the case of the Call Option Date, that such date shall be no earlier than 90 days before the Maturity Date); and

(b) before the Loan Maturity Date specified in the applicable Unsecured Loan Transaction Terms,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Note Trustee, prepay the whole or (as the case may be) any part of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment.

Optional Prepayment – Residual Call Option

If Residual Call Option is specified as applicable in the applicable Unsecured Loan Transaction Terms, each Borrower may (acting jointly with the other Borrowers in respect of Unsecured Loan Agreements entered into in connection with the same Series of Partly Secured Notes), at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the later of Final Retained Note Disposal Date (if applicable); and

(b) before the Loan Maturity Date specified in the applicable Unsecured Loan Transaction Terms,

in the event that the aggregate outstanding principal amount of the related Series of Partly Secured Notes (being, where Instalment Redemption is specified as applicable in the applicable Pricing Supplement for such Partly Secured Notes, the original principal amount ignoring any previous redemption of principal in accordance with Condition 9.1(b) (*Redemption at maturity*)) is less than or equal to the Residual Call Option Percentage of the aggregate principal amount of the Partly Secured Notes of such Series issued,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Note Trustee, prepay the whole of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium.

Mandatory Prepayment – Redemption of Notes

If the Partly Secured Notes of the related Series become redeemable prior to their Maturity Date, other than as a result of a prepayment or termination of an Unsecured Loan Agreement, each Borrower shall prepay, at least one Business Day prior to the relevant date of redemption of such Partly Secured Notes, the outstanding balance of the Loan funded by the issue proceeds of such Series of Partly Secured

Notes, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Mandatory Prepayment – Cancellation of Status

Each Borrower shall promptly notify the Issuer and the Note Trustee if it ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, such Borrower shall prepay the whole of the outstanding balance of its Loan(s), together with any interest and commitment fee accrued up to and including the date of prepayment, provided, however, that if such Borrower regains its status as a Registered Provider of Social Housing within such period of 180 days, it shall no longer be required to prepay its Loan(s).

Redemption of Notes – Further Payment in Respect of Retained Proceeds Par Amount

In the event that a Borrower elects to, or is otherwise required to, prepay the whole of the outstanding balance of its Loan and the Issuer is required to notify such Borrower of the price determined under the Conditions for the redemption of a corresponding principal amount of the related Series of Notes, then the Issuer shall be entitled to also take account of the redemption of such principal amount of the Notes of such Series (if no commitment is put in place with another Borrower) that shall correspond to the Retained Proceeds Par Amount (being an amount equal to the Retained Proceeds including, where any Retained Proceeds are invested in Permitted Investments, the purchase price of the relevant Permitted Investments and ignoring, for these purposes, any increase or decrease in such Retained Proceeds as a result of gains or losses in respect of such Permitted Investments and/or any discount on a sale of Retained Notes by the Issuer), and the price notified to such Borrower shall be increased accordingly.

Warranties and Covenants in respect of Secured Loan Agreements

Each Borrower will make various warranties and covenants in accordance with the Unsecured Loan Agreement Standard Terms. These warranties and covenants include (or will include, as the case may be), *inter alia*, the following:

Information Covenants

Each Borrower must supply to the Issuer and the Note Trustee not later than 180 days after the end of each relevant financial year:

(a) copies of the audited financial statements of such Borrower (consolidated if available) for such financial year; and

(b) a certificate setting out, among other things, calculations in respect of the unencumbered assets test substantially in the form set out in Schedule 2 to the Unsecured Loan Agreement Standard Terms (the **Compliance Certificate**) signed by two Authorised Signatories of such Borrower.

Guarantee and Indemnity

Each Borrower in respect of an Unsecured Loan Agreement entered into in connection with each Series of Partly Secured Notes will irrevocably and unconditionally:

(a) guarantee to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Unsecured Loan Agreements entered into in connection with such Series of Partly Secured Notes (such amounts being, the **Guaranteed Amounts**);

(b) undertake with the Issuer that, whenever any other Borrower does not pay any Guaranteed Amounts when due under its respective Unsecured Loan Agreement entered into in connection with such Series of Partly Secured Notes, it must, promptly on demand by the Note Trustee and/or the Issuer, pay the Guaranteed Amounts as if it were the principal obligor; and

(c) agree to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Unencumbered Assets Test

Each Borrower in respect of an Unsecured Loan Agreement entered into in connection with each Series of Partly Secured Notes shall procure that, for so long as any of the Partly Secured Notes of such Series remain outstanding, in respect of each Financial Year, the Aggregate Net Unencumbered Value shall exceed 125 per cent. of Total Unsecured Debt.

Interpretation

For these purposes:

Aggregate Net Unencumbered Value means, in respect of each Financial Year, the sum of:

(a) the Value of Housing Properties; plus

(b) the cash at bank of the Series Borrowers (but excluding any cash which is the subject of any security in favour of a third party); less

(c) the aggregate amount of any Public Sector Subsidy received by the Series Borrowers; less

(d) the Total Secured Debt,

in each case, converted (where necessary) into Sterling at such rate or rates, in accordance with such method and as at such date for determination as the Borrowers may agree with the Note Trustee.

Total Secured Debt means, in respect of each Financial Year, the sum of the aggregate amount of all drawn secured borrowings of the Series Borrowers plus the aggregate amount of all secured mark to market exposures under hedging agreements of the Series Borrowers plus the aggregate amount of any similar indebtedness that is secured, in each case as determined by reference to the accounts for that Financial Year and shown as separate clearly identifiable items or confirmed by way of an Auditors' certificate and, in each case, converted (where necessary) into Sterling at such rate or rates, in accordance with such method and as at such date for determination as the Borrowers may agree with the Note Trustee.

Total Unsecured Debt means, in respect of each Financial Year, the sum of the aggregate amount of all drawn unsecured borrowings of the Series Borrowers plus the aggregate amount of all unsecured mark to market exposures under hedging agreements of the Series Borrowers plus the aggregate amount of any similar indebtedness that is not secured, in each case as determined by reference to the accounts for that Financial Year as separate clearly identifiable items or confirmed by way of an Auditors' certificate and, in each case, converted (where necessary) into Sterling at such rate or rates, in accordance with such method and as at such date for determination as the Borrowers may agree with the Note Trustee.

Value of Housing Properties means, at any time, the value of the Series Borrowers' housing properties (including the Series Borrowers' housing properties in the course of construction) as shown in the accounts for that Financial Year (and shown as separate clearly identifiable item in the relevant accounts

or in the notes to such accounts, or confirmed by way of an Auditors' certificate addressed to the Lender if and to the extent that the relevant accounts do not already include or provide such details as a separate clearly identifiable item).

Loan Events of Default and Enforcement

Borrower Default

Each of the following (set out in more detail in the Unsecured Loan Agreement Standard Terms) is a **Borrower Default**:

(a) ***Non-payment***: The Borrower does not pay on the due date any amount payable by it under the Finance Documents in the manner required under the Finance Documents, unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.

(b) ***Breach of other obligations***: The Borrower fails to perform or observe any of its obligations under the Finance Documents (other than as referred to in (a) above and (k) below) and (except in any case where, in the opinion of the Note Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Note Trustee on such Borrower of notice requiring the same to be remedied.

(c) ***Other non-payment***:

(i) Any other present or future indebtedness of the Borrower for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual default, event of default or the like (howsoever described);

(ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period; or

(iii) the Borrower fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in (i), (ii) or (iii) above in this paragraph (c) have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Note Trustee) (and provided further, for the avoidance of doubt, that the amounts mentioned in (i), (ii) or (iii) above in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation).

(d) ***Winding-up***: Any order is made by any competent court or resolution passed for the winding up or dissolution of the Borrower save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Note Trustee.

(e) ***Cessation of Business***: The Borrower ceases or threatens to cease to carry on the whole or, as determined by the Note Trustee, substantially the whole of its business, save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Note Trustee.

(f) ***Failure or inability to pay debts***: The Borrower stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is

deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.

(g) ***Insolvency***: Any of the insolvency related events occurs or proceedings are taken as referred to the Unsecured Loan Agreement Standard Terms (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Note Trustee).

(h) ***Insolvency Proceedings***: The Borrower initiates or consents to the proceedings referred to in the Unsecured Loan Agreement Standard Terms (which exclude, or will exclude, any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Note Trustee).

(i) ***Arrangement with creditors***: The Borrower makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors) (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Note Trustee).

(j) ***Unlawfulness***: It is or becomes unlawful for the Borrower to perform any of its obligations under the Finance Documents to which they are, respectively, a party.

(k) ***Breach of the Unencumbered Assets Test***: The Borrower fails to perform its obligations under Clause 10 (*Unencumbered Assets Test*) of the Unsecured Loan Agreement Standard Terms.

For these purposes, **Permitted Reorganisation** means any amalgamation, merger, consolidation or transfer of engagements (whether entering into or acceptance thereof) of the whole of any Borrower's property (including, for the avoidance of doubt, any statutory procedure as provided for under the Co-operative and Community Benefit Societies Act 2014 (if applicable)) made between such Borrower (**Party A**) and any other entity (**Party B**) provided that (i) Party B is a Registered Provider of Social Housing and any new amalgamated entity to be created as a result thereof will be a Registered Provider of Social Housing; (ii) following any such amalgamation, merger, consolidation or transfer of engagements in respect of which the property of Party A (including, for the avoidance of doubt, any liabilities) shall become vested in Party B or a new amalgamated entity, Party B or such new amalgamated entity will thereafter be responsible for all the liabilities of Party A pursuant to the Co-operative and Community Benefit Societies Act 2014 or otherwise; and (iii) a certificate executed by two authorised signatories of Party A or Party B confirming the above is provided to the Note Trustee.

Obligation to Notify the Issuer and the Note Trustee

Each Borrower shall notify the Issuer and the Note Trustee of any Borrower Default (and the steps, if any, being taken to remedy it) or potential Borrower Default in respect of its Unsecured Loan Agreement promptly upon becoming aware of the same. The Issuer shall also notify the Note Trustee of any Borrower Default or potential Borrower Default promptly upon becoming aware of the same (unless the Issuer is aware that a notification has already been provided by the relevant Borrower) including, but not limited to, the non-payment by a Borrower of any amounts owing to the Issuer under its Unsecured Loan Agreement on the due date for payment thereof.

Borrower Default Notice

Following the occurrence of a Borrower Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*), (c) (*Other non-payment*) and (j) (*Unlawfulness*) above, only if the Note Trustee shall have certified in writing to the relevant Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), the Issuer may declare by notice to the relevant Borrower that the relevant Loan has become due and repayable,

whereupon that Loan shall become immediately due and repayable at the outstanding balance thereof together with accrued interest, premium (if any) and any other amounts and the security therefor shall become immediately enforceable.

Taxes

Each Borrower must make all payments to be made by it to the Issuer under, *inter alia*, its Unsecured Loan Agreement(s) without any deduction or withholding for or on account of tax, unless a deduction or withholding is required by law.

If a deduction or withholding from any such payment is required by law to be made by a Borrower, the amount of the payment due from such Borrower shall be increased to an amount which (after making such deduction or withholding) leaves an amount equal to the payment which would have been due if no deduction or withholding had been required.

If, as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Interest Payment Date be required to make a withholding or deduction in respect of payments to be made by the Issuer to the Noteholders of the relevant Series of Partly Secured Notes pursuant to the Conditions (other than in respect of a Noteholder Specific Withholding), it shall notify each Borrower of the same. Each Borrower may (but, for the avoidance of doubt, shall not be obliged to), in its sole discretion, pay to the Issuer its *pro rata* share of such additional amounts (by reference to the Unsecured Loan Agreements entered into in connection with the same Series) as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders the amounts of principal and interest which they would have received in respect of the Notes in the absence of such withholding or deduction. Each Borrower shall continue to pay such additional amounts to the Issuer unless and until such Borrower delivers to the Issuer a notice stating that it shall cease to make such additional payments with effect from the next following Interest Payment Date.

In the event that one or more Borrowers does not choose to make such additional payments (or indicates that it intends to cease to make such additional payments) in respect of any Unsecured Loan Agreement entered into in connection with the relevant Series, the remaining Borrowers of Loans advanced in connection with the same Series may (but, for the avoidance of doubt, shall not be obliged to), in their sole discretion, pay to the Issuer such increased amount as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders of such Series the amounts of principal and interest which they would have received in respect of such Notes in the absence of such withholding or deduction. If the remaining Borrowers (either collectively or individually) do not choose to make such payments and as a result the Issuer will not have sufficient funds to pay the additional amounts in respect of such Notes, the Issuer shall not opt to pay such additional amounts (or, having so opted, will notify the Note Trustee and the Noteholders of such Series of its intention to cease paying such additional amounts) and the Notes shall be redeemed in accordance with Condition 9.2 (*Redemption for tax reasons*), whereupon each Borrower of a Loan advanced in connection with the same Series shall be required to prepay the outstanding balance of its Loan, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Governing Law

Each Unsecured Loan Agreement, and any non-contractual obligations or matters arising from or connected with it, are governed by and shall be construed in accordance with English law.

Description of the Secured Loan Agreements

The following description of the Secured Loan Agreements consists of a summary of certain provisions of the Secured Loan Agreements and is qualified by reference to the detailed provisions thereof. The Secured Loan Agreements are not, however, incorporated by reference into, and therefore do not form part of, these Programme Admission Particulars.

Definitions used in this section but not otherwise defined in these Programme Admission Particulars have the meanings given to them in the Secured Loan Agreements.

Secured Loan Agreements

Each Secured Loan Agreement will be comprised of:

(a) the Secured Loan Agreement Standard Terms dated 16 October 2023 and signed for identification by the Issuer, the Original Borrower and the Security Trustee; and

(b) a Secured Loan Transaction Terms to be dated on or around the relevant Issue Date of the related Series of Notes between the Issuer, the relevant Borrower and the Security Trustee.

Facility

The Issuer shall enter into one or more Secured Loan Agreements in respect of each Series of Fully Secured Notes with an aggregate Commitment equal to the aggregate principal amount of the relevant Series of Fully Secured Notes. The Borrowers in respect of the Secured Loan Agreements entered into in connection with each Series of Fully Secured Notes and their Commitments will be specified in the applicable Pricing Supplement in respect of such Series of Fully Secured Notes.

Drawings

Each Commitment under Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes may be drawn in one or more drawings and the maximum principal amount of each drawing shall be an amount which corresponds to the Minimum Value of the Apportioned Properties multiplied by the Series Security Percentage (in each case as at the date of such drawing and relating to such Secured Loan Agreements), less the aggregate amount of all Commitments in respect of such Secured Loan Agreements which have previously been drawn.

The initial drawing of any Initial Commitment shall be advanced at par, a discount or a premium in an amount equal to the nominal amount of such drawing multiplied by the Issue Price of the Notes of the related Series (and, for the avoidance of doubt, the difference between the nominal amount of such drawing and the actual advance amount thereof shall be ignored in determining the amount of the Loan under the Secured Loan Agreement and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon).

No Commitment may be drawn by a Borrower until it has satisfied the conditions set out in Clause 2.3 (*Facility*) of the Secured Loan Agreement Standard Terms in respect of the first drawing in respect of a Secured Loan Agreement and the conditions set out in Clause 11.1 (*Addition, Substitution and Release of Apportioned Properties*) of the Secured Loan Agreement Standard Terms in respect of any subsequent drawings of amounts of the relevant Commitment which exceed the Minimum Value of the Apportioned Properties multiplied by the Series Security Percentage.

In addition, the Issuer and each Borrower will be required to acknowledge that any drawing of a Commitment shall be subject to the Security Trustee being satisfied (based solely on the relevant confirmation from the Borrower(s) of the Minimum Value of the Apportioned Properties multiplied by the

Series Security Percentage (which itself shall be evidenced by the relevant Valuation), which the Security Trustee is entitled to rely upon without further enquiry or investigation in respect thereof) that the relevant Asset Cover Test is satisfied immediately following such drawing.

Each Borrower will be required to acknowledge that the Issuer may invest all or any part of the Retained Proceeds in Permitted Investments in accordance with the Custody Agreement and that, as a result of:

(a) any losses made by the Issuer in respect of such Permitted Investments; and/or

(b) any issue or sale of Notes by the Issuer made at a discount to the principal amount of such Notes,

the amount of Retained Proceeds held by the Issuer, at the time of any drawdown request, may be less than the Undrawn Commitment which is to be funded from such Retained Proceeds. In such circumstances, each drawing to be funded from the Retained Proceeds shall be advanced in an amount equal to the Actual Advance Amount (which may be at a discount to the principal amount requested).

For this purpose, **Actual Advance Amount** means, in respect of each drawing of the Commitment, the lesser of:

(a) the principal amount of such drawing multiplied by:

  (i) in the case of a drawing which is to be funded by the sale of Original Notes or Further Notes (other than Retained Notes), the issue price of such Original Notes or Further Notes, as applicable; and

  (ii) in the case of a drawing which is to be funded by the sale of Retained Notes, the sale price of such Retained Notes; and

(b) the principal amount of such drawing multiplied by the result of dividing:

  (i) the amount of Retained Proceeds held by the Issuer at the time of the drawdown request (for the avoidance of doubt, after taking into account any losses suffered by the Issuer as a result of investing in Permitted Investments but, for this purpose, excluding any Permitted Investment Profit), by

  (ii) the Undrawn Commitment which is to be funded from such Retained Proceeds.

For the avoidance of doubt:

(a) no Borrower shall be required to monitor or verify the market value of any Permitted Investments or the Retained Notes;

(b) any difference between the principal amount of a drawing and the relevant Actual Advance Amount shall be ignored in determining the amount of the relevant Loan and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon; and

(c) any income received by the Issuer in respect of Permitted Investments shall not be credited to the Series Initial Cash Security Account in respect of the relevant Series but shall instead be credited to the Series Transaction Account in respect of the relevant Series in accordance with the Account Agreement.

Each Borrower shall agree that:

(a) where the Issuer is required to sell any Permitted Investments to fund a drawing under the Secured Loan Agreement and such sale results in a Permitted Investment Profit, the Issuer may (at its discretion and at such time as it thinks fit) make a Gift Aid Payment to a Charitable Group Member in an amount equal to the Permitted Investment Profit and, for the avoidance of doubt, such drawing shall be advanced at the Actual Advance Amount (provided that such right exists only to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for this paragraph (a) otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010); and

(b) immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments and/or Retained Notes as a result of the movement in the fair value recognised in its accounts of such Permitted Investments and/or Retained Notes for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a Gift Aid Payment to a Charitable Group Member) in respect of the Accounting Profit and may (at its discretion), in the same accounting period or such later period permitted under section 199 of the Corporation Tax Act 2010, make a Gift Aid Payment to a Charitable Group Member in an amount equal to the Accounting Profit (provided that such right only exists to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account of the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for this paragraph (b) otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010).

Each Borrower shall agree, to the extent that any Retained Notes are issued in respect of the relevant Series, that, where the Issuer is required to sell any Retained Notes in order to fund a drawdown request, the Issuer's obligations to fund such drawdown will be subject to the ability of the Issuer to sell such Retained Notes to a third party.

For so long as any Retained Notes in respect of a Series are held by or on behalf of the Issuer, a Borrower may request that an amount of its Commitment under a Secured Loan Agreement entered into in connection with that Series be cancelled (provided that such amount does not exceed the principal amount of Retained Notes held by or on behalf of the Issuer at that time). As soon as practicable following any such request, the Issuer shall cancel Retained Notes in a corresponding amount. Such cancellation of the relevant Commitment shall take effect upon the cancellation of such Retained Notes.

Subject to the conditions precedent set out in Clause 4.1 (*Request for Further Commitments*) of the Secured Loan Agreement Standard Terms, the Issuer may make further commitments to any Borrower under a Secured Loan Agreement, each in an amount to be agreed between the Issuer, the relevant Borrower and the Security Trustee, following the issuance of further notes of the Series in respect of which the Secured Loan Agreement was entered into in connection with pursuant to Condition 20 (*Further Issues*).

Purpose

The proceeds of each Loan may only be used by a Borrower in accordance with such Borrower's Constitutional Documents or as otherwise set out in the applicable Secured Loan Transaction Terms.

If the Notes of the relevant Series in connection with which a Secured Loan Agreement was entered into are specified as "Sustainability Bonds" in the applicable Pricing Supplement, the applicable Secured Loan Transaction Terms may specify further provisions in respect of the permitted use of proceeds of the relevant Loan.

Interest

Rate of Interest

Following its advance, each Loan will carry interest from (and including) the date of its initial advance at the fixed rate or floating rate specified in the applicable Secured Loan Transaction Terms which will correspond with the rate of interest payable in respect of the related Series of Notes. Interest will be payable in arrear on each Loan Payment Date (being four Business Days prior to each Interest Payment Date in respect of the related Series of Notes).

Interest Periods

Notwithstanding the fact that interest is payable on each Loan Payment Date, interest will accrue on each Loan from (and including) an Interest Payment Date (or, in the case of the first interest period of a Loan, the date of its initial advance) to (but excluding) the immediately following Interest Payment Date (each, a **Loan Interest Period**).

Commitment Fee

Each Borrower shall pay to the Issuer a commitment fee in respect of its Undrawn Commitment on each Loan Payment Date in an amount equal to its *pro rata* share (based on the aggregate amount of all Undrawn Commitments of all Borrowers) of the interest payable by the Issuer under the Notes of the relevant Series on the following Interest Payment Date in respect of such Series less (a) the aggregate of the interest received from the Borrowers under all Secured Loan Agreements entered into in connection with the relevant Series on such Loan Payment Date and (b) the interest otherwise received by the Issuer in respect of the Retained Proceeds in respect of such Series in the relevant Loan Interest Period (including, but not limited to, any income received by the Issuer in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested). The commitment fee shall accrue on a daily basis.

Repayment, Purchase and Prepayment

Repayment

Each Borrower must repay its Loan:

(a) in full on the Loan Maturity Date specified in the applicable Secured Loan Transaction Terms (being four Business Days prior to the Maturity Date in respect of the related Series of Notes); or

(b) where Instalment Prepayment is specified as applicable in the applicable Secured Loan Transaction Terms, in an amount equal to its pro rata share of each Instalment Amount payable by the Issuer in respect of the related Series of Fully Secured Notes on the date falling four Business Days prior to the corresponding Instalment Date in respect of the related Series of Notes).

Note Purchase Option

Each Borrower and any other member of the Group (other than the Issuer) may at any time purchase Fully Secured Notes of any Series on the London Stock Exchange, by tender (available to all Noteholders alike) or by private treaty at any price.

Following any such purchase, such Borrower or such other member of the Group, as the case may be, may (but is not obliged to) surrender such Fully Secured Notes to the Issuer to be cancelled. An amount of the outstanding balance of the relevant Loan (provided that such Loan was funded by the issue proceeds of the relevant Series of Fully Secured Notes) equal to the principal amount of the Fully Secured Notes surrendered shall be deemed to be prepaid (or, to the extent that no Loan is then outstanding, then an amount of the relevant Undrawn Commitment equal to the principal amount of the Fully Secured Notes surrendered shall be deemed to be cancelled for the purposes of the relevant Secured Loan Agreement and a corresponding portion of the Retained Proceeds shall be paid by the Issuer to the relevant Borrower or such other member of the Group, as the case may be).

Each Borrower shall acknowledge that the terms of the Note Trust Deed provide that any Fully Secured Notes which are for the time being held by or on behalf of, *inter alios*, a Borrower or any other member of the Group as beneficial owner shall be deemed not to remain outstanding for the purpose of, *inter alia*, the right to attend and vote at any meeting of the Noteholders.

Optional Prepayment – Borrower Call

If Borrower Call is specified as applicable in the applicable Secured Loan Transaction Terms, each Borrower may, at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the Final Retained Note Disposal Date (if applicable); and

(b) before the Loan Maturity Date specified in the applicable Secured Loan Transaction Terms,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Security Trustee, prepay the whole or (as the case may be) any part of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium (being, for so long as any Fully Secured Notes of the relevant Series are outstanding, an amount equal to the excess (if any) of the amount notified to such Borrower by the Issuer as being the price determined under the Note Trust Deed for the redemption of a corresponding principal amount of the Fully Secured Notes of such Series over par).

Optional Prepayment – Maturity Call Par Option

If Maturity Call Par Option is specified as applicable in the applicable Secured Loan Transaction Terms, each Borrower may, at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the later of (i) Final Retained Note Disposal Date (if applicable) and (ii) the Call Option Date specified in the applicable Secured Loan Transaction Terms (provided, in the case of the Call Option Date, that such date shall be no earlier than 90 days before the Maturity Date); and

(b) before the Loan Maturity Date specified in the applicable Secured Loan Transaction Terms,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Security Trustee, prepay the whole or (as the case may be) any part of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment.

Optional Prepayment – Residual Call Option

If Residual Call Option is specified as applicable in the applicable Secured Loan Transaction Terms, each Borrower may (acting jointly with the other Borrowers in respect of Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes), at any time (or, where interest on the Loan is payable on a floating rate, any Loan Payment Date):

(a) on or after the later of Final Retained Note Disposal Date (if applicable); and

(b) before the Loan Maturity Date specified in the applicable Secured Loan Transaction Terms,

in the event that the aggregate outstanding principal amount of the related Series of Fully Secured Notes (being, where Instalment Redemption is specified as applicable in the applicable Pricing Supplement for such Fully Secured Notes, the original principal amount ignoring any previous redemption of principal in accordance with Condition 9.1(b) (*Redemption at maturity*)) is less than or equal to the Residual Call Option Percentage of the aggregate principal amount of the Notes of such Series issued,

by giving not less than 30 nor more than 60 days' notice in writing to the Issuer and the Security Trustee, prepay the whole of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium.

Mandatory Prepayment – Redemption of Notes

If the Fully Secured Notes of the related Series become redeemable prior to their Maturity Date, other than as a result of a prepayment or termination of a Secured Loan Agreement, each Borrower shall prepay, at least one Business Day prior to the relevant date of redemption of such Notes, the outstanding balance of the Loan funded by the issue proceeds of such Series of Notes, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Mandatory Prepayment – Cancellation of Status

Each Borrower shall promptly notify the Issuer and the Security Trustee if it ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, such Borrower shall prepay the whole of the outstanding balance of its Loan(s), together with any interest and commitment fee accrued up to and including the date of prepayment, provided, however, that if such Borrower regains its status as a Registered Provider of Social Housing within such period of 180 days, it shall no longer be required to prepay its Loan(s).

Redemption of Notes – Further Payment in Respect of Retained Proceeds Par Amount

In the event that a Borrower elects to, or is otherwise required to, prepay the whole of the outstanding balance of its Loan and the Issuer is required to notify such Borrower of the price determined under the Conditions for the redemption of a corresponding principal amount of the related Series of Fully Secured Notes, then the Issuer shall be entitled to also take account of the redemption of such principal amount of the Fully Secured Notes of such Series (if no commitment is put in place with another Borrower) that shall correspond to the Retained Proceeds Par Amount (being an amount equal to the Retained Proceeds including, where any Retained Proceeds are invested in Permitted Investments, the purchase price of the relevant Permitted Investments and ignoring, for these purposes, any increase or decrease in such Retained Proceeds as a result of gains or losses in respect of such Permitted Investments and/or

any discount on a sale of Retained Notes by the Issuer), and the price notified to such Borrower shall be increased accordingly.

Warranties and Covenants

Each Borrower will make various warranties and covenants in accordance with the Secured Loan Agreement Standard Terms. These warranties and covenants include (or will include, as the case may be), *inter alia*, the following:

Information Covenants

Each Borrower must supply to the Issuer and the Security Trustee not later than 180 days after the end of each relevant financial year:

(a) copies of the audited financial statements of such Borrower (consolidated if available) for such financial year; and

(b) a certificate setting out, among other things, calculations in respect of the asset cover ratio substantially in the form set out in Schedule 2 to the Loan Agreement Standard Terms (the **Compliance Certificate**) signed by two Authorised Signatories of such Borrower.

Each Borrower must, following receipt of a notice from the Issuer stating that it intends to sell any Retained Notes of a related Series, supply to the Issuer and the Note Trustee not later than three Business Days prior to the date of such sale, a certificate setting out, among other things, calculations in respect of the Asset Cover Test substantially in the form set out in Schedule 8 to the Secured Loan Agreement Standard Terms signed by two Authorised Signatories of such Borrower confirming whether, immediately following such sale, the Borrowers will be in compliance with the Asset Cover Test in respect of the Secured Loan Agreements related to such Series of Fully Secured Notes.

Negative Pledge

No Borrower shall create or allow to exist (and shall procure that no Eligible Group Member creates or allows to exist) any Security Interest on any assets which are Security Assets, except as set out in the Secured Loan Agreement Standard Terms which includes the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Legal Mortgages and any Security Interests created with the prior written consent of the Issuer or by operation of law.

Charged Properties

Each Borrower shall obtain (and shall procure that each Eligible Group Member obtains) any authorisation or licence required in order to enable the Security Trustee pursuant to the powers of enforcement conferred on it by the Legal Mortgages to sell vacant Apportioned Properties and maintain insurances on and in relation to its Apportioned Properties.

Covenants

Each Borrower shall comply (and shall procure that each Eligible Group Member complies) (unless the Security Trustee otherwise agrees in writing) in all material respects with any covenants or restrictive covenants relating to an Apportioned Property which are binding on it.

Guarantee and Indemnity

Each Borrower in respect of a Secured Loan Agreement entered into in connection with each Series will irrevocably and unconditionally:

(a) guarantee to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Secured Loan Agreements entered into in connection with such Series, the Security Trust Deed and their respective Legal Mortgages, other than each other Borrower's obligations to repay principal and any prepayment premium thereon pursuant to their respective Secured Loan Agreements entered into in connection with such Series (such amounts being, the **Guaranteed Interest and Fee Amounts**);

(b) undertake with the Issuer that, whenever any other Borrower does not pay any Guaranteed Interest and Fee Amounts when due under its respective Secured Loan Agreement entered into in connection with such Series, the Security Trust Deed or its respective Legal Mortgage(s), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Interest and Fee Amounts as if it were the principal obligor;

(c) undertake with the Issuer that, to the extent that the proceeds of the enforcement of the Series Underlying Security in respect of such Series are insufficient to satisfy the Borrowers' obligations under their respective Secured Loan Agreements entered into in connection with such Series in full (the shortfall being, the **Guaranteed Principal Amount**), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Principal Amount as if it were the principal obligor; and

(d) agree to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Asset Cover Ratio

Each Borrower shall procure that at all times the sum of:

(a) the Minimum Value of Apportioned Properties multiplied by the Series Security Percentage;

(b) the Retained Proceeds Par Amount; and

(c) the Charged Cash,

in each case, in respect of the related Series of Fully Secured Notes, will not be less than the Aggregate Funded Commitment, provided however, that from and including the Final Charging Date, the Retained Proceeds Par Amount shall be deemed to be zero for the purpose of determining the Borrowers' compliance with the Asset Cover Test.

Interpretation

For these purposes:

Aggregate Funded Commitment means, in respect of each Series of Fully Secured Notes, the aggregate amount of all Commitments under all Secured Loan Agreements entered into in connection with such Series, less the aggregate principal amount of Retained Notes of such Series held by or on behalf of the Issuer;

Apportioned Properties means:

(a) where Numerical Apportionment Basis is specified in the applicable Loan Transaction Terms, unless and until the Charged Properties securing the obligations of the Borrowers under the Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes are apportioned, at such time, on the Specific Apportionment Basis following a request of

the Issuer in the limited circumstances permitted in the Security Trust Deed, the Units comprising the Residual Properties (as defined in the Security Trust Deed); and

(b) where Specific Apportionment Basis is specified in the applicable Secured Loan Transaction Terms or in the event that the Charged Properties securing the obligations of the Borrowers under the Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes are apportioned, at such time, on the Specific Apportionment Basis following a request of the Issuer in the limited circumstances permitted in the Security Trust Deed, such of the Units comprising the Charged Properties as have been allocated in respect of the Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes pursuant to the Security Trust Deed from time to time;

EUV-SH means a valuation made on the basis of existing use value for social housing ("EUV-SH") as defined by the RICS at UK VPGA 7 of the RICS Valuation – Global Standards 2017 UK National Supplement (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) (effectively assuming that the properties will continue to be let as social housing and that any vacant Units will be re-let to tenants on normal social housing terms) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the relevant Borrowers, the Issuer, the Security Trustee and a Valuer, and **EUV-SH Apportioned Properties** shall be construed accordingly;

Final Charging Date means:

(a) in relation to the Initial Commitment in respect of a Secured Loan Agreement, the date specified as such in the applicable Secured Loan Transaction Terms (which is expected to be the date falling six months after the Issue Date in respect of the related Series of Fully Secured Notes); and

(b) in relation to any further Commitments, the date (if any) as agreed between the Issuer, the relevant Borrower and the Security Trustee;

Minimum Value means, in relation to the Apportioned Properties in respect of the Secured Loan Agreements entered into in connection with any Series of Fully Secured Notes:

$$\left(\frac{A}{105}+\frac{B}{115}\right) x\ 100$$

A = the Value of the residential EUV-SH Apportioned Properties in respect of the Secured Loan Agreements entered into in connection with such Series of Fully Secured Notes determined on the basis of EUV-SH; and

B = the Value of the residential MV-ST Apportioned Properties in respect of the Secured Loan Agreements entered into in connection with such Series of Fully Secured Notes determined on the basis of MV-ST.

All Apportioned Properties shall each be treated as EUV-SH Apportioned Properties for the purpose of determining the Minimum Value unless and until a Value, determined on the basis of MV-ST, is given by a Valuer in respect of any such Apportioned Property and the Valuer has confirmed that it has reviewed a Certificate of Title in respect of such Apportioned Property certifying that it may be disposed of by the relevant Borrower or Eligible Group Member on an unfettered basis (meaning subject only to any existing tenancies disclosed in the Certificate of Title but not subject to any security interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use);

MV-ST means a valuation made on the basis of the current Market Value as defined by the RICS at VPS4 of the RICS Valuation - Global Standards 2017 UK National Supplement (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) (effectively, in these circumstances, based on the fact that the properties are subject to existing tenancies but are not restricted to use as social housing let at sub-market rents, and that any Units that become vacant may be sold with vacant possession) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the relevant Borrowers, the Issuer, the Security Trustee and a Valuer;

MV-ST Apportioned Properties means the Apportioned Properties accepted as such in accordance with the Secured Loan Agreement Standard Terms;

Retained Proceeds Par Amount means, in respect of each Series of Fully Secured Notes, an amount equal to the Retained Proceeds in respect of such Series of Fully Secured Notes at the time of calculation and, for this purpose:

(a) where any Retained Proceeds are at that time invested in Permitted Investments, the amount of such Retained Proceeds shall be taken as the purchase price of the relevant Permitted Investments ignoring any gains or losses in respect of those Permitted Investments since the date of purchase; and

(b) where the source of any Retained Proceeds is the net sale proceeds of any Retained Notes which were sold at a discount, the amount of such Retained Proceeds shall be taken as the principal amount of such Retained Notes;

Right to Buy means the right of a tenant of any property to buy or acquire part or all of such property (including, without limitation, by means of a shared ownership lease) from a Borrower or an Eligible Group Member under section 180 of the Housing and Regeneration Act 2008 (as amended by the Localism Act 2011 and the Housing and Planning Act 2016) (the **Housing and Regeneration Act**) or Part V of the Housing Act 1985 (or any similar right or scheme replacing or supplementing that right) or where a grant is provided to the relevant Borrower or Eligible Group Member in respect of such a sale under section 35(1) of the Housing and Regeneration Act or any other statute conferring similar rights to buy or acquire to tenants of Registered Providers of Social Housing with which the relevant Borrower or Eligible Group Member is obliged to comply or under any contract or other voluntary arrangement conferring such a right (and including, without limitation, such rights preserved notwithstanding any previous transfer of such property from any local authority);

Series Security Percentage means, in respect of all Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes:

(a) where the Charged Properties securing the obligations of the Borrowers under such Secured Loan Agreements are apportioned on the Numerical Apportionment Basis, the number of Units allocated to the Issuer in relation to such Secured Loan Agreements under the Numerical Apportionment Basis from time to time divided by the total number of Units comprising the Residual Properties from time to time, multiplied by 100 (and expressed as a percentage); and

(b) where the Charged Properties securing the obligations of the Borrowers under such Secured Loan Agreements are apportioned on the Specific Apportionment Basis, 100 per cent.; and

Value means, at any time and in relation to the Apportioned Properties, the value of those properties as shown in the then latest Valuation Report on the basis of EUV-SH or, as the case may be, MV-ST (provided that if any Apportioned Property or part thereof is sold pursuant to a Right to Buy, the Value of the relevant Apportioned Property shall, for the purposes of this definition and with effect from the date of the relevant sale or release, be zero (if the entire relevant Apportioned Property has been sold)

or (if only part of the relevant Apportioned Property has been sold) shall be the proportion of the value of the Apportioned Property which has not been sold pursuant to the relevant Right to Buy).

Apportionment Basis

The Apportioned Properties securing the obligations of the Borrowers under the Secured Loan Agreements shall be apportioned on the Numerical Apportionment Basis (subject to the rights of the Issuer to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of an Enforcement Event in accordance with the terms of the Security Trust Deed) or the Specific Apportionment Basis, as specified in the applicable Secured Loan Transaction Terms.

Addition, Substitution and Release of Apportioned Properties and Charged Cash

Addition of Apportioned Properties

Subject as set out below, each Borrower may charge (or may procure that any Eligible Group Member charges) additional Properties as Apportioned Properties provided that such Borrower and/or Eligible Group Member:

(a) provides to the Issuer and the Security Trustee the condition precedent documents specified in Schedule 2 to the Security Trust Deed in respect of the charging of such Properties;

(b) delivers to the Issuer and the Security Trustee a completed Additional Property Certificate certifying that, *inter alia*, such Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing; and

(c) provides such other documents as the Security Trustee or the Issuer may require as set out in Part 2 (*Property Conditions Precedent Documents*) of Schedule 1 to the Secured Loan Agreement Standard Terms.

Notwithstanding the foregoing, for so long as a Borrower's obligations under a Secured Loan Agreement are secured on the Numerical Apportionment Basis, the above requirements shall not apply in the event that Properties are added to the Residual Properties solely as a result of them ceasing to be allocated to any Specific Beneficiary on a Specific Apportionment Basis.

Substitution of Apportioned Properties

Subject as set out below, at the request and expense of a Borrower or an Eligible Group Member, the Security Trustee shall release from the relevant Security Documents (and/or reallocate, if applicable) such Apportioned Properties (the **Released Properties**) and substitute for the Released Properties other Properties (each, a **Substitute Property**) as may be selected by such Borrower or Eligible Group Member, provided that such Borrower or Eligible Group Member:

(a) provides to the Issuer and the Security Trustee the condition precedent documents specified in Schedule 2 to the Security Trust Deed in respect of the charging of the Substitute Properties;

(b) delivers to the Issuer and the Security Trustee a completed Substitute Property Certificate certifying, *inter alia*, that the relevant Substitute Property is a residential property of a type and nature that is usually owned by Registered Providers of Social Housing, that, immediately following such release (and/or reallocation, if applicable) and substitution, the relevant Asset Cover Test will not be breached as a result of the substitution of the relevant Apportioned Properties and that no Borrower Default or Potential Borrower Default has occurred and is continuing; and

(c) provides such other documents as the Security Trustee or Issuer may require as set out in Part 2 (*Property Conditions Precedent Documents*) of Schedule 1 to the Secured Loan Agreement Standard Terms.

Notwithstanding the foregoing, for so long as a Borrower's obligations under a Secured Loan Agreement are secured on the Numerical Apportionment Basis, the above requirements shall only apply in respect of substitutions out of and into the Residual Properties as a whole, and shall not apply in respect of adjustments to the Allocated Parts of NAB Beneficiaries without resulting in change to the Properties comprised within the Residual Properties or to the extent that the provisions described above and below relating to additions and substitutions would not apply to the Substitute Property and the Released Property, respectively.

Release of Apportioned Properties

Subject as set out below, at the request and expense of a Borrower or Eligible Group Member, the Security Trustee shall release from the relevant Security Documents (and/or reallocate, if applicable) such Properties (or Units) forming part of the Series Apportioned Part as may be selected by such Borrower or Eligible Group Member provided that such Borrower or Eligible Group Member delivers to the Issuer and the Security Trustee a completed Property Release Certificate certifying that, immediately following such release (and/or reallocation, if applicable), the relevant Asset Cover Test will not be breached as a result of the release (and/or reallocation, if applicable) of such part of the Series Apportioned Part and that no Borrower Default or Potential Borrower Default has occurred and is continuing.

Notwithstanding the foregoing, for so long as a Borrower's obligations under a Secured Loan Agreement are secured on the Numerical Apportionment Basis the above requirements shall only apply:

(a) where the Properties to be released from the Residual Properties do not constitute Unallocated Properties; and/or

(b) if an adjustment is required in respect of the Series Apportioned Part irrespective of whether any Properties are to be removed from the Residual Properties as a whole.

Statutory Disposals

Each Borrower and Eligible Group Member shall have the right to withdraw Property from the Series Apportioned Part pursuant to any Statutory Disposal and each Borrower or Eligible Group Member shall deliver to the Issuer and the Security Trustee, as soon as reasonably practicable after it has received notice of such Statutory Disposal, a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal, and, if the Statutory Disposal would result in a breach of the relevant Asset Cover Test, confirming that it shall procure that Additional Properties are charged pursuant to the Security Trust Deed so as to become part of the Series Apportioned Part and/or moneys are deposited into the relevant Series Ongoing Cash Security Account, in accordance with the relevant Secured Loan Agreement, such that any breach of the relevant Asset Cover Test will be cured.

Without prejudice to the aforementioned right to withdraw Property from the Series Apportioned Part pursuant to any Statutory Disposal, each Borrower will be required to covenant that, if following such withdrawal the Borrower(s) will no longer be in compliance with the relevant Asset Cover Test, it shall, as soon as practicable thereafter (and, in any event, prior to the expiry of the applicable grace period, charge (or procure the charging of) additional Properties and/or deposit (or procure the deposit of) money into the relevant Series Ongoing Cash Security Account in an aggregate amount sufficient to ensure that the Borrowers will be in compliance with the relevant Asset Cover Test.

Charged Cash

Pending the acquisition of any proposed Substitute Property by a Borrower or Eligible Group Member, such Borrower or Eligible Group Member, as applicable, may deposit the proceeds of disposal of the relevant Apportioned Properties which are released from charge under the relevant Security Documents into the Series Ongoing Cash Security Account in respect of the relevant Series for the purpose of maintaining the relevant Asset Cover Test (for the avoidance of doubt, no Borrower shall be required to monitor the market value of any Permitted Investments). Charged Cash may be withdrawn from a Series Ongoing Cash Security Account:

(a) to be applied by a Borrower or Eligible Group Member (provided, for the avoidance of doubt, that such Borrower or Eligible Group Member continues, at such time, to be a Registered Provider of Social Housing) in the acquisition of a Substitute Property; or

(b) to the extent that the relevant Asset Cover Test would not be breached immediately after such withdrawal,

and, in any event, if no Borrower Default or Potential Borrower Default has occurred and is continuing.

Notwithstanding the above, any Borrower or Eligible Group Member may, at any time, deposit, or arrange for the deposit of, any other money into a Series Ongoing Cash Security Account for the purposes of satisfying an Asset Cover Test.

Each Borrower will be required to acknowledge that the money standing to the credit of any Series Ongoing Cash Security Account shall be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed. Each Borrower will be required to acknowledge that:

(a) the Issuer may invest all or any part of the Charged Cash in Permitted Investments in accordance with the Custody Agreement;

(b) as a result of any gains or losses made by the Issuer in respect of such Permitted Investments and any income received thereon (which shall, for the avoidance of doubt, be credited to a Series Ongoing Cash Security Account), the amount of such Charged Cash may be greater or less than the amount deposited in the relevant Series Ongoing Cash Security Account by such Borrower or Eligible Group Member; and

(c) it shall not have any recourse to the Issuer in respect of any losses realised by the Issuer in respect of the Charged Cash as a result of investment in any Permitted Investments.

Valuations

Rolling Valuations

Each Borrower shall deliver (or procure the delivery of) a Rolling Valuation Report to the Issuer and the Security Trustee in the period between 31 March and the date falling 60 days thereafter in each year (commencing on 31 March 2023) whereby the Valuer values:

(a) not less than 20 per cent. of the Apportioned Properties on a Full Valuation Basis; and

(b) the remaining Apportioned Properties on a Desk Top Valuation Basis.

For these purposes:

(i) the Apportioned Properties to be valued on a Full Valuation Basis in any year must not include any Apportioned Properties which have been valued on a Full Valuation Basis in the preceding two years; and

(ii) in any five year period, 100 per cent. of Apportioned Properties must be valued on a Full Valuation Basis, taking into account any additions and withdrawals of Apportioned Properties in accordance with the Secured Loan Agreements.

Full and Desktop Valuations

Notwithstanding the above, the Borrowers may elect, by notice to the Issuer and the Security Trustee, to provide Valuations as follows:

(a) the Borrowers shall deliver (or procure the delivery of) a Full Valuation to the Issuer and the Security Trustee at least once in every period of five calendar years. The first Full Valuation must be delivered in the period between 31 March next following an election made in accordance with the Secured Loan Agreements and the date falling 60 days thereafter, and subsequent Full Valuations must be delivered in the period between 31 March and the date falling 60 days after 31 March in each fifth year after the previous Full Valuation delivered in accordance with this paragraph (or within the same period in any prior calendar year); and

(b) the Borrowers shall deliver (or procure the delivery of) a Desk Top Valuation to the Issuer and the Security Trustee in the period between 31 March and the date falling 60 days thereafter in each year (beginning in the year following the year in which a Full Valuation is first produced in accordance with (a) above) other than a year in respect of which a Full Valuation is required to be delivered under (a) above.

Loan Events of Default and Enforcement

Borrower Default

Each of the following (set out in more detail in the Secured Loan Agreement Standard Terms) is a **Borrower Default**:

(a) ***Non-payment***: The Borrower does not pay on the due date any amount payable by it under the Finance Documents in the manner required under the Finance Documents, unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.

(b) ***Breach of other obligations***: The Borrower or any Eligible Group Member fails to perform or observe any of its obligations under the Finance Documents (other than as referred to in (a) above and (l) below) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Security Trustee on such Borrower or Eligible Group Member of notice requiring the same to be remedied.

(c) ***Other non-payment***:

(i) Any other present or future indebtedness of the Borrower or any Eligible Group Member for or in respect of moneys borrowed or raised becomes due and payable prior to its

stated maturity by reason of any actual default, event of default or the like (howsoever described);

(ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period; or

(iii) the Borrower or any Eligible Group Member fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in (i), (ii) or (iii) above in this paragraph (c) have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Security Trustee) (and provided further, for the avoidance of doubt, that the amounts mentioned in (i), (ii) or (iii) above in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation).

(d) ***Enforcement Event***: An Enforcement Event occurs under a Relevant Document.

(e) ***Winding-up***: Any order is made by any competent court or resolution passed for the winding up or dissolution of the Borrower or any Eligible Group Member save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Security Trustee.

(f) ***Cessation of Business***: The Borrower or any Eligible Group Member ceases or threatens to cease to carry on the whole or, as determined by the Security Trustee, substantially the whole of its business, save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Security Trustee.

(g) ***Failure or inability to pay debts***: The Borrower or any Eligible Group Member stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.

(h) ***Insolvency***: Any of the insolvency related events occurs or proceedings are taken as referred to in the Secured Loan Agreement Standard Terms (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(i) ***Insolvency Proceedings***: The Borrower initiates or consents to the proceedings referred to in the Secured Loan Agreement Standard Terms (which exclude, or will exclude, any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(j) ***Arrangement with creditors***: The Borrower or any Eligible Group Member makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors) (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(k) ***Unlawfulness***: It is or becomes unlawful for the Borrower or any Eligible Group Member to perform any of its obligations under the Finance Documents to which they are, respectively, a party.

(l) ***Breach of the Asset Cover Test***: The Borrower fails to perform its obligations under Clause 10 (*Asset Cover Ratio*) of the Secured Loan Agreement Standard Terms and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Trustee on the Borrower of notice requiring the same to be remedied.

For these purposes, **Permitted Reorganisation** means any amalgamation, merger, consolidation or transfer of engagements (whether entering into or acceptance thereof) of the whole of any Borrower's or any Eligible Group Member's property (including, for the avoidance of doubt, any statutory procedure as provided for under the Co-operative and Community Benefit Societies Act 2014 (if applicable)) made between such Borrower or such Eligible Group Member, as the case may be, (**Party A**) and any other entity (**Party B**) provided that (i) Party B is a Registered Provider of Social Housing and any new amalgamated entity to be created as a result thereof will be a Registered Provider of Social Housing; (ii) following any such amalgamation, merger, consolidation or transfer of engagements in respect of which the property of Party A (including, for the avoidance of doubt, any liabilities) shall become vested in Party B or a new amalgamated entity, Party B or such new amalgamated entity will thereafter be responsible for all the liabilities of Party A pursuant to the Co-operative and Community Benefit Societies Act 2014 or otherwise; and (iii) a certificate executed by two authorised signatories of Party A or Party B confirming the above is provided to the Note Trustee.

Obligation to Notify the Issuer and the Security Trustee

Each Borrower shall notify the Issuer and the Security Trustee of any Borrower Default (and the steps, if any, being taken to remedy it) or potential Borrower Default in respect of its Secured Loan Agreement promptly upon becoming aware of the same. The Issuer shall also notify the Security Trustee of any Borrower Default or potential Borrower Default promptly upon becoming aware of the same (unless the Issuer is aware that a notification has already been provided by the relevant Borrower) including, but not limited to, the non-payment by a Borrower of any amounts owing to the Issuer under its Secured Loan Agreement on the due date for payment thereof.

Borrower Default Notice

Following the occurrence of a Borrower Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*), (c) (*Other non-payment*) and (k) (*Unlawfulness*) above, only if the Security Trustee shall have certified in writing to the relevant Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), the Issuer may declare by notice to the relevant Borrower either:

(a) that the security for the relevant Loan has become, whereupon the security for the relevant Loan shall become, immediately enforceable (and the Issuer shall notify the Security Trustee of the same in accordance with Clause 6 (*Default procedure*) of the Security Trust Deed); and/or

(b) (irrespective of whether a notice to the effect set out in (a) shall have already been given) that the relevant Loan has become due and repayable, whereupon that Loan shall become immediately due and repayable at the outstanding balance thereof together with accrued interest, premium (if any) and any other amounts and the security therefor shall become immediately enforceable.

Enforcement

If the security constituted under any Legal Mortgages for the benefit of the Issuer becomes enforceable as a result of the service of a notice pursuant to Clause 14.4 of the Secured Loan Agreement Standard Terms, then the Security Trustee or any receiver (where appropriate) shall hold the monies arising from any sale, calling in, collection or conversion under, or otherwise arising from the exercise of, the powers of conversion contained in the Legal Mortgages after the security has become enforceable upon trust to apply the same:

(a) first, in payment or retention of all costs, charges, expenses and liabilities incurred in or about the exercise of such powers or otherwise in accordance with the Security Documents and payments made by the Security Trustee, any Appointee or any Receiver in accordance with the Security Documents and of all remuneration payable to the Security Trustee, any Appointee or any Receiver in accordance with the Security Documents with interest thereon as provided in the Security Documents;

(b) second, in or towards payment to the Issuer of all interest then due and remaining unpaid on the relevant Loan and all commitment fees then due and remaining unpaid;

(c) third, in or towards payment to the Issuer of all principal and premium (if any) then due and remaining unpaid in respect of the relevant Loan; and

(d) fourth, in or towards payment to the Issuer of all other amounts then due and remaining unpaid under the relevant Secured Loan Agreement.

Taxes

Each Borrower must make all payments to be made by it to the Issuer under, *inter alia*, its Secured Loan Agreement(s), the Legal Mortgages and the Security Trust Deed, without any deduction or withholding for or on account of tax, unless a deduction or withholding is required by law.

If a deduction or withholding from any such payment is required by law to be made by a Borrower, the amount of the payment due from such Borrower shall be increased to an amount which (after making such deduction or withholding) leaves an amount equal to the payment which would have been due if no deduction or withholding had been required.

If, as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Interest Payment Date be required to make a withholding or deduction in respect of payments to be made by the Issuer to the Noteholders of the relevant Series of Fully Secured Notes pursuant to the Conditions (other than in respect of a Noteholder Specific Withholding), it shall notify each Borrower of the same. Each Borrower may (but, for the avoidance of doubt, shall not be obliged to), in its sole discretion, pay to the Issuer its *pro rata* share of such additional amounts (by reference to the Secured Loan Agreements entered into in connection with the same Series) as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders the amounts of principal and interest which they would have received in respect of the Notes in the absence of such withholding or deduction. Each Borrower shall continue to pay such additional amounts to the Issuer unless and until such Borrower delivers to the Issuer a notice stating that it shall cease to make such additional payments with effect from the next following Interest Payment Date.

In the event that one or more Borrowers does not choose to make such additional payments (or indicates that it intends to cease to make such additional payments) in respect of any Secured Loan Agreement entered into in connection with the relevant Series, the remaining Borrowers of Loans advanced in connection with the same Series may (but, for the avoidance of doubt, shall not be obliged to), in their sole discretion, pay to the Issuer such increased amount as will enable the Issuer (after such withholding

or deduction) to pay to the Noteholders of such Series the amounts of principal and interest which they would have received in respect of such Notes in the absence of such withholding or deduction. If the remaining Borrowers (either collectively or individually) do not choose to make such payments and as a result the Issuer will not have sufficient funds to pay the additional amounts in respect of such Notes, the Issuer shall not opt to pay such additional amounts (or, having so opted, will notify the Note Trustee and the Noteholders of such Series of its intention to cease paying such additional amounts) and the Notes shall be redeemed in accordance with Condition 9.2 (*Redemption for tax reasons*), whereupon each Borrower of a Loan advanced in connection with the same Series shall be required to prepay the outstanding balance of its Loan, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Governing Law

Each Secured Loan Agreement, and any non-contractual obligations or matters arising from or connected with it, are governed by and shall be construed in accordance with English law.

Description of the Legal Mortgages and the Security Trust Deed

The Issuer's obligations in respect of the Notes of each Series of Fully Secured Notes will be secured pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself, the Noteholders and the other Series Secured Parties by the Series Security, which includes an assignment by way of security of the Issuer's rights, title and interest arising under the Legal Mortgages and the Security Trust Deed.

The following description of the Legal Mortgages and the Security Trust Deed consists of a summary of certain provisions of the Legal Mortgages and the Security Trust Deed and is qualified by reference to the detailed provisions thereof. The Legal Mortgages and the Security Trust Deed are not, however, incorporated by reference into, and therefore do not form part of, these Programme Admission Particulars.

Definitions used in this section but not otherwise defined in these Programme Admission Particulars have the meanings given to them in the Legal Mortgages and/or the Security Trust Deed.

LEGAL MORTGAGES

The Borrowers shall enter into Legal Mortgages substantially in the form set out in the Security Trust Deed (each, a **Legal Mortgage**).

Fixed Charges

Pursuant to each Legal Mortgage, each Borrower and/or Eligible Group Member, as applicable, will charge with full title guarantee, as security for the payment of all Secured Obligations in favour of the Security Trustee for the benefit of itself and, *inter alios*, the Issuer:

(a) by way of a first fixed legal mortgage all the property specified therein together with all buildings and Fixtures, erections and structures thereon or in the course of construction thereon, the proceeds of sale of all or any part thereof and (so far as the same are capable of being mortgaged) the benefit of any covenants for title given or entered into by any predecessor in title of such Borrower or Eligible Group Member and any monies paid or payable in respect of such covenants;

(b) by way of first fixed charge:

  (i) all fixed plant and machinery (except for the Fixtures within paragraph (a) above) now or in the future owned by such Borrower or Eligible Group Member and its interest in any fixed plant and machinery in its possession, in each case which form part of or are operated on the property specified therein;

  (ii) all benefits in respect of the Insurances and all claims and returns of premiums in respect thereof;

  (iii) the benefit of all present and future licences, consents and authorisations (statutory or otherwise) held in connection with its business so far as it relates to the Security Assets and the use of any of the Security Assets specified in paragraphs (a) and (b)(i) above and the right to recover and receive all compensation which may at any time become payable to it in respect thereof; and

  (iv) if and in so far as the legal mortgages set forth in paragraph (a) above or the assignments set forth in the section entitled "*Assignment*" below shall for any reason be ineffective as legal mortgages or assignments, the assets referred to therein.

Assignment

Pursuant to each Legal Mortgage, each Borrower and/or Eligible Group Member, as applicable, will covenant with full title guarantee, as security for payment of the Secured Obligations, that on the request of the Security Trustee, it shall following the occurrence of an Enforcement Event which is continuing (unremedied or unwaived and is not remedied within any applicable grace period) assign to the Security Trustee for the benefit of itself and, *inter alios*, the Issuer (to the fullest extent assignable or capable of assignment without first infringing any contracted provision restricting the same) all of its rights, title and interest in and to:

(a) the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under the Letting Documents and by all guarantors and all security held by such Borrower or Eligible Group Member from time to time whether present or future in respect of the obligations of the tenants, lessees, licensees or other parties under the Letting Documents (including, without limiting the generality of the foregoing, all monies due and owing to such Borrower or Eligible Group Member or which may become due and owing to such Borrower or Eligible Group Member at any time in the future in connection therewith and any rent arrears or service charges due at any time from any tenants, lessees, licensees or other parties under the Letting Documents. regardless of whether such amounts became due before or after the date of such Legal Mortgage);

(b) all agreements now or from time to time entered into or to be entered into to enable the charging of the Security Assets and for the sale, letting or other disposal or realisation of the whole or any part of the Security Assets (including, without limiting the generality of the foregoing, all monies due and owing to such Borrower or Eligible Group Member or which may become due and owing to such Borrower or Eligible Group Member at any time in the future in connection therewith);

(c) all agreements, contracts, deeds, licences, undertakings, guarantees, covenants, warranties, representations and other documents (including all documents entered into now or in the future so as to enable such Borrower or Eligible Group Member to perfect its rights under such Legal Mortgage or any such agreement, contract, deed, licence, undertaking, guarantee, covenant, warranty, representation or other documents) now or hereafter entered into by or given to such Borrower or Eligible Group Member in respect of the properties specified therein and all claims, remedies, awards or judgments paid or payable to such Borrower or Eligible Group Member (including, without limitation, all liquidated and ascertained damages payable to such Borrower or Eligible Group Member under the above) in each case relating to the properties specified therein;

(d) all licences held now or in the future in connection with the properties specified therein and also the right to recover and receive all compensation which may at any time become payable to such Borrower or Eligible Group Member in relation to the properties specified therein;

(e) all rights and claims to which such Borrower or Eligible Group Member is now or may hereafter become entitled in relation to any development, construction project, redevelopment, refurbishment, repair or improvement of or on the properties specified therein;

(f) all guarantees, warranties, bonds and representations given or made now or hereafter by, and any rights or remedies against, all or any of the designers, builders, contractors, surveyors, valuers, professional advisers, sub-contractors, manufacturers, suppliers and installers of any Fixtures in respect of the properties specified therein; and

(g) all rental income and disposal proceeds in each case relating to the properties specified therein which has not been assigned as set out in (a), (b) or (c) and the right to make demand for and receive the same.

Representations, Warranties and Undertakings

Each Borrower and Eligible Group Member shall make various representations in respect of the properties specified in the relevant Legal Mortgage including as to ownership, planning permission, covenants and security interests. In addition, each Borrower and Eligible Group Member shall undertake to, *inter alia*, repair, insure, pay taxes in respect of and comply with all leases in respect of, such properties.

Enforcement of Security

Each Legal Mortgage will provide that at any time after an Enforcement Event has occurred and is continuing and has not been remedied within any applicable grace period, the security created by or pursuant to such Legal Mortgage will be immediately enforceable and the Security Trustee may enforce all or any part of such security.

The Legal Mortgages shall entitle the Security Trustee and, *inter alios*, the Issuer to be indemnified in respect of, *inter alia*, all liabilities incurred by them in the execution or purported execution of any of the powers vested in them pursuant to the Legal Mortgages.

Governing Law

Each Legal Mortgage and any non-contractual obligations arising out of or in connection with it will be governed by and construed in accordance with English law.

SECURITY TRUST DEED

The benefit of the security created by the Borrowers and the Eligible Group Members pursuant to the Legal Mortgages shall be held by the Security Trustee on trust for the benefit of itself and, *inter alios*, the Issuer on the terms of the Security Trust Deed.

The Security

Division of Properties and Related Security Assets

Each Loan Transaction Terms in respect of a Secured Loan Agreement will specify whether the Borrower's obligations under its Secured Loan Agreement will be apportioned on a "Numerical Apportionment Basis" or a "Specific Apportionment Basis". All Secured Loan Agreements entered into in connection with the same Series of Fully Secured Notes will specify the same apportionment basis.

The Security Trust Deed provides that, where Numerical Apportionment Basis is specified as the basis for apportionment, a specific number of units within the portfolio of Residual Properties will be designated to the relevant Beneficiary (each, a **NAB Beneficiary**) as agreed between a Borrower and such Beneficiary (being, in the case of the Loan Agreements, the Issuer).

Where Numerical Apportionment Basis is specified as the apportionment basis, a Beneficiary in respect thereof is entitled to change its basis of apportionment to "Specific Apportionment Basis" only in the limited circumstances and in accordance with the procedures specified in the Security Trust Deed.

The Security Trust Deed provides that, where Specific Apportionment Basis is specified as the basis for apportionment or in the event that the apportionment basis is changed to Specific Apportionment Basis,

the apportioned part of the Charged Properties shall be as selected and notified to the Issuer in accordance with the terms of the Security Trust Deed.

Additions and releases of Apportioned Properties

On or prior to creating a Legal Mortgage in respect of any Property, the relevant Borrower or Eligible Group Member, as applicable, is required to deliver to the Security Trustee (or such person as shall be nominated by the Security Trustee, to be held by such person to the order of the Security Trustee) the documents listed in Schedule 2 to the Security Trust Deed, such documents to be in form and substance satisfactory to the Issuer (and, where the Apportioned Properties are the Residual Properties, the other NAB Beneficiaries).

The Security Trustee shall release the benefit of any Security Interest, rights or obligations held by it over the Apportioned Property as security for all or any of the Secured Obligations:

(a) subject to the instruction the Issuer and, where the Apportioned Properties are the Residual Properties, the other NAB Beneficiaries (or, where the Properties to be released constitute Unallocated Properties, the relevant Borrower or Eligible Group Member); and

(b) provided, in each case, that the relevant Borrower or Eligible Group Member, as applicable, shall have paid to the Security Trustee, or provided for to the satisfaction of the Security Trustee, all Trustee Costs which relate to the Residual Properties or such Apportioned Properties (as applicable).

The Issuer's instructions shall be subject to satisfaction with the requirements of the Secured Loan Agreements as regards such additions and releases (see "*Description of the Secured Loan Agreements*" above).

Application of Proceeds

The Security Trustee shall, upon the enforcement of the Rights, and after satisfying claims which at law rank in priority to sums owing under or in respect of any of the Relevant Documents, apply all Proceeds and all money derived therefrom:

(a) in respect of the Security Assets comprised in the Residual Properties:

  (i) first, in or towards payment of all NAB Trustee Costs;

  (ii) second, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such NAB Beneficiary arising under or in connection with each Relevant Document to which such NAB Beneficiary is a party in the order of priority set out therein (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant NAB Beneficiary's allocation) (and so that, in each case, any surplus remaining after payment of all such Relevant Liabilities shall be reallocated among the remaining NAB Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions). For the avoidance of doubt, no surplus amounts shall be reallocated by the Security Trustee until all Relevant Liabilities have been fully discharged in connection with the relevant Relevant Document;

  (iii) third, by allocating the balance among the Beneficiaries whose Relevant Liabilities have not been fully discharged under (a)(ii) above or (b)(ii) below *pro rata* to their unpaid liabilities so that the amount allocated to each Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such Beneficiary arising in connection with

the relevant Relevant Document in the order of priority set out therein (and so that, in each case, any surplus remaining after payment of all such Relevant Liabilities when due shall be re-allocated among the remaining Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions);

(iv) fourth, to the extent not recovered under (a)(i) above or (b)(i) below, in or towards payment of all Trustee Costs; and

(v) fifth, the balance, if any, to the relevant Borrower or Eligible Group Member; and

(b) in respect of the Security Assets comprised in a Specific Apportioned Part:

(i) first, in or towards payment of all Relevant Trustee Costs;

(ii) second, in or towards satisfaction of all Relevant Liabilities of the Specific Beneficiary (other than Relevant Trustee Costs) in accordance with the Relevant Documents in respect of the Relevant Liabilities (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant Specific Beneficiary's allocation);

(iii) third, by allocating the balance among the Beneficiaries whose Relevant Liabilities have not been fully discharged under (a)(ii) or (b)(ii) above *pro rata* to their unpaid liabilities so that the amount allocated to each Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such Beneficiary arising in connection with the relevant Relevant Document in the order of priority set out therein (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant Specific Beneficiary's allocation) (and so that, in each case, any surplus remaining after payment of all such Relevant Liabilities when due shall be re-allocated among the remaining Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions);

(iv) fourth, to the extent not recovered under (a)(i) or (b)(i) above, in or towards payment of all Trustee Costs; and

(v) fifth, the balance, if any, to the relevant Borrower or Eligible Group Member.

Enforcement of Security

Pursuant to Clause 6 (*Default procedure*) of the Security Trust Deed, the Security Trustee shall only be required to take action to enforce or protect the security created by, or rights arising under, the Legal Mortgages if instructed to do so by the Issuer (and/or the other NAB Beneficiaries where the Series Underlying Security is apportioned to it on the Numerical Apportionment Basis) (and then only if it has been indemnified and/or secured and/or pre-funded to its satisfaction).

In respect of instructions given by the Issuer, the Issuer will assign its rights under, *inter alia*, the Security Trust Deed and the Legal Mortgages to the Note Trustee and, pursuant to Condition 6.3 *(Loan Agreements, Legal Mortgages and Security Trust Deed Consents Covenant*), has covenanted not to take any action or direct the Security Trustee to take any action pursuant thereto except with the prior consent of the Note Trustee. The Note Trustee may, but is not obliged to, seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

In enforcing the Series Underlying Security in respect of any Series (including the Issuer's rights, title and interests in the Security Trust Deed and the Legal Mortgages insofar as they relate to the Notes of such Series) the Note Trustee may act in its discretion. It is, however, required to take action, pursuant to Condition 12.2 (*Enforcement*), where so directed by the requisite majority of the Noteholders of such Series provided, however, that it is secured and/or indemnified and/or pre-funded to its satisfaction.

Governing Law

The Security Trust Deed and any non-contractual obligations arising out of or in connection with it will be governed by and construed in accordance with English law.

Description of the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement

The Issuer has appointed The Bank of New York Mellon, London Branch as its account bank, its custodian in relation to Permitted Investments and its custodian in relation to Retained Notes pursuant to the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement, respectively, in relation to the issue of the Notes.

The Bank of New York Mellon, a wholly owned subsidiary of The Bank of New York Mellon Corporation, is incorporated, with limited liability by Charter, under the Laws of the State of New York by special act of the New York State Legislature, Chapter 616 of the Laws of 1871, with its head office situated at 240 Greenwich Street, New York, NY 10286, USA. The Bank of New York Mellon is supervised and regulated by the New York State Department of Financial Services and the Federal Reserve and is authorized by the Prudential Regulation Authority (Firm Reference Number: 122467).

The Bank of New York Mellon's corporate trust business services all major debt categories, including corporate and municipal debt, mortgage-backed and asset-backed securities, collateralised debt obligations, derivative securities and international debt offerings. The Bank of New York Mellon's corporate trust and agency services are delivered through The Bank of New York Mellon and The Bank of New York Mellon Trust Company, N.A.

The Bank of New York Mellon Corporation is a NYSE listed global financial services company focused on helping clients manage and service their financial assets, operating in 35 countries and serving more than 100 markets.

The Bank of New York Mellon is a leading provider of financial services for institutions, corporations and high-net-worth individuals, providing superior asset management and wealth management, asset servicing, issuer services, clearing services and treasury services through a worldwide client-focused team. It has more than $55.8 trillion in assets under custody and administration and more than $2 trillion in assets under management. Additional information is available on www.bny.com.

The following description of the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement consists of a summary of certain provisions of the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement and is qualified by reference to the detailed provisions thereof. The Account Agreement, the Custody Agreement and the Retained Note Custody Agreement are not, however, incorporated by reference into, and therefore do not form part of, these Programme Admission Particulars.

Definitions used in this section but not otherwise defined in these Programme Admission Particulars have the meanings given to them in the Account Agreement, the Custody Agreement and the Retained Note Custody Agreement.

ACCOUNT AGREEMENT

Series Accounts

The Account Bank shall open and maintain a Series Transaction Account in respect of each Series of Notes and, in respect of each Series of Fully Secured Notes, a Series Ongoing Cash Security Account and (if required) a Series Initial Cash Security Account.

Initial Deposits

Pursuant to the Account Agreement, the Issuer shall:

(a) on the Issue Date of each Series of Fully Secured Notes:

(i) to the extent that there will be Retained Proceeds in respect of such Series, credit the Series Initial Cash Security Account in respect of such Series with the Retained Proceeds, to the extent that such amount is not invested directly in Permitted Investments which are deposited in the Series Initial Cash Security Custody Sub-Account; and

(ii) credit the Series Transaction Account in respect of such Series with the net issue proceeds of the Notes of such Series less the Retained Proceeds (if any) in respect of such Series to the extent that such amount is not paid directly to or to the order of a Borrower pursuant to, and in accordance with, a Secured Loan Agreement entered into in connection with such Series; and

(b) on the Issue Date of each Series of Partly Secured Notes, to the extent that there will be Retained Proceeds in respect of such Series, credit the Series Transaction Account in respect of such Series with the Retained Proceeds to the extent that such amount is not paid directly to or to the order of a Borrower pursuant to, and in accordance with, an Unsecured Loan Agreement entered into in connection with such Series.

The Issuer shall, upon receipt, credit to the Series Ongoing Cash Security Account in respect of each Series of Fully Secured Notes all amounts received from a Borrower or an Eligible Group Member pursuant to Clause 11.7 (*Addition, Substitution and Release of Apportioned Properties and Charged Cash*) of the Secured Loan Agreement Standard Terms in respect of any Secured Loan Agreement relating to such Series.

Retained Note Deposits

Pursuant to the Account Agreement, the Issuer shall:

(a) upon the sale of any Retained Notes of any Series of Fully Secured Notes, credit the Series Initial Cash Security Account in respect of such Series with the net sale proceeds of such Retained Notes, to the extent that such amount is not paid directly to a Borrower pursuant to, and in accordance with, a Secured Loan Agreement entered into in connection with such Series; and

(b) upon the sale of any Retained Notes of any Series of Partly Secured Notes, credit the Series Transaction Account in respect of such Series with the net sale proceeds of such Retained Notes, to the extent that such amount is not paid directly to a Borrower pursuant to, and in accordance with, an Unsecured Loan Agreement entered into in connection with such Series.

Future Deposits and Withdrawals

The Issuer has covenanted, pursuant to the Note Trust Deed that, in respect of any Series of Fully Secured Notes:

(a) prior to the enforcement of the Series Security in respect of such Series, payments from the Series Initial Cash Security Account relating to such Series shall only be made to fund:

(i) the Commitments pursuant to, and in accordance with the terms of, the Secured Loan Agreements entered into in connection with such Series;

(ii) payment to a Borrower or any other member of the Group (other than the Issuer) in respect of any Notes of such Series surrendered for cancellation in accordance with a Secured Loan Agreement entered into in connection with such Series;

(iii) the purchase of Permitted Investments pursuant to the Custody Agreement; or

(iv) redemptions of the Notes of such Series in accordance with the Conditions;

(b) prior to the enforcement of the Series Security in respect of such Series, payments from the Series Ongoing Cash Security Account relating to such Series shall only be made to a Borrower pursuant to, and in accordance with the terms of, a Secured Loan Agreement entered into in connection with such Series or to purchase Permitted Investments pursuant to, and in accordance with, the Custody Agreement; and

(c) no payments from the Series Transaction Account in respect of any Series will be made other than in accordance with the Conditions of the Notes of such Series and the Issuer has undertaken to procure that amounts are paid into and out of each Series Transaction Account only in accordance with the Conditions of the Notes of such Series, the Account Agreement and the Agency Agreement.

The Issuer has covenanted, pursuant to the Note Trust Deed that, in respect of any Series of Partly Secured Notes, that no payments from the Series Transaction Account in respect of such Series will be made other than:

(a) to fund:

(i) the Commitments pursuant to, and in accordance with the terms of, the Unsecured Loan Agreements entered into in connection with such Series;

(ii) payment to a Borrower or any other member of the Group (other than the Issuer) in respect of any Notes of such Series surrendered for cancellation in accordance with an Unsecured Loan Agreement entered into in connection with such Series; or

(iii) redemptions of the Notes of such Series in accordance with the Conditions; and

(b) otherwise, in accordance with the Conditions of the Notes of such Series,

and the Issuer has undertaken to procure that amounts are paid into and out of each Series Transaction Account only in accordance with the Conditions of the Notes of such Series, the Account Agreement and the Agency Agreement.

The Account Bank is under no obligation to monitor compliance with the above covenants.

Interest

Any monies standing to the credit of a Series Transaction Account, a Series Initial Cash Security Account and/or a Series Ongoing Cash Security Account will, subject to the Account Agreement, earn interest at the rate(s) to be notified by the Account Bank to the Issuer from time to time.

Pursuant to the Account Agreement:

(a) interest accrued on the Series Transaction Account and the Series Initial Cash Security Account in respect of any Series of Fully Secured Notes shall be credited to, or debited from, the Series Transaction Account in respect of such Series and interest accrued on any Series Ongoing Cash Security Account shall be credited to, or debited from, such Series Ongoing Cash Security Account; and

(b) interest accrued on the Series Transaction Account in respect of any Series of Partly Secured Notes shall be credited to, or debited from, the Series Transaction Account in respect of such Series.

Change of Account Bank

The appointment of the Account Bank in respect of a Series of Notes may, with the prior written approval of the Note Trustee, be terminated by the Issuer upon at least 45 days' written notice (subject to the appointment of a replacement account bank) or forthwith at any time the Account Bank is adjudged bankrupt or insolvent. The appointment of the Account Bank may also be terminated in respect of a Series of Fully Secured Notes in the event that:

(a) the short-term senior, unsecured and unguaranteed indebtedness rating of the Account Bank as assigned by any Relevant Rating Agency falls below the Minimum Rating Requirement or is withdrawn; and

(b) there are amounts standing to the credit of the Series Initial Cash Security Account and/or the Series Ongoing Cash Security Account in respect of such Series,

subject to the appointment of a replacement account bank.

The Account Bank may resign its appointment upon giving at least 45 days' written notice (subject to the appointment of a replacement account bank, provided that if the Account Bank shall resign due to a change in any applicable law or regulation to which the Account Bank may be subject and such change causes the performance by the Account Bank of its duties under the Account Agreement to be in violation of such law or regulation, such resignation shall take place immediately).

Pursuant to the Account Agreement, the appointment of any replacement Account Bank shall be subject to the prior written approval of the Note Trustee, be on substantially the same terms as the Account Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from each Relevant Rating Agency of no less than the Minimum Rating Requirement.

For these purposes:

Minimum Rating Requirement means a short-term senior, unsecured and unguaranteed indebtedness rating of "A-1", "F1" or equivalent assigned by a Relevant Rating Agency; and

Relevant Rating Agency means, in respect of each Series, S&P, Fitch and/or such other rating agency which has assigned a solicited rating to the Notes of such Series at the relevant time.

CUSTODY AGREEMENT

Custody Account

Pursuant to the Custody Agreement, the Custodian shall, subject to receipt of such documents as it may require, open, in the name of the Issuer, a Series Ongoing Cash Security Custody Sub-Account and (if required) a Series Initial Cash Security Custody Sub-Account in respect of each Series of Fully Secured Notes (the **Series Custody Sub-Accounts**) and a Series Ongoing Cash Security Cash Sub-Account and (if required) a Series Initial Cash Security Cash Sub-Account in respect of each Series of Fully Secured Notes (the **Series Cash Sub-Accounts** and, together with the Series Custody Sub-Accounts, the **Series Custody Account**).

Payments and Delivery

The Issuer has authorised the Custodian to make payments and delivery out of each Series Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as provided below.

Pursuant to the Custody Agreement, unless otherwise instructed pursuant to Instructions to make a payment out of the proceeds of any Distributions in respect of Permitted Investments held by the Issuer in the settlement of an acquisition of other Permitted Investments on or prior to the date of receipt of such Permitted Investments (subject as provided below), the Issuer has agreed to give Instructions to the Custodian, forthwith upon receipt by the Custodian of any Distributions to transfer:

(a) all Distributions credited to the Series Ongoing Cash Security Cash Sub-Account in respect of each Series of Fully Secured Notes to the Series Ongoing Cash Security Account in respect of such Series of Fully Secured Notes;

(b) all Distributions (including any amount representing Permitted Investment Profit (if any)) credited to the Series Initial Cash Security Cash Sub-Account in respect of each Series of Fully Secured Notes (other than Distributions which represent redemption and/or sale proceeds less any Permitted Investment Profit (if any)) to the Series Transaction Account in respect of such Series of Fully Secured Notes; and

(c) all Distributions credited to a Series Initial Cash Security Cash Sub-Account in respect of each Series of Fully Secured Notes (other than those to be credited to the Series Transaction Account pursuant to (b) above) to the Series Initial Cash Security Account in respect of such Series of Fully Secured Notes,

subject, in each case, to any withholding as required by applicable tax laws.

The Issuer has agreed that it shall not instruct the Custodian pursuant to Instructions to make a payment out of the proceeds of any Distributions standing to the credit of a Series Initial Cash Security Cash Sub-Account in respect of a Series of Notes other than Distributions which represent redemption and/or sale proceeds (but excluding any amount representing Permitted Investment Profit (if any)) and that such amounts shall forthwith upon receipt be transferred to the Series Transaction Account in respect of such Series of Fully Secured Notes in accordance with (b) above.

Interest

Any monies standing to the credit of each Ongoing Cash Security Cash Sub-Account and each Initial Cash Security Cash Sub-Account will, subject to the Custody Agreement bear or charge interest at the rate to be notified by the Custodian to the Issuer from time to time.

Change of Custodian

Either the Issuer (with the prior written approval of the Note Trustee) or the Custodian may terminate the Custody Agreement by giving at least 45 days' written notice to the other party (subject to the appointment of a replacement custodian).

Either of the Issuer (with the prior written approval of the Note Trustee) or the Custodian may further terminate the Custody Agreement with immediate effect by giving notice to the other parties if the Custodian or the Issuer, as applicable, has committed a material breach of the terms of the Custody Agreement which is not remedied within 30 days of notice of the same or upon the occurrence of an insolvency event with respect to that party.

The Issuer (with the prior written approval of the Note Trustee) shall terminate the appointment of the Custodian in respect of a Series of Fully Secured Notes in the event that:

(a) the short-term senior, unsecured and unguaranteed indebtedness rating of the Custodian as assigned by any Relevant Rating Agency falls below the Minimum Rating Requirement or is withdrawn; and

(b) there are Permitted Investments standing to the credit of the Series Custody Account in respect of such Series,

subject to the appointment of a replacement custodian.

Pursuant to the Custody Agreement, the appointment of any replacement custodian shall be subject to the prior written consent of the Note Trustee, be on substantially the same terms as the Custody Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from each Relevant Rating Agency of no less than the Minimum Rating Requirement.

RETAINED NOTE CUSTODY AGREEMENT

Retained Note Custody Account

Pursuant to the Retained Note Custody Agreement, the Retained Note Custodian has opened, in the name of the Issuer, the Retained Note Custody Sub-Account and the Retained Note Cash Sub-Account (together with the Retained Note Custody Sub-Account, the **Retained Note Custody Account**).

Payments and Delivery

The Issuer has authorised the Retained Note Custodian to make payments and delivery out of the Retained Note Custody Account only as provided below.

Pursuant to the Retained Note Custody Agreement, the Retained Note Custodian shall not effect a transfer of any Retained Notes except (in the case of Fully Secured Notes) with the prior written consent of the Note Trustee in the form of a Retained Note Consent Letter which has been countersigned on behalf of the Note Trustee.

Pursuant to the Retained Note Custody Agreement, unless otherwise instructed pursuant to Instructions to make a payment out of any Sale Proceeds to a Borrower in satisfaction of the Issuer's obligation to make an advance pursuant to a Loan Agreement entered into in connection with the relevant Series, the Issuer shall give Instructions to the Retained Note Custodian, forthwith upon receipt by the Retained Note Custodian of any Sale Proceeds:

(a) in respect of any Retained Notes which form part of a Series of Fully Secured Notes, to transfer all Sale Proceeds in respect of the Retained Notes of each Series to the Series Initial Cash Security Account in respect of such Series; and

(b) in respect of any Retained Notes which form part of a Series of Partly Secured Notes, to transfer all Sale Proceeds in respect of the Retained Notes of each Series to the Series Transaction Account in respect of such Series,

subject to any withholding as required by applicable tax laws.

Payment Waiver

Notwithstanding any other provision of the Retained Note Custody Agreement to the contrary and subject to the following paragraph, the Issuer has, pursuant to the Retained Note Custody Agreement, unconditionally and irrevocably:

(a) waived its rights to receive payments of interest, principal or other amounts in respect of the Retained Notes and, for the avoidance of doubt, such waiver by the Issuer of such rights will continue to be effective following the occurrence of an Event of Default or Potential Event of Default in respect of the relevant Series;

(b) authorised the Retained Note Custodian to disclose the waiver referred to in (a) above in respect of the Retained Notes (and the Retained Notes position with the Retained Note Custodian) to the Principal Paying Agent and any applicable international clearing system for the Retained Notes to ensure that the waiver of the right to receive payments of interest, principal or otherwise in respect of the Retained Notes is effected; and

(c) directed the Retained Note Custodian, in respect of each Retained Note held by the Retained Note Custodian on behalf of the Issuer in the Retained Note Custody Sub-Account in definitive form (if applicable):

    (i) on each Interest Payment Date, to surrender the interest coupon for such Retained Note corresponding to such Interest Payment Date to the Principal Paying Agent for cancellation;

    (ii) in respect of Retained Notes where Instalment Redemption is specified as applicable in the applicable Pricing Supplement, on each Instalment Date, to surrender the principal receipt for such Retained Note corresponding to such Instalment Date to the Principal Paying Agent for cancellation; and

    (iii) to surrender the definitive note representing such Retained Note to the Principal Paying Agent for cancellation on any date on which the Retained Notes are to be redeemed in full.

The Retained Note Custodian and the Issuer have each acknowledged and agreed that the waiver, authorisation and direction provided by the Issuer as described above are irrevocable except with the prior written consent of the Note Trustee in the form of a Retained Note Consent Letter which has been countersigned on behalf of the Note Trustee.

Interest

Any monies standing to the credit of the Retained Note Cash Sub-Account will, subject to the Retained Note Custody Agreement bear or charge interest at the rate to be notified by the Retained Note Custodian to the Issuer from time to time.

Termination of Retained Note Custody Agreement

Either the Issuer or the Retained Note Custodian may terminate the Retained Note Custody Agreement by giving at least 30 days' written notice to the other party.

Either of the Issuer or the Retained Note Custodian may further terminate the Retained Note Custody Agreement with immediate effect by giving notice to the other parties if the Retained Note Custodian or the Issuer, as applicable, has committed a material breach of the terms of the Retained Note Custody Agreement which is not remedied within 30 days of notice of the same or upon the occurrence of an insolvency event with respect to that party.

Pursuant to the Retained Note Custody Agreement, the Issuer has covenanted for the benefit of the Note Trustee that, in the event that the Retained Note Custody Agreement is terminated, it shall appoint a successor custodian to hold the Retained Notes on substantially the same terms as the Retained Note Custody Agreement, in particular, but without limitation, with respect to the payment waiver and transfer restrictions applicable to the Retained Notes, as described above.

Description of the Issuer

Incorporation and Status

Peninsular Capital PLC (the **Issuer**) is a public limited company incorporated in England and Wales with registered number 14372582 and was incorporated on 23 September 2022 under the Companies Act 2006.

The registered address of the Issuer is Peninsular House, Wharf Road, Portsmouth, PO2 8HB. The telephone number of its registered address is 0800 652 0898.

The Issuer has no subsidiaries.

Principal Activities of the Issuer

The Issuer has been established as a special purpose vehicle for the purpose of incurring indebtedness (including by the issue of securities) and lending the proceeds thereof to the Borrowers (including the Original Borrower) to be applied in the achievement of each Borrower's objects, as permitted by their respective constitutional documents.

Directors

The directors of the Issuer and their other principal activities are:

Name	**Principal Activities outside of the Issuer**
Mark Perry	Director & Chief Executive, the Original Borrower Director, Bargate SPV1 Limited Shareholder, Affinitysutton Director, Mitre Court (Fareham) Management Limited Director, McCarthy & Stone (Shared Ownership) Limited
David Ball	Chief Finance Officer & Company Secretary, the Original Borrower Director & Company Secretary, VIVID Build Limited Director & Company Secretary, Vestal Developments Limited Director, Aspect Building Communities Limited Company Secretary, Bargate Homes Limited Company Secretary, Bargate SPV1 Limited Company Secretary, Mitre Court (Fareham) Management Limited
Jonathan Roberts	Director, HARP Homeless Charity

The business address of each of the above directors is Peninsular House, Wharf Road, Portsmouth, PO2 8HB.

The Secretary of the Issuer is David Ball, whose business address is Peninsular House, Wharf Road, Portsmouth, PO2 8HB.

Subject as follows, there are no potential conflicts of interest between any duties to the Issuer of the directors of the Issuer and their private interests and/or duties.

Each of the directors of the Issuer are employees of the Original Borrower and have executive roles in relation to the Group as a whole including the Original Borrower. Their duties to the Original Borrower may conflict with their directors' duties to the Issuer in determining matters regarding a Loan Agreement entered into with the Original Borrower. However, in accordance with the Issuer's Articles of Association, provided a director of the Issuer has disclosed the nature and extent of their interest (each, a **Conflict**)

and the other directors have authorised such Conflict (such authorisation being deemed to have been given where the Conflict arises as a result of their connection with any parent or subsidiary of the Issuer) he or she may have such an interest and there is no restriction on such director being able to vote at a board meeting of the Issuer. In addition, in acting in their capacity as directors of the Issuer, they have an overriding duty to act in the best interests of the Issuer.

The Issuer acts in conformity with its constitutional documents.

The Issuer has no employees but has available to it the treasury and business resources of the Group to enable it to administer its business and perform its obligations.

Share Capital and Major Shareholders

As at 31 March 2026, the entire issued share capital of the Issuer comprised 50,000 ordinary shares of £1 each, which is paid up to £0.25 per share.

As at the date of these Programme Admission Particulars, the Original Borrower holds all of the shares of the Issuer.

The Original Borrower exercises control over the Issuer through its full ownership of the Issuer.

Operations

On 3 November 2022, the Issuer established the Programme. The Programme was previously updated on 16 October 2023, 16 October 2024 and 16 October 2025. These are its only operations to date.

Description of the Group and the Original Borrower

The Group

Background

The Original Borrower is the parent of the Group.

The Group is a leading provider of affordable homes in the south of England. The Group's aim is to provide its customers with a safe and secure place to call home and also access to a wide range of tailored support to sustain their tenancies and look after their wellbeing. This is summed up in the Group's vision: *"More homes, bright futures"*.

The Group invests in communities and addresses the shortage of affordable housing in the south of England, with the intention of building the right type of homes to meet society's needs. It is one of the largest developers of new homes amongst housing associations in England, having built 1,549 in the financial year ended 31 March 2026. The Group's latest Regulatory Judgements of "G1" and "V1" for governance and viability, respectively, highlight its position as an organisation with continued robust governance and financial management.

As at 31 March 2026, the Group had over 84,000 customers and around 38,000 homes across 25 local authority areas within Hampshire, Surrey, Berkshire and West Sussex. The main concentration of the Group's homes are in: Basingstoke & Deane (20 per cent.), Eastleigh (17 per cent.), Rushmoor (14 per cent.), Portsmouth (8 per cent.) and Hart (8 per cent.).

In the financial year ended 31 March 2026, the Group invested £95.9 million in its existing homes. The total figure awarded for the funding of new homes as part of the Homes England Strategic Partnership was £319.8 million. The Group's turnover for its financial year ended 31 March 2026 was £388.7 million and its operating surplus was £129.9 million. In August 2026, the Group was awarded a further £349.9 million as part of the Homes England Strategic Partnership's Social and Affordable Homes Programme.

The average number of employees of the Group for the financial period ending 31 March 2026 was 1,118 full time equivalents.

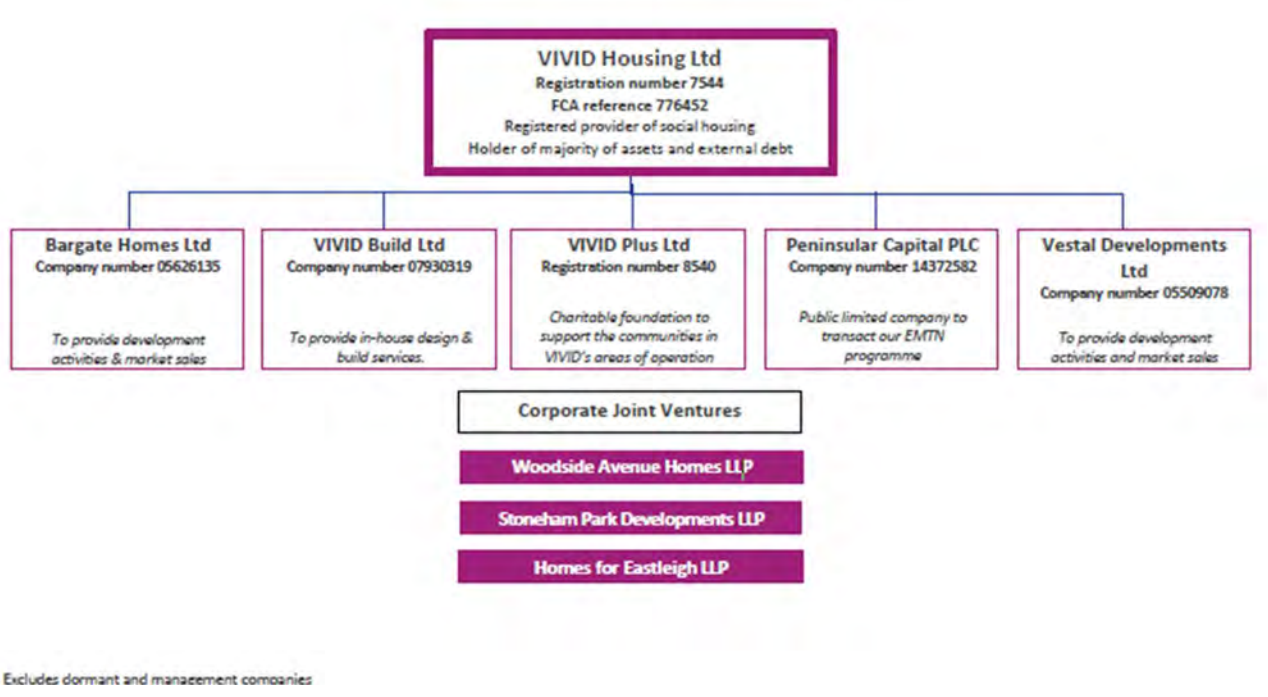

The Group comprises the Original Borrower, as parent, a registered society within the meaning of the Co-operative and Community Benefit Societies Act 2014, and the following direct and indirect subsidiaries, whose functions are as follows:

- Peninsular Capital PLC, the Issuer, a special purpose vehicle established to raise finance for members of the Group;
- Vestal Developments Limited, a non-charitable company for the delivery of development services and market sales;
- Bargate Homes Limited, a non-charitable company for the delivery of development services and market sales;
- VIVID Plus Limited, a charitable registered society under the Co-operative and Community Benefit Societies Act 2014, whose charitable purpose is to create and support long term sustainable communities by improving the prospects and opportunities of residents living in those communities;
- VIVID Build Limited, a non-charitable company carrying out development activities;
- Mitre Court (Fareham) Management Limited, which carries out property management services; and
- Bargate SPV1 Limited, a dormant subsidiary of Bargate Homes Limited.

The Group also has a number of corporate joint ventures, including:

- Woodside Avenue Homes LLP, a joint venture between VIVID Housing Limited (10 per cent.) and Aspect (Eastleigh) Limited (90 per cent.) for the construction of homes at Woodside Avenue;
- Homes for Eastleigh LLP, a joint venture between the Original Borrower (5 per cent.) and Eastleigh Borough Council (95 per cent.) for the construction of homes; and
- Stoneham Park Developments LLP, a joint venture between the Original Borrower (4 per cent.) and Aspect (Eastleigh) Limited (96 per cent.) for the construction of homes at Stoneham Park, Eastleigh.

VIVID Group Structure

Excludes dormant and management companies

Principal Activities of the Group

As at 31 March 2026, the Group owned and managed around 38,000 homes and 84,000 customers across the south of England. The business of the Group is predominantly focussed on offering homes for social rent, affordable rent and shared ownership sale, but the Group also builds homes for private sale to generate profits, which it may then use to provide and build more affordable homes.

The Group has a steady capital programme balanced between development and reinvestment. A significant element of its development pipeline is already secured.

In 2025-26, the Group secured £13.75 million in unclaimed benefits for its customers, which they were entitled to.

Group Properties

The majority of the Group's stock comprise low-rise, general needs family homes. The composition of the Group's properties split by property type, number of bedrooms and age profile is detailed below.

Stock Split by Tenure Type	Percentage of Group's Properties
General Needs	73 per cent.
Housing for Older Persons	4 per cent.

Leasehold	6 per cent.
Other Social and Non-Social Let	2 per cent.
Shared Ownership (less than 100%)	14 per cent.
Supported	1 per cent.

Group's Properties by Property Type	Percentage of Group's Properties
Bedsit	1 per cent.
Bungalow	5 per cent.
Flat	40 per cent.
House	46 per cent.
Maisonette	6 per cent.
Room	0 per cent.
Town House	2 per cent.

Number of Bedrooms	Percentage of Group's Properties
Bedspace	1 per cent.
1	21 per cent.
2	44 per cent.
3	30 per cent.
> 3	3 per cent.

Stock Split by Property Age	Percentage of Group's Properties
Pre-1919	3 per cent.
1919-1944	4 per cent.
1945-1964	13 per cent.
1965-1980	19 per cent.
1981-1990	5 per cent.
1991-2000	5 per cent.
2001-2010	14 per cent.
2011-2020	19 per cent.
Post-2020	17 per cent.

Energy Efficiency

92 per cent. of the Group's homes are at EPC C or above.

Safety

The Group has a zero-tolerance approach to its safety checks. In its financial years ended 31 March 2026, 31 March 2025, 31 March 2024, 31 March 2023, 31 March 2022 and 31 March 2021, the following safety checks of the Group were 100 per cent. completed:

- gas safety checks for both dwellings and communal areas;
- electrical checks for communal areas;
- legionella checks for communal areas;
- asbestos checks for communal areas;
- fire risk checks for communal areas; and
- LOLER checks for passenger lifts, hoists, platform lifts and stairlifts (communal areas only).

Rent Collection

The Group has a strong rent collection process focused on early intervention with a range of support services. The Group supports customers and reduces arrears through:

- financial inclusion – claiming benefits, managing money;
- tenancy sustainment support – hoarding and managing the home;
- new customers – onboarding support; and
- financial support through welfare fund.

Website

The website for the Group is https://www.vividhomes.co.uk/about-us/investor-relations. The information on the website does not form part of these Programme Admission Particulars unless that information is incorporated by reference into these Programme Admission Particulars.

Executive Team

Day-to-day management of the Group is the responsibility of the executive team members of the Original Borrower listed below (the **Executive Team**). The Executive Team is the leadership team responsible for the day-to-day running of the Group and driving its success and corporate strategy and plan.

Name	**Role**	**Principal activities outside of the Original Borrower**
Mark Perry	Chief Executive	Chair, the Issuer Director, the Issuer Director, Bargate SPV1 Limited Shareholder, Affinitysutton Director, Mitre Court (Fareham) Management Limited Director, McCarthy & Stone (Shared Ownership) Limited
Margaret Dodwell	Chief Operating Officer	Director, VIVID Plus Limited Chair, Audit, Risk and Assurance Committee, EPIC HA Board Member, EPIC HA

Name	Role	Principal activities outside of the Original Borrower
David Ball	Chief Finance Officer, Company Secretary	Director & Company Secretary, the Issuer Director & Company Secretary, VIVID Build Limited Director & Company Secretary, Vestal Developments Limited Director & Company Secretary, Bargate Homes Limited Company Secretary, Bargate SPV1 Limited Company Secretary, Mitre Court (Fareham) Management Limited
Mike Shepherd	Chief Investment Officer	Chair, Sussex Housing & Care (not for profit RP) Shareholder, MAN GPM RI Community Housing 2 Limited Committee Member, 1216 Sqn RAF Air Cadets Director, Vestal Developments Ltd Director, VIVID Build Limited Director, Bargate Homes Director, Homes for Eastleigh LLP Director, Stoneham Park LLP Director, Woodside LLP
Duncan Short	Group Director of Resources	Director, VIVID Plus Limited Non-Executive Director, Hedyn Homes

The business address of each of the above Executive Team is Peninsular House, Wharf Road, Portsmouth, PO2 8HB.

There are no potential conflicts of interest between any duties to the Group of the Executive Team and their private interests and/or duties.

The Original Borrower

Incorporation and Status

The Original Borrower was incorporated on 21 April 2017 and is registered in England with limited liability as a charitable registered society within the meaning of the Co-operative and Community Benefit Societies Act 2014 (with registered number 7544) and is a Registered Provider of Social Housing (with registered number 4850). The Original Borrower is an exempt charity.

The registered address of the Original Borrower is Peninsular House, Wharf Road, Portsmouth PO2 8HB. The telephone number of its registered address is 0800 652 0898.

The Original Borrower is the parent of the Group and has as its direct or indirect subsidiaries all of the members of the Group listed above in "*Description of the Group and the Original Borrower – the Group*".

Principal Activities

The Original Borrower acts as the holding entity for the Group, and provides support services for each of the subsidiaries. The Original Borrower is also responsible for the overall direction of the Group, formulating strategies and plans and monitoring the work of the committees.

Board

The board members of the Original Borrower (the **Board Members**) and their principal activities outside of the Original Borrower are detailed below. The purpose of the board of the Original Borrower is to be responsible for the strategic direction, vision and purpose of the Group generally. The board of the Original Borrower also ensures that the Group is efficiently run, compliant and accountable.

Name	**Principal activities outside the Original Borrower**
Charles Alexander CBE (Chair)	Chair, Opera Rara Limited Chair, Guys and St Thomas's NHS Foundation Trust Chair, Guys and St Thomas's NHS Foundation Trust Council of Governors
Mark Perry (Chief Executive)	Chair, the Issuer Director, the Issuer Director, Bargate SPV1 Limited Shareholder, Affinitysutton Director, Mitre Court (Fareham) Management Limited Non-Executive Director, McCarthy & Stone (Shared Ownership) Limited
Mike Shepherd (Chief Investment Officer)	Chair, Sussex Housing & Care (not for profit RP) Shareholder, MAN GPM RI Community Housing 2 Limited Committee Member, 1216 Sqn RAF Air Cadets Director, Vestal Developments Ltd Director, VIVID Build Limited Director, Bargate Homes Director, Homes for Eastleigh LLP Director, Stoneham Park LLP Director, Woodside LLP
Margaret Dodwell (Chief Operating Officer)	Director, VIVID Plus Limited Chair, Audit, Risk and Assurance Committee, EPIC HA Board Member, EPIC HA
David Ball	Director & Company Secretary, the Issuer Director & Company Secretary, VIVID Build Limited Director & Company Secretary, Vestal Developments Limited Director & Company Secretary, Bargate Homes Limited Company Secretary, Bargate SPV1 Limited Company Secretary, Mitre Court (Fareham) Management Limited
Sandeep Agarwal	Vice Chair, Natixis, Global Finance Institutions
Andrew Binnie	Group Treasurer, SSE plc Director, SSE Services plc Director, SSE Group Limited Director, SSE Stock Limited Director, SSE Venture Capital Limited Director, SSE OWS Glasgow Limited

Name	Principal activities outside the Original Borrower
Abirami Balendran Kee (Board observer)	Managing Director, BNP Paribas Owner, AK Interior Design Ltd, (Dormant) Director, 37-38 Nevern Square Ltd
Naleena Gururani	Chief People Officer, YouGov Advisory Board Member, Connect HR Independent Governor, University of Westminster
Jo Moran	Non-Executive Director, Dolphin Housing Limited Non-Executive Director, Ofsted Vice President, Institute Customer Services
Anne-Marie Mountifield	Chair, VIVID Plus
Ian Playford	Chair, Kingsbridge Estates Limited Board advisor to Ashfield Land Limited 50% shares in Onboard Executive Limited Non-Executive Director, Guys and St Thomas's Hospital Non-Executive Director, NHS Property Services
Caroline Stockmann	Board member and treasurer, CIPD Director, TreasurySpring Member, BoE Committee Advisory Board Member, Durham Uni Law School Chair, Guildhall School Trust Co-opted member, finance and audit committee, Matthew Bourne's New Adventures

The business address of each of the Board Members is Peninsular House, Wharf Road, Portsmouth PO2 8HB.

The Secretary of the Original Borrower is David Ball whose business address is at Peninsular House, Wharf Road, Portsmouth PO2 8HB.

Subject as follows, there are no potential conflicts of interest between any duties to the Original Borrower of the Board Members and their private interests and/or duties. Mark Perry is a director of the Issuer, which will be a lender to the Original Borrower under the Loan Agreements. Mark Perry is also an employee of the Original Borrower and has an executive role in relation to the Group as a whole, including the Issuer. Their duties to the Issuer may conflict with their duties to the Original Borrower in determining matters regarding the Loan Agreements. However, the rules of the Original Borrower do not prevent them from being entitled to vote on such matters and, in addition, they have an overriding duty to act in the best interests of the Original Borrower when acting in their capacity as Board Members.

Corporate Governance

The board of the Original Borrower is responsible for the Original Borrower's strategy and policy framework. Day-to-day management and implementation of the strategy is delegated to the Executive Team.

The board of the Original Borrower is supported by the following committees:

- the Audit and Risk Committee (**ARC**). The ARC is made up of three or four non-executive director members and normally meets four times per year. The ARC is responsible for overseeing risk management process and assurance that key risks are being effectively managed. The ARC oversees the external audit process and recommends the financial statements to the board for approval, as well as providing an annual assessment of the effectiveness of the systems of internal control. It also provides audit and assurance services to all Group companies under the terms of the intragroup agreements;

- the Customer Services Committee (**CSC**). The CSC is made up of up to six resident members and three members of the board and normally meets four times per year. The CSC ensures that customers are involved in the decision-making process concerning them and that their views are considered when making relevant decisions. The CSC ensures the Original Borrower has clear service standards that reflect changing customer priorities and also oversees the effectiveness of complaint handling and lessons learnt and reporting performance to the board of the Original Borrower;

- the Remuneration & Nominations Committee (**RNC**). The RNC is comprised of at least three non-executive director members and normally meets two times per year. The RNC is responsible for overseeing the Group's approach to culture, talent and reward and ensures there are appropriate processes for the appointment, performance and payment of non-executive directors. The RNC also ensures the governance of the Original Borrower is robust;

- the Project Approval Committee (**PAC**). The PAC is comprised of at least three members of the board and normally meets monthly. The PAC is responsible for the review of and approving expenditure on major projects up to the limits set in the Group's financial regulations which support the Group's corporate plan and development strategy. It monitors approved projects to ensure they deliver the expected benefits and that the risks connected with such projects are monitored and managed; and

- the Treasury Committee (**TC**). The TC is made up of at least two non-executive director members and the Chief Finance Officer and meets at least four times per year. The TC is responsible for approving an appropriate Treasury Management Policy, financial golden rules and an Annual Treasury Plan. The TC approves the terms of proposed funding, hedging and other related transactions.

Share Capital and Major Shareholders

As at 31 March 2025, the entire issued share capital of the Original Borrower comprised 14 shares of £1 each, all of which are fully paid up.

Recent Developments

There have been no recent events particular to the Original Borrower that are, to a material extent, relevant to the evaluation of the Original Borrower's solvency.

Credit Rating

The Group is currently rated "A" by Fitch and "A" by S&P. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the assigning rating agency at any time.

Regulatory Judgement

The latest Regulatory Judgement by the Regulator (on 17 December 2025) confirmed the Original Borrower is fully compliant with the Regulator's Governance and Financial Viability Reporting Standards with published ratings for governance and viability being "G1" and "V1", respectively. The "G1" means the Original Borrower meets the requirements on governance set out in the Governance and Financial Viability Standard. The "V1" means the Original Borrower meets the requirements on viability set out in the Governance and Financial Viability Standard and has the capacity to mitigate its exposures to risks effectively.

Alternative Performance Measures

The Group believes that certain financial measures which are not recognised by the RP Accounting Standards, but are derived from the information provided in the Group consolidated financial statements, provide additional useful information regarding its ongoing operating and financial performance, as well as the ability of the Borrowers to meet their obligations under the Loan Agreements.

These measures are not recognised measures under the RP Accounting Standards, do not have standardised meanings prescribed by the RP Accounting Standards and should not be considered in isolation or construed to be alternatives to measures pursuant to the RP Accounting Standards including revenues, net income (loss) and comprehensive income (loss) for the period determined in accordance with the RP Accounting Standards. The Group's method of calculating these measures may differ from the method used by other entities. Accordingly, certain of the financial performance measures presented in these Programme Admission Particulars may not be comparable to similarly titled measures used by other entities or in other jurisdictions. Consequently, these measures should not be considered substitutes for the information contained in the financial statements referred to in "*Documents Incorporated by Reference*" above and should be read in conjunction therewith. More specifically, the financial statements are produced for different audiences with differing requirements and definitions.

In particular, the Group uses the financial measures (as defined below) set out in the table below to evaluate its business performance. References in the table below to "Financial Statements" shall mean the annual review and audited financial statements for the Original Borrower for the financial year ended 31 March 2026. For the purposes of the tables below:

- **Statement of Financial Position** means the statement of financial position set out in the Financial Statements;
- **Statement of Comprehensive Income** means the statement of comprehensive income set out in the Financial Statements;
- all references to specific line items taken from the Financial Statements are to the line items in respect of the Original Borrower; and
- all references to **Notes** are to the relevant note in the Financial Statements.

Metric	Definition	Reconciliation	Additional information
Operating margin	Operating surplus divided by turnover.	"Operating surplus" is taken from the Statement of Comprehensive Income in the Financial Statements. "Turnover" is taken from the Statement of Comprehensive Income in the Financial Statements.	Operating margin is a measure of profitability. This ratio indicates the efficiency of the Group's financial performance by showing how much of each £1 of revenue is left after both operating costs and cost of sales are considered. This is a Value For Money metric defined by the Regulator of Social Housing.
Operating margin (social housing lettings)	Operating surplus on social housing lettings divided by Turnover from social housing lettings.	"Operating surplus on social housing lettings" is taken from Note 3a to the Financial Statements. "Turnover from social housing lettings" is taken from Note 3a to the Financial Statements. Description of the Regulation and Funding Environment applicable to the Borrowers

The Social Housing Sector

Social housing is housing to rent at below market level rents, or to buy though schemes such as shared ownership, that is made available to those whose needs are not served by the commercial housing market.

Regulation and the Regulatory Framework

The Housing and Regeneration Act 2008, as amended by the Localism Act 2011, the Housing and Planning Act 2016 (the **HPA 2016**) and the Social Housing (Regulation) Act 2023 (the **SHRA 2023**), (the **HRA 2008**) makes provision for the regulation of social housing provision in England.

Pursuant to the HRA 2008, the Regulator of Social Housing (the **Regulator**) provides economic regulation for Registered Providers of Social Housing in order to ensure that they are financially viable, efficient and well governed, and consumer regulation to ensure that the social housing sector is able to deliver quality homes and services for current and future tenants. It regulates at the landlord level to drive improvement in how landlords operate.

The Regulator is an independent regulator and statutory non-departmental public body, established under the HRA 2008. It is sponsored by the Ministry of Housing, Communities and Local Government (**MHCLG**) with responsibility for the regulation of Registered Providers of Social Housing. The Regulator's statutory objectives and powers of enforcement are set out in the HRA 2008. The Regulator sets statutory economic and consumer standards that apply to Registered Providers of Social Housing (the **Standards**). The Standards, together with associated codes of practice and regulatory guidance, constitute the regulatory framework for social housing in England (the **Regulatory Framework**).

Some elements of the Standards are subject to direction by the Secretary of State for Housing, Communities and Local Government.

Registered Providers of Social Housing are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the Regulator and relevant stakeholders. The Regulator's, publication, last updated in February 2024, entitled "*Regulating the Standards*" outlines its operational approach to assessing Registered Providers of Social Housing's compliance with the Standards. At the same time the Regulator published the new Consumer Standards, consumer code of practice and related guidance.

The Regulator proactively regulates the Standards. These are:

The economic standards:

- the Governance and Financial Viability Standard;
- the Value for Money Standard; and
- the Rent Standard.

The consumer standards:

- the Safety and Quality Standard;
- the Transparency, Influence and Accountability Standard (which now incorporates the social tenant access to information requirements);
- the Tenancy Standard; and
- the Neighbourhood and Community Standard.

Further Standards (or additional provisions within the existing Standards) are expected to be published on professionalism (including requirements for specific qualifications in housing management for senior housing managers and senior housing executives) following appropriate consultation by MHCLG and the Regulator.

The Regulator has issued three codes of practice: one code to amplify the Governance and Financial Viability Standard, another to support the Value for Money Standard and the third to amplify the consumer standards. The current Rent Standard refers to the policy statement on rents for social housing published by MHCLG's predecessor department (see "*Social Housing Rents*" below).

In respect of the consumer standards, the Regulator's role had previously been reactive in response to referrals or other information received. However, the SHRA 2023 changed the position so that the Regulator's role is proactive and puts the consumer standards on an equal footing with the economic standards as well as updating the Regulator's statutory objectives (to include "safe" and "energy efficient") and its regulatory and enforcement powers.

Housing Quality and Transparency

Registered Providers of Social Housing are now required to invest significantly more in their existing homes with the aim to improve the standard of housing maintained by them. These requirements have been introduced, or are expected to be introduced in the next few years, as a result of new legislation and increased regulation.

Decent Homes Standard

On 2 July 2025, the UK Government began a consultation on a reform of the Decent Homes Standard. The consultation proposes that more focus is placed on the condition of the home rather than arbitrary age profiles for components, that homes must provide at least three core facilities to a decent standard, that homes must meet minimum energy efficiency standards and that they must be free from damp and mould. There is also a proposal that the Decent Homes Standard becomes a regulatory requirement in social housing from 2035 or 2037. An update to the Decent Homes Standard will inevitably involve cost implications for Registered Providers of Social Housing arising from the additional regulation that is proposed. As the consultation is ongoing, it is not clear yet, as at the date of these Programme Admission Particulars, whether any such costs will be material.

Awaab's Law

The SHRA 2023 also included 'Awaab's law', which are the provisions that require Registered Providers of Social Housing to comply with certain investigation, notification and rectification obligations in relation to hazards in tenants' homes. Phase 1 of Awaab's Law came into force on 27 October 2025 and, since that date, Registered Providers of Social Housing have had to address all emergency hazards and all damp and mould hazards that present a significant risk of harm in fixed timeframes. Phase 2 of Awaab's Law will come into effect on 30 November 2026 and will expand a landlord's legal obligations to further Housing Health and Safety Rating System (**HHSRS**) hazards, namely excess cold and excess heat, fire hazards and electrical safety, structural collapse and explosions, falls associated with baths, stairs and level surfaces, domestic and personal hygiene, and food safety. Finally, Phase 3 is scheduled for October 2027, and will expand the legal obligations to the remaining HHSRS other than overcrowding There will inevitably be cost implications for Registered Providers of Social Housing arising from compliance with the obligations that are proposed.

Housing Grant

Grant funding is allocated by central government in periodic affordable homes programmes to support the capital costs of developing affordable housing for rent or sale. The allocation of funding under these programmes is administered by Homes England (or, within London, the Greater London Authority), an executive non-departmental public body, sponsored by MHCLG.

Historically, grant funding has been a critical part of the funding mix for Registered Providers of Social Housing sustaining their ability to provide housing to rent at below market level rents. Grant funding for Registered Providers of Social Housing has, in recent years, undergone significant and material change. To compensate for reductions in the levels of available grant, Registered Providers of Social Housing are able to charge "affordable rents" in some instances (as to which see further below).

The level of grant funding available has subsequently increased slightly with each new funding programme and, under the most recent Social and Affordable Homes Programmes 2026-2036 (**SAHP**), the UK Government intends to provide up to £39 billion in grant funding (expecting to be around £4 billion per year) to help fund the delivery of new affordable homes across England.

Funding granted under the current SAHP may support a variety of tenures including social rent, affordable rent, shared ownership, rent to buy, specialist and supported housing and rural community-led housing and regeneration. Of the £39 billion available, up to £11.7 billion may be provided by the Greater London Authority under the London Social and Affordable Homes Programme 2026-2036, primarily to fund social rent, shared ownership, intermediate rent (including the Key Worker Living Rent) and the London Living Rent. It may not be used for the purchase of homes built under section 106 agreements. The Original Borrower's development programme is subsidised by £669.7 million of Homes England strategic partnership grant funding.

Not all of the available funding is allocated from the outset of a programme, and bidders may bid for the remaining funding for development opportunities as these arise during the programme, where they can be delivered within the programme timescales. Alongside funding for individual development schemes, Homes England operates a strategic partnership framework for allocation of funding on a tailored longer-term basis. Those appointed as Homes England's strategic partners under this framework are typically amongst the larger Registered Providers of Social Housing, although the bidding process is also open to local authorities and developers with a strong track record of delivering new affordable housing.

Social Housing Rents

Rent levels and rental increases within the social housing sector are strictly controlled in line with UK Government policy.

Social Rent

Registered Providers of Social Housing are required to set social rents by reference to a statutory formula, known as Formula Rent, in accordance with the Rent Standard and associated guidance contained within the Regulatory Framework.

The UK Government held a consultation on social housing rent policy between October and December 2024. On 11 June 2025, the UK Government announced in its spending review that social and affordable housing rents may increase by the Consumer Price Index (**CPI**) plus 1 per cent. formula, applied as part of a 10-year rent settlement beginning on 1 April 2026.

The UK Government further announced a "rent convergence" mechanism as part of that rent settlement. Convergence allows rents for social rented properties that are currently below Formula Rent to increase by an additional amount each year, over and above the CPI+1 per cent. limit, until they 'converge' with Formula Rent. Registered Providers of Social Housing may increase the weekly rent by up to an additional £1 from 1 April 2027 over and above the CPI+1 per cent. limit, before rising to an additional £2 each year from 1 April 2028, until Formula Rent is reached (for social rented homes). This is confirmed in the Rent Standard (dated April 2026).

For the financial year ended 31 March 2026, social housing activities turnover from the Original Borrower's Properties, excluding first tranche sale and staircasing in relation to shared ownership properties, was £280.2 million.

Affordable Rent

Affordable rents are set at up to 80 per cent. of market rent (inclusive of service charge). This limit is set by the Rent Standard. Under the Standard and related guidance, affordable housing rents may be increased annually by up to CPI plus 1 per cent.. The Regulator has issued guidance on how market rent should be calculated.

Affordable rents, can only be charged where:

- a Registered Provider of Social Housing has a housing supply delivery agreement with Homes England or the Greater London Authority which permits the accommodation to be provided at an affordable rent;

- a Registered Provider of Social Housing is providing accommodation pursuant to an agreement between a local authority and the Secretary of State and that agreement permits the accommodation to be provided at an affordable rent; or

- a local authority and the Secretary of State, Homes England or the Greater London Authority have otherwise agreed that certain accommodation can be provided at an affordable rent.

The grant agreement in respect of funding given under the AHP 2021-26 is a housing supply delivery agreement that enables a Registered Provider of Social Housing to charge an affordable rent. Similarly, any new grant agreement under the SAHP similarly would be expected to be a housing supply delivery agreement enabling affordable rents to be charged.

The Group's homes are affordable with a significant discount to market rent in order to make an impact during the cost of living crisis. The table below shows that the Group has a discount to market rent of 57-63 per cent. on its social rent homes in the five local authorities where around 70 per cent. of its homes are located.

Area	Average Dwelling Price (£)	Average Weekly Private Rent – 2 bed (£)	Average Weekly Social Rent – 2 bed (£)	Discount to Market (%)
Basingstoke and Deane	362,000	329.25	139.72	57.56%
Eastleigh	309,000	302.50	132.98	56.04%
Rushmoor	319,000	345.00	136.51	60.43%
Portsmouth	250,000	341.50	126.13	63.07%
Hart	473,000	354.50	143.88	59.41%

Renters' Rights Act 2025

On 1 May 2026 the first phase of tenancy reforms set out by the Renters' Rights Act 2025 for the private rented sector was implemented, bringing an end to the assured shorthold tenancy regime. The UK Government has announced that the new framework will apply to the social housing sector from October 2027. It should also be noted that, as of 27 December 2025, leases with a fixed term of more than 21 years have been excluded from the assured tenancy system. This means that shared ownership leases are no longer part of the assured regime. There will inevitably be cost implications for Registered Providers of Social Housing arising from compliance with the obligations that are proposed.

Crime and Policing Act 2026

The Crime and Policing Act 2026 (the **CPA 2026**) received Royal Assent on 29 April 2026 and is due to come into force on 29 June 2026. The legislation empowers social landlords to intervene more quickly in anti-social behaviour cases without having to rely on the police or local authority. Social landlords will now be able to apply for Closure Orders, as well as for a new Respect Order. The CPA 2026 reframes civil injunctions by clearly distinguishing between Housing Injunctions (for adults) and Youth Injunctions (for youths aged 10 to 18). The CPA 2026 also creates a new specific offence for cuckooing. The Secretary of State has been granted regulation-making powers to mandate that local authorities and social housing providers share data relating to anti-social behaviour. The CPA 2026 represents a welcome development in how to tackle anti-social behaviour but may bring pressure to bear on social landlords from the police and local authorities expecting them to take more action, especially in terms of applying for Closure Orders.

Shared Ownership

Shared ownership income is generated on the initial sale of the property (known as the "first tranche") which is sold to the shared owner; on subsequent sales of further "tranches" or portions of the property to the shared owner (known as "staircasing"); and in the form of subsidised rent on the part of the property which the shared owner does not own until the property is fully owned by the shared owner.

A shared ownership lease, as with any leasehold title, is granted for a 'term of years' and therefore represents a diminishing asset, where the value of the leasehold interest continually erodes over time. As the term reduces (for example, below 80 years) the property becomes less attractive to buyers, potentially creating a risk to a funder if the asset is being relied upon for security purposes.

For the financial year ended 31 March 2026, shared ownership first tranche sales of the Original Borrower amounted to £40.4 million.

Revised Shared Ownership scheme and Right to Shared Ownership

A number of significant changes were made to the shared ownership product upon the introduction of the AHP 2021-26. Key changes in the revised scheme are that the initial equity share purchased was reduced from 25 per cent. to 10 per cent., that a housing association retains repair and maintenance responsibilities for the first 10 years and shared ownership leaseholders can apply for a £500 contribution from their landlord each year for the cost of internal repairs for which the shared owner would otherwise be responsible. Shared owners can also purchase additional tranches of just 1 per cent. for each of the first 15 years rather than the previous per tranche minimum of 10 per cent.. It remains possible to acquire the whole of a housing association's equity subject to certain exceptions as under the current scheme.

Rented units provided under the AHP 2021-26 are subject to a right for the tenant to acquire the property on shared ownership terms reflecting the new shared ownership product.

These changes to the shared ownership product change the potential cash flow and risk profile of shared ownership from the housing association's perspective compared to the current scheme. It is not yet clear if the amount of grant available will compensate fully for this. The creation of a right to shared ownership means that units developed or acquired for rented affordable housing under the Affordable Homes Programme may convert over time into shared ownership.

In October 2023 MHCLG's predecessor department released new guidance changing the basis of rent review for future shared ownership leases. This will affect the new leases that are grant funded by either Homes England or GLA (and some s106 arrangements). The change from a RPI basis to a CPI basis

for rent reviews purposes, brings shared ownership rents more in line with the general needs rents. This has raised some concerns within the sector about the potential impact on delivery capacity.

Welfare Benefit Reform

Background

A substantial proportion of social housing tenants rely on one or more welfare benefits for at least part of their income according to research in 2014 by the Joseph Rowntree Foundation on the impact of welfare reform on social landlords and tenants. 90 per cent. of social housing tenants received some form of income support through the welfare benefit system. As a result, changes to the welfare benefit system can materially impact the ability of social housing tenants to meet their housing costs. There have been a range of reforms of the welfare benefit system in recent years including capping the overall amount of benefits households can receive, consolidating multiple benefits into a single payment (**Universal Credit**) and other reforms specific to housing such as the Occupation Size Criteria that have had and still have the potential to impact housing affordability for social housing tenants.

Universal Credit

There have been a range of reforms of the welfare benefit system in recent years including capping the overall amount of benefits households can receive, consolidating multiple benefits into a single payment (**Universal Credit**) and other reforms specific to housing that have had and still have the potential to impact housing affordability for the social housing tenants.

Universal Credit (currently in an extended "roll out" stage - the final managed migration stage of which is currently projected to be completed by the end of the financial year 2028/29) is a single means-tested benefit paid to those of working age (in and out of work), which includes an amount in respect of housing costs. It is replacing housing benefit, with a housing costs element within the universal credit claim.

In most cases Universal Credit is paid direct to the claimant, however Registered Providers of Social Housing can request a managed payment and inform the DWP of reasons why a managed payment might be needed. Landlords can request deductions from a claimant's Universal Credit to repay existing rent arrears, known as third party deductions. Deductions will be a minimum of 10 per cent. and a maximum of 20 per cent. of a claimant's Universal Credit standard allowance.

Household Benefit Cap

Under the Welfare Reform Act 2012 (as amended by the WRWA 2016) (the **WRA 2012**), the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) was introduced which limits the maximum amount in benefits a working-age household can receive.

The benefit cap amounts from April 2023 are:

	Family (couple with or without children, or single parent)			**Single person**		
	Per year	Per month	Per week	Per year	Per month	Per week
London	£25,323	£2,110.25	£486.98	£16,967	£1,413.92	£326.29
Elsewhere	£22,020	£1,835.00	£423.46	£14,753	£1,229.42	£283.71

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's

partner is in receipt of, or is responsible for a child or young person who is in receipt of, benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

Occupation Size Criteria

Under the WRA 2012 there is a size criterion for working age social housing tenants in receipt of housing benefit known as the "under-occupancy charge", "spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children of the same sex under 16 of age, (d) two children under the age of 10 (whether or not the same sex), (e) any other child, (f) those with a disability, and (g) a qualifying non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to qualifying supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

Building Safety Reforms

Building Safety Act 2022

The Building Safety Act 2022 (the **BSA**), which received Royal Assent on 28 April 2022, is intended to address the recommendations from an independent review of building regulations and fire safety following the Grenfell Tower fire in June 2017. It introduces fundamental reform of building safety requirements with the aim of ensuring that residents are safe in their homes. The implementation of the BSA will affect many aspects of the business of a Registered Provider of Social Housing and, in particular, the carrying out of building and design work and the construction, maintenance and management of existing high-rise residential buildings (known as "Higher-Risk Buildings", as further described below).

The BSA establishes a new national Building Safety Regulator (sitting within the Health and Safety Executive) with responsibility for the safety of all buildings in England, including residential buildings. The Regulator will be responsible for overseeing a new building control approval regime for Higher-Risk Buildings (**HRBs**), defined as buildings that are at least 18 metres or 7 storeys from ground level (whichever is reached first) and containing two or more residential dwellings.

As from 6 April 2024, the Building Safety Regulator is the building control authority for all HRBs, with oversight of the design, construction and maintenance of new and existing HRBs. Local authority planning departments will continue to undertake building control authority responsibilities for non-HRBs. The BSA and secondary legislation create new Dutyholder roles for those who commission and carry out most building work and design work undertaken pursuant to the Building Regulations 2010, regardless of the size of the building. These obligations came into force for relevant building work and design work undertaken after 1 October 2023, which may include works being undertaken via existing contractual arrangements.

Registered Providers of Social Housing who commission building work and design work will become Client Dutyholders and are required to plan, manage and monitor works to ensure compliance with the Building Regulations. Client Dutyholders must also appoint a Principal Contractor and a Principal Designer Dutyholders for any in-scope work, each having defined responsibilities to ensure the building work and design work is carried out in accordance with the Building Regulations. These roles will be in addition to the current Principal Contractor and Principal Designer roles under the Construction (Design & Management) Regulations 2016. Additional obligations apply where the building work or design work is being carried out in respect of a HRB.

The BSA and secondary legislation also creates a new regulatory regime for HRBs, which is now fully in force. Persons commissioning the construction of new HRBs and/or undertaking major works to existing HRBs will be required to follow a new three-stage building control process (known as the Gateways regime), overseen by the Building Safety Regulator as the building control authority for those buildings. Each Gateway must be applied for at the relevant stage of the project, and it will be an offence to proceed with the work unless approval has been granted by the Regulator. Gateways 1 and 2 must be approved prior to the commencement of the construction phase, and Gateway 3 applications for new-build projects must be approved as a pre-condition to the building being occupied.

The BSA also creates a new Dutyholder role of "Accountable Persons" who will be responsible for the safety of each HRB during the entire occupation phase of the building. The Accountable Person will normally be the person or organisation with a legal interest in the common parts of the building or a relevant repairing obligation in respect of the building. For multi-tenure buildings with more than one Accountable Person, a Principal Accountable Person, being the person or organisation with a legal interest in the exterior of the building, must be designated.

Accountable Persons and Principal Accountable Persons have extensive responsibilities in respect of the building(s) under their control, including registering the building with the Building Safety Regulator, assessing and managing "building safety risk" within the building, pro-actively engaging with residents, holding and updating key information about the building (known as "Golden Thread Information") and regularly demonstrating to the Regulator that safety risks in the building are being managed. Accountable Persons are not able to contract out their liability for their obligations, though they are able to appoint third parties to assist with specific duties.

The BSA also imports a new building safety service charge regime providing for landlords to recharge limited standard building safety costs to leaseholders. The BSA imports implied terms into lease agreements covered by the Landlord and Tenant Act 1985, requiring tenants to cooperate with landlords undertaking building safety inspections and works, and requiring that tenants comply with and do not undermine fire and structural safety systems for the buildings in which they live.

The BSA requires landlords and associated persons to undertake and pay for remediation works to resolve defects in "relevant buildings" (containing at least two dwellings being at least 11 metres high or having at least five storeys). Leaseholders are now only required to contribute towards remediation costs for relevant buildings in limited circumstances, with financial caps on the value of leaseholders' contributions. Any additional costs to complete remediation works unable to be recovered from leaseholders must be funded by the landlord.

Breaches of the new building safety regime will constitute offences, which could result in fines and/or imprisonment for serious breaches. Individuals within organisations with Dutyholder and Accountable Person responsibilities may also be held liable for breaches where the breach occurred as a result of that person's consent or connivance.

The BSA also extends the scope of claims under the Defective Premises Act 1972 (the **DPA**), allowing persons with a legal interest in a residential property to claim for defects in buildings or building works that make the building unfit for human inhabitation. Limitation periods for claims under the DPA allow retrospective claims for defects of up to 15 years and prospective claims of up to 15 years.

Fire Safety Order and Fire Safety Act 2021

The Regulatory Reform (Fire Safety) Order 2005 (the **Fire Safety Order**) contains the majority of existing fire safety legislation applicable in England and Wales. Pursuant to recommendations made by Sir Martin Moore-Bick in his Phase 1 report following the Grenfell Tower Inquiry, the Fire Safety Act 2021 (the **FSA 2021**), which came into force on 16 May 2022, amends the Fire Safety Order, clarifying

its ambit to include the risks posed by the external façade (and external wall system) of buildings as well as individual entrance doors to flats.

The FSA 2021:

- amends the Fire Safety Order to require all Responsible Persons (i.e. the relevant dutyholder(s) under the legislation) to assess, manage and reduce the fire risks posed by the structure and external walls of any building with two+ residential premises for which they are responsible (including cladding, balconies, doors and windows) and also individual doors opening onto common parts of the building;

- applies to all multi-occupancy residential buildings (and is not subject to or dependent on the height of the building); and

- allows the fire and rescue service to enforce against non-compliance in relation to external walls and the individual doors opening onto the common parts of the premises.

Responsible Persons are legally required to keep records and share certain information with the residents and local fire and rescue services on design and materials of existing high-rise residential buildings in England. Registered Providers of Social Housing are the statutory "Responsible Persons" in respect of all buildings that they either own, occupy or manage.

As at 31 March 2026, the Group has 2,317 blocks of flats of which:

- 51 are over 11 metres or 5 storeys; and

- 14 are over 18 metres or 7 storeys.

The Group removed Aluminium Composite Material Cladding (3 blocks) in 2020-2021 and High Pressure Laminate Cladding (5 Blocks) in 2021-2023. In 2022-2025, the Group completed significant fire stopping and compartmentation works at 6 blocks.

The Original Borrower has been awarded £7.4m grant from Cladding Safety Scheme for works at Pemberly Place and received £6.1m refund from the developer for fire safety works at Empire View and Gantry Court. Remediation to 11-18m blocks is funded through the Cladding Safety Scheme with a total of £2.3m received in pre-tender support with eligibility agreed for full cost. The Original Borrower intends for the remaining remediation projects to be funded by the developers.

Grenfell Tower Inquiry Phase 2 Report

The Grenfell Tower Inquiry published its final Report for Phase 2 on 4 September 2024 marking a seven-year-long public consultation to investigate the causes behind the Grenfell Tower fire and the tragic loss of 72 residents. The Report levels criticism at all parties associated with the project, with a broad critique aimed at the leadership and bodies with supervision functions in the construction industry, with specific critiques aimed at:

- central UK Government departments for failing to address fire safety concerns within the construction sector and maintaining an unclear and ambiguous building regulatory regime;

- construction industry advisory bodies for not exercising sufficient independence and failing to prevent the use of unsafe building materials in high-risk building projects;

- manufacturers and suppliers of cladding and insulation materials used in Grenfell Tower's refurbishment, for misleading the customers about the safety of their products;

- the local authority landlord and tenant management organisation responsible for Grenfell Tower, for prioritising cost savings over safety concerns in the procurement of the design and construction team; for failing to manage and mitigate fire safety risks in the design and construction of the project; and for failing to provide adequate support for residents following the fire;

- the lead contractor, the cladding sub-contractor, the architect, the fire safety engineer and other key players in the project, for failing to understand their legal and contractual obligations and ensure adequate fire safety in project's design and construction; and

- the local authority building control officer for failing to identify and mitigate fire safety risks in the project design and construction phase.

The Inquiry made a number of recommendations for reform of the regulatory environment including: amendments to the Building Regulations and the new building control (Gateways) regime for HRBs; broadening the scope of HRBs; the establishment of a dedicated construction regulator; the requirement for registration for the contractors permitted to work on high-risk buildings; increased resources and regulation for fire risk assessors; and the consideration of replacing the local authority building control with a centralised authority.

The UK Government responded to the Inquiry on 26 February 2025, confirming that it will deliver reforms in a three-phased approach, with Phase 1 being a focus on delivery the current programme of regulatory reform, Phase 2 (2026 to 2028) to develop proposals to deliver the Inquiry's recommendations and Phase 3 (2028 onwards) being a focus on implementing those proposed reforms.

Moratorium and Housing Administration

In order to protect the interests of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by a non-profit Registered Provider of Social Housing will apply upon notice being given to the Regulator of certain steps being taken in relation to that provider such as presenting a winding up petition, the appointment of an administrator or the intention to enforce security over its property. Exceptions are made for specific types of lettings, and disposals pursuant to a right to buy or right to acquire. The Regulator may then seek to agree proposals about the future ownership and management of the provider's land with its secured creditors. The Security Trustee is required to notify the Regulator of its intention to enforce the security created pursuant to the Legal Mortgages and it cannot enforce its security during the resulting moratorium without the consent of the Regulator.

The Original Borrower is a registered society within the meaning of the Co-operative and Community Benefit Society Act 2014, and is therefore not subject to administration under the Insolvency Act 1986. However, the HPA 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced a special administration regime called housing administration which was brought into force on 5 July 2018 and is available in addition to the moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing, following an application from the Secretary of State or (with the permission of the Secretary of State) the Regulator.

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium, for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

Legal and Compliance Obligations

Given that the Original Borrower owns housing units of all tenures, including general needs and affordable use, the Original Borrower is aware of the need for all of its units to comply with health and safety legislation to ensure the safety of all occupying tenants. Accordingly, the Original Borrower is continually reviewing and updating its policies and procedures to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements. The Original Borrower also carries out health and safety checks of its properties on an on-going basis, including, but not limited to gas safety checks and fire risk assessments.

"Net Zero" – Targets and the Impact on the Social Housing Sector

The Climate Change Act 2008 (the **CCA 2008**) underpins the UK's approach to climate change and establishes the UK's net zero targets. Most importantly, the UK is legally bound to reduce its greenhouse gas emissions by 100 per cent. compared to 1990 levels by 2050.

The CCA 2008 requires the UK Government to set legally-binding "carbon budgets" to act as formal milestones towards the 2050 target. A carbon budget is essentially a cap on the amount of greenhouse gases to be emitted in the UK over a five-year period. The budgets are designed to reflect a cost-effective way of achieving the UK's long-term climate change objectives and once a carbon budget has been agreed/set, the Climate Change Act enshrines it in law and places a binding obligation on the UK Government to put policies in place to ensure the budgeted cap on greenhouse gas emissions is met (i.e. not exceeded).

To date, it has been reported that the UK has met its first three carbon budgets for 2008-2012, 2013-2017 and 2018-2022 and it is reported that the current budget (2023-2027) is on track. Currently, draft legislation has been put forward for the seventh carbon budget (2038-2042), which intends to target an 87 per cent. reduction in greenhouse gas emissions compared to 1990 levels.

Among the UK Government's strategies to meet these targets, those that will impact the social housing sector include the following:

- On 21 January 2026, the UK Government announced its £15 billion Warm Homes Plan aimed at delivering energy efficiency and deploying low-carbon upgrades in millions of domestic properties across the UK. The Warm Homes Plan offers a mixture of grants and low interest loans to support investment in home insulation, energy upgrade measures and low carbon heating. The Warm Homes Plan is expected to facilitate deployment of large-scale retrofit schemes and proactive compliance with energy-efficiency obligations, and deliver meaningful improvements to tenants' living standards.

- While the proposed 2035 ban on sales of new gas boilers has not been implemented, there are incentives under the Warm Homes Plan to accelerate the phase out of gas boilers. These include increased financial support through the Boiler Upgrade Scheme and low and zero-interest government backed loans for low-carbon alternatives (such as heat pumps).

- Pursuant to the Social Housing Fund (formerly known as the Social Housing Decarbonisation Fund), which is currently in its Wave 3 of funding, the UK Government provides financial support for upgrading the social housing stock to Energy Performance Certificate (the **EPC**) Band C or higher through measures such as insulation, ventilation upgrades or the installation of low-carbon heating equipment, solar panels and/or battery storage units. In 2020, the first wave of

the £3.8 billion funding scheme was launched and was intended to cover the 10-year period to 2030, with the funding being deployed in waves. Wave 3, which is currently under way, provided £1.29 billion for social housing retrofit measures. Information on Wave 4 of the funding scheme is awaited, particularly as this has been subsumed under the £15 billion Warm Homes Plan.

- Currently, all private rented homes are required to meet a minimum EPC rating of C by 2030. In January 2026, the UK Government published its initial response to its consultation on "improving the energy efficiency of socially rented homes in England" where it proposed a phased compliance model for the social rented sector measured against the three SRS MEES metrics: fabric performance, smart readiness and heating system. As such, all social rented properties (new and existing) must have an EPC C or higher by reference to an SRS MEES metric of choice by 2030, with the requirement to obtain an EPC C or higher against a second SRS MEES metric of choice by 2039. Exemptions will apply.

- The reform of the Energy Performance of Buildings Regulations is under way as the UK Government published its partial response to its recent 2024-2025 consultation on 21 January 2026. This is intended to complement the UK Government's decarbonisation strategy and further assist with achieving UK's Net Zero commitments by 2050. This initial response sets out some of the key changes proposed in relation to EPCs metrics. Domestic EPCs will see four new metrics (energy cost, fabric, performance, heating system and smart readiness), replacing the single cost metric, though this is under further review with DESNZ. Further changes are also envisaged in relation to the situations where an EPC will be required. Other consultation topics, including Display Energy Certificates or EPC and DEC data, remain to be confirmed. That said, one of the key improvements anticipated by the reform lies in the accuracy and reliability of EPCs, to ensure they better support UK Government policy particularly in respect of improving housing quality, lowering fuel bills and supporting Net Zero targets.

- Launched by the UK Government on 24 March 2026, the Future Homes and Buildings Standards are enshrined in the Buildings Regulations etc. (Amendment) (England) Regulations 2026. These are accompanied by new statutory guidance comprising Approved Document L (Energy and Greenhouse Gas Emissions) Volume 1: Dwellings and Volume 2: Buildings other than Dwellings, and Approved Document F (Ventilation) Volume 1: Dwellings. These Standards apply to:

    - new residential buildings (the Future Homes Standard), focusing on a proactive approach to ensure that homes are built to achieve higher energy efficiency standards and reductions in energy consumption, and to promote the use of low-carbon heating equipment and renewable energy sources; and

    - new non-domestic buildings and existing buildings undergoing significant renovations (the Future Building Standard), where the focus is on carbon emission reduction, sustainable building practices and deployment of energy efficient technologies.

  Most of the Standards will come into force on 24 March 2027, with some related to Higher-Risk Buildings works or works to existing Higher-Risk Buildings coming into force on 24 September 2027.

- The Energy Act 2023 enabled the subsequent primary and secondary legislation regulating the heat sector for the first time. With the coming into force of the Heat Networks (Market Framework) (Great Britain) Regulations 2025 (the Heat Networks Regulation), the Office of Gas and Electricity Markets (Ofgem) became the statutory regulator for the UK heat market. Since 1 April 2025, any organisation which operates or supplies heat through a communal or district heat network must be authorised by Ofgem as either 'heat supplier' or 'heat operator'. Social landlords falling within this category were therefore obliged to register with Ofgem, setting out a range of information about how their heating systems work – covering aspects such as the location of their energy centres, the type of technology used, the output capacity and consumer

type. Beyond simple registration, heat operators and heat suppliers must demonstrate that they operate and supply heat in accordance with the Heat Networks Regulation Authorisation Conditions – a set of regulatory requirements which resemble the licencing conditions for electricity and gas suppliers.

- Ofgem consulted on its proposals for the introduction of technical standards for heat networks between 21 January and 15 April 2026 (with a response to the consultation to follow in due course). With the full set of regulations due to come into force in 2027, social landlords must ensure they keep up to date with requirements. The scheme will introduce mandatory technical standards for all heat networks – new and existing – with compliance demonstrated through a staged assessment and certification process. New networks will face gateway assessments at critical development stages, whilst existing ones will follow structured improvement plans with transition periods built in.

  Previously regulation was limited to the technical requirements of the Heat Network (Metering and Billing) Regulations 2014, and the voluntary consumer protection standards of the Heat Trust Scheme. These new sets of heat network regulations aim to ensure that heat networks operate efficiently, transparently and fairly, providing reliable services to consumers while safeguarding vulnerable groups, with the key principle of consumer protection being seen throughout the consultations and draft legislation and principles proposed.

- In January 2024, the UK Government published the Heat Network Zoning Overview, marking Heat Network Zoning as a strategic initiative introduced with the overarching goal of expediting the rollout of heat networks across England. Heat Network Zoning focuses on identifying specific geographic areas where heat networks represent the most cost-effective route to decarbonising local heat supply. In such designated zones, developers, local authorities, landlords and energy companies are expected to work closely together. Heat Network Zoning has not yet been implemented, but the UK Government published its response to its original consultation on 21 January 2026, reaffirming that Heat Network Zoning will play a central role in directing future investment in heat infrastructure, while also serving as a means of empowering local communities to drive forward heat network development in their areas.

- The UK Government's Net Zero strategy also highlights the UK Government's targets in relation to decarbonising transport. To promote the transition to electric vehicles (EVs), on 6 January 2025 the UK Government confirmed the ban on any sales of new petrol or diesel cars after 2030 and the requirement for all new cars and vans to be 100 per cent. zero emission by 2035. To facilitate this transition, the roll out of EV charging infrastructure will need to keep pace with the uptake of EV vehicles. The regulatory landscape has developed as well, with the introduction of Part S of the Building Regulations which now mandates the installation of EV charge points in new commercial and domestic buildings, as well as those undergoing significant renovations. As demand for EV charging facilities is expected and planned to grow, landlords must take steps to ensure compliance with their obligations, which includes careful consideration of how EV charging can be integrated into their properties, including through retrofitting. From an operational perspective, landlords must consider the practical challenges that come with transitioning to EV infrastructure, such as planning for charging provision, managing the associated costs and optimising routes where relevant. In terms of internal operations, seeking advice on fleet strategy, including leasing options, will also be key. UK Government grant schemes are available.

- Climate Change Adaptation - The effects of climate change in the UK will have an impact on the built environment, for housing this could include overheating risk, indoor air quality risk, flood risk and water scarcity. In December 2021, a new legal requirement was introduced in the Building Regulations (Part O) to reduce the risk of overheating in residential buildings, although this does not address adaptation in the existing building stock. Landlords will also need to consider the need to retrofit existing properties to deal with climate related risks (for example, to prevent overheating in properties or to defend against flooding).

UK Public Procurement Regime

The Group's procurement activities are regulated by the Procurement Act 2023 (the **PA 2023**) which came into force on 24 February 2025. The new legislation replaces the previous rules set out in the Public Contracts Regulations 2015 (derived from EU law) and covers the purchasing of goods, works and services by members of the Group and all other public sector bodies (the definition of which includes not-for-profit Registered Providers of Social Housing).

Notwithstanding the implementation of the PA 2023 earlier this year, the previous rules will still regulate any public contracts let and any procurements commenced prior to 24 February 2025. Given this, the Group will be regulated by the two parallel procurement regimes for some time to come. Although the new rules have been trailed by the UK Government as wholesale reform, both sets of rules derive from the World Trade Organisation's Agreement on Government Procurement and therefore the fundamental principles/objectives of transparency, same treatment of bidders, proportionality and equal treatment (fairness) still continue through both sets of legislation and underpin the procedures to be undertaken by the Group.

Valuation Reports

Numerical Apportionment Basis

Where the applicable Pricing Supplement in respect of any Fully Secured Notes states that the Series Underlying Security is allocated on a Numerical Apportionment Basis, the Notes will be secured by, *inter alia*, an allocation of charged properties from a shared security pool (the **Apportioned Properties**). On an ongoing basis, the Security Trustee will apportion such number of units of the Charged Properties between all the NAB Beneficiaries (including the Issuer in respect of each Series of Fully Secured Notes that has specified Numerical Apportionment Basis as being applicable) as is appropriate.

The following valuation reports (the **Valuation Reports**) therefore relate to the Apportioned Properties (excluding properties which, shortly after the date of these Programme Admission Particulars, are expected to be allocated to other Beneficiaries which will accede to the Security Trust Deed), an appropriate part of which will be apportioned to secure the Fully Secured Notes of each Series, such part as is required to enable the Borrowers to satisfy the Asset Cover Test in respect of such Series (as defined in the relevant Secured Loan Agreements) (see the section entitled "*Description of the Secured Loan Agreements*" above)).

The Valuation Reports were prepared by Jones Lang LaSalle Limited, Registered Chartered Surveyors of 30 Warwick Street, London W1B 5NH. The Valuation Reports are included in these Programme Admission Particulars, in the form and context in which they are included, with the consent of the Valuer and the Valuer has authorised the contents of this section.

The Valuer has no material interest in the Issuer or the Original Borrower.

Summary of valuations

A summary of the values of the Apportioned Properties set out in the Valuation Reports is set out below:

EUV-SH or, where appropriate, MV-ST*				**Total**
Units	EUV-SH is appropriate	Units	MV-ST is appropriate	
2,355	£317,400,000	3,608	£728,255,000	**£1,045,655,000**

* A further 278 Units have been attributed a nil value.

Initial Apportioned Properties

The applicable Pricing Supplement in respect of each Series of Fully Secured Notes in respect of which Numerical Apportionment Basis has been specified to be applicable in the applicable Pricing Supplement, shall specify the number of units in respect of the Apportioned Properties to be initially apportioned to the Issuer in respect of such Series of Fully Secured Notes as at the Issue Date of such Series.

Specific Apportionment Basis

Where the applicable Pricing Supplement states that the security in respect of a Series of Fully Secured Notes is allocated on a Specific Apportionment Basis, the relevant valuation report will be set out in a drawdown admission particulars, or (if permitted by the London Stock Exchange) a supplement to these Programme Admission Particulars, in respect of such Series of Fully Secured Notes

16 October 2026

Dear Sirs,

Valuation of housing stock of VIVID Housing Limited relating to the update of the £2,000,000,000 Note Programme of Peninsular Capital PLC (the *Programme*) (the *Programme Update*)

Jones Lang LaSalle Limited original reports dated 26 May 2026, 31 July 2026 and 26 August 2026 (the *Original Reports*)

1. Scope of this Report

1.1 We provided valuations in the Original Reports in respect of the properties listed therein which form part of the security for the holders of Notes issued under the Programme (the **Original Properties**) as at 31 March 2026, 2 July 2026 and 24 August 2026, respectively. A copy of the Original Reports are attached as schedule 2 to this Report.

1.2 We understand that the Programme is being updated and Notes to be issued by the Issuer under the Programme may be secured by, *inter alia*, the charged properties from a shared security pool. Consequently, we have been instructed to confirm whether there have been any material changes in respect of the valuations of the Original Properties set out in the Original Reports.

1.3 This Report is issued for the benefit of the addressees and for inclusion in the Programme Admission Particulars for the update of the Programme by the Issuer and may only be used in connection with the transaction referred to in this Report and for the purposes of the Programme Admission Particulars.

1.4 This Report is given in connection with the update of the Programme by the Issuer and is subject to our engagement letters with the Original Borrower dated 1 May 2026, 2 July 2026 and 22 July 2026. We hereby give consent to the publication of this Report within the Programme Admission Particulars, and accept responsibility for the information contained in this Report. Having taken all reasonable care to ensure that such is the case, the information given in this Report is, to the best of our knowledge, in accordance with the facts and contains no omission likely to affect its import.

1.5 For the avoidance of doubt this is not a revaluation exercise. This letter in no way purports to comment on market value later than the valuation dates in the Original Reports. We have not re-inspected, and our opinion is subject to the condition and characteristics of the Original Properties and the location in which they are situated; and we assume these have not changed materially since the relevant valuation dates.

1.6 All representations, undertakings and other obligations provided by us in the Original Reports shall remain valid and in full force and effect in accordance with their terms and the terms upon which the Original Reports were issued.

1.7 With the exception of this Report (and subject to the terms on which the Original Reports were issued), we do not accept any liability in relation to the information contained in Programme Admission Particulars or any other information provided by the Issuer or any representative or agent of the Issuer related to the Programme Admission Particulars. To the extent that any summary or part of the Original Reports are included in the Programme Admission Particulars, such summaries or extracts should be considered in conjunction with each entire Original Report.

2. Valuation

2.1 The Original Reports refer to the position as at the date that they were originally issued and, unless otherwise confirmed by us in writing, we have taken no action to review or update the Original Reports since the dates they were originally issued. However, we have not been made aware by the Issuer or the Original Borrower or any other party of any material change in any matter relating to the Original Properties.

2.2 We understand that:

(a) 1 unit within the Original Properties has been removed from charge since the respective dates of the Original Report. This property is set out in part 1 of schedule1 to this Report; and

(b) 828 units within the Original Properties have been or are expected to be allocated, on a specific apportionment basis, to other Beneficiaries under the Security Trust Deed. These properties are set out in part 2 of schedule1 to this Report.

2.3 The aggregate valuation of the Original Properties (less such removed/ reallocated properties) as stated in the Original Reports is therefore as follows:

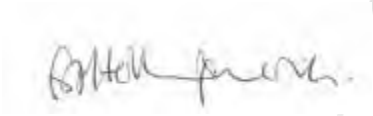

(a) the aggregate Existing Use Value for Social Housing (EUV-SH) value of the 2,355 units restricted to this basis of valuation is **£317,400,000** (three hundred and seventeen million, four hundred thousand Pounds); and

(b) the aggregate Market Value – Subject to Tenancies (MV-STT) value of the 3,608 units valued on this basis of valuation is – **£728,255,000** (seven hundred and twenty eight million, two hundred and fifty five thousand Pounds).

A further 278 units have been given a nil value.

This letter is governed by and shall be construed in accordance with English law and the English courts shall have exclusive jurisdiction.

Yours faithfully

Fiona Hollingworth

Duly authorised signatory

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this report is 26 May 2026.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 5,051 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which will be issued by Peninsular Capital plc (the "Issuer") under its £2,000,000,000 Note Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. As at the date of this Report, the properties within the Portfolio are owned by Vivid Housing Limited (the "Original Borrower").

Properties

The portfolio comprises 4,792 social housing units in the South East and South West of England. From our inspections the properties are a mixture of ages and primarily of traditional brick or concrete and steel construction.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this report.

In addition, there are 259 units in the portfolio which either form ancillary accommodation, or have been sold on long leases or fully staircased. The Original Borrower's interest in these units is considered to be de minimis for the purpose of this exercise and so they have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this report.

We have inspected the exterior of 20% of the units in the Portfolio, and a representative sample of 5% of that 20% were seen internally (section 3). We have valued the remainder of the Portfolio on a desktop basis.

Valuations

The valuation date is 31 March 2026.

Our valuation of the 1,831 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£245,670,000
(two hundred and forty five million, six hundred and seventy thousand pounds)

Our valuation of the 2,961 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£591,255,000
(five hundred and ninety one million, two hundred and fifty five thousand pounds)

For information purposes only, our valuation of the 2,961 MV-T Properties valued on the basis of EUV-SH, in aggregate, at the valuation date is:

£363,560,000
(three hundred and sixty three million, five hundred and sixty thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The following tables summarise our opinions of value (section 5):

Freehold

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
Extra Care	54	MV-T	£3,810,000	£7,110,000
GN Affordable Rent	314	EUV-SH	£52,950,000	-
GN Affordable Rent	740	MV-T	£127,245,000	£147,365,000
GN Social Rent	352	EUV-SH	£39,870,000	-
GN Social Rent	2,029	MV-T	£220,740,000	£419,215,000
HOP self-contained	44	MV-T	£2,550,000	£4,150,000
Intermediate Rent	4	MV-T	£835,000	£1,090,000
Supported & shared amenities	18	EUV-SH	£260,000	-
Supported self-contained	21	MV-T	£1,770,000	£2,040,000
Temporary Accommodation	18	MV-T	£1,510,000	£2,470,000
Shared Ownership	1,026	EUV-SH	£139,615,000	-
Total	**4,620**		**£591,155,000**	**£583,440,000**

Leasehold

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	11	EUV-SH	£1,620,000	-
GN Affordable Rent	11	MV-T	£1,555,000	£1,830,000
GN Social Rent	65	EUV-SH	£6,970,000	-
GN Social Rent	39	MV-T	£3,420,000	£5,845,000
Intermediate Rent	1	MV-T	£125,000	£140,000
Shared Ownership	45	EUV-SH	£4,385,000	-
Total	**172**		**£18,075,000**	**£7,815,000**

Portfolio Analysis

Location

- the properties within the portfolio are located in the South East and South West of England, predominantly in Hampshire.

Description

- the portfolio comprises a mixture of tenures, with the majority being General Needs social rented properties;

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- the properties within the portfolio are a mixture of ages and of traditional brick or concrete and steel construction; and
- approximately 73% of the properties within the portfolio have an EPC rating of C or higher.

Tenure

- unless otherwise stated in this report, we have assumed the Original Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

Tenancy Summary Income Profile

- the majority of the rented properties (circa 99.9%) are let on assured tenancies;
- there is 1 units let on a secure tenancy; and
- the total annual income that the Original Borrower receives from the portfolio is £38,502,787.

Analysis

Strengths

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of social housing ("RPs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio's location and composition;
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations; and
- Based on local authority waiting lists, there is excess demand for affordable housing properties across the localities within the portfolio.

Weaknesses

- the age of some of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

Threats

- The social housing sector's financial performance is weakening due to increased spending on existing homes and higher interest rates;

Opportunities

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- The strongest financial pressures are seen in London and other urban areas with large numbers of flats still needing building safety works.
- RPs' spending on repairs and maintenance is at record levels and development plans are being scaled back due to financial constraints;
- There is an increased focus both within the sector and the media on tenant safety and service delivery. Failure to deliver quality services or engage with tenants effectively can harm tenants and damage reputation.
- investment of REITs and other funds into the sector as whole; and
- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Suitability for Loan Security

Our instructions require us to comment on whether the properties we have valued to provide adequate security for the loan.

- It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria investors are applying in making this assessment.
- However, we confirm that, in our opinion, should the investors become mortgagees in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.
- With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.
- Subject to the information presented within this report, and at the values formally reported, we are satisfied to recommend to the investors that this portfolio is suitable for security purposes.

Information Requiring Clarification

- The Original Borrower has been unable to provide EPC ratings for 803 properties in the portfolio.

Lender Action Points

We have relied upon the rent and tenancy information provided by the Original Borrower as being accurate. If required, we would recommend that the tenancy agreements and current rental income information provided therein is verified for accuracy by a solicitor.

Based on our knowledge of the sale of tenanted stock between RPs, and considering the specific attributes of the subject portfolio, we would anticipate a marketing period of six to twelve months.

We understand from our inspections and information provided by the Original Borrower, that there are no blocks of six storeys or above in the Portfolio.

However, there is one block in the Portfolio – Printing House Court - that had an EWS1 form undertaken by Mr. Adam Kiziak which gave it a B1 rating. Since that date Mr. Kiziak, the Director of Tri-Fire, has been expelled from the Institute of Fire Engineers (IFE) due to conduct issues. As a result any EWS1 forms undertaken by Mr Kiziak/ Tri-fire cannot be relied upon.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Fire safety experts at JLL have reviewed the EWS1 form undertaken by Tri-fire together with its attached intrusive wall survey and JLL's desktop review recommended that, in order to be confident that no remedial works are required, a new FRAEW assessment should be undertaken. In the circumstances, therefore, we have temporarily nil valued Printing House Court, until such time as a new FRAEW or PAS9980 has been completed and we have had the opportunity to review it.

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

EUV-SH Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented valuations:

Assumption	EUV-SH
Rental income growth - (Year 1)	1.0%
Bad debts and voids (Year 1)	2.25% - 3.0%
Management costs (average per unit)	£773
Management cost growth inflator	0.50%
Total repairs costs (Year 1)	£1,968 - £2,809
Repair cost growth inflator	0.5%
Discount rate (income)	5.25% - 5.75%

MV-T Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented MV-T valuations:

Assumption	MV-T
Rental income growth - houses (Year 1)	13.8% - 17.7%
Rental income growth - flats (Year 1)	14.6% - 19.7%
Sales rate (houses)	3.5% - 40.0%
Sales rate (flats)	3.5% - 40.0%
Bad debts and voids (Year 1)	8.0%
Management costs	7.0% - 9.0%
Total repairs costs (Year 1)	£3,604 - £4,809
Repair cost growth inflator	0.5%
Discount rate (income)	7.00% - 7.25%
Discount rate (sales)	7.25% - 7.75%

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Assumptions: Shared Ownership

The following table provides a summary of the assumptions made in our shared ownership valuation:

Assumption	EUV-SH
Discount rate (income)	5.00%
Discount rate (sales)	7.50%
Management Costs	4.0% of Gross Income
Sales rate p.a. (yrs. 0-2)	1.50%
Sales rate p.a. (yrs. 3-10)	1.75%
Sales rate p.a. (yrs. 11-25)	1.50%
Sales rate p.a. (yrs. 26-50)	1.0%
Rental growth (all years)	0.50%

This Overview forms part of the Valuation Report dated 26 May 2026 and should not be read in isolation.

Portfolio ("The Portfolio"):	Valuation of 5,051 affordable housing units owned by Vivid Housing Association Limited relating to the update of the £2,000,000,000 Note Programme of Peninsular Capital PLC (the Programme)
Reliance:	This report is issued for the benefit and use of the Addressees and for inclusion in the programme admission particulars of the Issuer in connection with Programme and it may only be used in connection with the Programme Admission Particulars, the Programme and issues of Notes under the Programme. We hereby give our consent to the publication of this report within the Programme Admission Particulars and accept responsibility for the information contained in this report. Before this report or any part of it is reproduced or referred to in any document, circular or statement (other than the Programme Admission Particulars in respect of the Programme and issues of Notes under the Programme), our written approval as to the form and context of such publication must be obtained.
Tenure:	Mixed Freehold and Leasehold
Valuation Date:	31 March 2026
Instruction Date:	10 March 2026

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Basis of Valuation:

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T") where applicable.

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes.

We have valued on these bases, unless otherwise stated in this report. In addition, and for guidance only (and specifically not to be relied on or represented for any purpose connected with loan security or similar purposes), we are instructed to provide our indicative opinion of value on the basis of Market Value assuming Vacant Possession ("MV-VP").

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

Inspection:

In accordance with our instructions, we have inspected the exterior of 20% of the properties this year, and have seen 5% of those properties internally. Our inspections were carried out between 01 May 2026 and 22 May 2026.

We understand that we saw representative parts of the Portfolio and we have assumed that any physical differences in parts we did not inspect will not have a material impact on value.

Personnel:

This report has been prepared by Imogen Renwick under the supervision of Fiona Hollingworth MRICS (Valuer Number: #0099707).

The report is also countersigned by Joanne Hooper MRICS (Valuer Number: #0857250) and James Massey MRICS (Valuer Number: #5036140).

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

	We can confirm that no conflict of interest has occurred as a result of our production of this report.
Status:	In preparing this valuation we have acted as External Valuers, subject to any disclosures made to you.
Disclosure:	We have previously disclosed to you any recent involvement in this property.
Assumptions:	As instructed, we have made the following Special Assumptions: ■ the definition of Market Value set out in VS3.2 (with a special assumption that the Properties are subject to existing tenancies).
Sources of Information:	We have relied upon the description, tenancy type and current rental income provided to us by the Original Borrower and we have been unable to verify the accuracy of that data.
Market Value:	Our valuation of the 1,831 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is: **£245,670,000** **(two hundred and forty five million, six hundred and seventy thousand pounds)** Our valuation of the 2,961 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is: **£591,255,000** **(five hundred and ninety one million, two hundred and fifty-five thousand pounds)**
Purchaser's Costs:	We have not allowed for purchaser's costs.

1. Introduction

1.1. Background

Jones Lang LaSalle Limited (hereafter "JLL") has been instructed to prepare a valuation of 5,051 properties (the "Portfolio") owned by Vivid Housing Limited in connection with each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. As at the date of this Report, the properties within the Portfolio are owned by Vivid Housing Limited (the "Original Borrower").

1.2. Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by Imogen Renwick under the supervision of and countersigned by Fiona Hollingworth MRICS (Valuer Number: #0099707).

The report is also countersigned by Joanne Hooper MRICS (Valuer Number: #0857250) and James Massey MRICS (Valuer Number: #5036140

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Original Borrower's accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this report. We understand that values given in the Original Borrower's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Original Borrower. This is an entirely different basis of valuation from that used for loan security purposes.

The valuation date is 31 March 2026.

1.3. Instructions

Our report is prepared in accordance with the Original Borrower's standard instructions, and our General Terms and Conditions of Business.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T") – where applicable.

We have valued on these bases, unless otherwise stated in this report.

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

We have valued the Portfolio on these bases, unless otherwise stated in this Report. In addition, and for guidance only (and specifically not to be relied on or represented for any purpose connected with loan security or similar purposes), we are instructed to provide our indicative opinion of value on the basis of Market Value assuming Vacant Possession ("MV-VP").

1.4. Regulatory Compliance

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Original Borrower, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Original Borrower is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2025) and that we do not anticipate this situation changing in the foreseeable future.

1.5. Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility is considered no later than the end of 2030.

1.6. Property Documents

For the purposes of the original charging we previously reviewed the certificate of title prepared by Bevan Brittan dated 13 February 2025 and 11 March 2025, Penningtons dated 28 March 2025, Trowers & Hamlins LLP dated 28 March 2025 (x2) and Wright Hassall LLP dated 26 March 2025 (the "Certificates") and can confirm that our valuations fully reflect the disclosures contained therein.

For the properties that we additionally charged in two separate tranches to the Portfolio in 2025 we have previously reviewed the certificates of title prepared by Trowers and Hamlins LLP and Devonshires Solicitors LLP respectively (the "Certificates") and can confirm that our valuations fully reflect the disclosures contained therein.

In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificates) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificate but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

Within the Portfolio there are 4 titles which are subject to CIL clawback. For three of these titles the amount of clawback is relatively small and we have therefore deducted the total clawback amount of £2,096,410 from the affected 157 properties. These deductions are shown in our schedule at Appendix 1.

For the other title the amount of clawback is larger than the difference between the EUV-SH value and the MV-T value for the affected 87 properties and in this case we have restricted the properties to valuation on the basis of EUV-SH, where they were not already valued on that basis (the shared ownership properties).

1.7. Regulation

The Original Borrower is regulated by the Regulator of Social Housing (RSH). The RSH is a non-departmental public body that oversees social housing providers in England. It was established in 2018 and is sponsored by the Ministry of Housing, Communities and Local Government. The RSH's primary responsibilities include monitoring and regulating registered social housing providers to ensure they meet certain standards of governance, financial viability, and value for money. They also provide guidance and support to social housing providers and publish information on the performance of the sector.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The RSH in England provides ratings to social housing providers based on their financial viability, governance and consumer standards (from 1 April 2024). The Original Borrower Limited is currently rated as follows:

Registered Provider	Governance Rating	Viability Rating	Consumer Regulation Rating	Last Update
Vivid Housing	G1	V1	Not assessed yet	December 2025

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These were very significant for the UK social housing sector, as they gave RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

Since the commencement of this legislation, RPs have adapted their business plans and have adopted a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, this is now a key part of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs have in any way sacrificed their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

Whilst this is now a common part of RP asset management strategy, in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

1.8. Market Conditions

Macro events such as geo-political disputes, wars or acts of aggression, and restrictions on trade can cause market conditions to change quickly thereby impacting real estate values. Specifically, events in Iran and the wider Middle East region may have global repercussions resulting in increased oil prices, market stagnation and general uncertainty.

In recognition of this, we highlight the importance of the valuation date and confirm the conclusions in our report are valid at the time of reporting only. We advise you to keep the valuation under regular review. For the avoidance of doubt, we are not reporting Material Uncertainty.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

2. Methodology

2.1. Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; and day-to-day repairs. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2. Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by the Original Borrower. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

2.3. Inspections

We understand that, under the terms of the loan agreements, which on-lend the proceeds of each series of Notes, the Original Borrower must deliver a full valuation report at least once in every period of five calendar years.

The Portfolio currently comprises 5,015 properties, which, in line with the loan agreements, which on-lend the proceeds of each series of Notes, are required to be inspected by a valuer every five years. The logistics of inspecting this number of units in one year would be time consuming and costly, and therefore it has been agreed with the Security Trustee that we will inspect 20% of the properties every year, so that over a 5 year period all of the properties will have been inspected.

We can confirm that we have inspected the exterior of 20% of the properties this year, and have seen 5% of those properties internally. Our inspections were carried out between 01 May 2026 and 22 May 2026.

2.4. Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- examining local benchmark affordable rents and comparing these with the Original Borrower's rents; and
- analysing data provided by the Original Borrower.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

3. General Commentary

3.1. Locations

The properties within the portfolio are located in the South East and South West of England as shown in the table below:

County	Units
Berkshire	129
Hampshire	4,290
Surrey	231
West Sussex	118
Wiltshire	24
Total	**4,792**

3.2. Property Types

The following table summarises the unit types within the portfolio.

Property Type	Units
Room	32
Studio flat	9
1 bed flat	755
2 bed flat	1,120
3 bed flat	18
1 bed house	13
2 bed house	1,062
3 bed house	1,363
4 bed house	135
5 bed house	6
1 bed bungalow	45
2 bed bungalow	225
3 bed bungalow	8
4 bed bungalow	1
Total	**4,792**

3.3. Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The properties within the portfolio are a mixture of ages as shown in the table below:

Age	House	Flat	Bungalow	Room	Total
Pre-1919	8	5	-	5	18
1920-1949	297	9	3	4	313
1950-1979	392	309	222	-	923
1980s	67	33	25	6	131
1990s	219	66	3	12	300
2000s	280	416	11	5	712
2010s	521	305	12	-	838
Post 2020	795	759	3	-	1,557
Total	**2,579**	**1,902**	**279**	**32**	**4,792**

From our inspections the properties a mixture of traditional brick and concrete and steel construction under pitched, tile or slate-clad roofs. Windows are of mostly of uPVC casement and the majority of the properties appear to be double-glazed.

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties we inspected internally are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.4. Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

We understand from our inspections and information provided by the Original Borrower, that there are no blocks of six storeys or above in the Portfolio.

There is however one block in the Portfolio – Printing House Court - that had an EWS1 form undertaken by Mr. Adam Kiziak which gave it a B1 rating. Since that date Mr. Kiziak, the Director of Tri-Fire, has been expelled from the Institute of Fire Engineers (IFE) due to conduct issues. As a result any EWS1 forms undertaken by Mr Kiziak / Tri-fire cannot be relied upon.

Fire safety experts at JLL have reviewed the EWS1 form undertaken by Tri-fire together with its attached intrusive wall survey and JLL's desktop review recommended that, in order to be confident that no remedial works are required, a new FRAEW assessment should be undertaken. In the circumstances, therefore, we have temporarily nil valued Printing House Court, until such time as a new FRAEW or PAS9980 has been completed and we have had the opportunity to review it.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

3.5. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Original Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030. We have allowed for expenditure which, in our view, is sufficient to ensure compliance with the new standards.

The Original Borrower has confirmed the EPC rating applicable for 3,989 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
A	9
B	1,633
C	1,880
D	438
E	27
F	2
Unknown	803
Total	**4,792**

We note that 467 properties have an EPC rating below C. In respect to these properties, we have made an allowance of between £6,208 and £27,956 in our cashflow to bring the properties up to EPC standard C by 2030.

3.6. Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0º Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030,

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4. Valuation Commentary – Rented Stock

4.1. Introduction

There are 3,721 rented affordable housing properties in the portfolio. These are summarised in the table below.

Category	Units	% of the Portfolio
Extra Care	54	1.5%
GN Affordable Rent	1,076	28.9%
GN Social Rent	2,485	66.8%
HOP self-contained	44	1.2%
Intermediate Rent	5	0.1%
Supported & shared amenities	18	0.5%
Supported self-contained	21	0.6%
Temporary Accommodation	18	0.5%
Total	**3,721**	**100%**

4.2. Tenancies

The majority of the rented properties (circa 99.9%) are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements. The remaining 1 unit is let on a secure tenancy.

4.3. Rental Income

RPs must set rents in accordance with the Statement on Rents for Social Housing (the "Policy Statement") which is published on the MHCLG website. The Policy Statement sets out the government's policy on rents from 1 April 2025 to 31 March 2026.

The following table summarises the total income that the Original Borrower receives from the portfolio annually:

Category	Annual Income	Average Rent
Extra Care	£532,035	£125.37
GN Affordable Rent	£11,449,412	£204.63
GN Social Rent	£19,486,115	£150.80
HOP self-contained	£265,630	£116.10
Intermediate Rent	£60,953	£234.44
Supported & shared amenities	£62,815	£67.11
Supported self-contained	£148,625	£136.10
Temporary Accommodation	£132,988	£142.08
Total	**£31,958,574**	**£165.17**

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The Statistical Data Return ("SDR") is an annual online survey completed by all private RPs of social housing in England. The latest return for 2024/25 provides the average social rents charged by all RPs for general needs and sheltered/supported properties. The following table compares the Original Borrower's average rents with the average sector rents in the same localities:

Region	Average Sector Rent - General Needs	Original Borrower General Needs	Average Sector Rent – Affordable Rent	Original Borrower Affordable Rent	Average Sector Rent - Supported	Original Borrower Sheltered & Supported
South East	£126.64	£150.80	£200.40	£205.08	£119.62	£116.38
South West	£109.62	-	£168.23	£170.29	£109.29	-

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Original Borrower's average rents with the average LHA in the portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 1.

Category	Average Passing Rent	Average LHA	% of LHA	Average Market Rent	% of Market Rent
Extra Care	£125.37	£192.63	65.1%	£257.04	48.8%
GN Affordable Rent	£204.63	£215.37	95.0%	£300.78	68.0%
GN Social Rent	£150.80	£232.53	64.9%	£319.36	47.2%
HOP self-contained	£116.10	£186.20	62.3%	£243.64	47.7%
Intermediate Rent	£234.44	£250.85	93.5%	£331.00	70.8%
Supported & shared amenities	£67.11	£97.31	69.0%	-	-
Supported self-contained	£136.10	£129.52	105.1%	£173.10	78.6%
Temporary Accommodation	£142.08	£182.96	77.7%	£226.67	62.7%

We have relied upon the rental information provided by the Original Borrower.

4.4. Rent Convergence

On 28 January 2026, the government confirmed updates to the Rent Standard allowing properties with rents currently below formula rent to increase by an additional £1 per week from April 2027, rising to £2 per week from 2028 until formula rent is reached.

The rent convergence provisions will not apply to all properties. The following accommodation types are specifically excluded from the updated Rent Standard: shared ownership low cost rental accommodation, intermediate rent accommodation, specialised supported housing, relevant local authority accommodation, student accommodation, PFI social housing, temporary social housing, and care homes.

To accurately model rent convergence within our valuation methodology, we require Registered Providers to confirm the formula rent for each eligible property in the portfolio. This enables property-by-property assessment of whether current passing rents fall below formula rent levels.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.5. Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its 2025 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table below and, in our opinion, demonstrate that the rents being charged by the Original Borrower are affordable.

Region	Average Weekly Earnings	General Needs	General Needs as %age	Affordable Rent	Affordable Rent as %	Sheltered & Supported	Sheltered/Supp as %
South East	£576.25	£150.80	26.2%	£205.08	35.6%	£116.38	20.2%
South West	£535.46	-	-	£170.29	31.8%	-	-

4.6. EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.7. MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take between 1 and 6 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

4.8. Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

The rates that we have adopted are set out in the table below, and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.11.

Property Type	Relet Rate
House	5.0%
Flat	5.0%
Room	5.0%

4.9. Sales Rates

We have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices across the same localities over the past 12 months.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	3.5% - 40.0%	65
Sales rate (flats)	3.5% - 40.0%	46

The above figures equate 1,803 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

4.10. Right to Buy

We anticipate that the tenants of some of the properties within the portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). However, we consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.11. Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Original Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.12. Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2025 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2025 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.59% of their gross income through bad debts and 1.76% through void losses. The void losses reflect a decrease from 0.66% in the 2024 data whilst bad debts have remained at similar levels over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

4.13. Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Original Borrower. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

From the information provided in the 2025 Global Accounts, the average cost of management across the sector is £1,279 per unit and the average management cost for the Original Borrower is £805 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £773 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend 9.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.14. Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2025 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £3,330 per unit and the average maintenance cost for the Original Borrower is £2,697 per unit. The Global Accounts average figure for the sector is an increase of 10.0% on the 2024 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.4 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 0.5% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£1,575
Cyclical repairs	Year 1	£430
Day-to-day repairs	Year 1	£505
Total Average Costs	**Year 1**	**£2,510**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

The repairs and maintenance assumptions used in each of our valuations are shown in the cashflow summaries appended to this report.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.15. Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.25% and 5.75% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 3-8 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.00% and 7.25% (rental income), and between 7.25% and 7.75% (sales) for our MV-T cashflows.

4.16. Market Value subject to Vacant Possession (MV-VP)

We have undertaken research into MV-VPs in locations covered by the portfolio. We have assessed the average value of dwellings on a property by property basis. The values adopted are based on comparable research and reflect the diversity of the stock and the different areas.

The average MV-VP of flats and houses in each of our cashflows are as shown in the table below:

Category	Average MV-VP (Houses)	Average MV-VP (Flats)	Average MV-VP (Bungalows)
Extra Care	-	£160,000	-
GN Affordable Rent	£324,000	£200,000	£296,000
GN Social Rent	£336,000	£194,000	£335,000
HOP self-contained	-	£72,000	£265,000
Intermediate Rent	£500,000	£182,000	-
Supported self-contained	£295,000	£195,000	-
Temporary Accommodation	-	£178,000	-

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.17. House Price Growth

We have included house price growth in accordance with the rates set out in JLL's Residential Forecasts issued in December 2025. The rates are split by region and are shown in real terms in the following table:

Region	2026	2027	2028	2029	2030
South East	-1.0%	1.0%	1.5%	3.5%	2.5%
South West	-1.0%	1.5%	2.0%	4.0%	3.0%

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5. Valuation Commentary – Shared Ownership

5.1. Introduction

There are 1,071 shared ownership properties within the portfolio. The Original Borrower currently owns 62% of the equity in the units and a rent is charged on this percentage.

5.2. Rental Levels

According to the information provided by the Original Borrower, the average gross weekly rental level is £117.51 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3. Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

On 12 October 2023, the government introduced a series of reforms to shared ownership rents. These reforms apply to the leases of new shared owners who purchase homes delivered through the Affordable Homes Programme and through the planning system via Section 106 developer contributions, with certain exceptions. They also apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership and Rent to Buy schemes.

As a part of these reforms, it was announced that from 12 October 2023, rents for new shared owners can instead be increased once a year by no more than the Consumer Prices Index (CPI) plus 1%. This reform brings shared ownership rents into line with the limit that normally applies to annual rent increases in other forms of social housing.

The reforms apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership or Rent to Buy schemes on or after 12 October 2023. If the sale of a leasehold interest in a home on shared ownership terms through either of these schemes is agreed before 12 October 2023, then they are exempt from these reforms.

We have not had sight of the individual leases for the shared ownership properties within this portfolio; however, Vivid has confirmed that the shared ownership properties within this portfolio are subject to the previous version of the model shared ownership lease and include rent review provisions that allow upwards only, indexed linked annual rent increases at RPI plus 0.5%.

Accordingly, we have increased rents at a rate of RPI plus 0.5%, in accordance with the terms of the existing leases.

5.4. Outgoings

In forming an opinion of the net rental income generated by the portfolio, we have allowed 4.0% of gross rental income for management.

5.5. Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5.6. Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7. Discount Rate

For our EUV-SH valuation we have adopted a discount rate of 5.00% on the rental income and 7.50% on sales.

5.8. Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the portfolio is £185,503.

5.9. Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 1.0% tranches.

The rates we have adopted in our cashflow are as follows:

Years	Tranche Sales p.a.
Yrs 0-2	1.50%
Yrs 3-15	1.75%
Yrs 16-30	1.50%
Yrs 31-50	1.00%

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (circa 67%) is attributed to the rental income.

6. Valuation

6.1. Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this report.

6.2. Asset Value for Loan Security Purposes

Our valuation of the 1,831 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£245,670,000
(two hundred and forty five million, six hundred and seventy thousand pounds)

Our valuation of the 2,961 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£591,255,000
(five hundred and ninety one million, two hundred and fifty five thousand pounds)

For information purposes only, our valuation of the 2,961 MV-T properties valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£363,560,000
(three hundred and sixty three million, five hundred and sixty thousand pounds)

6.3. Asset Value by Tenure

Our valuation of the 1,710 freehold properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£232,690,000
(two hundred and thirty two million, six hundred and ninety thousand pounds)

Our valuation of the 2,910 freehold properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£583,440,000
(five hundred and eighty three million, four hundred and forty thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Our valuation of the 121 leasehold properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£12,980,000
(twelve million, nine hundred and eighty thousand pounds)

Our valuation of the 51 leasehold properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£7,815,000
(seven million, eight hundred and fifteen thousand pounds)

6.4. Summary Table

Our valuation of each individual tenure is shown in the following table:

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
Extra Care	54	MV-T	£3,810,000	£7,110,000
GN Affordable Rent	325	EUV-SH	£54,570,000	-
GN Affordable Rent	751	MV-T	£128,800,000	£149,195,000
GN Social Rent	417	EUV-SH	£46,840,000	-
GN Social Rent	2,068	MV-T	£224,160,000	£425,060,000
HOP self-contained	44	MV-T	£2,550,000	£4,150,000
Intermediate Rent	5	MV-T	£960,000	£1,230,000
Supported & shared amenities	18	EUV-SH	£260,000	-
Supported self-contained	21	MV-T	£1,770,000	£2,040,000
Temporary Accommodation	18	MV-T	£1,510,000	£2,470,000
Shared Ownership	1,071	EUV-SH	£144,000,000	-
Total	**4,792**		**£609,230,000**	**£591,255,000**

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

7. Bases of Valuation

7.1. Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2. Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3. Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4. Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

When considering the valuation of properties involving transferred public subsidies and potential SDLT relief, it is crucial to note that the application of such relief is subject to complex legislative conditions and HMRC interpretations. The availability of SDLT relief can significantly impact property valuations. However, its applicability is highly dependent on

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

specific circumstances, including (but not limited to): the nature of the original acquisition; the type of public subsidy involved; and the status of both the vendor and purchaser.

As such, valuations based on the assumption of SDLT relief may be subject to inaccuracies if all relevant conditions are not met or if HMRC's interpretation of the legislation changes. It is strongly recommended that, in the event of a transaction, professional tax advice be sought and, where uncertainty exists, non-statutory clearance from HMRC be obtained.

For the avoidance of doubt, our valuations are prepared on the explicit assumption that SDLT relief would be sought and successfully achieved by a hypothetical purchaser of the social housing properties in the portfolio. Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5. VAT

Our valuations are exclusive of VAT on disposal.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8. Sources of Verification of Information

8.1. General

We have relied upon the description, tenancy type and current rental income provided to us by the Original Borrower and we have been unable to verify the accuracy of that data.

8.2. Tenure

Unless otherwise stated in this report, we have assumed the Original Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

8.3. Title

We have previously reviewed the certificate of title prepared by Bevan Brittan dated 13 February 2025 and 11 March 2025, Penningtons dated 28 March 2025, Trowers & Hamlins LLP dated 28 March 2025 (x2) and Wright Hassall LLP dated 26 March 2025 (the “Certificates”) original charging and can confirm that our valuations fully reflect the disclosures contained therein.

For the properties that we additionally charged in two separate tranches to the Portfolio in 2025 we have previously reviewed the certificates of title prepared by Trowers and Hamlins LLP and Devonshires Solicitors LLP respectively (the “Certificates”) and can confirm that our valuations fully reflect the disclosures contained therein.

In respect of each property that we have valued on the basis of MV-T we confirm that we have reviewed the Certificates and confirm that each such property can be disposed of on an unfettered basis (subject only to existing tenancies disclosed in the Certificates but not subject to any security interest, option of other encumbrance or to any restriction preventing or restricting its sale to or use by any person for residential use).

8.4. Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this report.

8.5. Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6. Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7. Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8. Reinforced Autoclaved Aerated Concrete ("RAAC")

The presence of RAAC in buildings and its potential to fail with little or no warning is receiving media attention at the moment following the closure of schools which are considered to be at risk.

RAAC is a lightweight form of concrete commonly used in construction between the 1950s and mid-1990s. It is predominantly found as precast panels in roofs, commonly flat roofs, and occasionally in floors and walls.

Although the majority of reported cases are within education and public sector buildings, there is potential for RAAC to be present in other property types and sectors. Whether this poses a risk will depend on several factors including location, condition and quality of the original installation and each case will need to be assessed on its own merits.

Within the residential sector, the RICS advise that they expect the exposure to be low. The Regulator of Social Housing (RSH) has also said that it believes RAAC is not widespread in social housing.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using RAAC. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.9. Transfer Slabs

Transfer slabs are a floor arrangement where a column sits on top of a reinforced concrete slab without a supporting column directly underneath. The issue was first raised by the Institution of Structural Engineers in November 2024 due to a perceived lack of industry-wide guidance covering their design.

The Government has subsequently contacted landlords and building owners in December 2025 to highlight specific concerns about "punching shear in transfer slabs". While the Government is not aware of any building collapse caused by this in the UK, there is concern about the risk of a failure mechanism causing partial building collapse.

The Government is currently recommending that where there are visible signs of distress, building owners should seek professional advice and RICS recommends the Institution of Structural Engineers are contacted for suitable competent engineers.

The Building Safety Regulator commissioned research in late 2024 in order to establish structural risk, which is ongoing with MHCLG. Further advice is anticipated in due course, and building owners should remain informed.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using transfer slabs. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.10. Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.11. Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.12. Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

8.13. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Original Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030.

Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.14. Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the “the Red Book”. Such figures should not be used for any other purpose other than in the context of this valuation.

8.15. Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.16. Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.17. The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

8.18. Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.19. Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.20. Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.21. Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

Housing Market Commentary

JLL Residential Market Commentary – March 2026

UK Economy

All nine members of the Monetary Policy Committee unanimously voted to hold rates at 3.75 per cent at the March meeting. This came as little surprise considering the many unknowns around the length and impact of the conflict in the Middle East. Just a few weeks back, following the February meeting the odds on a rate cut topped 80 per cent, with observers hinting at further downward movements in the coming months. Obviously much has changed since then.

But with odds on a reduction in the Bank Rate falling from near certainty to less than 10 per cent in the run-up, market attention shifted to what committee members were saying rather than the decision itself. Some thought (or hoped) the committee would choose to 'look through' energy cost driven inflation risk and concentrate on the ongoing weakness in the employment market. But the Bank's key focus – keeping inflation in check rather than focussing on growth won out.

The Bank of England's decision to maintain its current interest rate stance reflects a broader pattern of monetary policy restraint among major central banks worldwide. The narrative emerging from all the Central Banks' announcements was one of caution. The US Federal Reserve opted to keep rates within its existing 3.5 per cent to 3.75 per cent range, signalling continued caution in its approach to monetary adjustment. Canada held firm at 2.25 per cent, while both the Bank of Japan at 0.75 per cent and the European Central Bank at 2 per cent announced they too would be maintaining their respective rates for the time being.

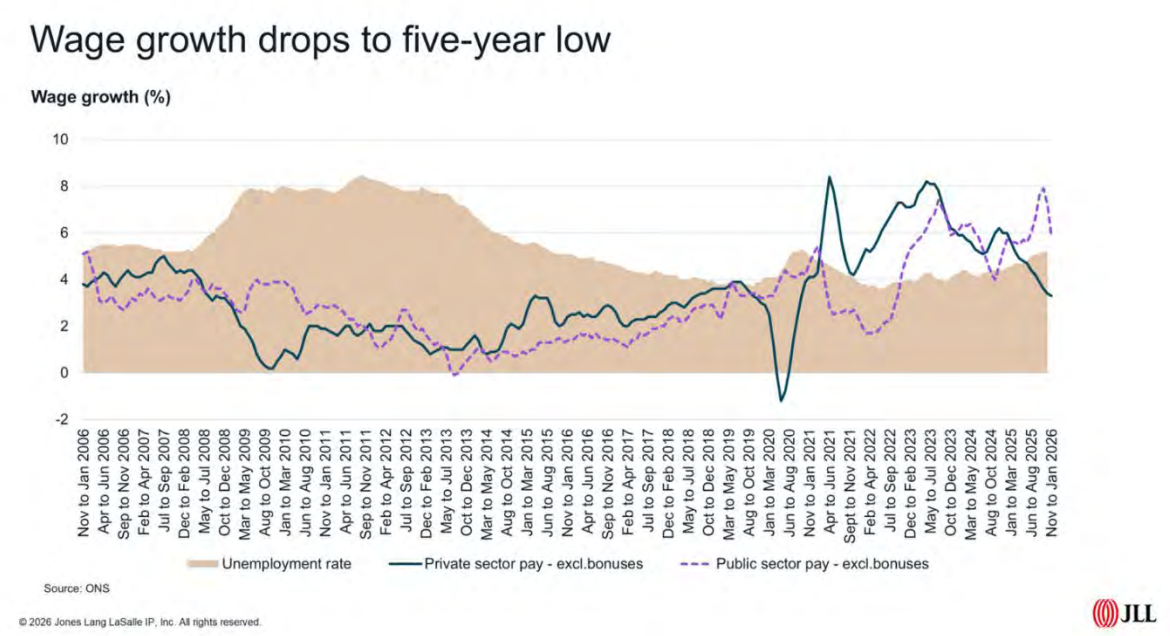

Outlook for Inflation

Maintaining its key focus on inflation, the Bank emphasised that it will be monitoring developments "extremely closely" and stands ready to act to ensure inflation returns to the 2 per cent target level. With the Consumer Prices Index (CPI) having fallen to 3 per cent in January, MPC forecasts back in February had anticipated inflation dropping back towards 2 per cent from as early as April, largely thanks to falls in the energy price cap. However, on Thursday, the MPC acknowledged that recent increases in wholesale energy costs would delay inflation's return to target, as these rises were already translating into higher fuel prices at the forecourt. The Committee now expects inflation to sit at around 3 per cent in the second quarter of 2026, a notable increase from the 2.1 per cent in the February forecast.

Looking ahead, higher wholesale gas prices are likely to feed through into a higher Ofgem energy price cap from July, which the Bank anticipates could add 0.75 percentage points to inflation over the third quarter. When combined with the prospect of firms passing on elevated energy costs to consumers, the MPC warned that CPI inflation could climb to as much as 3.5 per cent in the third quarter, considerably higher than the previous 2 per cent forecast.

Employment Figures

The latest government figures revealed continued weakness in employment markets. Growth in private sector wages, excluding bonuses, was 3.3 per cent in the three months to January, below the 3.5 per cent expected by the markets. The jobless rate remained at 5.2 per cent, marginally lower than the 5.3 per cent forecast previously.

UK wage growth dropped to its lowest level since 2022 in the three months to November, rising 4.5 per cent year-on-year. Yet despite the recent drop in the rate of wage inflation, increases in earnings have been outpacing house prices for some time now. This has resulted in house price to earnings ratio dropping from a high of 6.9 times earnings in Q2 2022 to 5.6 times in Q4 2025. This means house prices, when measured as a multiple of earnings are at their most affordable for over a decade.

London has followed a similar trajectory. Back in 2016 average London house price hit 11.7 times earnings but almost a decade on the ratio had fallen to 8.8. The last time London had a similar ratio was back in Q4 2013.

Impact on Mortgage Rates

With oil breaching $100 a barrel and the prospect of higher inflation for longer, swap rates (the benchmark rate for fixed rate mortgages) have risen. Markets are certainly pricing in the uncertainty – particularly in the short term, with two-year swaps now sitting higher than five-year. Products are being pulled, with the last of the sub 4 per cent deals now disappearing from lenders' books. Moneyfacts data shows the average shelf-life of mortgage products fell from 33 days in early February to 14 in early March, the lowest for over two years.

Moneyfacts tracked the removal of 600 mortgage products over the past few weeks. Not great news for borrowers, but this does reflect only around 10 per cent of the overall market. The number of mortgage products available is still more than double those offered in the weeks following the 2022 mini-Budget. Average two-year fixed rates have risen from 4.84 per cent at the start of March to 5.32 per cent on the morning of the MPC meeting.

The Housing Market

Uncertainty often leads to greater caution among buyers, particularly those who are less needs driven. In the short term, we expect those who have already locked in more favourable mortgage deals will be keen to push through transactions. But for those thinking of entering the market, heightened uncertainty alongside higher rates will likely deter some from moving.

Our 2026 forecast, made back in November, always predicted a stronger H2 than H1. It's still too early to call, and we are obviously all hoping for a swift resolution to the current conflict. But if the conflict persists, we could see a delay in the recovery this year.

Leasehold Reform

The government has finally published the Draft Commonhold and Leasehold Reform Bill. Reactions differ depending on which side of the leasehold fence one sits. Owners of freeholds bought as investments (which include individuals and larger institutions) will be assessing the implications for income. Developers too will be keen for more clarity on the impact of commonhold structures for future development. But for individuals owning leasehold properties or those looking to buy the reaction remains positive. The proposed capping of annual ground rents at £250 from 2028 (dropping to a peppercorn rent after 40 years) will mean existing homeowners who own properties with more complex ground rent structures (doubling ground rents being one of the most challenging) finding it easier to secure a mortgage or sell their homes. It also reassures prospective owners that costs will not escalate going forward, supporting increased activity in the market. With challenges around escalating service charges, the greater transparency a commonhold structure brings may mean common holders have more control (or at least better oversight) of fees charged too.

Renters Rights Act

The Renters' Rights Bill gained Royal Assent on 27 October. With the bill now an Act, we have clarity on the content of the new legislation which will be phased in over months, or some cases years, rather than implemented immediately.

We do have timings for some of the major reforms. The first key date was 27 December 2025, when measures to strengthen the powers of local authorities came into force. Councils now have stronger powers to enforce housing regulations. They can request information from any landlord, letting agent, or property manager who has worked in the past 12 months and can visit properties to investigate suspected rule-breaking. They can also conduct more compliance checks, including verifying that letting agents have proper Client Money Protection schemes and by using tax and benefit databases to identify non-compliance.

From 1 May 2026, Section 21 no fault evictions will be abolished, and most new and existing tenancies will become Assured Periodic Tenancies. Landlords with unexpired Section 21 notices will only be able to make a valid possession claim for the first three months. Tenants will be able to stay in their property for as long as they want, or until a landlord serves a valid section 8 notice. Tenants will be able to end their tenancy by giving two months' notice. Landlords retain access to specific grounds for possession when they have legitimate reasons to reclaim their property. These include persistent rent arrears, anti-social behaviour, or a genuine need to sell or move back in.

Landlords who already have a written tenancy agreement in place do not need to change it or issue a new one. They will be required to provide tenants with a copy of the government 'Information Sheet' on or before 31 May 2026 – this will be published online in March 2026. For new PRS tenancies created after 1 May 2026, Landlords will need to provide tenants with a written tenancy agreement. Details on the exact information to include will require secondary legislation, with a draft expected in January 2026 to allow landlords and their agents to prepare new tenancy agreement templates in advance of 1 May.

Rent increases will be limited to one a year, with landlords being required to follow a revised section 13 procedure. Notice of rent increases must be given at least two months before it is due to take

effect. From 1 May all rent increases can be challenged by tenants at the Property Tribunal. Properties must be advertised at a specific asking rent and offers above this amount cannot legally be accepted. Landlords or their agents can no longer request more than one month's rent in advance.

Tenants have strengthened rights to request pets, which must be considered within 28 days. Landlords must provide a valid reason to refuse. In addition, it will be illegal to discriminate against tenants with children or those receiving benefits. Landlords and letting agents cannot take any action to discourage or prevent these groups from renting, including hiding property information, refusing viewings, or denying tenancies based on having children or receiving benefits.

Phase 2 of the Act is to be rolled out in two stages beginning from late 2026. This will include a PRS Landlord Database which will be a legal requirement for all PRS landlords, who will be required to pay an annual fee – cost yet to be confirmed. It is expected that landlords will need to provide contact details, details on the property and its inhabitants alongside safety information including Gas, Electric and EPC certificates. To allow time for landlords to comply, Stage 1 will be introduced 12-18 months before implementation. It is expected that the completion of Phase 1 and commencement of Phase 2 will not occur until 2028.

Stage 2 of Phase 2 is the Public access to the Database will be introduced, with a fully operational Database a pre-requisite for the introduction of the PRS Landlord Ombudsman who will handle tenant complaints, provide binding resolutions, as well as support landlords with tools and guidance on handling tenant complaints. The implementation of the Ombudsman will only take place once the Database is fully operational.

Stage 3 are plans to extend the Decent Homes Standard to private rentals, requiring landlords to maintain properties to specific safety and quality benchmarks. No date has been set, with a consultation still to take place.

Housing Delivery

The government's commitment to 1.5 million homes appears unwavering, however 18 months from coming to power the delivery of new homes has reached near record lows. The government will welcome some positive headlines, with an 18 per cent annual increase in housing starts in the year to September 2025. However, changes to building regulations meant starts spiked and then dropped back in Q2 2023, meaning the hike in starts comes off an abnormally low base.

In London Molior's latest release was mixed too. The number of starts totalled just over 5,500 in 2025 - it was 34,000 a decade earlier - meaning Molior's London starts in 2025 were just 6 per cent of London's 88,000 housing needs target. But there was a glimmer of hope, with Q4 starts rising, accounting for 41 per cent of the albeit low 2025 total.

Affordable Housing – Rent Convergence

The government has set out the detail behind rent convergence for social housing. The announcements are designed to address the difference in rents charged for some social homes and formula rents for comparable properties. This means more fairness for tenants who won't pay vastly different rates for similar homes just because they've lived in a property for longer or have a different social landlord. From April 2027 affordable housing providers will be able to increase rents by £1 per week over and above CPI plus 1 per cent rising to £2 per week above CPI+1 from April 2028. Rent convergence can run for up to ten years, or until they reach parity. London has the widest gap and is expected to take the longest with some regional markets needing only a year or so to regain lost

ground. The announcements on rent convergence are seen as key in underpinning providers' balance sheets and ensuring they have the confidence and financial ability to deliver more homes.

Details were also shared on the £2.5bn of low-cost loans for housing associations announced at the spending review. The 25-year loans will have an interest rate of 0.1 per cent. £250m will be set aside to support section 106, with the remaining 90 per cent supporting the delivery of social housing through grant-funding.

UK Investment – Living Sector

A record £22.8bn was invested in UK Living in 2025, with healthcare contributing more than half of the total as it ended the year with several £1bn+ M&A deals. Excluding healthcare, investment grew a more modest 2 per cent to £10.1bn, rising for the second year running from the trough in 2023 (£8.9bn). Single family investment overtook multifamily in 2025 with £2.6bn invested, accounting for just over half of all build-to-rent investment last year.

The 2024/25 student data released by HESA gives us a glimpse at the first full year impact of restrictions on international students brought in at the start of 2024. The number of international students has fallen 10 per cent from its 2022/23 peak, totalling 686,000 in 2024/25. Though still above the UK's (now scrapped) 600,000 target, it does represent a significant fall at a time that universities remain reliant on international tuition fees. The slowdown among international students resulted in a marginal 1 per cent decline in total university students. Despite a degree of uncertainty, investors were still active in the student market, with £4.6bn of investment completing across the year, up 22 per cent annually.

JLL data on UK real estate investment volumes (all sectors), shows volumes increased 64 per cent quarter on quarter to £16.4bn in Q4, from £10.0bn in Q3. This represented a 28 per cent increase on 2024 where volumes reached £12.8bn in Q4. Growth also remained higher than the long-run average, at 10 per cent above the 10-year Q4 average.

A strong Q4 means total 2025 volumes rose to £49.0bn, 27 per cent above 2024 volumes of £38.7bn and 2 per cent above the 10-year average.

Forecasts

Following the 2025 Budget and with a positive response from the bond markets and the Bank of England in rate cutting mode means we are seeing more competitive mortgage rates enter the market, which will, we expect, support activity and price growth over the next five years, albeit at the lower end of historic norms.

The High Value Council Tax Surcharge is perhaps the least damaging to market activity of the proposed 'mansion' taxes floated pre-budget. And while we expect that it may impact some buyers and homeowners' decision to purchase, the annual charge is more likely to be begrudgingly absorbed rather than directly impacting decision-making.

The 2% additional tax rate for property income also hits smaller landlords, many of whom have seen profit margins shrink and are facing additional regulatory hoops with the introduction of the Renters' Rights Act.

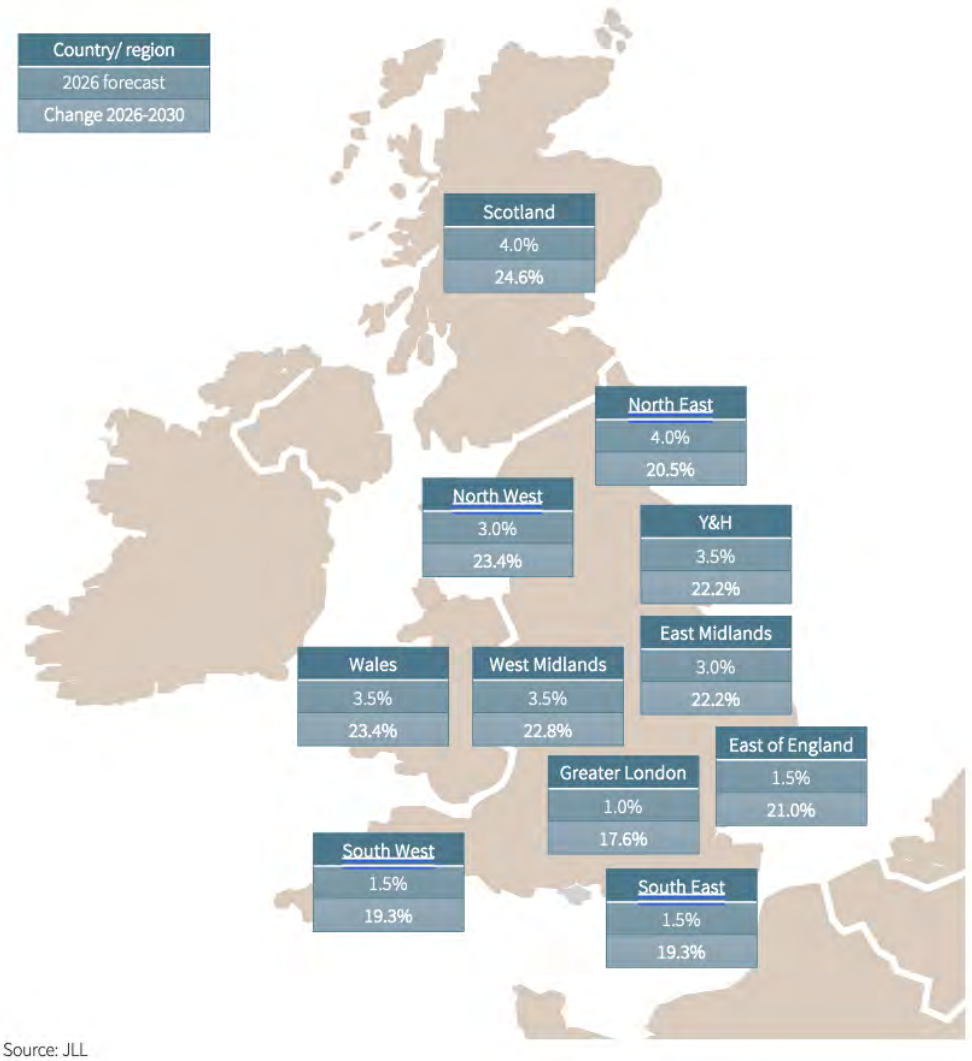

We expect this will further encourage landlords on the fence to exit, constraining supply and putting upward pressure on rents.

The Budget contained many references to growth, but there were few clear policies that signalled it, a view shared by the OBR in their downbeat forecast for growth and productivity.

So, in the absence of any demand side incentives for housing we are relying on an improvement in wider market conditions to support growth. Here there is some more positive news, with the Bank of England now in the rate cutting phase of the cycle, and expectation for up to three further cuts to the Base Rate by next summer. An easing in rates and some improvements in housing affordability, with house prices having underperformed wage growth, will help here too. But we expect this will mean a recovery to long term norms, rather than any significant outperformance.

JLL UK Residential Forecasts 2026-2030

House price forecasts

Source: JLL

House Prices

JLL forecast house prices will rise by 20% over the next five years UK-wide. More affordable regions are expected to outperform in the near-term, with London and southern England forecast to see stronger growth towards the back end of our five-year period.

Overall, we expect growth of 17.6% across Greater London between 2026 and 2030, compared with 23.4% in the strongest performing English region the North West. Scotland and Wales, usually seeing stronger growth at the tail end of the housing cycle are expected to see prices rise by 24.6% and 23.4%, respectively.

For central London, clarity around taxation, and the absence of some of the more draconian policies floated pre-Budget will confine the most significant price falls to 2025. JLL's central London sales business had its busiest month in 17 months in November, with anxious central London buyers holding off until the Budget now transacting.

Price falls in central London are expected to bottom out in H1 2026, as fears of more onerous tax changes subside post-Budget. But with a more domestic focussed buyer pool still looking for value we don't expect this will translate into meaningful price increase until later in the five-year forecast period. Meaning prices ending 2026 flat and rising 17% in the five years to 2030.

JLL House Price Forecast

	2025	2026	2027	2028	2029	2030	Change 2026-2030
UK	**1.5%**	**2.0%**	**4.0%**	**4.5%**	**4.5%**	**3.5%**	**19.9%**
Greater London	-1.0%	1.0%	2.5%	3.5%	5.0%	4.5%	17.6%
Central London	-5.0%	0.0%	2.0%	4.0%	5.0%	5.0%	17.0%

Source: JLL Research

Rental Market

The additional tax burden for landlords post-Budget, alongside concerns over the implementation of the Renters' Rights Act will mean constrained supply continues, as more landlords exit than enter the sector, supporting rental growth.

We forecast rents will rise at marginally above wage growth over the next five years, with 15.9% growth between 2026 and 2030 nationally. A more settled outlook for inflation and wages means our expectations on rental growth are more muted than recent highs. However, this reflects a return to pre-pandemic norms rather than a fundamental shift in market dynamics. Rental growth is forecast to be marginally higher in London, with growth of 17% across Greater London and 16.5% in central London over the same period.

JLL Rental Growth Forecast

	2025	2026	2027	2028	2029	2030	Change 2026-2030
UK	**3.0%**	**2.5%**	**2.5%**	**3.0%**	**3.5%**	**3.5%**	**15.9%**
Greater London	3.5%	2.0%	3.0%	3.5%	4.0%	3.5%	17.0%
Central London	2.5%	1.5%	3.0%	3.0%	4.0%	4.0%	16.5%

Social Housing Market Commentary

UK Social Housing Market Commentary

Demand

There were over 1.33 million households on local authority waiting lists as at 31 March 2024[i]. This represents an increase of 50,000 households (3.9%) compared to 31 March 2023. This is the highest number of households on the waiting list since 2014.

Waiting list data is summarised by government office region (GOR) in the table below:

Region	Waiting list as at 31 March 2023
South West	130,120
East of England	94,406
South East	118,420
North West	207,173
North East	68,183
East Midlands	87,001
Greater London	336,357
West Midlands	116,565
Yorkshire and The Humber	172,377
England	**1,330,602**

Housing Starts

According to the government's *Affordable housing supply in England: 2023 to 2024* data published by the Ministry of Housing, Communities & Local Government (MHCLG) on 26 June 2025, there were c.63k affordable homes delivered (completions) in England in 2023-24, on par with the previous year.

65% of new affordable housing completions were for rent (including social, affordable and intermediate rent), similar to the previous 4 years.

45% of all affordable homes delivered in 2023-24 were funded through Section 106 (nil grant) agreements, compared to 47% in the previous year.

94% of affordable homes delivered in England were new build (excluding unknowns), the same percentage as the previous year.

58,409 of affordable homes delivered in England were new build in 2023-24, the highest number of new build affordable housing on record.

There were 44,027 starts on site in England in 2023-24, a fall of 38% compared to the previous year and the lowest number since this data started being collected in 2015-16.

The following table summarises the total additional affordable housing dwellings by GOR – Completions for the last 5 years published by MHCLG on 26 June 2025:

Region	2019/20	2020/21	2021/22	2022/23	2023/24
South West	6,677	5,084	5,875	6,326	5,466
East of England	7,774	6,617	7,205	6,951	8,217
South East	11,354	9,274	11,138	11,369	10,872
North West	5,850	5,383	6,288	7,078	7,207
North East	2,587	1,751	2,275	1,868	2,061
East Midlands	4,494	3,831	4,755	4,461	5,507
Greater London	10,897	10,863	11,889	15,768	12,719
West Midlands	5,630	5,666	6,107	5,791	6,413
Yorkshire and The Humber	3,701	3,603	3,638	4,297	5,281
England	**58,964**	**52,072**	**59,170**	**63,909**	**63,743**

MHCLG - A New Plan

On 2 July 2025, MHCLG announced the following five step plan to deliver a decade of renewal for social and affordable housing:

- Step 1 - Deliver the biggest boost to grant funding in a generation
- Step 2 - Rebuild the sector's capacity to borrow and invest in new and existing homes
- Step 3 - Establish an effective and stable regulatory regime
- Step 4 - Reinvigorate council housebuilding
- Step 5 - Forge a renewed partnership with the sector to build at scale.

Unprecedented Investment in Social and Affordable Housing

The UK government has announced the largest long-term investment in social and affordable housing in recent memory launching a new 10-year £39 billion Social and Affordable Homes Programme (SAHP) running from 2026-2036. This programme aims to maximize housing supply with an ambitious target of delivering around 300,000 social and affordable homes, with at least 60% designated as Social Rent properties. If successful, this would deliver approximately 180,000 Social Rent homes - six times more than the grant-funded Social Rent homes delivered in the previous decade. The programme is designed to be flexible, supporting diverse housing types including council-built homes, supported housing, and rural developments, while maintaining value-for-money assessments.

Financial Capacity Restoration and Investment Support

Recognising that housing associations and councils have weakened financial capacity due to building safety requirements, rising costs, and previous rent cuts, the government is implementing comprehensive financial reforms. Social housing rents will be permitted to increase by CPI+1% annually from April 2026, with this settlement extended to 10 years for greater certainty.

A consultation on a rent convergence mechanism has recently closed. Such a mechanism will allow below-formula rents to increase gradually to standard levels by either £1 or £2 per week until the formula rent is reached. Additionally, £2.5 billion in low-interest loans will be made available to complement commercial lending, while social landlords will gain equal access to government building safety remediation funding for the first time, receiving over £1 billion between 2026-30.

Modernized Regulatory Standards and Safety Requirements

The government is establishing updated regulatory standards to ensure the 4 million existing social homes are safe, decent, and warm. Key safety measures include implementing Awaab's Law with strict timeframes for addressing damp, mould, and emergency hazards, and new electrical safety requirements mandating 5-yearly installation checks. The government is currently consulting on revised Decent Homes Standards that will be implemented by 2035, incorporating updated Minimum Energy Efficiency Standards requiring EPC band C by 2030. New professional competence requirements will come into force in 2026, alongside improved tenant access to information and a £1 million Resident Experience Innovation Fund.

Council Housebuilding Revival and Right to Buy Reforms

To reinvigorate council housebuilding, which has averaged only 8,000 homes annually over the past five years, the government is implementing comprehensive Right to Buy reforms. These include extending the eligibility period from 3 to 10 years of public sector tenancy, reducing discounts to start at 5% rising to a maximum 15%, and exempting newly built social homes from Right to Buy for 35 years. The government is also reviewing Housing Revenue Account thresholds, launching a £12 million Council Housebuilding Skills and Capacity Programme, and establishing a new Association of Directors of Housing to facilitate collaboration and best practice sharing among councils.

Sector-Wide Partnership and Delivery Commitment

The government is issuing a "call to arms" to all stakeholders in the social and affordable housing sector, including local authorities, housing associations, investors, developers, and regulators, to collaborate in delivering this ambitious renewal programme. The focus extends beyond new construction to include upgrading existing homes and unlocking Section 106 affordable housing agreements, which historically contribute nearly half of all affordable homes annually. The government will work intensively with providers over the coming months to agree joint delivery ambitions and will actively engage with tenant groups through their Resident Panel to ensure voices are heard throughout this transformational decade-long initiative.

JLL Research Analysis on the New Affordable Homes Programme

JLL Research has conducted an analysis of the government's new £39 billion Affordable Homes Programme (AHP), finding that while it represents the largest government commitment to affordable housing in half a century, significant challenges remain in meeting national housing targets. Our research suggests the programme could potentially deliver up to 500,000 affordable homes over the next decade - approximately 50,000 homes per year at a stretch - but this would still fall short of the government's ambitious 1.5 million new homes target for this parliament.

Funding Gap and Private Finance Requirements

The core challenge is a substantial viability gap that would require approximately £100 billion in additional private finance to bridge. While £39 billion sounds substantial, if used purely for full funding, it could only cover around 130,000 three-bedroom homes over the decade when accounting for land, build costs, and other expenses. The grant money is not designed to cover the full cost of affordable homes, meaning the social housing sector - already operating near its borrowing limits - would need to secure significant additional private investment to make the programme viable.

Structural and Market Challenges

Beyond funding constraints, there are several systemic challenges that could impact delivery. The construction industry faces a severe workforce shortage, with 200,000 fewer workers than pre-pandemic levels and 500,000 fewer than before the global financial crisis. Additionally, the success of planning reforms in delivering increased permissions remains uncertain. Our research emphasises the critical importance of the 10-year rent settlement and rent convergence in addressing these viability challenges, alongside the expectation that a significant portion of affordable housing delivery will continue through Section 106 agreements.

Market Optimism and Additional Investment

Despite the challenges, we've identified positive market trends that could support the programme's success. Confidence is gradually improving in the UK housing market, with the Bank of England expected to continue reducing interest rates. This improved affordability environment benefits not only first-time buyers but also landlords, with JLL's Landlord Survey revealing that half would consider expanding their portfolios if rates fell below 3%. The Spending Review's allocation of

£10 billion for financial investments, with roughly half going to Homes England, is expected to unlock new homes across all tenures, particularly private rental housing.

Stock Rationalisation Market

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

Since 2020, trades of general needs and shared ownership homes among Registered Providers have topped £3.6bn, with transaction volumes growing in recent years and in the last 12 months our Portfolio Transactions team has been directly involved in £900m of affordable housing transactions.

Portfolios have ranged in size between c.150 to over 1,000 homes, and £10m and £100m, with larger portfolios being lotted according to interest from RPs in each area. These prices represent a gross yield range between 5.0% and 8%. In the majority of cases these portfolios have been marketed via competitive tender process and have received multiple bids. Premiums on these transactions have ranged between having no premium and trading at EUV-SH to c.135% of EUV-SH.

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this report is 31 July 2026.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 1,584 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. As at the date of this Report, the properties within the Portfolio are owned by Vivid Housing Limited (the "Original Borrower").

Properties

The portfolio comprises 1,565 social housing units located in the South East of England. From our inspections, the properties are a mixture of ages and of traditional brick, concrete and steel construction.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this report.

In addition, there are 19 units in the portfolio which either form ancillary accommodation or have been sold on long leases or fully staircased. Vivid Housing's interest in these units is considered to be de minimis for the purpose of this exercise and so they have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this report.

We have inspected the exterior of all units in the portfolio and have seen a representative sample of 10.0% internally (section 3).

Valuations

The valuation date is 02 July 2026.

Our valuation of the 512 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£72,040,000
(seventy two million, forty thousand pounds)

Our valuation of the 1,053 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£210,500,000
(two hundred and ten million, five hundred thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The following table summarises our opinions of value (section 6):

Freehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	50	EUV-SH	£8,820,000	-
GN Affordable Rent	383	MV-T	£68,920,000	£79,200,000
GN Social Rent	190	EUV-SH	£24,270,000	-
GN Social Rent	658	MV-T	£73,400,000	£129,790,000
HOP self-contained	11	MV-T	£770,000	£1,560,000
Intermediate Rent	10	EUV-SH	£1,490,000	-
Supported & shared amenities	2	EUV-SH	£130,000	-
Shared Ownership	236	EUV-SH	£34,010,000	-
Total	**1,540**		**£211,810,000**	**£210,550,000**

Leasehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	2	EUV-SH	£360,000	-
GN Affordable Rent	1	MV-T	£110,000	£110,000
GN Social Rent	12	EUV-SH	£1,560,000	-
Shared Ownership	10	EUV-SH	£1,400,000	-
Total	**25**		**£3,430,000**	**£110,000**

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of social housing (“RPs”) in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio’s location and composition;

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- based on local authority waiting lists, There is excess demand for affordable housing properties across the localities within the portfolio;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales; and
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations.

There is excess demand for affordable housing properties across the localities within the portfolio as summarised by the following data.

Households on local authority waiting lists:

Region	Waiting list
South East	150,000

Based on current levels of affordable housing supply (new build) across the localities within the portfolio, the following table summarises the number of households on the waiting list for every new property being built:

Region	No. of Households
South East	28

Weaknesses:

- the age of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

Opportunities:

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole; and
- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Threats:

- the social housing sector's financial performance is weakening due to increased spending on existing homes and higher interest rates;
- the strongest financial pressures are seen in London and other urban areas with large numbers of flats still needing building safety works.
- RPs' spending on repairs and maintenance is at record levels and development plans are being scaled back due to financial constraints; and

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- there is an increased focus both within the sector and the media on tenant safety and service delivery. Failure to deliver quality services or engage with tenants effectively can harm tenants and damage reputation.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued provide adequate security for the underlying security in respect of the Notes issued under the Programme.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on the sample of inspections undertaken as a part of this valuation exercise, we are satisfied that the properties are being maintained to an acceptable social housing standard in line with the Regulator of Social Housing ("RSH") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

Stock

The stock is summarised by count of unit type as follows:

Property Type	Units
Room	2
1 bed flat	326
2 bed flat	359
1 bed house	25
2 bed house	303
3 bed house	468
4 bed house	77
5 bed house	3
6 bed house	1

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Property Type	Units
2 bed bungalow	1
Total	**1,565**

Locations

The properties within the portfolio are located in the South East of England as shown in the table below:

County	Units
Berkshire	92
Hampshire	1,392
Surrey	81
Total	**1,565**

Key Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented valuations:

Assumption	EUV-SH
Rental income growth - (Year 1)	1.0%
Bad debts and voids (Year 1)	2.0% - 3.0%
Management costs (average per unit)	£750
Management cost growth inflator	0.50%
Total repairs costs (Year 1)	£1,891 - £2,550
Repair cost growth inflator	0.5%
Discount rate (income)	5.25% - 5.50%

MV-T Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented MV-T valuations:

Assumption	MV-T
Rental income growth - houses (Year 1)	16.5% - 17.1%
Rental income growth - flats (Year 1)	15.2% - 17.0%
Sales rate (houses)	4.0%
Sales rate (flats)	3.8% - 15.0%
Bad debts and voids (Year 1)	7.0%
Management costs	9.0%
Total repairs costs (Year 1)	£3,891 - £4,550

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Assumption	MV-T
Repair cost growth inflator	0.5%
Discount rate (income)	7.25%
Discount rate (sales)	7.50%

Assumptions: Shared Ownership

The following table provides a summary of the assumptions made in our shared ownership valuation:

Assumption	EUV-SH
Discount rate (income)	5.25%
Discount rate (sales)	7.00%
Management Costs	3%
Yrs 0-2 Sales Rate	1.50%
Yrs 3-15 Sales Rate	2.00%
Yrs 16-30 Sales Rate	1.50%
Yrs 31-50 Sales Rate	0.75%
Rental growth (all years)	0.50%

This summary should be read in conjunction with the remainder of this report and must not be relied upon in isolation.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

1. Introduction

1.1. Background

Jones Lang LaSalle Limited ("JLL") has been instructed to prepare a valuation of 1,584 properties (the "Portfolio") which, as at the date of this Report, are owned by Vivid Housing Limited (the "Original Borrower").

This valuation is required to assess the level of security for each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

1.2. Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by Imogen Renwick under the supervision of Fiona Hollingworth MRICS (Valuer Number: #0099707).

The report is also countersigned by Richard Houghton MRICS (Valuer Number: #1110112) and Joanne Hooper MRICS (Valuer Number: #0857250).

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this report.

The Effective Date of Valuation is 02 July 2026.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Original Borrower's accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this report. We understand that values given in the Original Borrower's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Original Borrower. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Original Borrower, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Original Borrower is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2025) and that we do not anticipate this situation changing in the foreseeable future.

1.3. Instructions

Our report is prepared in accordance with the Original Borrower's formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.4. The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.5. Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the RSH to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the RSH's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

1.6. Market Conditions

Macro events such as geo-political disputes, wars or acts of aggression, and restrictions on trade can cause market conditions to change quickly thereby impacting real estate values. Specifically, events in Iran and the wider Middle East region may have global repercussions resulting in increased oil prices, market stagnation and general uncertainty.

In recognition of this, we highlight the importance of the valuation date and confirm the conclusions in our report are valid at the time of reporting only. We advise you to keep the valuation under regular review. For the avoidance of doubt, we are not reporting Material Uncertainty.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

2. Methodology

2.1. Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2. Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by the Original Borrower. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the portfolio is provided as Appendix 2.

2.3. Inspections

We derived our inspections strategy by giving full regard to:

- the geographical spread of the stock;
- the concentration (and thereby its exposure to risk); and
- the property types.

We have satisfied ourselves as to the quality of location and the general condition of and level of fixtures and fittings provided to the properties, and we have derived our valuation assumptions accordingly.

In accordance with our instructions, we have inspected all schemes externally and a representative sample of 10.0% of the stock was inspected internally. Our inspections were carried out between 29 June 2026 and 15 July 2026.

A representative selection of photographs is provided as Appendix 3

.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

2.4. Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with Original Borrower's rents; and
- analysing data provided by Original Borrower.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

3. General Commentary

3.1. Property Schedules

Schedules summarising the following data for each property within the portfolio form Appendix 1 of this report:

- address;
- unit type and bedroom number;
- tenancy type;
- title number;
- EPC rating;
- equity retained; and
- net weekly rent.

3.2. Locations

The properties within the portfolio are located in the South East of England as shown in the table below:

County	Units
Berkshire	92
Hampshire	1,392
Surrey	81
Total	**1,565**

This portfolio comprises 1,565 properties distributed across three counties with mixed urban and suburban residential environments. They are located across towns including Reading, Basingstoke, Portsmouth and Southampton. A location plan of the portfolio is provided at Appendix 2.

3.3. Property Types

The following table summarises the unit types within the portfolio.

Property Type	Units
Room	2
1 bed flat	326
2 bed flat	359
1 bed house	25
2 bed house	303
3 bed house	468
4 bed house	77
5 bed house	3

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

6 bed house	1
2 bed bungalow	1
Total	**1,565**

3.4. Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the portfolio are a mixture of ages as shown in the table below:

Age	House	Flat	Bungalow	Room	Total
Pre-1919	26	92	-	-	**118**
1920-1949	34	2	1	-	**37**
1950-1979	252	90	-	-	**342**
1980s	19	34	-	-	**53**
1990s	25	17	-	-	**42**
2000s	130	134	-	2	**266**
2010s	61	34	-	-	**95**
Post 2020	330	282	-	-	**612**
Total	**877**	**685**	**1**	**2**	**1,565**

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties we inspected internally are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.5. Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

From our inspections, there are no blocks of 6 storeys or above in the portfolio nor any other blocks where we have deemed it necessary to query the construction of the external wall system and whether potentially combustible cladding or timber balconies are present.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

3.6. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Original Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030. We have allowed for expenditure which, in our view, is sufficient to ensure compliance with the new standards.

The Original Borrower has confirmed the EPC rating applicable for 1,492 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
A	4
B	411
C	979
D	94
E	3
F	1
Unknown	73
Total	**1,565**

These ratings are included in the valuation schedule at Appendix 1.

We note that 98 properties have an EPC rating below C. In respect to these properties we have made an allowance of between £5,708 and £16,728 in our cashflow to bring the properties up to EPC standard C by 2030.

3.7. Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0º Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030,

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4. Valuation Commentary – Rented Stock

4.1. Introduction

There are 1,319 rented affordable housing properties in the portfolio. These are summarised in the table below.

Category	Units	% of the Portfolio
GN Affordable Rent	436	33.0%
GN Social Rent	860	65.0%
HOP self-contained	11	1.0%
Intermediate Rent	10	1.0%
Supported & shared amenities	2	0.01%
Total	**1,319**	**100%**

4.2. Tenancies

All of the rented properties are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements.

4.3. Rental Income

RPs must set rents in accordance with the Statement on Rents for Social Housing (the "Policy Statement") which is published on the MHCLG website. The Policy Statement sets out the government's policy on rents from 1 April 2025 to 31 March 2026.

The following table summarises the total income that Original Borrower receives from the portfolio annually:

Category	Annual Income	Average Rent
GN Affordable Rent	£4,806,442	£212.00
GN Social Rent	£6,720,954	£150.29
HOP self-contained	£68,486	£119.73
Intermediate Rent	£100,208	£192.71
Supported & shared amenities	£11,722	£112.71
Total	**£11,707,811**	**£170.70**

The Statistical Data Return ("SDR") is an annual online survey completed by all private RPs of social housing in England. The latest return for 2024/25 provides the average social rents charged by all RPs for general needs and sheltered/supported properties. The following table compares Original Borrower's average rents with the average sector rents in the same localities:

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Region	Average Sector Rent - General Needs	Original Borrower General Needs	Average Sector Rent – Affordable Rent	Original Borrower Affordable Rent	Average Sector Rent - Supported	Original Borrower Sheltered & Supported
South East	£126.64	£150.29	£200.40	£212.00	£119.62	£118.65

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Original Borrower's average rents with the average LHA in the portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 1.

Category	Average Passing Rent	Average LHA	% of LHA	Average Market Rent	% of Market Rent
GN Affordable Rent	£212.00	£228.91	92.6%	£311.32	68.1%
GN Social Rent	£150.29	£236.84	63.5%	£320.91	46.8%
HOP self-contained	£119.73	£178.78	67.0%	£238.18	50.3%
Intermediate Rent	£192.71	£200.80	96.0%	-	-
Supported & shared amenities	£112.71	£93.51	120.5%	-	-

We have relied upon the rental information provided by the Original Borrower.

4.4. Rent Convergence

On 28 January 2026, the government confirmed updates to the rent standard allowing properties with rents currently below formula rent to increase by an additional £1 per week from April 2027, rising to £2 per week from 2028 until formula rent is reached.

The rent convergence provisions will not apply to all properties. The following accommodation types are specifically excluded from the updated Rent Standard: shared ownership low cost rental accommodation, intermediate rent accommodation, specialised supported housing, relevant local authority accommodation, student accommodation, PFI social housing, temporary social housing, and care homes.

To accurately model rent convergence within our valuation methodology, we require Registered Providers to confirm the formula rent for each eligible property in the portfolio. This enables property-by-property assessment of whether current passing rents fall below formula rent levels.

The Original Borrower has confirmed that 871 properties within this portfolio are currently let at rents below their respective formula rents, as summarised in the table below.

We have incorporated the new rent convergence policy into our valuation, modelling the prescribed rent increases until each property reaches its formula rent level.

Category	Units	Average Passing Rent Assured Tenancies	Average Target Rent Assured Tenancies
GN Social Rent	858	£150.26	£156.48
HOP self-contained	11	£119.73	£123.65

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Category	Units	Average Passing Rent Assured Tenancies	Average Target Rent Assured Tenancies
Supported & shared amenities	2	£112.71	£112.71
Total	871	-	-

4.5. Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its 2025 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table below and, in our opinion, demonstrate that the rents being charged by the Original Borrower are affordable.

Region	Average Weekly Earnings	General Needs	General Needs as %age	Affordable Rent	Affordable Rent as %	Sheltered & Supported	Sheltered/Supp as %
South East	£576.25	£150.29	26.1%	£212.00	36.8%	£118.65	20.6%

4.6. EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.7. MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take between 1 and 6 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

4.8. Sales Rates

In accordance with section 1.6, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices across the same localities over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	4.0%	24
Sales rate (flats)	3.8% - 15.0%	20

The above figures equate 907 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.9. Right to Buy

We anticipate that the tenants of some of the properties within the portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). However, we consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.10. Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Original Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.11. Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2025 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2025 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.61% of their gross income through bad debts and 1.67% through void losses. The void losses reflect a slight increase from 0.59% in the 2024 data whilst bad debts have decreased from 1.76% over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

4.12. Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Original Borrower. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2025 Global Accounts, the average cost of management across the sector is £1,363 per unit and the average management cost for the Original Borrower is £805 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £750 per unit for management and administration in our valuations on the basis of EUV-SH.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

We have assumed that a mortgagee in possession would expect to spend 9.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.13. Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2025 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £3,330 per unit and the average maintenance cost for the Original Borrower is £1,120 per unit. The Global Accounts average figure for the sector is an increase of 10.0% on the 2024 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.4 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 0.5% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£1,422
Cyclical repairs	Year 1	£425
Day-to-day repairs	Year 1	£475
Total Average Costs	**Year 1**	**£2,322**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.14. Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.25% and 5.50% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1-6 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of 7.25% (rental income), and 7.50% (sales) for our MV-T cashflows.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5. Valuation Commentary – Shared Ownership

5.1. Introduction

There are 246 shared ownership properties within the portfolio. The Original Borrower currently owns 63.99% of the equity in the units and a rent is charged on this percentage.

5.2. Rental Levels

According to the information provided by the Original Borrower, the average gross weekly rental level is £128.65 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3. Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

On 12 October 2023, the government introduced a series of reforms to shared ownership rents. These reforms apply to the leases of new shared owners who purchase homes delivered through the Affordable Homes Programme and through the planning system via Section 106 developer contributions, with certain exceptions. They also apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership and Rent to Buy schemes.

As a part of these reforms, it was announced that from 12 October 2023, rents for new shared owners can instead be increased once a year by no more than the Consumer Prices Index (CPI) plus 1%. This reform brings shared ownership rents into line with the limit that normally applies to annual rent increases in other forms of social housing.

The reforms apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership or Rent to Buy schemes on or after 12 October 2023. If the sale of a leasehold interest in a home on shared ownership terms through either of these schemes is agreed before 12 October 2023, then they are exempt from these reforms.

We have not had sight of the individual leases for the shared ownership properties within this portfolio; however, the Original Borrower has confirmed that the shared ownership properties within this portfolio are subject to the previous version of the model shared ownership lease and include rent review provisions that allow upwards only, indexed linked annual rent increases at RPI plus 0.5%.

Accordingly, we have increased rents at a rate of RPI plus 0.5%, in accordance with the terms of the existing leases.

5.4. Outgoings

In forming an opinion of the net rental income generated by the portfolio, we have allowed 3.0% of gross rental income for management.

5.5. Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5.6. Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7. Discount Rate

For our EUV-SH valuation we have adopted a discount rate of 5.25% on the rental income and 7.00% on sales.

5.8. Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the portfolio is £186,972.

5.9. Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 1.0% tranches.

The rates we have adopted in our cashflow are as follows:

Years	Tranche Sales p.a.
Yrs 0-2	1.50%
Yrs 3-15	2.00%
Yrs 16-30	1.50%
Yrs 31-50	0.75%

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (circa 65.49%) is attributed to the rental income.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

6. Valuation

6.1. Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this report.

6.2. Asset Value for Loan Security Purposes

Our valuation of the 512 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£72,040,000
(seventy two million, forty thousand pounds)

Our valuation of the 1,053 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£210,500,000
(two hundred and ten million, five hundred thousand pounds)

Freehold Properties

Our valuation of the 488 freehold properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£68,720,000
(sixty eight million, seven hundred and twenty thousand pounds)

Our valuation of the 1,052 freehold properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£210,390,000
(two hundred and ten million, three hundred and ninety thousand pounds)

Leasehold Properties

Our valuation of the 24 leasehold properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£3,320,000
(three million, three hundred and twenty thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Our valuation of the 1 leasehold property being valued on the basis of Market Value subject to Tenancies (“MV-T”), in aggregate, at the valuation date is:

£110,000
(one hundred and ten thousand pounds)

6.3. Asset Value by Tenure

Our valuation of each individual tenure is shown in the following table:

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	52	EUV-SH	£9,180,000	-
GN Affordable Rent	384	MV-T	£69,030,000	£79,150,000
GN Social Rent	202	EUV-SH	£25,830,000	-
GN Social Rent	658	MV-T	£73,400,000	£129,790,000
HOP self-contained	11	MV-T	£770,000	£1,560,000
Intermediate Rent	10	EUV-SH	£1,490,000	-
Supported & shared amenities	2	EUV-SH	£130,000	-
Shared Ownership	246	EUV-SH	£35,410,000	-
Total	**1,565**		**£215,240,000**	**£210,500,000**

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

7. Bases of Valuation

7.1. Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2. Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3. Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4. Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

When considering the valuation of properties involving transferred public subsidies and potential SDLT relief, it is crucial to note that the application of such relief is subject to complex legislative conditions and HMRC interpretations. The availability of SDLT relief can significantly impact property valuations. However, its applicability is highly dependent on

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

specific circumstances, including (but not limited to): the nature of the original acquisition; the type of public subsidy involved; and the status of both the vendor and purchaser.

As such, valuations based on the assumption of SDLT relief may be subject to inaccuracies if all relevant conditions are not met or if HMRC's interpretation of the legislation changes. It is strongly recommended that, in the event of a transaction, professional tax advice be sought and, where uncertainty exists, non-statutory clearance from HMRC be obtained.

For the avoidance of doubt, our valuations are prepared on the explicit assumption that SDLT relief would be sought and successfully achieved by a hypothetical purchaser of the social housing properties in the portfolio. Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5. VAT

Our valuations are exclusive of VAT on disposal.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8. Sources of Verification of Information

8.1. General

We have relied upon the description, tenancy type and current rental income provided to us by the Original Borrower and we have been unable to verify the accuracy of that data.

8.2. Tenure

Unless otherwise stated in this report, we have assumed the Original Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

8.3. Title

We have reviewed the final Certificate of Title for the portfolio issued by Trowers & Hamlins LLP and the Report on Title prepared by Addleshaw Goddard LLP and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificate and the Report) such units may be disposed of by or on behalf of Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificate but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

8.4. Use of Artificial Intelligence

The use of artificial intelligence (AI) in this valuation assignment has been undertaken in accordance with JLL's Responsible AI Statement and applicable professional standards. The use of AI-generated inputs, outputs and methodologies have been reviewed and validated by appropriately qualified valuers who have applied professional judgement and scepticism. Where AI has materially contributed to specific aspects of this valuation assignment, such contributions have been discussed and documented internally. The signatories of this valuation report remain the valuers of record with overall responsibility for the analysis and conclusions, or recommendations, contained herein. The use of AI does not diminish anyone’s professionalism or duty of care for the accuracy and appropriateness of this valuation assignment.

8.5. Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this report.

8.6. Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.7. Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.8. Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.9. Reinforced Autoclaved Aerated Concrete ("RAAC")

The presence of RAAC in buildings and its potential to fail with little or no warning is receiving media attention at the moment following the closure of schools which are considered to be at risk.

RAAC is a lightweight form of concrete commonly used in construction between the 1950s and mid-1990s. It is predominantly found as precast panels in roofs, commonly flat roofs, and occasionally in floors and walls.

Although the majority of reported cases are within education and public sector buildings, there is potential for RAAC to be present in other property types and sectors. Whether this poses a risk will depend on several factors including location, condition and quality of the original installation and each case will need to be assessed on its own merits.

Within the residential sector, the RICS advise that they expect the exposure to be low. The Regulator of Social Housing (RSH) has also said that it believes RAAC is not widespread in social housing.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using RAAC. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.10. Transfer Slabs

Transfer slabs are a floor arrangement where a column sits on top of a reinforced concrete slab without a supporting column directly underneath. The issue was first raised by the Institution of Structural Engineers in November 2024 due to a perceived lack of industry-wide guidance covering their design.

The Government has subsequently contacted landlords and building owners in December 2025 to highlight specific concerns about "punching shear in transfer slabs". While the Government is not aware of any building collapse caused by this in the UK, there is concern about the risk of a failure mechanism causing partial building collapse.

The Government is currently recommending that where there are visible signs of distress, building owners should seek professional advice and RICS recommends the Institution of Structural Engineers are contacted for suitable competent engineers.

The Building Safety Regulator commissioned research in late 2024 in order to establish structural risk, which is ongoing with MHCLG. Further advice is anticipated in due course, and building owners should remain informed.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using transfer slabs. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.11. Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.12. Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.13. Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

8.14. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Original Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030.

Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.15. Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the “the Red Book”. Such figures should not be used for any other purpose other than in the context of this valuation.

8.16. Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.17. Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.18. The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.19. Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.20. Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.21. Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.22. Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

Housing Market Commentary

JLL Residential Market Commentary – June 2026

UK Economy

The European Central Bank was the first central bank in the G7 to increase borrowing costs this year. With growth expectations cut and headline inflation expected to average 3% across the Eurozone this year the committee voted unanimously for a quarter point increase to 2.25%.

At The Bank of England's Monetary Policy Committee on 18 June, rates were held at 3.75% rather than increasing this month (worth remembering the Bank of England were at a different point in their rate cutting cycle than the ECB at the start of 2026) due to a weaker economy—essentially guarding against the more extreme second-round effects of higher wage growth on inflation.

The latest monthly figures show the UK economy contracted 0.1% in April, following a 0.6% rise in Q1. Unemployment sat at 5.0% in March, with around 1.8 million people out of work. The CBI now estimates an additional 200,000 Britons are on track to be unemployed by December, with numbers hitting 2 million or 5.5% by the year end before falling back to a forecast 5.3% in 2027.

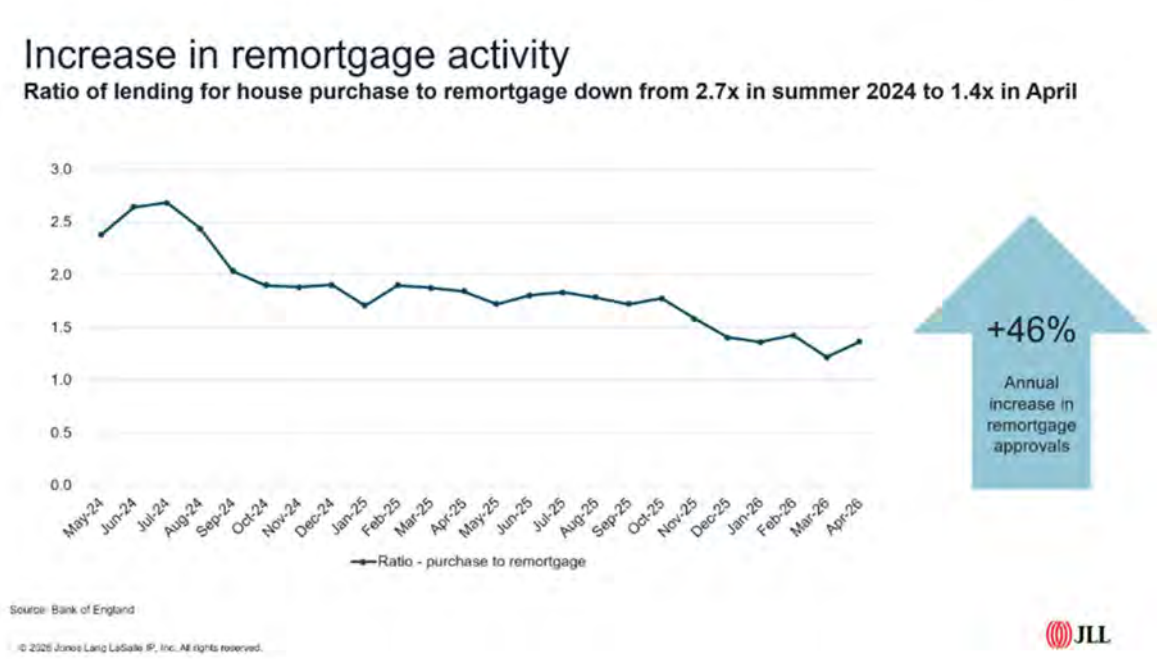

The Bank of England's Monetary Policy Committee forecasts UK Consumer Prices Index (CPI) inflation to settle a little under 3% in Q3 2026, before rising to slightly over 3.25% in Q4. This outlook remains above the MPC's official 2% target, largely driven by energy market shocks and volatile global food prices.

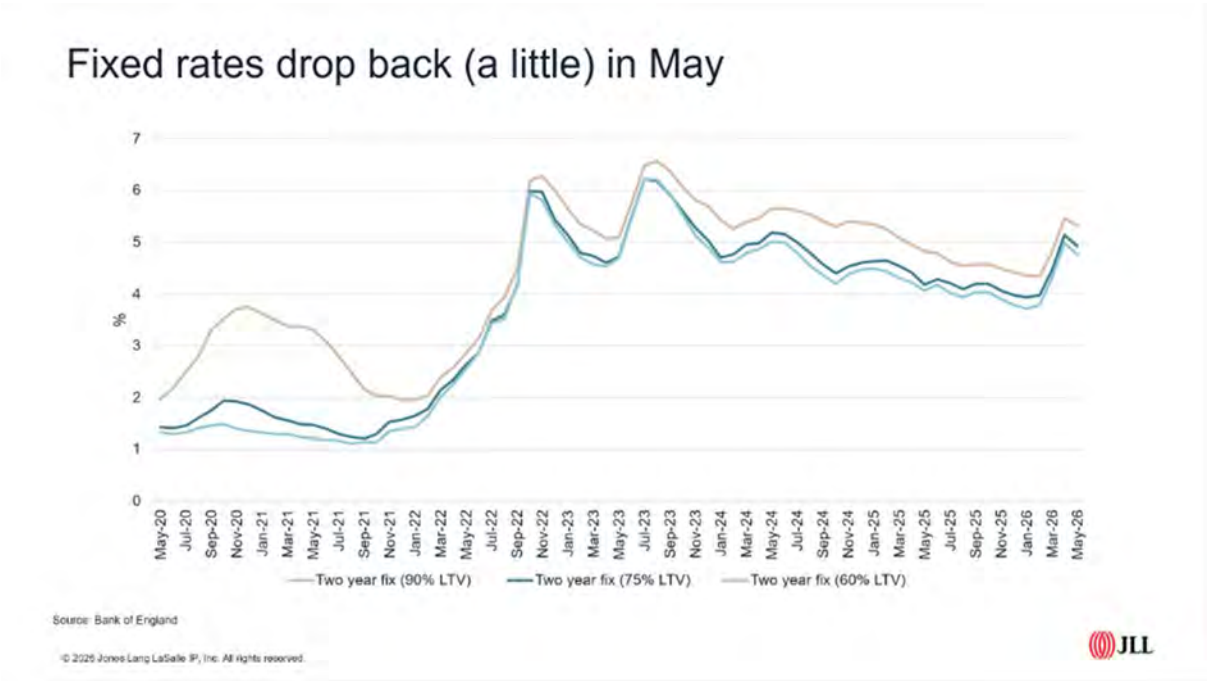

Core CPIH remained at 2.8% in May 2026, unchanged from the 12 months to April, with the CPIH goods annual rate slowing from 2.4% to 2.0% and the CPIH services annual rate rising from 3.4% to 3.6%. Core CPI rose to 2.6% in the 12 months to May 2026, up from 2.5% in the 12 months to April, with the CPI goods annual rate slowing from 2.4% to 2.0% and the CPI services annual rate rising from 3.2% to 3.7%

Mortgage Market

Mortgage approvals rose in April, with the latest figures from the Bank of England showing approvals were up 9% annually. This is at odds with some of the other market indicators, including the latest downbeat outlook from respondents to the RICS survey. However, this does suggest that in more uncertain times buyers are keen to lock in deals at current rates to guard against further fluctuations. A telling sign of more market caution is that the ratio of approvals for house purchase compared with remortgage has dropped from recent high of almost 2.7X back in summer 2024 to less than 1.4X in April.

Loans issued for remortgage in April were up 46% on the same month in 2025. But there are signs that the mortgage market is settling. Moneyfacts reports the number of available deals rising from 6,784 in May to 7,132 at the start of June. Average fixed-rate deals fell marginally, with best buy two-year fixes at 4.4 % and average fixed rates for 75% LTV mortgages at 4.92% in May, down from 5.14% in April.

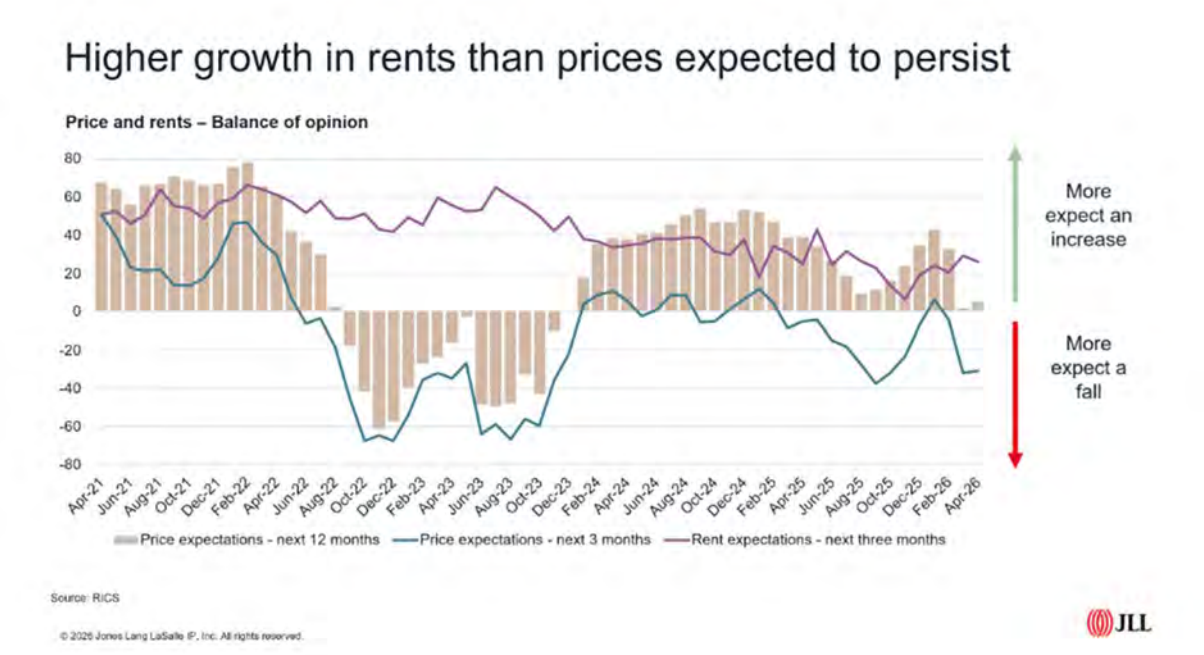

The Housing Market

House prices dipped month-on-month across all key indices. Nationwide shows average UK house prices down 0.6 % between April and May, with prices 1.7% higher than they were a year ago. The Halifax index follows a similar pattern, with prices down 0.1 % on April and just 0.5 % higher in May this year than last.

Our revised house price forecasts anticipate rental growth outpacing house prices this year. The latest May figures from Homelet for new lets show rents rose 1.1% in May compared with April and were 2.5% higher than they were a year ago.

Escalating costs, broader economic uncertainty and ongoing geopolitical instability, were all cited in eroding client confidence as the UK construction output slumped to its weakest point since May 2008. The S&P Global PMI headline index fell to 38.2 from 39.7 in April—undershooting the 40.5 consensus forecast and remaining well below 50 (the point at which the index sees expansion). The residential sector bore the brunt of the decline, as housebuilding activity dropped to a reading of just 36

Caution continues to permeate the sales market as the latest data from across the sector paints a mixed picture. In some more positive news, views on both new buyer enquiries and agreed sales remain unchanged in the latest RICS survey (albeit still negative) at a net balance of -34 % and -37 % respectively. However, the time to complete a sale remains glacial, with average completion times stretched to more than 21 weeks—the longest since records began in 2017—giving plenty of time for buyers to get cold feet. This aligns with the latest Zoopla figures, which show 44% of homes listed in the last three years failed to sell. On the supply side, new instructions turned slightly more negative, with a net balance of -8% of respondents reporting a fall, up from -3% last month. Market appraisals fell too, with agent reporting fewer new enquiries from vendors.

Expectations on price growth in the South East and East Anglia remained more downbeat, but respondents were still confident that prices would rise in Scotland and the North West. Nationally, near-term sentiment remains cautious—price expectations at -45 % suggest further softening ahead—but the twelve-month outlook has edged into positive territory at +6 %; it was at -6% previously.

Meanwhile, the lettings market continues to tighten, with tenant demand at +14% and landlord instructions deeply negative at -28 %, driving rental price expectations up to +36%, the highest reading since May 2025.

Forecasts

Early-year expectations included two further base rate cuts, and by early February best-buy mortgage rates had reached 3.5 %. While swap rates have settled somewhat and more competitive rates have entered the market, we now think it unlikely we'll see the lower rates and improvement in market sentiment needed to support our November view on prices and rents this year.

We now expect house prices to remain broadly flat nationally in 2026, with prices forecast to end the year down 0.5 % – compared with our previous +2 % forecast. Some more affordable markets should end the year in positive territory, but we expect growth will be lower than inflation across all UK regions this year.

London, where prices have fallen by an average of 3.3 % in the year to February according to the ONS, is now forecast to end the year down 2.5 %, against our previous forecast of +1 %. For central London, it is sentiment rather than rates which will likely have a greater impact.

Our JLL Prime Central London Index saw values fall 2.2 % in Q1 versus Q4, with prices down 8.7 % year-on-year in March. We'd need to see growth of 2.2 % for our PCL Index to end the year flat, and improvements of that scale are unlikely to materialise this year. We are therefore forecasting prices will fall 5.5 % in 2026.

House Price Forecast

Rental Market

With fewer tenants expected to move into owner-occupation and inflation now forecast to end the year higher, we have upgraded our 2026 rental forecast. We now expect rents to rise 3.5 % nationally, up from the 2.5 % forecast in November. We anticipate higher rental growth in London too, with rents forecast to increase 3 % this year.

Challenges around rental affordability will likely constrain the prospects for more significant growth over the five-year period. Over the longer term, we continue to expect pressure on landlords to comply

with EPC C standards by 2030 will fuel rental growth towards the latter part of our forecast period, as properties are removed from the market either for sale or improvement.

Rental growth in the five years to 2030 is now expected to total 16.5% nationally and 17.1% in London, a one to two percentage point increase compared with our previous forecast.

Rental Growth Forecast

Affordable Housing – Rent Convergence

The government has set out the detail behind rent convergence for social housing to address the difference in rents charged for some social homes and formula rents for comparable properties. This means more fairness for tenants who won't pay vastly different rates for similar homes just because they've lived in a property for longer or have a different social landlord. From April 2027 affordable housing providers will be able to increase rents by £1 per week over and above CPI plus 1 % rising to £2 per week above CPI+1 from April 2028. Rent convergence can run for up to ten years, or until they reach parity. London has the widest gap and is expected to take the longest with some regional markets needing only a year or so to regain lost ground. The announcements on rent convergence are seen as key in underpinning providers' balance sheets and ensuring they have the confidence and financial ability to deliver more homes.

Details have also been shared on the £2.5bn of low-cost loans for housing associations announced at the spending review. The 25-year loans will have an interest rate of 0.1%. £250m will be set aside to support section 106, with the remaining 90% supporting the delivery of social housing through grant-funding.

Leasehold Reform

The government has finally published the Draft Commonhold and Leasehold Reform Bill. Owners of freeholds bought as investments (which include individuals and larger institutions) will be assessing the implications for income. Developers too will be keen for more clarity on the impact of commonhold structures for future development. But for individuals owning leasehold properties or those looking to buy the reaction remains positive.

The proposed capping of annual ground rents at £250 from 2028 (dropping to a peppercorn rent after 40 years) will mean existing homeowners who own properties with more complex ground rent structures (doubling ground rents being one of the most challenging) finding it easier to secure a mortgage or sell their homes. It also reassures prospective owners that costs will not escalate going forward, supporting increased activity in the market. With challenges around escalating service charges, the greater transparency a commonhold structure brings may mean common holders have more control (or at least better oversight) of fees charged too.

Renters Rights Act

The Renters' Rights Bill gained Royal Assent on 27 October. With the bill now an Act, we have clarity on the content of the new legislation which will be phased in over months, or some cases years, rather than implemented immediately.

We do have timings for some of the major reforms. The first key date was 27 December 2025, when measures to strengthen the powers of local authorities came into force. Councils now have stronger powers to enforce housing regulations. They can request information from any landlord, letting agent, or property manager who has worked in the past 12 months and can visit properties to investigate suspected rule-breaking. They can also conduct more compliance checks, including verifying that letting agents have proper Client Money Protection schemes and by using tax and benefit databases to identify non-compliance.

From 1 May 2026, Section 21 no fault evictions were abolished, and most new and existing tenancies are now Assured Periodic Tenancies. Landlords with unexpired Section 21 notices will only be able to make a valid possession claim for the first three months. Tenants will be able to stay in their property for as long as they want, or until a landlord serves a valid section 8 notice. Tenants will be able to end their tenancy by giving two months' notice. Landlords retain access to specific grounds for possession when they have legitimate reasons to reclaim their property. These include persistent rent arrears, anti-social behaviour, or a genuine need to sell or move back in.

Rent increases will be limited to one a year, with landlords being required to follow a revised section 13 procedure. Notice of rent increases must be given at least two months before it is due to take effect. All rent increases can now be challenged by tenants at the Property Tribunal. Properties must be advertised at a specific asking rent and offers above this amount cannot legally be accepted. Landlords or their agents can no longer request more than one month's rent in advance.

Phase 2 of the Act is to be rolled out in two stages beginning from late 2026. This will include a PRS Landlord Database which will be a legal requirement for all PRS landlords, who will be required to pay an annual fee – cost yet to be confirmed. It is expected that landlords will need to provide contact details, details on the property and its inhabitants alongside safety information including Gas, Electric and EPC certificates. To allow time for landlords to comply, Stage 1 will be introduced 12-18 months

before implementation. It is expected that the completion of Phase 1 and commencement of Phase 2 will not occur until 2028.

Stage 2 of Phase 2 is the Public access to the Database will be introduced, with a fully operational Database a pre-requisite for the introduction of the PRS Landlord Ombudsman who will handle tenant complaints, provide binding resolutions, as well as support landlords with tools and guidance on handling tenant complaints. The implementation of the Ombudsman will only take place once the Database is fully operational.

Stage 3 are plans to extend the Decent Homes Standard to private rentals, requiring landlords to maintain properties to specific safety and quality benchmarks. No date has been set, with a consultation still to take place.

Social Housing Market Commentary

UK Social Housing Market Commentary

Demand

There were over 1.33 million households on local authority waiting lists as at 31 March 2024[i]. This represents an increase of 50,000 households (3.9%) compared to 31 March 2023. This is the highest number of households on the waiting list since 2014.

Waiting list data is summarised by government office region (GOR) in the table below:

Region	Waiting list as at 31 March 2023
South West	130,120
East of England	94,406
South East	118,420
North West	207,173
North East	68,183
East Midlands	87,001
Greater London	336,357
West Midlands	116,565
Yorkshire and The Humber	172,377
England	**1,330,602**

Housing Starts

According to the government's *Affordable housing supply in England: 2023 to 2024* data published by the Ministry of Housing, Communities & Local Government (MHCLG) on 26 June 2025, there were c.63k affordable homes delivered (completions) in England in 2023-24, on par with the previous year.

65% of new affordable housing completions were for rent (including social, affordable and intermediate rent), similar to the previous 4 years.

45% of all affordable homes delivered in 2023-24 were funded through Section 106 (nil grant) agreements, compared to 47% in the previous year.

94% of affordable homes delivered in England were new build (excluding unknowns), the same percentage as the previous year.

58,409 of affordable homes delivered in England were new build in 2023-24, the highest number of new build affordable housing on record.

There were 44,027 starts on site in England in 2023-24, a fall of 38% compared to the previous year and the lowest number since this data started being collected in 2015-16.

The following table summarises the total additional affordable housing dwellings by GOR – Completions for the last 5 years published by MHCLG on 26 June 2025:

Region	2019/20	2020/21	2021/22	2022/23	2023/24
South West	6,677	5,084	5,875	6,326	5,466
East of England	7,774	6,617	7,205	6,951	8,217
South East	11,354	9,274	11,138	11,369	10,872
North West	5,850	5,383	6,288	7,078	7,207
North East	2,587	1,751	2,275	1,868	2,061
East Midlands	4,494	3,831	4,755	4,461	5,507
Greater London	10,897	10,863	11,889	15,768	12,719
West Midlands	5,630	5,666	6,107	5,791	6,413
Yorkshire and The Humber	3,701	3,603	3,638	4,297	5,281
England	**58,964**	**52,072**	**59,170**	**63,909**	**63,743**

MHCLG - A New Plan

On 2 July 2025, MHCLG announced the following five step plan to deliver a decade of renewal for social and affordable housing:

- Step 1 - Deliver the biggest boost to grant funding in a generation
- Step 2 - Rebuild the sector's capacity to borrow and invest in new and existing homes
- Step 3 - Establish an effective and stable regulatory regime
- Step 4 - Reinvigorate council housebuilding
- Step 5 - Forge a renewed partnership with the sector to build at scale.

Unprecedented Investment in Social and Affordable Housing

The UK government has announced the largest long-term investment in social and affordable housing in recent memory launching a new 10-year £39 billion Social and Affordable Homes Programme (SAHP) running from 2026-2036. This programme aims to maximize housing supply with an ambitious target of delivering around 300,000 social and affordable homes, with at least 60% designated as Social Rent properties. If successful, this would deliver approximately 180,000 Social Rent homes - six times more than the grant-funded Social Rent homes delivered in the previous decade. The programme is designed to be flexible, supporting diverse housing types including council-built homes, supported housing, and rural developments, while maintaining value-for-money assessments.

Financial Capacity Restoration and Investment Support

Recognising that housing associations and councils have weakened financial capacity due to building safety requirements, rising costs, and previous rent cuts, the government is implementing comprehensive financial reforms. Social housing rents will be permitted to increase by CPI+1% annually from April 2026, with this settlement extended to 10 years for greater certainty.

A consultation on a rent convergence mechanism has recently closed. Such a mechanism will allow below-formula rents to increase gradually to standard levels by either £1 or £2 per week until the formula rent is reached. Additionally, £2.5 billion in low-interest loans will be made available to complement commercial lending, while social landlords will gain equal access to government building safety remediation funding for the first time, receiving over £1 billion between 2026-30.

Modernized Regulatory Standards and Safety Requirements

The government is establishing updated regulatory standards to ensure the 4 million existing social homes are safe, decent, and warm. Key safety measures include implementing Awaab's Law with strict timeframes for addressing damp, mould, and emergency hazards, and new electrical safety requirements mandating 5-yearly installation checks. The government is currently consulting on revised Decent Homes Standards that will be implemented by 2035, incorporating updated Minimum Energy Efficiency Standards requiring EPC band C by 2030. New professional competence requirements will come into force in 2026, alongside improved tenant access to information and a £1 million Resident Experience Innovation Fund.

Council Housebuilding Revival and Right to Buy Reforms

To reinvigorate council housebuilding, which has averaged only 8,000 homes annually over the past five years, the government is implementing comprehensive Right to Buy reforms. These include extending the eligibility period from 3 to 10 years of public sector tenancy, reducing discounts to start at 5% rising to a maximum 15%, and exempting newly built social homes from Right to Buy for 35 years. The government is also reviewing Housing Revenue Account thresholds, launching a £12 million Council Housebuilding Skills and Capacity Programme, and establishing a new Association of Directors of Housing to facilitate collaboration and best practice sharing among councils.

Sector-Wide Partnership and Delivery Commitment

The government is issuing a "call to arms" to all stakeholders in the social and affordable housing sector, including local authorities, housing associations, investors, developers, and regulators, to collaborate in delivering this ambitious renewal programme. The focus extends beyond new construction to include upgrading existing homes and unlocking Section 106 affordable housing agreements, which historically contribute nearly half of all affordable homes annually. The government will work intensively with providers over the coming months to agree joint delivery ambitions and will actively engage with tenant groups through their Resident Panel to ensure voices are heard throughout this transformational decade-long initiative.

JLL Research Analysis on the New Affordable Homes Programme

JLL Research has conducted an analysis of the government's new £39 billion Affordable Homes Programme (AHP), finding that while it represents the largest government commitment to affordable housing in half a century, significant challenges remain in meeting national housing targets. Our research suggests the programme could potentially deliver up to 500,000 affordable homes over the next decade - approximately 50,000 homes per year at a stretch - but this would still fall short of the government's ambitious 1.5 million new homes target for this parliament.

Funding Gap and Private Finance Requirements

The core challenge is a substantial viability gap that would require approximately £100 billion in additional private finance to bridge. While £39 billion sounds substantial, if used purely for full funding, it could only cover around 130,000 three-bedroom homes over the decade when accounting for land, build costs, and other expenses. The grant money is not designed to cover the full cost of affordable homes, meaning the social housing sector - already operating near its borrowing limits - would need to secure significant additional private investment to make the programme viable.

Structural and Market Challenges

Beyond funding constraints, there are several systemic challenges that could impact delivery. The construction industry faces a severe workforce shortage, with 200,000 fewer workers than pre-pandemic levels and 500,000 fewer than before the global financial crisis. Additionally, the success of planning reforms in delivering increased permissions remains uncertain. Our research emphasises the critical importance of the 10-year rent settlement and rent convergence in addressing these viability challenges, alongside the expectation that a significant portion of affordable housing delivery will continue through Section 106 agreements.

Market Optimism and Additional Investment

Despite the challenges, we've identified positive market trends that could support the programme's success. Confidence is gradually improving in the UK housing market, with the Bank of England expected to continue reducing interest rates. This improved affordability environment benefits not only first-time buyers but also landlords, with JLL's Landlord Survey revealing that half would consider expanding their portfolios if rates fell below 3%. The Spending Review's allocation of

£10 billion for financial investments, with roughly half going to Homes England, is expected to unlock new homes across all tenures, particularly private rental housing.

Stock Rationalisation Market

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

Since 2020, trades of general needs and shared ownership homes among Registered Providers have topped £3.6bn, with transaction volumes growing in recent years and in the last 12 months our Portfolio Transactions team has been directly involved in £900m of affordable housing transactions.

Portfolios have ranged in size between c.150 to over 1,000 homes, and £10m and £100m, with larger portfolios being lotted according to interest from RPs in each area. These prices represent a gross yield range between 5.0% and 8%. In the majority of cases these portfolios have been marketed via competitive tender process and have received multiple bids. Premiums on these transactions have ranged between having no premium and trading at EUV-SH to c.135% of EUV-SH.

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this report is 26 August 2026.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 435 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed. As at the date of this Report, the properties within the Portfolio are owned by Vivid Housing Limited (the "Original Borrower").

Properties

The portfolio comprises 433 social housing units located in the South East of England. From our desktop research, the properties are a mixture of ages and of traditional brick, concrete and steel construction.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this report.

In addition, there are 2 units in the portfolio which either form ancillary accommodation, or have been sold on long leases or fully staircased. Vivid Housing Limited's interest in these units is considered to be de minimis for the purpose of this exercise and so they have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this report.

We will be inspecting the exterior of all units in the portfolio and seeing a representative sample of 10.0% internally in September 2026 (section 3). Following those inspections we will issue a side letter to confirm whether or not those inspections have any material impact on our valuations.

Valuations

The valuation date is 24 August 2026.

Our valuation of the 57 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£6,250,000
(six million, two hundred and fifty thousand pounds)

Our valuation of the 376 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£79,050,000
(seventy nine million, fifty thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

The following table summarises our opinions of value (section 6):

Freehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	14	MV-T	£2,710,000	£3,780,000
GN Social Rent	31	EUV-SH	£3,420,000	-
GN Social Rent	355	MV-T	£37,285,000	£74,400,000
Supported & shared amenities	3	MV-T	£150,000	£220,000
Supported self-contained	1	MV-T	£60,000	£120,000
Shared Ownership	26	EUV-SH	£2,830,000	-
Total	**430**		**£46,455,000**	**£78,520,000**

Leasehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Social Rent	3	MV-T	£305,000	£530,000
Total	**3**		**£305,000**	**£530,000**

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of social housing (“RPs”) in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio’s location and composition;
- based on local authority waiting lists, There is excess demand for affordable housing properties across the localities within the portfolio;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales; and
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations.

There is excess demand for affordable housing properties across the localities within the portfolio as summarised by the following data.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Households on local authority waiting lists:

Region	Waiting list
South East	150,000

Based on current levels of affordable housing supply (new build) across the localities within the portfolio, the following table summarises the number of households on the waiting list for every new property being built:

Region	No. of Households
South East	28

Weaknesses:

- the age of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

Opportunities:

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole; and
- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Threats:

- the social housing sector's financial performance is weakening due to increased spending on existing homes and higher interest rates;
- the strongest financial pressures are seen in London and other urban areas with large numbers of flats still needing building safety works.
- RPs' spending on repairs and maintenance is at record levels and development plans are being scaled back due to financial constraints; and
- there is an increased focus both within the sector and the media on tenant safety and service delivery. Failure to deliver quality services or engage with tenants effectively can harm tenants and damage reputation.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued provide adequate security for the underlying security in respect of the Notes issued under the Programme.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

We have assumed that the properties are being maintained to an acceptable social housing standard in line with the Regulator of Social Housing ("RSH") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

Stock

The stock is summarised by count of unit type as follows:

Property Type	Units
Room	3
1 bed flat	57
2 bed flat	67
1 bed house	3
2 bed house	102
3 bed house	140
4 bed house	44
5 bed house	1
2 bed bungalow	16
Total	**433**

Locations

The properties within the portfolio are located in the South East of England as shown in the table below:

Local Authority	Units
Eastleigh	20
Fareham	3
Chichester	376

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Southampton	34

EUV-SH Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented valuations:

Assumption	EUV-SH
Rental income growth - (Year 1)	1.0%
Bad debts and voids (Year 1)	2.25% - 2.75%
Management costs (average per unit)	£775
Management cost growth inflator	0.50%
Total repairs costs (Year 1)	£2,139 - £2,791
Repair cost growth inflator	0.5%
Discount rate (income)	5.25% - 5.50%

MV-T Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented MV-T valuations:

Assumption	MV-T
Rental income growth - houses (Year 1)	17.0% - 18.9%
Rental income growth - flats (Year 1)	15.3% - 17.7%
Sales rate (houses)	3.5% - 20.0%
Sales rate (flats)	3.0% - 50.0%
Bad debts and voids (Year 1)	8.0%
Management costs	9.0%
Total repairs costs (Year 1)	£4,139 - £4,791
Repair cost growth inflator	0.5%
Discount rate (income)	7.25% - 7.50%
Discount rate (sales)	7.50% - 7.75%

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Assumptions: Shared Ownership

The following table provides a summary of the assumptions made in our shared ownership valuation:

Assumption	EUV-SH
Discount rate (income)	5.25%
Discount rate (sales)	7.50%
Management Costs	5%
Yrs 0-2 Sales Rate	1.00%
Yrs 3-15 Sales Rate	1.75%
Yrs 16-30 Sales Rate	1.25%
Yrs 31-50 Sales Rate	0.75%
Rental growth (all years)	0.50%

This summary should be read in conjunction with the remainder of this report and must not be relied upon in isolation.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

1. Introduction

1.1. Background

Jones Lang LaSalle Limited ("JLL") has been instructed to prepare a valuation of 435 properties (the "Portfolio") which, as at the date of this Report, are owned by Vivid Housing Limited (the "Original Borrower").

This valuation is required to assess the level of security for each series of Notes which will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

1.2. Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by Imogen Renwick under the supervision of Fiona Hollingworth MRICS (Valuer Number: #0099707).

The report is also countersigned by Joanne Hooper MRICS (Valuer Number: #0857250) and James Massey MRICS (Valuer Number: #5036140).

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this report.

The Effective Date of Valuation is 24 August 2026.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Original Borrower's accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this report. We understand that values given in the Original Borrower's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Original Borrower. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Original Borrower, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Original Borrower is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2025) and that we do not anticipate this situation changing in the foreseeable future.

1.3. Instructions

Our report is prepared in accordance with the Original Borrower's formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.4. Certificates of Title

We have reviewed the Certificate of Title for the portfolio issued by Trowers & Hamlins LLP undated ("the Certificate") and the Report on Title ("the Report") prepared by Addleshaw Goddard LLP and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificate and the Report) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificate but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

From our review of the Certificate and the Report, the following 31 units are subject to restrictions that would be binding on a mortgagee and therefore we have valued them on the basis of EUV-SH only:

- 1-31 Middleton Close, West Sussex, PO20 8SR;

For the avoidance of doubt, we have valued the remainder of the portfolio, except those units mentioned above and marked as shared ownership, on the basis of MV-T.

1.5. The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.6. Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the RSH to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the RSH's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

1.7. Market Conditions

Macro events such as geo-political disputes, wars or acts of aggression, and restrictions on trade can cause market conditions to change quickly thereby impacting real estate values. Specifically, events in Iran and the wider Middle East region may have global repercussions resulting in increased oil prices, market stagnation and general uncertainty.

In recognition of this, we highlight the importance of the valuation date and confirm the conclusions in our report are valid at the time of reporting only. We advise you to keep the valuation under regular review. For the avoidance of doubt, we are not reporting Material Uncertainty.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

2. Methodology

2.1. Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2. Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by the Original Borrower. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the portfolio is provided as Appendix 2.

2.3. Inspections

We will be inspecting the exterior of all units in the portfolio and seeing a representative sample of 10.0% internally in September 2026 (section 3). Following those inspections we will issue a side letter to confirm whether or not those inspections have any material impact on our valuations.

2.4. Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with Original Borrower's rents; and
- analysing data provided by Original Borrower.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

3. General Commentary

3.1. Property Schedules

Schedules summarising the following data for each property within the portfolio form Appendix 1 of this report:

- address;
- unit type and bedroom number;
- tenancy type;
- title number;
- EPC rating;
- equity retained; and
- net weekly rent.

3.2. Locations

The properties within the portfolio are located in the South East of England as shown in the table below:

Local Authority	Units
Eastleigh	20
Fareham	3
Chichester	376
Southampton	34

This portfolio comprises 433 properties distributed across two counties with mixed urban and suburban residential environments. These counties are West Sussex and Hampshire. A location plan of the portfolio is provided at Appendix 2.

3.3. Property Types

The following table summarises the unit types within the portfolio.

Property Type	Units
Room	3
1 bed flat	57
2 bed flat	67
1 bed house	3
2 bed house	102
3 bed house	140
4 bed house	44
5 bed house	1

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

2 bed bungalow	16
Total	**433**

3.4. Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the portfolio are a mixture of ages as shown in the table below:

Age	House	Flat	Bungalow	Room	Total
Pre-1919	4	-	-	-	**4**
1920-1949	6	-	-	-	**6**
1950-1979	24	-	-	-	**24**
1980s	3	34	-	-	**37**
1990s	235	80	16	3	**334**
2000s	1	6	-	-	**7**
2010s	17	4	-	-	**21**
Total	**290**	**124**	**16**	**3**	**433**

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

We have assumed that the properties we inspected internally are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.5. Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

From our desktop research we understand that there are no blocks of six storeys or above in the portfolio nor any blocks under six storeys where we have queried the construction of the external wall system and whether potentially combustible cladding or timber balconies are present.

3.6. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030. We have allowed for expenditure which, in our view, is sufficient to ensure compliance with the new standards.

Vivid has confirmed the EPC rating applicable for 402 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
B	12
C	318
D	71
E	1
Unknown	31
Total	**433**

These ratings are included in the valuation schedule at Appendix 1.

We note that 72 properties have an EPC rating below C. In respect to these properties we have made an allowance of between £6,108 and £16,252 in our cashflow to bring the properties up to EPC standard C by 2030.

3.7. Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0º Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030,

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4. Valuation Commentary – Rented Stock

4.1. Introduction

There are 407 rented affordable housing properties in the portfolio. These are summarised in the table below.

Category	Units	% of the Portfolio
GN Affordable Rent	14	3.4%
GN Social Rent	389	95.6%
Supported & shared amenities	3	0.7%
Supported self-contained	1	0.2%
Total	**407**	**100%**

4.2. Tenancies

The majority of the rented properties (circa 99.51%) are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements. The remaining 2 units are let on secure tenancies.

4.3. Rental Income

RPs must set rents in accordance with the Statement on Rents for Social Housing (the "Policy Statement") which is published on the MHCLG website. The Policy Statement sets out the government's policy on rents from 1 April 2025 to 31 March 2026.

The following table summarises the total income that Vivid receive from the portfolio annually:

Category	Annual Income	Average Rent
GN Affordable Rent	£165,380	£227.17
GN Social Rent	£2,993,059	£147.97
Supported & shared amenities	£15,687	£100.56
Supported self-contained	£5,722	£110.03
Total	**£3,179,848**	**£150.25**

The Statistical Data Return ("SDR") is an annual online survey completed by all private RPs of social housing in England. The latest return for 2024/25 provides the average social rents charged by all RPs for general needs and sheltered/supported properties. The following table compares the Original Borrower's average rents with the average sector rents in the same localities:

Region	Average Sector Rent - General Needs	Borrower General Needs	Average Sector Rent – Affordable Rent	Borrower Affordable Rent	Average Sector Rent - Supported	Borrower Sheltered & Supported
South East	£126.64	£147.97	£200.40	£227.17	£119.62	£102.93

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Original Borrower's average rents with the average LHA in the portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 1.

Category	Average Passing Rent	Average LHA	% of LHA	Average Market Rent	% of Market Rent
GN Affordable Rent	£227.17	£224.72	101.1%	£314.29	72.3%
GN Social Rent	£147.97	£235.56	62.8%	£327.92	45.1%
Supported & shared amenities	£100.56	£103.56	97.1%	£160.00	62.9%
Supported self-contained	£110.03	£181.35	60.7%	£230.00	47.8%

We have relied upon the rental information provided by the Original Borrower.

4.4. Rent Convergence

On 28 January 2026, the government confirmed updates to the rent standard allowing properties with rents currently below formula rent to increase by an additional £1 per week from April 2027, rising to £2 per week from 2028 until formula rent is reached.

The rent convergence provisions will not apply to all properties. The following accommodation types are specifically excluded from the updated Rent Standard: shared ownership low cost rental accommodation, intermediate rent accommodation, specialised supported housing, relevant local authority accommodation, student accommodation, PFI social housing, temporary social housing, and care homes.

To accurately model rent convergence within our valuation methodology, we require Registered Providers to confirm the formula rent for each eligible property in the portfolio. This enables property-by-property assessment of whether current passing rents fall below formula rent levels.

The Original Borrower was unable to provide formula rent data for this portfolio. Consequently, we have assumed that passing rents are already at formula rent levels and have not incorporated additional rent convergence into our valuation model.

4.5. Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its 2025 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table below and, in our opinion, demonstrate that the rents being charged by the Original Borrower are affordable.

Region	Average Weekly Earnings	General Needs	General Needs as %age	Affordable Rent	Affordable Rent as %	Sheltered & Supported	Sheltered/Supp as %
South East	£576.25	£147.97	25.7%	£227.17	39.4%	£102.93	17.9%

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.6. EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.7. MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take between 1 and 6 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

4.8. Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

The rates that we have adopted are set out in the table below, and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.11.

Property Type	Relet Rate
House	5.0%
Flat	5.0%
Room	5.0%

4.9. Sales Rates

In accordance with section 1.6, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices across the same localities over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	3.5% - 20.0%	11
Sales rate (flats)	3.0% - 50.0%	5

The above figures equate 303 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.10. Right to Buy

We anticipate that the tenants of some of the properties within the portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). However, we consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.11. Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Original Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.12. Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2025 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2025 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.61% of their gross income through bad debts and 1.67% through void losses. The void losses reflect a slight increase from 0.59% in the 2024 data whilst bad debts have decreased from 1.76% over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

4.13. Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Original Borrower. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2025 Global Accounts, the average cost of management across the sector is £1,363 per unit and the average management cost for Vivid is £805 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £775 per unit for management and administration in our valuations on the basis of EUV-SH.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

We have assumed that a mortgagee in possession would expect to spend 9.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.14. Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2025 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £3,330 per unit and the average maintenance cost for the Borrower is £1,120 per unit. The Global Accounts average figure for the sector is an increase of 10.0% on the 2024 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.4 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 0.5% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£1,839
Cyclical repairs	Year 1	£425
Day-to-day repairs	Year 1	£475
Total Average Costs	**Year 1**	**£2,739**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.15. Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.25% and 5.50% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1-6 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.25% and 7.50% (rental income), and between 7.50% and 7.75% (sales) for our MV-T cashflows.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5. Valuation Commentary – Shared Ownership

5.1. Introduction

There are 26 shared ownership properties within the portfolio. The Original Borrower currently owns 51.92% of the equity in the units and a rent is charged on this percentage.

5.2. Rental Levels

According to the information provided by the original borrower, the average gross weekly rental level is £93.16 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3. Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

On 12 October 2023, the government introduced a series of reforms to shared ownership rents. These reforms apply to the leases of new shared owners who purchase homes delivered through the Affordable Homes Programme and through the planning system via Section 106 developer contributions, with certain exceptions. They also apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership and Rent to Buy schemes.

As a part of these reforms, it was announced that from 12 October 2023, rents for new shared owners can instead be increased once a year by no more than the Consumer Prices Index (CPI) plus 1%. This reform brings shared ownership rents into line with the limit that normally applies to annual rent increases in other forms of social housing.

The reforms apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership or Rent to Buy schemes on or after 12 October 2023. If the sale of a leasehold interest in a home on shared ownership terms through either of these schemes is agreed before 12 October 2023, then they are exempt from these reforms.

We have not had sight of the individual leases for the shared ownership properties within this portfolio; however, the original borrower has confirmed that the shared ownership properties within this portfolio are subject to the previous version of the model shared ownership lease and include rent review provisions that allow upwards only, indexed linked annual rent increases at RPI plus 0.5%.

Accordingly, we have increased rents at a rate of RPI plus 0.5%, in accordance with the terms of the existing leases.

5.4. Outgoings

In forming an opinion of the net rental income generated by the portfolio, we have allowed 5.0% of gross rental income for management.

5.5. Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5.6. Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7. Discount Rate

For our EUV-SH valuation we have adopted a discount rate of 5.25% on the rental income and 7.50% on sales.

5.8. Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the portfolio is £174,269.

5.9. Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 1.0% tranches.

The rates we have adopted in our cashflow are as follows:

Years	Tranche Sales p.a.
Yrs 0-2	1.00%
Yrs 3-15	1.75%
Yrs 16-30	1.25%
Yrs 31-50	0.75%

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (circa 65.54%) is attributed to the rental income.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

6. Valuation

6.1. Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this report.

6.2. Asset Value for Loan Security Purposes

Our valuation of the 57 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£6,250,000
(six million, two hundred and fifty thousand pounds)

Our valuation of the 376 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£79,050,000
(seventy nine million, fifty thousand pounds)

Freehold Properties

Our valuation of the 57 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£6,250,000
(six million, two hundred and fifty thousand pounds)

Our valuation of the 373 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£78,520,000
(seventy eight million, five hundred and twenty thousand pounds)

Leasehold Properties

Our valuation of the 3 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£530,000
(five hundred and thirty thousand pounds)

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

6.3. Asset Value by Tenure

Our valuation of each individual tenure is shown in the following table:

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	14	MV-T	£2,710,000	£3,780,000
GN Social Rent	31	EUV-SH	£3,420,000	-
GN Social Rent	358	MV-T	£37,590,000	£74,930,000
Supported & shared amenities	3	MV-T	£150,000	£220,000
Supported self-contained	1	MV-T	£60,000	£120,000
Shared Ownership	26	EUV-SH	£2,830,000	-
Total	**433**		**£46,760,000**	**£79,050,000**

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

7. Bases of Valuation

7.1. Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2. Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3. Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4. Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

When considering the valuation of properties involving transferred public subsidies and potential SDLT relief, it is crucial to note that the application of such relief is subject to complex legislative conditions and HMRC interpretations. The availability of SDLT relief can significantly impact property valuations. However, its applicability is highly dependent on

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

specific circumstances, including (but not limited to): the nature of the original acquisition; the type of public subsidy involved; and the status of both the vendor and purchaser.

As such, valuations based on the assumption of SDLT relief may be subject to inaccuracies if all relevant conditions are not met or if HMRC's interpretation of the legislation changes. It is strongly recommended that, in the event of a transaction, professional tax advice be sought and, where uncertainty exists, non-statutory clearance from HMRC be obtained.

For the avoidance of doubt, our valuations are prepared on the explicit assumption that SDLT relief would be sought and successfully achieved by a hypothetical purchaser of the social housing properties in the portfolio. Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5. VAT

Our valuations are exclusive of VAT on disposal.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8. Sources of Verification of Information

8.1. General

We have relied upon the description, tenancy type and current rental income provided to us by the Borrower and we have been unable to verify the accuracy of that data.

8.2. Tenure

Unless otherwise stated in this report, we have assumed the Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

8.3. Title

We have reviewed the Certificate of Title for the portfolio issued by Trowers & Hamlins LLP and the Report on Title prepared by Addleshaw Goddard LLP and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificate and the Report) such units may be disposed of by or on behalf of Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificate but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

8.4. Use of Artificial Intelligence

The use of artificial intelligence (AI) in this valuation assignment has been undertaken in accordance with JLL's Responsible AI Statement and applicable professional standards. The use of AI-generated inputs, outputs and methodologies have been reviewed and validated by appropriately qualified valuers who have applied professional judgement and scepticism. Where AI has materially contributed to specific aspects of this valuation assignment, such contributions have been discussed and documented internally. The signatories of this valuation report remain the valuers of record with overall responsibility for the analysis and conclusions, or recommendations, contained herein. The use of AI does not diminish anyone’s professionalism or duty of care for the accuracy and appropriateness of this valuation assignment.

8.5. Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this report.

8.6. Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.7. Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.8. Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.9. Reinforced Autoclaved Aerated Concrete ("RAAC")

The presence of RAAC in buildings and its potential to fail with little or no warning is receiving media attention at the moment following the closure of schools which are considered to be at risk.

RAAC is a lightweight form of concrete commonly used in construction between the 1950s and mid-1990s. It is predominantly found as precast panels in roofs, commonly flat roofs, and occasionally in floors and walls.

Although the majority of reported cases are within education and public sector buildings, there is potential for RAAC to be present in other property types and sectors. Whether this poses a risk will depend on several factors including location, condition and quality of the original installation and each case will need to be assessed on its own merits.

Within the residential sector, the RICS advise that they expect the exposure to be low. The Regulator of Social Housing (RSH) has also said that it believes RAAC is not widespread in social housing.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using RAAC. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.10. Transfer Slabs

Transfer slabs are a floor arrangement where a column sits on top of a reinforced concrete slab without a supporting column directly underneath. The issue was first raised by the Institution of Structural Engineers in November 2024 due to a perceived lack of industry-wide guidance covering their design.

The Government has subsequently contacted landlords and building owners in December 2025 to highlight specific concerns about "punching shear in transfer slabs". While the Government is not aware of any building collapse caused by this in the UK, there is concern about the risk of a failure mechanism causing partial building collapse.

The Government is currently recommending that where there are visible signs of distress, building owners should seek professional advice and RICS recommends the Institution of Structural Engineers are contacted for suitable competent engineers.

The Building Safety Regulator commissioned research in late 2024 in order to establish structural risk, which is ongoing with MHCLG. Further advice is anticipated in due course, and building owners should remain informed.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using transfer slabs. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.11. Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.12. Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.13. Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

8.14. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. However, new Minimum Energy Efficiency Standards (MEES) for the social rented sector are expected to come into force in 2026, which will require an Energy Performance Certificate (EPC) Band C or equivalent by 2030.

Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.15. Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the “the Red Book”. Such figures should not be used for any other purpose other than in the context of this valuation.

8.16. Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.17. Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.18. The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

© 2026 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

8.19. Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.20. Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.21. Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.22. Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation approach for properties in multi-storey, multi-occupancy residential buildings with cladding, 2nd Edition December 2023" (the 'Guidance Note'), effective from 1 January 2024.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

Appendix 3

Housing Market Commentary

JLL Residential Market Commentary – June 2026

UK Economy

The European Central Bank was the first central bank in the G7 to increase borrowing costs this year. With growth expectations cut and headline inflation expected to average 3% across the Eurozone this year the committee voted unanimously for a quarter point increase to 2.25%.

At The Bank of England's Monetary Policy Committee on 18 June, rates were held at 3.75% rather than increasing this month (worth remembering the Bank of England were at a different point in their rate cutting cycle than the ECB at the start of 2026) due to a weaker economy—essentially guarding against the more extreme second-round effects of higher wage growth on inflation.

The latest monthly figures show the UK economy contracted 0.1% in April, following a 0.6% rise in Q1. Unemployment sat at 5.0% in March, with around 1.8 million people out of work. The CBI now estimates an additional 200,000 Britons are on track to be unemployed by December, with numbers hitting 2 million or 5.5% by the year end before falling back to a forecast 5.3% in 2027.

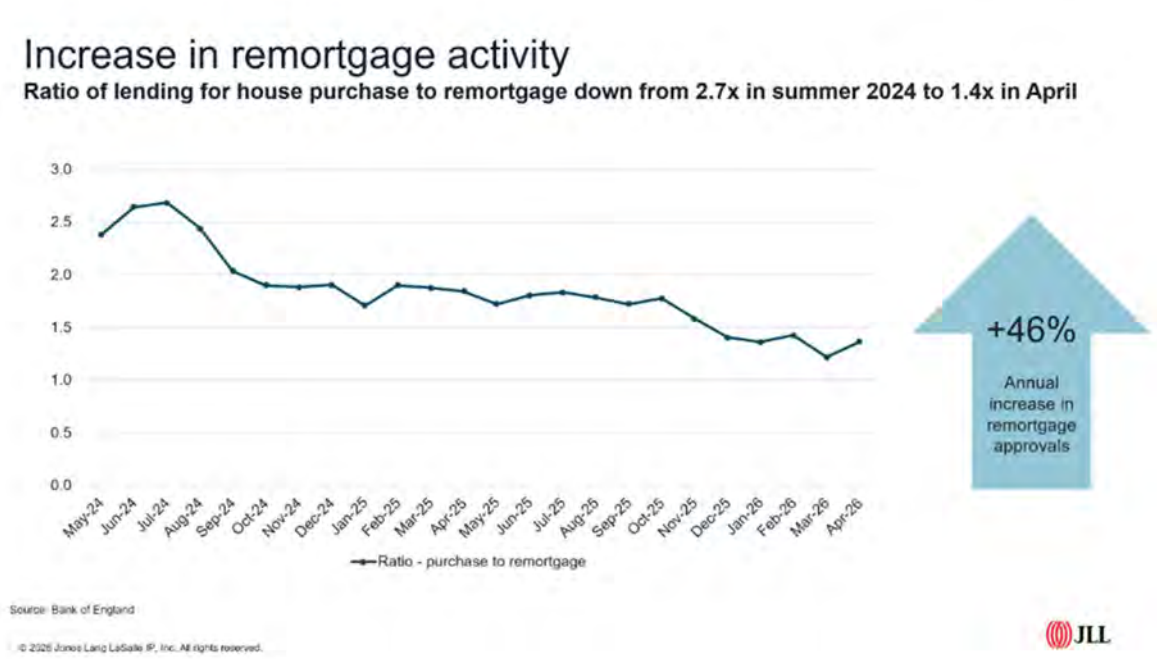

The Bank of England's Monetary Policy Committee forecasts UK Consumer Prices Index (CPI) inflation to settle a little under 3% in Q3 2026, before rising to slightly over 3.25% in Q4. This outlook remains above the MPC's official 2% target, largely driven by energy market shocks and volatile global food prices.

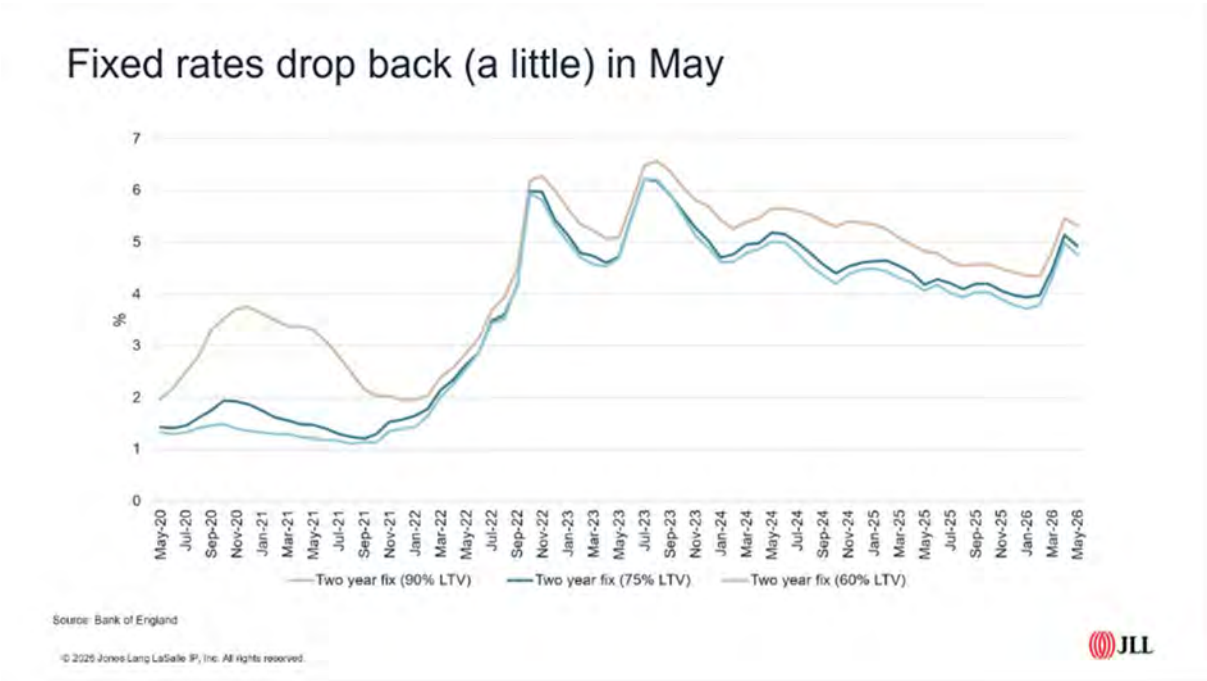

Core CPIH remained at 2.8% in May 2026, unchanged from the 12 months to April, with the CPIH goods annual rate slowing from 2.4% to 2.0% and the CPIH services annual rate rising from 3.4% to 3.6%. Core CPI rose to 2.6% in the 12 months to May 2026, up from 2.5% in the 12 months to April, with the CPI goods annual rate slowing from 2.4% to 2.0% and the CPI services annual rate rising from 3.2% to 3.7%

Mortgage Market

Mortgage approvals rose in April, with the latest figures from the Bank of England showing approvals were up 9% annually. This is at odds with some of the other market indicators, including the latest downbeat outlook from respondents to the RICS survey. However, this does suggest that in more uncertain times buyers are keen to lock in deals at current rates to guard against further fluctuations. A telling sign of more market caution is that the ratio of approvals for house purchase compared with remortgage has dropped from recent high of almost 2.7X back in summer 2024 to less than 1.4X in April.

Loans issued for remortgage in April were up 46% on the same month in 2025. But there are signs that the mortgage market is settling. Moneyfacts reports the number of available deals rising from 6,784 in May to 7,132 at the start of June. Average fixed-rate deals fell marginally, with best buy two-year fixes at 4.4 % and average fixed rates for 75% LTV mortgages at 4.92% in May, down from 5.14% in April.

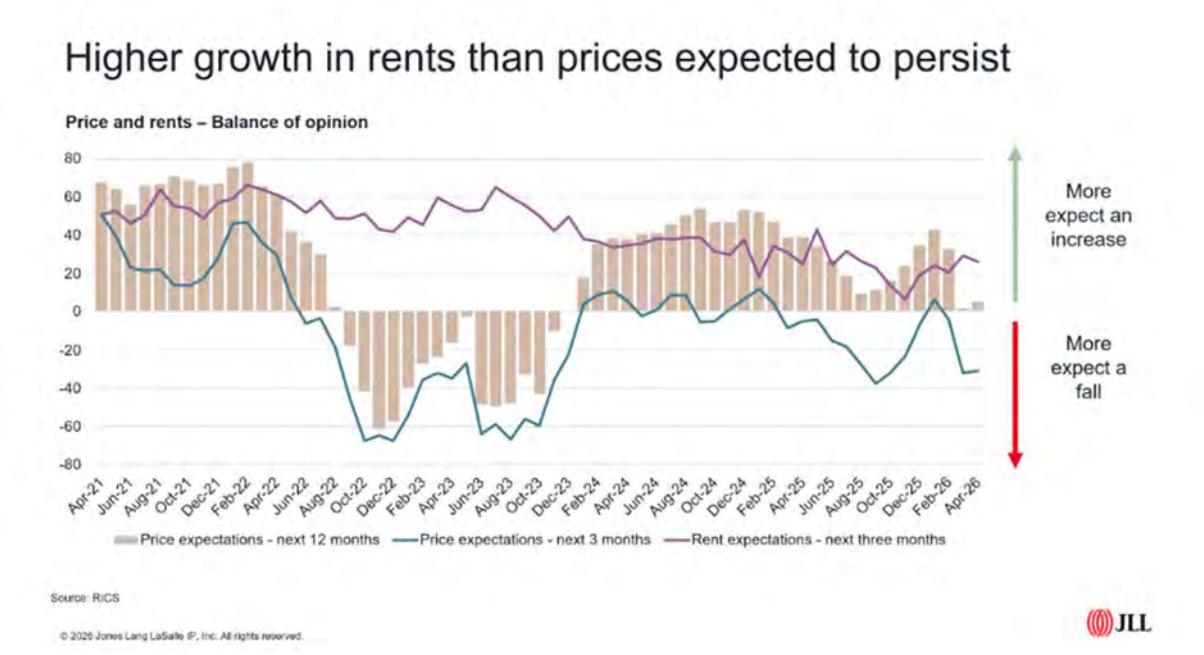

The Housing Market

House prices dipped month-on-month across all key indices. Nationwide shows average UK house prices down 0.6 % between April and May, with prices 1.7% higher than they were a year ago. The Halifax index follows a similar pattern, with prices down 0.1 % on April and just 0.5 % higher in May this year than last.

Our revised house price forecasts anticipate rental growth outpacing house prices this year. The latest May figures from Homelet for new lets show rents rose 1.1% in May compared with April and were 2.5% higher than they were a year ago.

Escalating costs, broader economic uncertainty and ongoing geopolitical instability, were all cited in eroding client confidence as the UK construction output slumped to its weakest point since May 2008. The S&P Global PMI headline index fell to 38.2 from 39.7 in April—undershooting the 40.5 consensus forecast and remaining well below 50 (the point at which the index sees expansion). The residential sector bore the brunt of the decline, as housebuilding activity dropped to a reading of just 36

Caution continues to permeate the sales market as the latest data from across the sector paints a mixed picture. In some more positive news, views on both new buyer enquiries and agreed sales remain unchanged in the latest RICS survey (albeit still negative) at a net balance of -34 % and -37 % respectively. However, the time to complete a sale remains glacial, with average completion times stretched to more than 21 weeks—the longest since records began in 2017—giving plenty of time for buyers to get cold feet. This aligns with the latest Zoopla figures, which show 44% of homes listed in the last three years failed to sell. On the supply side, new instructions turned slightly more negative, with a net balance of -8% of respondents reporting a fall, up from -3% last month. Market appraisals fell too, with agent reporting fewer new enquiries from vendors.

Expectations on price growth in the South East and East Anglia remained more downbeat, but respondents were still confident that prices would rise in Scotland and the North West. Nationally, near-term sentiment remains cautious—price expectations at -45 % suggest further softening ahead—but the twelve-month outlook has edged into positive territory at +6 %; it was at -6% previously.

Meanwhile, the lettings market continues to tighten, with tenant demand at +14% and landlord instructions deeply negative at -28 %, driving rental price expectations up to +36%, the highest reading since May 2025.

Forecasts

Early-year expectations included two further base rate cuts, and by early February best-buy mortgage rates had reached 3.5 %. While swap rates have settled somewhat and more competitive rates have entered the market, we now think it unlikely we'll see the lower rates and improvement in market sentiment needed to support our November view on prices and rents this year.

We now expect house prices to remain broadly flat nationally in 2026, with prices forecast to end the year down 0.5 % – compared with our previous +2 % forecast. Some more affordable markets should end the year in positive territory, but we expect growth will be lower than inflation across all UK regions this year.

London, where prices have fallen by an average of 3.3 % in the year to February according to the ONS, is now forecast to end the year down 2.5 %, against our previous forecast of +1 %. For central London, it is sentiment rather than rates which will likely have a greater impact.

Our JLL Prime Central London Index saw values fall 2.2 % in Q1 versus Q4, with prices down 8.7 % year-on-year in March. We'd need to see growth of 2.2 % for our PCL Index to end the year flat, and improvements of that scale are unlikely to materialise this year. We are therefore forecasting prices will fall 5.5 % in 2026.

Rental Market

With fewer tenants expected to move into owner-occupation and inflation now forecast to end the year higher, we have upgraded our 2026 rental forecast. We now expect rents to rise 3.5 % nationally, up from the 2.5 % forecast in November. We anticipate higher rental growth in London too, with rents forecast to increase 3 % this year.

Challenges around rental affordability will likely constrain the prospects for more significant growth over the five-year period. Over the longer term, we continue to expect pressure on landlords to comply

with EPC C standards by 2030 will fuel rental growth towards the latter part of our forecast period, as properties are removed from the market either for sale or improvement.

Rental growth in the five years to 2030 is now expected to total 16.5% nationally and 17.1% in London, a one to two percentage point increase compared with our previous forecast.

Affordable Housing – Rent Convergence

The government has set out the detail behind rent convergence for social housing to address the difference in rents charged for some social homes and formula rents for comparable properties. This means more fairness for tenants who won't pay vastly different rates for similar homes just because they've lived in a property for longer or have a different social landlord. From April 2027 affordable housing providers will be able to increase rents by £1 per week over and above CPI plus 1 % rising to £2 per week above CPI+1 from April 2028. Rent convergence can run for up to ten years, or until they reach parity. London has the widest gap and is expected to take the longest with some regional markets needing only a year or so to regain lost ground. The announcements on rent convergence are seen as key in underpinning providers' balance sheets and ensuring they have the confidence and financial ability to deliver more homes.

Details have also been shared on the £2.5bn of low-cost loans for housing associations announced at the spending review. The 25-year loans will have an interest rate of 0.1%. £250m will be set aside to support section 106, with the remaining 90% supporting the delivery of social housing through grant-funding.

Leasehold Reform

The government has finally published the Draft Commonhold and Leasehold Reform Bill. Owners of freeholds bought as investments (which include individuals and larger institutions) will be assessing the implications for income. Developers too will be keen for more clarity on the impact of commonhold structures for future development. But for individuals owning leasehold properties or those looking to buy the reaction remains positive.

The proposed capping of annual ground rents at £250 from 2028 (dropping to a peppercorn rent after 40 years) will mean existing homeowners who own properties with more complex ground rent structures (doubling ground rents being one of the most challenging) finding it easier to secure a mortgage or sell their homes. It also reassures prospective owners that costs will not escalate going forward, supporting increased activity in the market. With challenges around escalating service charges, the greater transparency a commonhold structure brings may mean common holders have more control (or at least better oversight) of fees charged too.

Renters Rights Act

The Renters' Rights Bill gained Royal Assent on 27 October. With the bill now an Act, we have clarity on the content of the new legislation which will be phased in over months, or some cases years, rather than implemented immediately.

We do have timings for some of the major reforms. The first key date was 27 December 2025, when measures to strengthen the powers of local authorities came into force. Councils now have stronger powers to enforce housing regulations. They can request information from any landlord, letting agent, or property manager who has worked in the past 12 months and can visit properties to investigate suspected rule-breaking. They can also conduct more compliance checks, including verifying that letting agents have proper Client Money Protection schemes and by using tax and benefit databases to identify non-compliance.

From 1 May 2026, Section 21 no fault evictions were abolished, and most new and existing tenancies are now Assured Periodic Tenancies. Landlords with unexpired Section 21 notices will only be able to make a valid possession claim for the first three months. Tenants will be able to stay in their property for as long as they want, or until a landlord serves a valid section 8 notice. Tenants will be able to end their tenancy by giving two months' notice. Landlords retain access to specific grounds for possession when they have legitimate reasons to reclaim their property. These include persistent rent arrears, anti-social behaviour, or a genuine need to sell or move back in.

Rent increases will be limited to one a year, with landlords being required to follow a revised section 13 procedure. Notice of rent increases must be given at least two months before it is due to take effect. All rent increases can now be challenged by tenants at the Property Tribunal. Properties must be advertised at a specific asking rent and offers above this amount cannot legally be accepted. Landlords or their agents can no longer request more than one month's rent in advance.

Phase 2 of the Act is to be rolled out in two stages beginning from late 2026. This will include a PRS Landlord Database which will be a legal requirement for all PRS landlords, who will be required to pay an annual fee – cost yet to be confirmed. It is expected that landlords will need to provide contact details, details on the property and its inhabitants alongside safety information including Gas, Electric and EPC certificates. To allow time for landlords to comply, Stage 1 will be introduced 12-18 months

before implementation. It is expected that the completion of Phase 1 and commencement of Phase 2 will not occur until 2028.

Stage 2 of Phase 2 is the Public access to the Database will be introduced, with a fully operational Database a pre-requisite for the introduction of the PRS Landlord Ombudsman who will handle tenant complaints, provide binding resolutions, as well as support landlords with tools and guidance on handling tenant complaints. The implementation of the Ombudsman will only take place once the Database is fully operational.

Stage 3 are plans to extend the Decent Homes Standard to private rentals, requiring landlords to maintain properties to specific safety and quality benchmarks. No date has been set, with a consultation still to take place.

Social Housing Market Commentary

UK Social Housing Market Commentary

Demand

There were over 1.33 million households on local authority waiting lists as at 31 March 2024[i]. This represents an increase of 50,000 households (3.9%) compared to 31 March 2023. This is the highest number of households on the waiting list since 2014.

Waiting list data is summarised by government office region (GOR) in the table below:

Region	Waiting list as at 31 March 2023
South West	130,120
East of England	94,406
South East	118,420
North West	207,173
North East	68,183
East Midlands	87,001
Greater London	336,357
West Midlands	116,565
Yorkshire and The Humber	172,377
England	**1,330,602**

Housing Starts

According to the government's *Affordable housing supply in England: 2023 to 2024* data published by the Ministry of Housing, Communities & Local Government (MHCLG) on 26 June 2025, there were c.63k affordable homes delivered (completions) in England in 2023-24, on par with the previous year.

65% of new affordable housing completions were for rent (including social, affordable and intermediate rent), similar to the previous 4 years.

45% of all affordable homes delivered in 2023-24 were funded through Section 106 (nil grant) agreements, compared to 47% in the previous year.

94% of affordable homes delivered in England were new build (excluding unknowns), the same percentage as the previous year.

58,409 of affordable homes delivered in England were new build in 2023-24, the highest number of new build affordable housing on record.

There were 44,027 starts on site in England in 2023-24, a fall of 38% compared to the previous year and the lowest number since this data started being collected in 2015-16.

The following table summarises the total additional affordable housing dwellings by GOR – Completions for the last 5 years published by MHCLG on 26 June 2025:

Region	2019/20	2020/21	2021/22	2022/23	2023/24
South West	6,677	5,084	5,875	6,326	5,466
East of England	7,774	6,617	7,205	6,951	8,217
South East	11,354	9,274	11,138	11,369	10,872
North West	5,850	5,383	6,288	7,078	7,207
North East	2,587	1,751	2,275	1,868	2,061
East Midlands	4,494	3,831	4,755	4,461	5,507
Greater London	10,897	10,863	11,889	15,768	12,719
West Midlands	5,630	5,666	6,107	5,791	6,413
Yorkshire and The Humber	3,701	3,603	3,638	4,297	5,281
England	**58,964**	**52,072**	**59,170**	**63,909**	**63,743**

MHCLG - A New Plan

On 2 July 2025, MHCLG announced the following five step plan to deliver a decade of renewal for social and affordable housing:

- Step 1 - Deliver the biggest boost to grant funding in a generation
- Step 2 - Rebuild the sector's capacity to borrow and invest in new and existing homes
- Step 3 - Establish an effective and stable regulatory regime
- Step 4 - Reinvigorate council housebuilding
- Step 5 - Forge a renewed partnership with the sector to build at scale.

Unprecedented Investment in Social and Affordable Housing

The UK government has announced the largest long-term investment in social and affordable housing in recent memory launching a new 10-year £39 billion Social and Affordable Homes Programme (SAHP) running from 2026-2036. This programme aims to maximize housing supply with an ambitious target of delivering around 300,000 social and affordable homes, with at least 60% designated as Social Rent properties. If successful, this would deliver approximately 180,000 Social Rent homes - six times more than the grant-funded Social Rent homes delivered in the previous decade. The programme is designed to be flexible, supporting diverse housing types including council-built homes, supported housing, and rural developments, while maintaining value-for-money assessments.

Financial Capacity Restoration and Investment Support

Recognising that housing associations and councils have weakened financial capacity due to building safety requirements, rising costs, and previous rent cuts, the government is implementing comprehensive financial reforms. Social housing rents will be permitted to increase by CPI+1% annually from April 2026, with this settlement extended to 10 years for greater certainty.

A consultation on a rent convergence mechanism has recently closed. Such a mechanism will allow below-formula rents to increase gradually to standard levels by either £1 or £2 per week until the formula rent is reached. Additionally, £2.5 billion in low-interest loans will be made available to complement commercial lending, while social landlords will gain equal access to government building safety remediation funding for the first time, receiving over £1 billion between 2026-30.

Modernized Regulatory Standards and Safety Requirements

The government is establishing updated regulatory standards to ensure the 4 million existing social homes are safe, decent, and warm. Key safety measures include implementing Awaab's Law with strict timeframes for addressing damp, mould, and emergency hazards, and new electrical safety requirements mandating 5-yearly installation checks. The government is currently consulting on revised Decent Homes Standards that will be implemented by 2035, incorporating updated Minimum Energy Efficiency Standards requiring EPC band C by 2030. New professional competence requirements will come into force in 2026, alongside improved tenant access to information and a £1 million Resident Experience Innovation Fund.

Council Housebuilding Revival and Right to Buy Reforms

To reinvigorate council housebuilding, which has averaged only 8,000 homes annually over the past five years, the government is implementing comprehensive Right to Buy reforms. These include extending the eligibility period from 3 to 10 years of public sector tenancy, reducing discounts to start at 5% rising to a maximum 15%, and exempting newly built social homes from Right to Buy for 35 years. The government is also reviewing Housing Revenue Account thresholds, launching a £12 million Council Housebuilding Skills and Capacity Programme, and establishing a new Association of Directors of Housing to facilitate collaboration and best practice sharing among councils.

Sector-Wide Partnership and Delivery Commitment

The government is issuing a "call to arms" to all stakeholders in the social and affordable housing sector, including local authorities, housing associations, investors, developers, and regulators, to collaborate in delivering this ambitious renewal programme. The focus extends beyond new construction to include upgrading existing homes and unlocking Section 106 affordable housing agreements, which historically contribute nearly half of all affordable homes annually. The government will work intensively with providers over the coming months to agree joint delivery ambitions and will actively engage with tenant groups through their Resident Panel to ensure voices are heard throughout this transformational decade-long initiative.

JLL Research Analysis on the New Affordable Homes Programme

JLL Research has conducted an analysis of the government's new £39 billion Affordable Homes Programme (AHP), finding that while it represents the largest government commitment to affordable housing in half a century, significant challenges remain in meeting national housing targets. Our research suggests the programme could potentially deliver up to 500,000 affordable homes over the next decade - approximately 50,000 homes per year at a stretch - but this would still fall short of the government's ambitious 1.5 million new homes target for this parliament.

Funding Gap and Private Finance Requirements

The core challenge is a substantial viability gap that would require approximately £100 billion in additional private finance to bridge. While £39 billion sounds substantial, if used purely for full funding, it could only cover around 130,000 three-bedroom homes over the decade when accounting for land, build costs, and other expenses. The grant money is not designed to cover the full cost of affordable homes, meaning the social housing sector - already operating near its borrowing limits - would need to secure significant additional private investment to make the programme viable.

Structural and Market Challenges

Beyond funding constraints, there are several systemic challenges that could impact delivery. The construction industry faces a severe workforce shortage, with 200,000 fewer workers than pre-pandemic levels and 500,000 fewer than before the global financial crisis. Additionally, the success of planning reforms in delivering increased permissions remains uncertain. Our research emphasises the critical importance of the 10-year rent settlement and rent convergence in addressing these viability challenges, alongside the expectation that a significant portion of affordable housing delivery will continue through Section 106 agreements.

Market Optimism and Additional Investment

Despite the challenges, we've identified positive market trends that could support the programme's success. Confidence is gradually improving in the UK housing market, with the Bank of England expected to continue reducing interest rates. This improved affordability environment benefits not only first-time buyers but also landlords, with JLL's Landlord Survey revealing that half would consider expanding their portfolios if rates fell below 3%. The Spending Review's allocation of

£10 billion for financial investments, with roughly half going to Homes England, is expected to unlock new homes across all tenures, particularly private rental housing.

Stock Rationalisation Market

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

Since 2020, trades of general needs and shared ownership homes among Registered Providers have topped £3.6bn, with transaction volumes growing in recent years and in the last 12 months our Portfolio Transactions team has been directly involved in £900m of affordable housing transactions.

Portfolios have ranged in size between c.150 to over 1,000 homes, and £10m and £100m, with larger portfolios being lotted according to interest from RPs in each area. These prices represent a gross yield range between 5.0% and 8%. In the majority of cases these portfolios have been marketed via competitive tender process and have received multiple bids. Premiums on these transactions have ranged between having no premium and trading at EUV-SH to c.135% of EUV-SH.

JLL SEE A BRIGHTER WAY

Taxation

Tax legislation, including in the country where an investor is domiciled or tax resident and in the Issuer's country of incorporation, may have an impact on the income that an investor receives from the Notes.

United Kingdom Taxation

*The following is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs' (**HMRC**) practice relating only to the United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.*

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be "quoted Eurobonds" for the purposes of section 987 of the Income Tax Act 2007. A Note will be a quoted Eurobond provided that it is admitted to trading on a "multilateral trading facility" operated by a "regulated recognised stock exchange". The ISM is a multilateral trading facility for the purposes of section 987, and the London Stock Exchange is a regulated recognised stock exchange.

Provided, therefore, that the Notes carry a right to interest and are and remain admitted to trading on a multilateral trading facility operated by a regulated recognised stock exchange, interest on the Notes will be payable without deduction of or withholding on account of United Kingdom tax.

Payments of interest on Notes may be made without deduction of or withholding on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent., but expected to increase to 22 per cent. from 6 April 2027), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder not resident in the United Kingdom, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty) provided that certain procedural formalities are complied with.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain

and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for the purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the relevant Issuer). However, if additional Notes (as described under "*Conditions of the Notes – Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes.

Subscription and Sale

The Dealers have, in an Amended and Restated Programme Agreement dated 16 October 2026 (as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**), agreed with the Obligors a basis upon which they or any of them may from time to time agree to purchase Notes (other than any Retained Notes). Any such agreement will extend to those matters stated under *"Form of the Notes*" and "*Conditions of the Notes*". In the Programme Agreement, the Issuer (and, failing whom, each Borrower) has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and each Obligor has agreed to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes within the United States or to, or for the account or benefit of, U.S. persons (a) as part of their distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Issue Date (the **distribution compliance period**) of all Notes of the Tranche of which such Notes are a part, except in accordance with Regulation S under the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Terms used above have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

The applicable Pricing Supplement will identify whether TEFRA C rules or TEFRA D rules apply.

Prohibition of sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by these Programme Admission Particulars as completed by the applicable Pricing Supplement in relation thereto to any retail investor in the EEA.

For the purposes of this provision:

(a) the expression **retail investor** means a person who is one (or both) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or

(ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; and

(b) the expression **an offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Prohibition of Sales to UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold, distributed or otherwise made available and will not offer, sell, distribute or otherwise make available any Notes which are the subject of these Programme Admission Particulars as completed by the applicable Pricing Supplement in relation thereto to any retail investor in the UK.

For the purposes of this provision:

(a) the expression **retail investor** means a person who is one (or both) of the following:

(i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or

(ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the POATRs; and

(b) the expression **offer** includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) in relation to any Notes which have a maturity of less than one year:

(i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and

(ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the

meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Obligors; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No.25 of 1948, as amended; the **FIEA**) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Republic of Korea

The Notes have not been and will not be registered under the Financial Investment Services and Capital Markets Act (**FSCMA**). Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered, directly or indirectly, in the Republic of Korea or to any resident (as such term is defined in the Foreign Exchange Transaction Law) of the Republic of Korea for a period of one (1) year from the date of issuance of the Notes, except:

(a) to or for the account or benefit of a resident of the Republic of Korea which falls within certain categories of "professional investors" as specified in the FSCMA, its Enforcement Decree and the Regulation on Securities Issuance and Disclosure, in the case that the Notes are issued as bonds other than convertible bonds, bonds with warrants or exchangeable bonds, and where other relevant requirements are further satisfied: or

(b) as otherwise permitted under applicable laws and regulations in the Republic of Korea.

Australia

No prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia (the **Corporations Act**)) in relation to the Programme or any Notes has been or will be lodged with the Australian Securities and Investments Commission (**ASIC**). Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it:

(a) has not (directly or indirectly) offered, and will not offer for issue or sale and has not invited, and will not invite, applications for issue, or offers to purchase, the Notes in, to or from Australia (including an offer or invitation which is received by a person in Australia); and

(b) has not distributed or published, and will not distribute or publish, any information memorandum, advertisement or other offering material relating to the Notes in Australia,

unless:

(i) the aggregate consideration payable by each offeree or invitee is at least AUD500,000 (or its equivalent in other currencies, disregarding moneys lent by the offeror or its associates) or the

offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act;

(ii) the offer or invitation is not made to a person who is a "retail client" within the meaning of section 761G of the Corporations Act;

(iii) such action complies with all applicable laws, regulations and directives; and

(iv) such action does not require any document to be lodged with ASIC.

Hong Kong

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) (the **SFO**) other than:

(i) to "professional investors" as defined in the SFO and any rules made under the SFO; or

(ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the **C(WUMP)O**) or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and

(b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

Singapore

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that these Programme Admission Particulars have not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, these Programme Admission Particulars or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than:

(a) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA; or

(b) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

General

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes these Programme Admission Particulars and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Obligors, the Note Trustee and any Dealer shall have any responsibility therefor.

None of the Obligors, the Note Trustee and any Dealer represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

General Information

Authorisation

The update of the Programme and the issue of Notes have been duly authorised by resolutions of the Board of the Issuer dated 17 September 2026 and the Treasury Committee of the Original Borrower dated 16 September 2026.

Admission to trading of Notes

It is expected that each Tranche of Notes which is to be admitted to trading on the ISM will be admitted separately as and when issued, subject only to the issue of one or more Global Notes initially representing the Notes of such Tranche. Application has been made to the London Stock Exchange for such Notes to be admitted to trading on the ISM. The admission to trading of the Programme in respect of Notes is expected to be granted on or before 16 October 2026.

Documents Available

For the period of 12 months following the date of these Programme Admission Particulars, copies of the following documents will be available for inspection from the registered office of the Issuer and from the specified office of the Principal Paying Agent for the time being in London:

(a) the constitutional documents of the Issuer and each Borrower;

(b) the Financial Statements (the Issuer and the Original Borrower currently prepare audited accounts on an annual basis);

(c) the most recently published audited annual financial statements of each Obligor and the most recently published unaudited interim financial statements (if any) of each Obligor, in each case together with any audit or review reports prepared in connection therewith;

(d) the Note Trust Deed, the Agency Agreement, the Account Agreement, the Custody Agreement, the Retained Note Custody Agreement, the Loan Agreements, the Legal Mortgages, the Security Trust Deed and the forms of the Global Notes, the Notes in definitive form, the Receipts, the Coupons and the Talons;

(e) these Programme Admission Particulars;

(f) the Valuation Reports; and

(g) any future programme memoranda, offering circulars, prospectuses, information memoranda, supplements, Pricing Supplements to these Programme Admission Particulars and any other documents incorporated herein or therein by reference.

Clearing Systems

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg (which are the entities in charge of keeping the records). The appropriate Common Code and ISIN for each Tranche of Notes allocated by Euroclear and Clearstream, Luxembourg will be specified in the applicable Pricing Supplement. If the Notes are to clear through an additional or alternative clearing system the appropriate information will be specified in the applicable Pricing Supplement.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels. The address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

Conditions for determining price

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and each relevant Dealer at the time of issue in accordance with prevailing market conditions.

Issues of Notes

The Issuer intends to make available details of all issues of Notes under the Programme through a regulatory information service and, to the extent that any such Notes are to be admitted to trading on the ISM, the applicable Pricing Supplement will be published on the website of the London Stock Exchange plc through a regulatory information service or will be published in such other manner permitted by the ISM Rulebook.

Characteristics of underlying assets

The Loan Agreements will have characteristics that demonstrate capacity to produce funds to service any payments due and payable on any Notes.

Significant Change

There has been no significant change in the financial or trading position of the Issuer since 31 March 2026.

There has been no significant change in the financial or trading position of the Original Borrower or the Group since 31 March 2026.

Material Change

There has been no material adverse change in the financial position or prospects of the Issuer since 31 March 2026.

There has been no material adverse change in the financial position or prospects of the Original Borrower or the Group since 31 March 2026.

Litigation

The Issuer is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) of which the Issuer is aware in the 12 months preceding the date of these Programme Admission Particulars which may have, or have had in the recent past, a significant effect on its ability to meet its obligations to Noteholders.

The Original Borrower is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) of which the Original Borrower is aware in the 12 months preceding the date of these Programme Admission Particulars which may have, or have had in the recent past, a significant effect on its ability to meet its obligations to the Issuer.

Auditors

The auditors of the Issuer and Original Borrower are BDO LLP of 2 City Place, Beehive Ring Rd, Crawley, Gatwick RH6 0PA. BDO LLP has audited the Issuer's accounts, without qualification, in accordance with International Standards on Auditing (UK) for the financial periods ended on 31 March 2025 and 31 March 2026 and the Original Borrower's accounts, without qualification, in accordance with International Standards on Auditing (UK) for each of the financial years ended on 31 March 2025 and 31 March 2026. BDO LLP has no material interest in the Issuer or the Original Borrower.

Certifications

The Note Trust Deed provides that any certificate or report of the Auditors (as defined in the Note Trust Deed) or any other person called for by, or provided to, the Note Trustee (whether or not addressed to the Note Trustee) in accordance with or for the purposes of the Note Trust Deed may be relied upon by the Note Trustee as sufficient evidence of the facts stated therein notwithstanding that such certificate or report and/or any engagement letter or other document entered into by the Note Trustee in connection therewith contains a monetary or other limit on the liability of the Auditors or such other person in respect thereof and notwithstanding that the scope and/or basis of such certificate or report may be limited by any engagement or similar letter or by the terms of the certificate or report itself.

Post-issuance information

The Issuer does not intend to provide any post-issuance information in relation to the Notes issued under the Programme, other than as required (and available from the Issuer publicly at all times) pursuant to Condition 6.2 (*Information Covenants*) and as described in "*Use of Proceeds and Sustainable Financing Framework*".

Dealers transacting with the Borrowers or the Eligible Group Members

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for one or more of the Borrowers or Eligible Group Members and their respective affiliates in the ordinary course of business.

The Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Borrowers, the Eligible Group Members and/or their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of one or more of the Borrowers, the Eligible Group Members or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with one or more of the Borrowers or Eligible Group Members routinely hedge their credit exposure to such Borrowers or Eligible Group Members consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such positions could adversely affect future trading prices of the Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Note Trustee's action

The Conditions and the Note Trust Deed provide for the Note Trustee to take action on behalf of the Noteholders in certain circumstances, but only if the Note Trustee is indemnified and/or secured and/or pre-funded to its satisfaction. It may not always be possible for the Note Trustee to take certain actions, notwithstanding the provision of an indemnity and/or security and/or pre-funding to it. Where the Note Trustee is unable to take any action, the Noteholders are permitted by the Conditions and the Note Trust Deed to take the relevant action directly.

Potential Conflicts of Interest

Each of the Programme Parties (other than the Issuer), the Dealers and their affiliates in the course of each of their respective businesses may provide services to other Programme Parties and/or the Dealers and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Programme Parties, the Dealers and their affiliates or between such Programme Parties, the Dealers and their affiliates and such third parties. Each of the Programme Parties (other than the Issuer) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Programme Party or a Dealer.

Yield

In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Pricing Supplement. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.
